No 587 T N.

Report by the Superintending Engineer, VI Circle, on the estimate for improving and metalling the road from Shonangadu to post shed south of Nalayiramudiyarkulam in Tinnevely district, Rs 5,895

The estimate is for improving 1 mile 5 furlongs and 27 yards of road and metalling it 4 yards wide 6 inches in depth. A coat of gravel  $1\frac{1}{2}$  inches in depth and 6 yards in width will be spread over the metalling. It also provides for building two small culverts, the plans of which and the sections of the site not having been received, the undersigned is unable to give his opinion as to the sufficiency of waterway and foundations, but considers that the Local Fund Engineer would have given his attention to them.

2 This is a revised estimate and the original estimate is exceeded by Rs 3,745. The reasons for the excess are given by the Local Fund Engineer in the comparative statement, and the estimate is sanctioned by the Local Fund Board in their Proceedings, dated 8th September 1884.

3 The rates are fair and the estimate is recommended for sanction.

TRICHINOPOLY,  
24th December 1884

(Signed)

H. R. MEAD, Lieut.-Col., R E.,  
Superintending Engineer, VI Circle.

To the Chief Engineer, Public Works Department,  
with reference to G O, No 3123 W, dated 19th December 1884

ORDER—dated 9th January 1885, No 75 W., Public Works

The revised estimate, amounting to Rs. 5,895, for improving and metalling the road from Shonangadu to post shed south of Nalayiramudiyarkulam, in the Tinnevely district, is sanctioned

2 This sanction has been registered as Local No 48 W. of 1884-85.

Revised estimate for improving and  
metalling the — from Shonangadu to post  
shed south of Nalayiramudiyarkulam,  
Tinnevely district, sanctioned

City 558 7.5.11. Tinnevely  
21st Dec 1885

Report by the Sup<sup>r</sup> Engineer  
6 miles on the estimate for improving  
and metalling the road from Sho-  
nangadu to post shed south of hale-  
giramudiyarkulam in Tinnevely  
District No 5895.

Encls: 1

Rate 45

The estimate is for improving  
1 mile 5 furlongs & 27 yards of Road  
and metalling it 4 yards wide 6 inches  
in depth. A coat of gravel 1 1/2 inches  
in depth and 6 yards in width  
will be spread over the metalling.  
It also provides for building 2 small  
culverts the plans of which and the  
sections of the site not having been  
received, the undersigned is unable  
to give his opinion as to the suffi-  
ciency of waterway and foundations  
but considers that the Local Fund  
Engineer would have given his atten-  
tion to them.

2. This is a revised estimate and the original estimate is exceeded by Rs. 3745, the reasons for the excess are given by the Local Fund Engineer in the comparative statement and the estimate is sanctioned by the Local Fund Board in their Proceedings dated 8 September 1884. —

3. The rates are fair and the estimate is recommended for sanction.
