

note

From the accounts being
- ing Office with correspondence
- ever between E & C it
will be observed that in
fixing the revised estimate
for 1884-85 under Commis-
sion - Irrigation & Navigation
a grant of Rs 38,000 has been
adopted under "Establish-
ment" with a view to
have a separate record
of all expenditure in-
- curred on the investigation
of irrigation projects. Be-
- fore adopting, sanction
of Government should
have been obtained for
the transfer of the amount
from Commercial, Building
Road & Service in
the manner described
by E & C.

As the intended contribution
of Rs 38,000 to Govt ~~fund~~ for
Establishment was not
taken to account by the
Examiner in arriving
at the probable savings

in the current year Govt
Grant for Estab^t, referred
to in No 392 in 17th
Feb 1885, provision
can be made now
by transferring the
amount from the
Government Grant for
Estab^t (Bgs roads & services)
rendered available
by crediting that head
with the amount of
Contributions

As this procedure will
affect the revised estimate
figure already reported
to the Govt of India, or-
ders are solicited whether
the transfer can be
sanctioned & the govern-
ment of India informed
by wire as a special
case.

To
As the proposed trans-
-fer will affect the
Amount of the revised
Estimates already com-
-municated to the Govt
of India, and as the
20th February has been
fixed as the latest
date for advising
further changes in these
Estimates - Vide para 4
of Govt of India Resolu-
No 212 A. G. dt 13 Nov 1884
Please say whether you
consider that the transfer
can now be made

OFFICE NOTE No. 801

To
E. I.

With reference to G.O.

No. 3 I. dated 5th. January 1885, I
observe that the sum of Rs. 24,600
entered in para 29 of the E. I.'s
note therewith printed as a grant
for the Chilka Lake Canal, was
originally a portion of the grant
sanctioned in G.O. No. 2040 W. dated
30th. August 1884 under Civil
Buildings Roads and Services, and if
it is intended to transfer that
amount now to Irrigation the trans-
fer would appear to be inadmissible,
since that grant was subsequently
reduced in G.O. No. 57 W. dated the
8th. January 1885 to Rs. 5,000.

2. If the grant of Rs. 38,000
referred to in the same para is to
be taken under Provincial Irriga-
tion its transfer will be necessary
from the Provincial Reserve, but as
no G.O. has been received sanctioning

The Chilka lake canal
being classed under Irrigation
the amount allotted for it
must necessarily be considered
as having been transferred
to Irrigation and Navigation.
2. As the reduction of allotment
made in P.O. no 57 W of 8th January 1885
could not have been in-
cluded in P. M. no. 3-I
dated 5th Decr, it should be
treated as a subsequent modification.

It is intended that the grant of
Rs 38,000/- referred to in para 29 of the
note printed in P.W. Ac. No. 2 of 5 Jan'y 1885
should be met from the amount rendered
available under "Provincial - Roads,
building and other Services" by the cor-
responding increase in the contribution
to be paid to that Fund from "Provincial
Irrigation and Navigation" and the
transfer of the sums under Establish-
ment from the former to the latter head
should be considered as having been
made in the same manner as the

From the explanation given I
understand that Rs. 38,000/- have been
taken as an addition to the Establish-
ment Grant under Provincial In-
rigation and Navigation by an in-
tended reduction of the Establishment
Grant under Provincial Civil Building
Roads and Services, but as the books
of this office show that such a transfer
has not been formally sanctioned,
it is necessary that immediate appli-
cation should be made to the Secretary
to Government, P. W. Department for
sanction to the transfer as an addition
to the former head cannot be made
without a corresponding reduction
under the latter.

FROM THE EXPLANATION GIVEN I

UNDERSTAND THAT RS. 38,000 HAVE BEEN
 TAKEN AS AN ADDITION TO THE ESTABLISH-

 OF THE ESTABLISHMENT GRANT UNDER
 PROVINCIAL CIVIL BUILDINGS ROADS AND

 SHOW THAT SUCH A TRANSFER HAS NOT BEEN
 FORMALLY SANCTIONED IT IS NECESSARY
 THAT IMMEDIATE APPLICATION SHOULD BE MADE

 AN ADDITION TO THE FORMER HEAD CANNOT
 BE MADE WITHOUT A CORRESPONDING REDUC-
 TION UNDER THE LATTER.

The grant under Provincial
Irrigation and Navigation can only
be increased by a direct Provincial
assignment by Government in the
Financial Department or by a transfer
from the Provincial Grant to the
credit of the P.W. Department under
Civil Buildings Roads and Services
or Railways, and since the addition
of Rs. 38,000 has ^{not} been obtained
from any of these sources it amounts
merely to a fictitious figure and
must be removed if an appropriation
cannot now be made.

2. Its removal will involve
a reference to the Government of
India, and if a reference is to be
made, it will perhaps be as easy to
explain the matter by wire and
obtain a transfer from the Estab-
lishment Grant under Provincial

Civil Buildings Roads and Services
by a reduction of the Revised Estimate
under that head, which may under the
circumstances be now acceded to as
an exceptional case.

3. If a reference to the Govern-
ment of India is not desirable, the
amount may be obtained from the
Government in the Financial Depart-
ment, which perhaps will not find it
inconvenient to sanction the grant
from the surrender of Rs. 60,000
lately made. This will have to be
done at once, since the official
year will close in a few days.
