1885, the undersigned has the honour
to forward the original papers therein
referred to, with remark that the

and as that is a matter which
affects only the Public Works Dept,
it did not occur to the undersigned

NOTE

With reference to the
discussion in Council today (14th inst.),
it is observed that last season
380 telegrams were despatched
from the Public, and 182 from
the Revenue department, or
some 94 monthly.

The convenience of
being able to send these ^{messages} by the
Telegraph in the first instance
would, it is submitted, amply
repay the sum of Rs 222/- per
annum asked for by the Telegraph
department.

Messengers are not easily
found at a short notice, & usually
the whole staff of peons, per-
manent and temporary,
is

is engaged. There is general
= by much delay in despatch-
= ing telegrams, especially
in the wet months.

His Majesty suggested that
G.O. 20th Jan'y 1885 should
be read again and the
proposed expenditure
be sanctioned & W
