Despatch from the Secretary of State, No. 71, dated 13th November 1884.

(d) The numbers in the three higher grades of Executive Engineers, and in the 1st grade of Assistant Engineers, as determined by (b) and (c), will be increased so as to allow of the permanent promotion of a number of officers from the junior grades of those classes, corresponding to the normal number of officers on furlough, as ordered in Public Works Department Resolution No. 1174 G., dated 4th June 1880.

II. (a) The pay of the following grades will in future be—

Executive Engineer, 3rd grade, Rs. 700 a-month.

Executive Engineer, 4th	600
Assistant Engineer, 1st	500

Assistant Engineer, 1st	500
-------------------------	-----

(b) Assistant Engineers, 2nd grade, will receive Rs. 400 a-month instead of Rs. 350, after three years' service in the grade.

(c) In the cases of officers of Royal Engineers who draw staff salary in addition to military pay and allowances, the increases under (a) and (b) will take the form of an addition of Rs. 50 a-month to staff salary, and to the maximum pay of their grade.

III Certain Civil Engineers with English training, appointed in India, will be allowed the same privileges under the pension rules, in all respects, as officers included in Schedule B, I, II and III (1) of the Civil Pension Code. A nominal roll of these officers will be added to the Civil Pension Code hereafter.

IV In regard to Civil Engineers, appointed in India from the Civil Engineering Colleges or otherwise, and not included under III, who may rise to the rank of Superintending Engineer, the Government of India will be prepared to consider favorably their admission to the pension rules applicable to those included in Schedule B, I, II and III (1). This rule is subject to any general restriction that may hereafter be prescribed as to the amount of pension payable to public servants who are natives of India.

V Civil Engineers who were appointed to the Department as Assistant Engineers, 1st grade, after they had left other employment in India, will be allowed, on account of previous experience, to add to their pensionable service a period not exceeding three years, provided such previous experience was not acquired before the age of 25.

VI These rules will come into force on 1st January 1885.

Reorganisation of the Engineer Establishment of the Public Works Department.

Read again—

Resolution in the Public Works Department, No. 1442 G., dated 13th December 1884.

Resolution—

The Governor-General in Council directs that the following orders may be issued in continuation of the resolution now read again.

2. It is to be observed that the division of the whole staff of Executive and Assistant Engineers between those two classes is to be made on the actual and not on any sanctioned number on each list.

3. In working out the proportion in each grade of Executive Engineers under I (b), an addition of one may be made for a fraction greater than one-half.

4. The method of adjusting the number of Executive and Assistant Engineers in each grade under I (d) will be as follows:—

Add to the 1st grade of Executive Engineers 20 per cent. of its own number and 20 per cent. on the number of superior officers.

Add to the 2nd and 3rd grades of Executive Engineers respectively 20 per cent. on their own number.

Deduct from 4th grade of Executive Engineers the sum of the numbers added to the three higher grades.

Add to the 1st grade of Assistant Engineers $12\frac{1}{2}$ per cent. of its own number, and 20 per cent. of all higher grades.

Deduct from the 2nd and 3rd grades of Assistant Engineers the number added to the 1st grade.

5. An example for 100 Executive and Assistant Engineers is worked out below:—

Superior officers	...	...	...	* 7	
Executive Engineers, grade	i	...	10	+ 2 + 1.4	(3) = 13
"	ii	...	12	+ 2.4	(2) = 14
"	iii	...	13	+ 2.6	(3) = 16
"	iv	...	15	— 8	= 7
Assistant Engineers, grade	i	...	25	+ 3.125 + 11.4	(15) = 40
"	ii & iii	...	25	— 15	= 10

* This number should be the number of Chief and Superintending Engineers specially sanctioned for the Province or list.
A fraction of one-half or more adds one to the grade.

Order—

LETTER—from

COLONEL J. SHAW-STEWART, R.E.,

Secretary to the Government of Madras,

Public Works Department,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

PUBLIC WORKS DEPARTMENT.

SIR,

I am directed to report, for the information of the Government of India, that, to give early effect to the Resolution No. 1442 G., of 13th December 1884, on the subject of the Engineer establishment of the Public Works Department, His Excellency the Governor in Council has decided to make, from the 1st January 1885, ten promotions in the Executive Engineer grades and nine in the Assistant Engineer grades on the Madras list.

2. These numbers are based on the actual and sanctioned strength of the establishment, which comprised up to 1st January two Chief Engineers, six Superintending Engineers, forty-one Executive Engineers, and forty Assistant Engineers. It is proposed to promote two Executive Engineers 2nd grade to 1st, three Executive Engineers 3rd to 2nd, and five Executive Engineers 4th to 3rd; also nine Assistant Engineers 2nd to 1st grade. The numbers so arrived at in the different grades are in the proportions fixed in Resolution No. 1475 G., of 20th December 1884.

3. I am to inquire whether these proposals are in accordance with the intentions of the Resolutions referred to. The favor of an early reply is requested, in order that the promotions may be notified with as little delay as possible.

I have the honor to be,

Sir,

Your most obedient servant,
