Civil Works

READ—the following papers —

G O, dated 18th November 1884, Mis. No. 2981, Judicial.

Read—the following letter from the Acting Registrar of the High Court of Judicature at Madras, to the Chief Secretary to Government, dated 8th November 1884, No. 3296:—

I am directed to acknowledge the order of Government, dated the 13th October last, No 2421, Financial, requiring the submission of a list of the new works which it is especially desirable to carry out in the course of 1885-86, and to state that the information in this office is insufficient to enable the Court to make out a list of all the works hitherto applied for and sanctioned but not taken in hand, which it is necessary to know to compare their relative urgency. Applications have frequently been made for new buildings for court-houses, and they have been transferred to the Public Works Department for the preparation of plans and estimates, and the Court has not always had information as to when these were ready and allotments made for the works. Moreover, until the middle of 1881 such applications had not been submitted to Government through the High Court, but direct by the District Judges.

2. I am, accordingly, to request that the Court may be favored with a list of all Judicial works which have been sanctioned up to date in the Public Works Department and not yet carried out.

Order—dated 18th November 1884, Mis. No. 2981, Judicial.

The Public Works Department will be requested to furnish the information required by the High Court.

(True Extract)

(Signed) E. F. WEBSTER,
Chief Secretary.

To the Public Works Department, with G O,
No. 2421, dated 13th October 1884.

Office note to the Examiner, Public Works Accounts, dated 10th Dec 1884, No. 2233 D.
Do. from do. do. do. " 22nd " " 711.

ORDER—dated 7th January 1885, No. 44 W., Public Works.

The lists prepared in the Secretariat and in the office of the Examiner, Public Works Accounts, will be recast so as to exhibit the works according to Public Works divisions.

2
7TH JANUARY 1895, No. 44 W. PUBLIC WORKS.

2. The revised list will then be printed, and communicated, through the Judicial Department, to the High Court for such further action as may, in the opinion of the Honorable the Judges, be necessary.

18TH OCTOBER 1884, No. 2421, FINANCIAL.

GOVERNMENT OF MADRAS
FINANCIAL DEPARTMENT.

READ—the following paper —

From J A DAVIES, Esq., Acting Registrar of the High Court of Judicature at Madras, Appellate side, to the Chief Secretary to Government, dated Madras, 23rd September 1884, No. 2812.

I am directed to bring the following case to the notice of Government in connexion with Judicial buildings and the allotments on their account.

2 From a communication from the District Judge of Godavari, the High Court learns that a building for the Munsifs' Court-house at Peddapuram, which appears to have been sanctioned so far back as 1877, has been commenced by the Executive Engineer in the current official year without any inquiry having been made of the District Judge or the High Court as to the present necessity for the building. Now, not only are buildings much more urgently wanted at Tanuku and Amalapuram in the same district, to say nothing of other places in other districts, but it will be in the recollection of Government that it was lately in contemplation on the report of the committee for judicial reorganization to close the court at Peddapuram. It must have been while this very proposal was under consideration that the Executive Engineer arranged to begin the work and collected materials accordingly. Had the very probable event of the removal of the court been brought about, there would have been a considerable waste of public money. As it is, half the expenditure had been incurred before even the District Judge became aware of what was going on, and it seemed too late to stop the work, notwithstanding the greater urgency of other works close at hand.

3. It appears to the Chief Justice and Judges that no one but the High Court is in a position to compare the relative urgency of the many demands for buildings or repairs for Court-houses, and, in order to obviate the recurrence of such a difficulty as has been pointed out, I am to suggest that a definite grant may be made for Judicial buildings in good time every year, and that the amount of it be communicated to this Court together with a list of all sanctioned works (new and repair) to admit of suggestions being made as to the distribution of the grant among such works.

4 I am to take this opportunity also to point out how small have been the grants and the outlay on Judicial buildings. From appendix A at page 60 of the preliminary issue of the budget estimate for 1884-85 received with G.O., dated 12th January 1884, No. 92 W, it is observed that the grant under "Law and Justice" for major original works is only Rs. 85,016 out of a total grant of 9½ lakhs for Civil buildings, and this is inclusive of the provision for sub-magistrates' cutcherries amounting to Rs. 35,000 as appears from the details at pages 8 to 11. The grants under "Minor works" and "Repairs" conducted by the Department of Public Works, are not separately shown for Law and Justice in the said estimate, but the amount sanctioned under these heads for work executed under the superintendence of the Judicial department is only Rs. 15,000 for 1884-85. The necessary consequence of these small provisions, some of which moreover are not fully utilized, is the generally bad condition of Judicial buildings, as may be gathered from the fact that within the last half-year this

Court has had to submit seven emergent applications to Government for fresh buildings or repairs, according to the following list —

11th January 1884, No 103 — For repairs to Narayanadevergiri Munsif's Court, Bellary district.

22nd January 1884, No 222 — For a building for the two Munsifs' Courts at Kumbakonam

23rd January 1884, No 238 — Improvements to the Sheally Munsif's Court

25th February 1884, No 669, — For a Court-house for Karur Munsif

29th February 1884, No. 705 — For additional grant for repairs to District Court, Chingleput; and to Tiruvallur Munsif's Court.

22nd April 1884, No 1421 — For a new Munsif's Court-house at Paramagudi

20th June 1884, No. 1795 — For repairs to the District Court-house, Nellore

5 Looking at the large annual surplus of Court fees realized in the Mofussil Civil Courts (last year's receipts were 26½ lakhs against 19 lakhs expenditure), I am to submit that Judicial buildings have a fair claim to be more decently kept up, and to request that Government will be pleased to make more liberal grants in future for their construction and maintenance.

ORDER—dated 13th October 1884, No 2421, Financial

The Honorable the Judges of the High Court, the Board of Revenue, and the Inspectors General of Police and Jails are requested to furnish, at an early date, a list of the new works which, in their judgment, it is *especially desirable* to carry out in the course of 1885-86. The works should be arranged as far as possible in order of urgency.

PROCEEDINGS OF THE MADRAS GOVERNMENT

Judicial Department

Read the following

Letter from the Registrar of the High Court of Judicature at Madras, dated 8th November 1884 No. 3296.

I am directed to acknowledge the order of Government, dated the 13th October last No. 2421 Financial, regarding the submission of a list of the new works which it is especially desirable to carry out in the course of 1885-6, and to state that the information in this office is insufficient to enable the Court to make out a list of all the works hitherto applied for and sanctioned but not taken in hand, which it is necessary to know to compare their relative urgency. Applications have frequently been made for new buildings for Court houses and

and they have been transferred to the Public Works Department for the preparation of plans and estimates and the Court has not always had information as to when these were ready and allotments made for the works. Moreover, until the middle of 1881, such applications had not been submitted to Government through the High Court but direct by the District Judges.

2 I am accordingly to request that the Court may be favored with a list of all judicial works which have been sanctioned up to date in the Public Works Department, and not yet carried out.

Order thereon 18 November 1884 No. 2981 Jm

The Public Works Department will be requested to furnish the information required by the High

High Court. ^{14/7} 2
(True Extract)

OFFICE NOTE

11/9

From *W*

To *C.*

Please peruse the accompanying papers referred to in G.O. No. 2981 his dated 18th November 1884 (Judicial Dept), and see if the enclosed statements prepared in this office from the Registers of sanctioned estimates commencing from 1871-72, is complete.

The column ^{on the} expenditure up to date, represents the total expenditure on each work as recorded in the annual Finance accounts plus the appropriation made in the current official year.

An early return of the statement

14

Statement is requested.

Madras, 22nd Decr. 1884

OFFICE NOTE No 711

To

Mr.

The Statement of Judicial Building
is herewith returned with
few necessary alterations. A
similar Statement of Habitation
works but this is also forward
ed as these works are budgeted
for under "Law and Justice".

KEEP WITH

Genl. No

dated

188

It would however appear
from the papers received that
sanctions to work are required
that have not been under-
taken. I have accordingly
added such marks against
which entry does not appear
in the Register.

But like the Manager's Court
house at Poddaparam mentioned
in the Proceedings these
works may not now be
needed, and therefore the
proper course I think would
be to obtain from the Super-
intending Engineer, list of
the annual requirements

of

the Judicial Officers in their
roles, and to obtain the
approval of the High Court to
the lists for entry in the
budget and for the prepara-
tion of Estimates.
