

C no 2671

note

It is simply necessary
to accept at this period
of the year and to transfer
to revenue with General
ment the amounts
surrendered in the ac-
companying letter from
S & Tth Circle, under the
Imperial Civil Buildings
because it is not likely
that within the six
days in the year
any demand will
be received from
other circles. It is there-
fore desirable that
the S & T should be asked
to spend as much of
the allotment as possible
and report the cause of
short outlay in any
in his administrative
report for the year -

W 573

SUPERINTENDING ENGINEER'S OFFICE,
