READ—the following letter from Lieutenant-Colonel J. PENNYCUICK, R.E., Superintendent of Works, Tank Maintenance Scheme, to the Chief Engineer, Public Works Department, dated Chepâk, 21st March 1885, No. 586 T. :—

I have the honor to report, for the consideration of Government, that the Examiner has objected to the increase of pay (Rs. 50 per month) lately granted by the Government of India to Executive Engineer of the IV. grades, and claimed from the 1st of January 1885 by Mr. Ussher, now in charge of No. II Tank division.

2. The objection is, of course, based upon the fact that the salaries of temporary Engineers are fixed sums and not those of any particular grade on the permanent establishment, and that Mr. Ussher being transferred to a temporary post is only entitled to the fixed salary sanctioned for it.

3. Mr. Ussher would, I believe, hold temporary rank as Executive Engineer, on the permanent establishment but for his transfer to the tank maintenance scheme, so that the result of the transfer is a loss to him of Rs. 50 per month.

4. It is probable that when the salaries attached to these posts were decided on, it was really intended that they should correspond in amount with those of the grades on the permanent establishment, and I would therefore suggest that application should be made to the Government of India to raise the salary sanctioned for the two tank maintenance divisions from Rs. 550 to Rs. 600.

THE SECRETARY TO THE GOVERNMENT OF INDIA,

PUBLIC WORKS DEPARTMENT.

SIR,

Adverting to the correspondence quoted in the margin, on the subject of the appointment, to three authorised temporary posts, of Assistant Engineers on the permanent establishment with the temporary rank of Executive Engineer, I am directed to request the sanction of the Government of India to the pay of these officers being regulated in accordance with the increased scale promulgated in resolution No. 1442 G., dated 13th December 1884.

Letter from the Government of India, dated 25th August 1884, No. 1008.

2. I am to explain that, when the salaries of the temporary posts now held by the officers in question were fixed, it was intended that they should correspond in amount with those of the grades on the permanent establishment; and that, unless Messrs. Paul, Ussher and Jopp are now allowed the benefit of the enhanced scale of salaries subsequently sanctioned, they will be liable to supersession, as regards salary, by officers of the permanent establishment who are their juniors on the departmental list.

I have the honor to be,

READ—again the following papers :—

From the Secretary to the Government of Madras, Public Works Department, to the Secretary to the Government of India, Public Works Department, dated 10th March 1884, No. 654 W.

I am directed to invite the consideration of the Government of India to the difficulty experienced in finding competent temporary Executive Engineers for three of the authorised temporary posts which have not as yet been filled.

2. It is essential that fully qualified officers, experienced in the irrigation and acquainted with the vernaculars of Southern India, should be posted to these important charges; and as suitable engineers have not been found for the same, I am to urge that sanction be accorded to this Government to nominate, to those three temporary posts, selected Assistant Engineers of the permanent establishment, with temporary rank as Executive Engineers, 4th grade.

From the Secretary to the Government of Madras, Public Works Department, to the Secretary to the Government of India, Public Works Department, dated 3rd April 1884, No. 917 W.

Adverting to paragraph 2 of your letter, No. 018 G., dated 18th March 1884, I am directed to forward, herewith, a statement showing the temporary divisions which have been constituted in this Presidency; proposals regarding which have, from time to time, been laid before the Government of India, as will be seen on reference to the correspondence quoted in the margin. The names of the temporary officers, with rates of pay specially sanctioned by the Government of India, for carrying on the work of these divisions, are also included.

Letter to the Government of India, No. 2592 W., dated 4th October 1882.
Letter to the Government of India, No. 1132 W., dated 16th April 1883.
Letter to the Government of India, No. 2675 W., dated 24th September 1883.
Letter to the Government of India, No. 12 I., dated 7th January 1884.

2. His Excellency the Governor in Council does not understand that it is the intention of the Government of India to insist on the employment of these officers in any particular division; but that the work to be done shall be entrusted to officers most competent to carry it on, whether those officers are on the temporary or permanent establishment. Any other arrangement would, His Excellency the Governor in Council is convinced, be productive of the greatest inconvenience; especially when, as at present, it is not always possible to obtain temporary engineers with the special qualifications requisite for elaborating important projects.

3. The temporary divisions have thus, in great measure, been officered by selections from the permanent establishment, the temporary engineers specially sanctioned replacing them in permanent divisions. The allocation of temporary engineers in

the accompanying statement is made with a view of exhibiting what may be regarded as the sanctioned, as compared with the existing, arrangements; column 5 showing the division to which each officer is actually employed.

4. Should these arrangements be formally approved, a basis for future working will have been established sufficient to satisfy the requirements of audit; while the Government will be able to officer the temporary divisions by those best qualified for the duties to be performed in each case.

5. I am to request the early sanction of the Government of India to these proposals.

6. Application for formal sanction to fill up the appointments still open will be made as soon as suitable officers can be found.

I am directed to acknowledge the receipt of your letter No. 2897 W., dated 19th November 1884, requesting sanction to the temporary transfer, to the temporary engineer establishment, of Captains Dorward and Boddy, R.E., in charge of the Rushikulya and Barur divisions, and to such *pro tem.* promotions being made in their room.

2. In reply, I am directed to state that the Government of India considers that the sanctioned salaries of temporary engineers should be personal, and should not be regarded as attached to certain posts. In this view the Government of India regrets that sanction cannot be given to the arrangement now proposed. I am further to state that the arrangement sanctioned for one year in Public Works Department telegram dated 2nd May 1884, should cease on the expiry of the year.

Resolution—

In accordance with the decision of the Secretary of State, the Governor-General in Council directs the publication of the following orders regarding the Engineer Establishment of the Public Works Department :—

I (*a*). The number of Executive and Assistant Engineers on any list, taken together, will be divided equally between the two classes, an addition of one to the number of Executive Engineers being made for a fraction.

(*b*). The number of Executive Engineers being made for a fraction, will be in the proportion of 8, 9, 10 and 12, respectively, in the 1st, 2nd, 3rd and 4th grades.

(*c*). Half the number of Assistant Engineers will be in the 1st grade, an addition of one being made for a fraction.

(*d*). The numbers in the three higher grades of Executive Engineers, and in the 1st grade of Assistant Engineers, as determined by (*b*) and (*c*), will be increased so as to allow of the permanent promotion of a number of officers from the junior grades of those classes, corresponding to the normal number of officers on furlough, as ordered in Public Works Department resolution, No. 1174 G., dated 11th June 1880.

II (*a*). The pay of the following grades will in future be :—

Executive Engineer, 3rd grade, Rs. 700 a-month.
Do. do. 4th do. „ 600 do.
Assistant do. 1st do. „ 500 do.

(*b*). Assistant Engineers, 2nd grade, will receive Rs. 400 a-month, instead of Rs. 350, after three years' service in the grade.

(*c*). In the cases of officers of Royal Engineers who draw staff salary in addition to military pay and allowances, the increases under (*a*) and (*b*) will take the form of an addition of Rs. 50 a-month to staff salary and to the maximum pay of their grade.

(*d*). The increase of Rs. 50 a-month to salaries of Assistant Engineers, 2nd grade, after three years' service in their grade, will be given on specific recommendations on account of satisfactory service, and cannot be claimed as a right. The increase may be sanctioned by Local Governments and Administrations.

III. Certain Civil Engineers, with English training, appointed in India will be allowed the same privileges under the pension rules in all respects as officers included in schedule B, I, II and III (1) of the Civil Pension Code. A nominal roll of these officers will be added to the Civil Pension Code hereafter.

IV. In regard to Civil Engineers appointed in India from the Civil Engineering Colleges or otherwise, and not included under III, who may rise to the rank of Superintending Engineer, the Government of India will be prepared to consider favorably their admission to the pension rules applicable to those included in schedule B, I, II and III (1). This rule is subject to any general restriction that may hereafter be prescribed as to the amount of pension payable to public servants who are natives of India.

V. Civil Engineers who were appointed to the department as Assistant Engineers, 1st grade, after they had left other employment in India, will be allowed, on account of previous experience, to add to their pensionable service a period not exceeding three years, provided such previous experience was not acquired before the age of 25.

VI. These rules will come into force on 1st January 1885.

Order—

Resolution—

The Governor-General in Council directs that the following orders may be issued in continuation of the resolution now read again.

2. It is to be observed that the division of the whole staff of Executive and Assistant Engineers between those two classes is to be made on the actual and not on any sanctioned number on each list.

3. In working out the proportion in each grade of Executive Engineers under I (*b*), an addition of one may be made for a fraction greater than one-half.

4. The method of adjusting the number of Executive and Assistant Engineers in each grade under I (*d*) will be as follows:—

Add to the 1st grade of Executive Engineers 20 per cent. of its own number and 20 per cent. on the number of superior officers.
Add to the 2nd and 3rd grades of Executive Engineers, respectively, 20 per cent. on their own number.
Deduct from 4th grade of Executive Engineers the sum of the numbers added to the three higher grades.
Add to the 1st grade of Assistant Engineers 12½ per cent. of its own number and 20 per cent. of all higher grades.
Deduct from the 2nd and 3rd grades of Assistant Engineers the number added to the 1st grade.

5. An example for 100 Executive and Assistant Engineers is worked out below:—

Superior officers	...	...	7		
Executive Engineers, grade		i ...	10 + 2 + 1·4	(3) =	13
Do.	do.	ii ...	12 + 2·4	(2) =	14
Do.	do.	iii ...	14 + 2·6	(3) =	16
Do.	do.	iv ...	17 — 8	=	7
Assistant Engineers, grade		i ...	25 + 3·125 + 11·4	(16) =	40
Do.	do.	ii & iii ...	25 — 15	=	10

Order—

Ordered that this resolution be communicated to the Local Governments and Administrations named in the margin, for information and guidance, and to the Military Department for information.

Resolution—

In continuation of the resolutions now read, the Governor-General in Council directs the issue of the following orders regarding engineers transferred to other branches of the department:—

1. For the purpose of computing pension under resolution of the Department of Finance and Commerce, No. 449, dated 18th April 1884, the following statement of equivalent rank will be held applicable: L.G.O. No 1534 W. 27-5-84—

Civil Engineers in class I of the State Railway Revenue Establishment,
Do. in classes I, II and III of Examiners of Public Works Accounts,

will be treated as Superintending Engineers.

2. The additional Rs. 50 a-month given to Executive Engineers, 3rd and 4th grades, and to Assistant Engineers, 1st grade, under Public Works Department resolution No. 1442 G., dated 13th December 1884, will also be given to Civil or Military Engineers transferred to the Accounts Branch and holding the rank of Examiners, class IV, grade 3, or Deputy Examiners. Also the Rs. 50 authorised for Assistant Engineers, 2nd grade, after three years' service in their grade, will be given to the Assistant Examiners, 1st grade, who have been so transferred on the same conditions, under the orders of the Government of India.

---

* This number should be the number of Chief and Superintending Engineers specially sanctioned for the Province or list.
† A fraction of one-half or more adds one to the grade.

From A. B. SAMPSON, Esq., Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 27th January 1885, No. 144 G.

In reply to your letter No. 154 W., dated 17th instant, I am directed to state that the Government of India has no later information before it of the actual present number of Executive and Assistant Engineers in each grade than that contained in the Madras Classified List corrected up to 30th June 1884,* and it is therefore not possible to say whether the number of promotions from grade to grade proposed in your letter is correct.

* The later Classified List has now been received and the actual strength in each grade corresponds with the figures in this letter.

2. Taking, however, the number in the latest Classified List as an example, only deducting Mr. Target, the promotions that could be made would be determined as follows for a total strength of 81 Executives and Assistants:—

Actual		Scale.		Promotion.
9	9	11	11	2
10	19	11	22	3
11	30	13	35	5
11	41	6	41	0
23	64	32	73	10
17	81	8	81	...

3. Promotions sub. *pro tem.* may then be made in place of all officers on deputation, and temporary promotions from 1st-grade Assistant to 4th-grade Executive for all Executive and Superintending Engineers on furlough.

ORDER—dated 7th February 1885, No. 297 W., Public Works.

Ordered to be communicated to officers of the Public Works Department for information and guidance.

2. The promotions admissible under the concessions now sanctioned will be separately notified.

SIR,

I have the honor to report for the consideration of Government that the Examiner has objected to the increase of pay (Rupees 50 per month) lately granted by the Government of India to Executive Engrs. of the IV^th^ Grades, and drawn from the 1st of January 1885, by Mr. Ussher now in charge of No. II Saint Division.

The objection is of course based upon the fact that the salaries of temporary engineers are fixed sums and are not those of any particular grade on the permanent establishment and that Mr. Ussher being transferred

to a temporary post is only entitled to the fixed salary sanctioned for it.

I would further submit that Mr Fisher would not be allowed to hold temporary rank as Executive Engineer on the permanent establishment for his transfer to the Sanitary Maintenance Scheme, so that the result of the transfer is a loss to him of Rupees 50 per month.

It is probable that when the salaries attached to these posts were decided on it was really intended that they should correspond in amount with those of the grades on the permanent establishment, and I would therefore suggest that application should be made to the Government of India to raise the salary sanctioned for the two Sanitary Maintenance Divisions from Rs 500 to 600

I have the honor to be

Correspondence quoted in the margin, on the subject of the appointment, to three authorised temporary posts, of Assistant Engineers on the permanent Establishment with the temporary Executive Engineer, I am directed to request the sanction of the Government of India to the pay of these Officers being regulated in accordance with the increased scale promulgated in Resolution No: 1462 of

dated 13th December 1864.

I am to explain that, when the salaries of the temporary posts now held by the Officers in question were fixed, it was intended that they should be commensurate with those of the Grades on the permanent Establishment; and that, unless Messrs Paul, Ussher, and Jopp are now allowed the benefit of the sanctioned scale

of salaries subse-

they will be liable
