READ—the following letter from C. A. BIRD, Esq., Collector of Cuddapah, to the Chief Secretary to Government, dated Gundloor, 2nd March 1885, No. 137 :—

It has been brought to my notice that there are three graves at Gurramkonda in the Váyalpád taluk recently discovered by the Executive Engineer of this district. These seem to have been the graves of Europeans supposed to have been killed when the fort was taken by the English in A.D. 1792. I think they are worthy of being preserved. The Executive Engineer, under instructions of the Superintending Engineer, has submitted an estimate for Rs. 57, and asks me for funds. As no provision was made in the budget of 1884-85, I request that the Government will be pleased to accord sanction for the expenditure from general savings.

No. 544, Ecclesiastical.

Transferred to the Public Works Department with request that the sum asked for by the Executive Engineer may be placed at his disposal next April.

6th March 1885.
