17TH MARCH 1885, No. 650 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, VI Circle, to the Examiner, Public Works Accounts, dated Trichinopoly, 5th March 1885, No. 608 T.C. :—

With reference to your letter No. 235 S.E.-VI, under date the 11th ultimo, I have the honor to inform you that the Executive Engineer, Trichinopoly division, in his No. 325 S.E.-VI, dated 28th February, reported that an allotment of Rs. 2,000 will be sufficient for expenditure during the current year on the post office at Musiri, leaving the balance of estimate, Rs. 495, to be spent early in April next. I request that you will be good enough to transfer Rs. 2,000 as an addition to the current year's grant of the Executive Engineer, Trichinopoly division.

2. I further request that you will, in future, communicate to me similar transfers with a view to cause the same to be noted in the registers maintained in my office.

Endorsement on the above.

No. 825.

Forwarded to the Secretary to Government, Public Works Department, in continuation of office note, No. 830, dated the 17th February 1885.

2. It appears necessary that some such procedure as that sanctioned in G.O. No. 3327 W., dated the 22nd November 1883, in respect to appropriations made from the grants placed at the disposal of General Officers should be communicated for guidance in the case of sanctions accorded against the grants at the disposal of Directors-General, Post and Telegraph Offices, which may be as follows :—

When a sanction is accorded against a Director-General's grant the sanction should distinctly say so.

The sanction should be communicated to this office, and also, through the Superintending Engineer, to the Executive Engineer in whose division the work is situated.

This office on receipt of sanction will reduce the Director-General's grant and increase the grant of the division concerned.

The Executive Engineer, in whose books the Director-General's grant is not, of course, recorded, will simply increase his postal or telegraph grant, as the case may be, by the amount of the estimate sanctioned.

Surrenders when made by the Executive Engineers should be communicated to the Director-General and this office through the Superintending Engineer.

(Signed) D. C. GORDON,
Examiner, Public Works Accounts.

11th March 1885.

ORDER—dated 17th March 1885, No. 650 W., Public Works.

The letter from the Superintending Engineer, VI Circle, above recorded will be communicated to the Director-General of Post Offices, in continuation of G.O., No. 247 W., dated 2nd February 1885.

2. In the case of minor post and telegraph works which are within the powers of the Directors-General, the sanctions accorded by those officers are, in accordance with G.O. No. 2007 W., dated 20th July 1883, communicated, through this Government, to the Superintending Engineer concerned and to the Examiner, Public Works Accounts.

3. Estimates for minor post and telegraph works which are beyond the sanctioning powers of the Directors-General are submitted to this Government, for sanction, through those officers, who usually intimate whether the work concerned can be carried out from the grants at their disposal. In such cases, the procedure indicated by the Examiner, Public Works Accounts, will be followed.

some such procedure as that
sanctioned in G.O. No. 3327 W
dated the 22nd November 1883
in respect to appropriations
made from the grants placed
at the disposal of General
Officers should be commu-
nicated for guidance in the
case of sanctions accorded
against the grants at the
disposal of Director General
Post and Telegraph Offices
which may be as follows.

When a sanction is accord-
ed against Director General's
Grant the sanction should
distinctly say so.

The sanction should be
communicated to this Office
and also through the Super-
intending Engineer to the
Executive Engineer in whose
Division the work is situated.

This Office on receipt of
sanction will reduce the
Director

Director General's grant
and increase the grant of
the Division concerned.

The Executive Engineer
in whose books the Director
General's grant is not of
course, recorded will simply
increase his postal or tele-
graph grant as the case
may be by the amount
of the Estimate sanctioned.

Surrenders when made by
the Executive Engineers
should be communicated
