Resolution—

With the view of aiding Native States in carrying out public works within their respective limits, the Government of India has, from time to time, sanctioned the employment for this purpose of officers lent from the Engineering Establishment of the Public Works Department. The Durbars of the Native States have frequently offered a higher rate of pay than that of the grade to which the officer belongs, and in some cases this has been sanctioned by the Government of India. The Governor-General in Council abstains from ruling that no additional pay shall be given, but at the same time it appears desirable to lay down a maximum rate, and it appears to His Excellency in Council that this maximum would be fairly fixed at the pay of the grade next higher than that to which the officer belongs, in all cases in which the deputation is expected to extend over a considerable time.

2. The Governor-General in Council is accordingly pleased to rule that the maximum pay of an officer whose services are lent to a Native State, under Chapter III of the Civil Pension Code, for a period of more than six months, shall be the pay of the next higher grade. In addition to this pay, the Native State will pay him the amount levied under the rules on account of pension and furlough allowance, and such travelling allowance as may be approved by the Government of India.
