Read—the following letter from Brigadier-General B. L. GORDON, c.b., Commanding Western District, to the Quartermaster-General, Ootacamund, dated Cannanore, 9th February 1885, No. 525 B:—

I have the honor to forward true copy of a report * from the Executive Engineer, West Coast division, on the condition of the old solitary cells (Nos. on triennial return 77 C and 86 C) in the east and west lines of the native infantry at this station, with a view to sanction being obtained for their demolition.

2. There are two buildings in addition to the above containing two cells, each marked 77 A and 86 A, respectively, on the triennial return, which, in my opinion, are quite sufficient for the requirements of a native regiment. As the old cells are never used, are in a state of decay, and considered not worth the cost of repair, I request sanction for the demolition of both of them.

No. 498 A.

Forwarded to Government with a request that sanction may be accorded to the buildings in question being demolished, as recommended by the General Officer Commanding Western District.

2. It will be observed that sufficient cell accommodation exists for one native regiment at Cannanore, irrespective of that furnished by the cells now recommended to be demolished.

Sir, With reference to your No. 60 dated 1st
January 1885 herewith returned, I have the
honor to state that one of the buildings is cracked
through and the other shows signs of decay in
the masonry, and their repair would be almost
as great as, and much less satisfactory than,
their re-erection.

The accommodation provided in the way
of Solitary Cells for the Native Infantry in
this Cantonment, was for two Native Regiments
and there is only one now in service permanently.

Under these circumstances, I quite agree with
the Deputy Assistant Quarter Master General
in recommending their demolition.
