READ—the following letter from Colonel W. S. TREVOR, R.E., Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 6th March 1885, No. 348 G.:—

I am directed to acknowledge the receipt of your letter No. 294 W., dated 7th ultimo, requesting sanction to the grant of deputation allowance, under section 57, clause (1), rule V, of the Pay and Acting Allowance Code, to Lieutenant-Colonel Pennycuik, R.E., Superintendent of Works, Tank Maintenance Scheme, for the period during which he may have charge of the Red Hills tank restoration work.

2. In reply I am directed to state that Lieutenant-Colonel Pennycuik's case does not fall within the provisions of the rule in question, which contemplates an officer being relieved of his regular duties and being detached on special temporary duty. The restoration of the Red Hills tank is a provincial work, and if Lieutenant-Colonel Pennycuik can undertake its supervision, in addition to his duties as Superintendent of Works, Tank Maintenance Scheme, there appears, to the Government of India, to be no reason why he should not do so without a deputation allowance.

ORDER—dated 12th March 1885, No. 582 W., Public Works.

READ—the following papers :—

From Lieutenant-Colonel J. PENNYCUICK, R.E., Superintendent of Works, Tank Maintenance Scheme, to the Chief Engineer, Public Works Department, dated Cherpak, 10th December 1884, No. 1984 T.—Through the Chief Engineer for Irrigation.

I have the honor to solicit consideration of the question of the grant of deputation allowance, under section 57, clause (1) (revised), paragraph V, of the Pay and Acting Allowance Code, to the officers and subordinates employed on special duty in connection with the Red Hills tank.

2. The individuals so employed hitherto have been—

Captain W. L. C. Baddeley, R.E., Executive Engineer, 4th grade.

Mr. J. W. Ellis, Sub-Engineer, 1st grade, and Honorary Assistant Engineer.

Maurimoottu Moodelliar, Supervisor, 1st grade (temporary).

Mr. C. W. Traish, Supervisor, 2nd grade (temporary).

3. All the above have been relieved of all other duty; but, nevertheless, the work in question does, in my opinion, involve a "decided increase both of work and responsibility," and it also involves a change of station.

4. In my own case, I have not been relieved of any portion of my ordinary duties, and may fairly say that the special duty in question involves a very serious increase both of work and responsibility.

No. 105 E.W.

Forwarded to the Chief Engineer, Public Works Department, for favorable consideration.

CHERPĀK,
16th December 1884.

(Signed) A. S. RUSSELL,
for Chief Engineer for Irrigation.

Office note from the Examiner, Public Works Accounts, dated 10th January 1885, No. 730.

The duty on which the officers and subordinates have been employed is such as in ordinary course they are liable to be called upon to undertake, and there is nothing in the transfer of establishment preliminary to the opening of a new temporary division, or on an emergency, to warrant the grant of deputation allowances.

Office note from the Chief Engineer for Irrigation, dated 23rd January 1885, No. 14.

Your office note, dated 16th January 1885, No. 105 D.

In G.O. No. 2914 W., dated 22nd November 1884, Lieutenant-Colonel J. Pennycuik, R.E., was ordered to take charge of the restoration work of the Red Hills tank, and was thus deputed to a special work (outside his regular duties) which

involved both extra work and change of station. It is therefore hoped that Government will exercise the discretion allowed them in clause (I) (V) of section 57 of the Acting Allowance Code, and will sanction the deputation allowance to Colonel Pennyquick as a special case.

2. In the case of the other officers and subordinates for whom deputation allowance was applied for, the Examiner's contention appears to be correct, as it is believed that they were relieved of all other duties except those in connection with the Red Hills tank restoration.

ORDER—dated 7th February 1885, No. 293 W., Public Works.

His Excellency the Governor in Council does not consider that the case of the officers and subordinates for whom deputation allowance is applied for by Lieutenant-Colonel Pennyquick, comes under section 57, clause (I) (V), of the Acting Allowance Code, as they were relieved of all duties except those connected with the Red Hills tank restoration, where their work is such as would fall to them in ordinary course.

2. The case of Lieutenant-Colonel Pennyquick himself seems to fall within the provisions of the rule, he having been deputed to a special work, outside his regular duties, which involved both extra work and change of station. As, however, it is anticipated that the duty in question will last more than six months, the sanction of the Government of India to the admission of deputation allowance to Lieutenant-Colonel Pennyquick is necessary under the second portion of clause (V) quoted above. Such sanction will accordingly be applied for.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

SIR,

I am directed to request the sanction of the Government of India to the admission of deputation allowance, under section 57, clause (1) (V), to Lieutenant-Colonel Pennycuik, R.E., Superintendent of Works, Tank Maintenance Scheme, for the period during which he may have charge of the Red Hills tank restoration work, a special duty on which he is employed, outside the ordinary duties of his post.

2. The circumstances of the case, with the opinions of the Examiner, Public Works Accounts, and of the Chief Engineer for Irrigation, are recorded in the accompanying copy of proceedings.

I have the honor to be,
Sir,

Your most obedient servant,

(Signed) J. SHAW-STEWART, Colonel, R.E.,
Secretary to Govt., P.W.D.
