

Office of Consy Archt to Govt.

On special duty

Madras 16th March 1883

N^o 42

From

R. J. Chisholm Esq

Consy Archt to Govt.
On special duty

To

The Chief Engineer

Roads & Buildings

Sir

I have the honor to report
that two of the special works
on which I have been engaged
viz. Chandragiri and Madurai
will be completed by the end
of the current month.

2. The third work Gingee
has been completed so far as
the field work is concerned.
but the elaboration will oc-
cupy my whole time at
least

least a month longer. This work as you are aware consisted of surveying, measuring, and illustrating generally, the old Fort of Gingee.

3 The tops of both Rajasheri and Kristnasheri and the principal fortresses on the plains have all been accurately surveyed and plotted to a large scale, so that all the remains are clearly shown and such buildings as possess any interest to the architect have been measured and drawn. all the works are in pencil. In addition I have completed twenty views which illustrate a descriptive list. of these views 10 have passed through the first stage of etching and 10 remain to be transferred to the copper although

although it would be most desirable if the Government could spare my services to finish this work straight off it is not of that nature to demand my time exclusively. as it might now be completed during slack periods of work at head quarters. Such being the case I do not feel justified in carrying it to completion without obtaining the further sanction of Government.

4 I found it impossible to complete Madura and Chandragiri within the time specified and have been compelled to continue the temporary Establishment granted to me in G. O. No 2960 M. dated 1st December 1884

J

5 I shall feel greatly obliged
if you will be good enough to
extend the period I applied
for from the 1st to the 31st inst

I have the honor to be
