MADRAS, 10<sup>th</sup> February 1885.

Sir,

With reference to your endorsement No. 282 D. of the 5<sup>th</sup> instant, on a letter from the Colonial Secretary Colombo enclosing a list of surplus stores from the Breakwater Works, I have the honour to state that no remark is made as to whether the stores and tools are in good order or whether they have been used already and returned to store.

2 There are many articles such as Augers, Blocks, Files, Saws, Iron, Manila rope, Tin plates &c. which are required on these Works, and if the Colombo articles are really new and in good order I think it would be worth while to take them, provided the rates (not given) are reasonable.

3 I return the list herewith in case you may think fit to inquire further into the condition of the stores, in which case the letter and list will probably be required for reference.

I have the honour to be,  
Sir,

Yours most obedient servant,  
W. H. Moorood.  
Superintendent.

Sir,

In acknowledging the

to the Colombo Breakwater,  
and inquiring whether the  
Madras Government require  
any of them in connection  
with the Breakwater Works  
in progress at Madras, I  
am directed to request that  
some information may be  
afforded.

the stores are new and in good order, or whether they have been used already and returned to store.

2. There are many articles, such as augers, blocks, files, saws, iron, manilla rope, tin plates, &c, which are required on the Madras Harbour Works, and, if the stores at Colombo are new and in good order, the Madras Government will probably be disposed to take such of them <sup>as are needed,</sup> provided the rates (not given) are reasonable.

1. Also the

list, which I am directed to request may be kindly returned to me with notes in the column of remarks as to the condition of the articles, rates, &c.
