READ—the following paper :—

From J. W. RUNDALL, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated Masulipatam, 7th February 1885, No. 364 G.L.

I have the honor, with reference to G.O. No. 2605 W. of the 24th October, to report that I propose to appoint the following men as sub-overseers in this circle.

2. First grade: Periah Naidu. This man possesses a Civil Engineering College certificate as supervisor; has been employed as a surveyor in the Kistna Eastern division; and is now acting as delta superintendent, 3rd grade, in that division.

3. Second grade: J. Smithers. This man has been employed recently on the Sangam works, and is strongly recommended by the Executive Engineer, as he has had considerable experience in quarrying. He writes a neat hand, and can keep accounts and measure up work. He is hard-working, and handles his coolies well. Can speak Telugu fairly. He was formerly employed as a sub-overseer in the Visagapatnam district. He is, however, 40 years of age, and his employment will require the special sanction of Government—

1st, as he is unpassed.

2nd, as he is over 25.

4. I consider he is a useful man to appoint, and therefore beg to recommend that his entertainment be sanctioned.

5. Third grade: P. Narrainaswami Naidu. Has been employed as a temporary maistry at Sangam for three years. Can read, write, and speak English, and keep primary accounts in English. Has a good command of labor. Can roughly copy drawings, and frame small estimates.

6. The employment of this man will require the special sanction of Government.

(1) He is over 25 years of age, being at present 26.

(2) He is unpassed.

No. 329 C.

The appointments proposed by the Superintending Engineer are approved.

2. The sanction of Government to the appointments of the two men who are over age will be applied for.

17th February 1885.
