READ—the following letter from the Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 10th February 1885, No. 2634 G.D.:—

With reference to G.O. No. 44 W., dated the 7th January 1885, and the list therewith received, I have the honor to bring to your notice that the sub-magistrate's cutcherry at Rahitapuram has not been put in hand as the Collector of the Godavari district has stated that no cutcherry need be built at that place, and that a proposal

* The deputy tahsildar's office at Rahitapuram has been removed to Gokavaram some time after sanction to build the cutcherry at the former place was given.

has been made to Government to abolish the deputy tahsildar's office at Gokavaram,* and to establish a tahsildar's office at Kota. He requested that the sum of Rs. 2,000 allotted for the work

for the current year may not be transferred to any other work without giving him notice, as he would wish to reserve it for the building at Kota.

ORDER—dated 2nd March 1885, No. 474 W., Public Works.

Communicated, through the Judicial Department, to the High Court for information, in continuation of G.O., No. 44 W., dated 7th January 1885.

2. As there is no prospect of the current year's grant (Rs. 2,000) for the sub-magistrate's cutcherry at Rahitapuram being utilised, it is resumed, and added to the Provincial reserve with Government. An appropriation of funds for the tahsildar's office at Kota will be considered on plans and estimates for the building being submitted for sanction.

READ—the following papers:—

G.O., dated 18th November 1884, Mis. No. 2981, Judicial.

Read—the following letter from the Acting Registrar of the High Court of Judicature at Madras, to the Chief Secretary to Government, dated 8th November 1884, No. 3296:—

I am directed to acknowledge the order of Government, dated the 13th October last, No. 2421, Financial, requiring the submission of a list of the new works which it is especially desirable to carry out in the course of 1885-86, and to state that the information in this office is insufficient to enable the Court to make out a list of all the works hitherto applied for and sanctioned but not taken in hand, which it is necessary to know to compare their relative urgency. Applications have frequently been made for new buildings for court-houses, and they have been transferred to the Public Works Department for the preparation of plans and estimates, and the Court has not always had information as to when these were ready and allotments made for the works. Moreover, until the middle of 1881 such applications had not been submitted to Government through the High Court, but direct by the District Judges.

2. I am, accordingly, to request that the Court may be favored with a list of all Judicial works which have been sanctioned up to date in the Public Works Department and not yet carried out.

Order—dated 18th November 1884, Mis., No. 2981, Judicial.

The Public Works Department will be requested to furnish the information required by the High Court.

ORDER—dated 7th January 1885, No. 44 W., Public Works.

The lists prepared in the Secretariat and in the office of the Examiner, Public Works Accounts, will be recast so as to exhibit the works according to Public Works divisions.

2. The revised list will then be printed, and communicated, through the Judicial Department, to the High Court for such further action as may, in the opinion of the Honorable the Judges, be necessary.
