READ—the following paper:—

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 16th January 1885; No. 11 E.W.

I have the honor to forward for sanction a plan and estimate, amounting to Rs. 2,540, for purchasing the Local Fund school building at Taliparamba, in the Malabar district, and converting it into a sub-registrar's office.

2. An estimate of Rs. 2,540, for constructing a sub-registrar's office at that station on the standard plan, was sanctioned in G.O., No. 3331, of 22nd November 1883; but before the work could be put in hand, the Inspector-General of Registration suggested the purchase of the Local Fund school and its improvement to render it suitable for a sub-registrar's office. That building, on inspection, was found to be of good materials and workmanship, and the cost of its purchase and improvement does not exceed the amount already sanctioned.

3. The divisional officer has, therefore, submitted the estimate and plan herewith enclosed, and requests the transfer of the grant of Rs. 2,450, which was sanctioned for the Mannarghat sub-registrar's office, in item No. 116 of the Provincial budget of 1884-85, to enable him to purchase the Local Fund school and carry out the improvements during the current year.

4. The Local Fund Board have agreed to the sale of the school-house, and the Inspector-General of Registration has approved of the proposed transfer of funds.

NOTE OF REMARKS.

1. The accompanying plan
and estimate are for
purchasing and converting
it into a sub-registered
office, the L. & F. school at
Taliparamba in the
Coimbatore District. The
amount of the estimate
is Rs. 2540.

2. An estimate, Rs. 2540, for
constructing a sub-registered
office at Taliparamba
according to the standard
design was sanctioned
by G.O. No. 3331 of the
22nd Nov 1883, but before
the work could be started
the Inspector Genl of Registration
suggested the proposal
now submitted - and
the adoption of which

will necessitate only a transfer of funds.

3. The value of the school, which is of good material and workmanship, is Rs. 1,280; and the cost of converting it into an office is Rs. 1,200.

4. As may be learnt from plan and estimate but little is required to convert the school into an office. The most important item in the abstract is flooring - a coating of asphalt 3/4" thick over concrete 6" deep - (Rs. 40).

Further plan now submitted has yet been countersigned by the Inspector Genl. of Registration.
