Sir,

With reference to your No. 960 dated 31st January 1885, I have the honor to state that I consider it essentially necessary that the District Sergeant Major R. A. D. should be as near the R. A. Barracks & live as possible for the following reasons:-

For parade work he has to get up at 5 A.M. and ride 1 1/2 miles to the parade from his present quarters, he has to remain on duty at the Barracks till 9 P.M. In addition on receipt of telegraphic and orders sent by hand after Office hours he has to come to Office & see the orders published and circulated.

His present quarters are 1 mile, 385 yards from the guard, which he has to march daily, morning & evening. The house applied for, for him is only 825 yards.

467/7

yards from this guard, and within
a very short distance of the District
Office. Thus $\frac{3}{4}$ of a mile each way
is saved on every occasion he is
required to attend for duty. This is
still more trying in the hot season.

Sir,

With reference to your letter No 232 A of the 21st January 1885 I have the honor to forward the accompanying letter No 62 of the 3rd February 1885 from the Officer Commanding Royal Artillery Eastern District explaining the absolute necessity that exists for the change of Quarters occupied by District Serjt. Major Gilbert Royal Artillery Eastern District at Right Thomas Mount.

For the various reasons advanced by the Officer Commanding Royal Artillery Eastern District I think it is desirable that the District Sergeant Major should be moved to the other quarters and I accordingly recommend that the sanction of Government be obtained for the change solicited.
