The account running state-
ment received from the S &
I Circle does not show either
the increase or decrease over
the existing grants for which
sanction of Government is
requested by him.

Column 4 of the statement
shows current year grant

the year. The difference between
the figures entered in these
two columns has been taken
as the modifications requiring

In casey I items 1 & 2 under
major & item 3 under minor works
the balance of the grant is treated
as the amount surrendered
& in case of items 4, 5 & 7 & 9
under minor new works, the
total expenditure of all these items
amounting to Rs 3037 has
been deducted from the lump

Civil Buildings.

- Work was stopped for 3 months owing to the contractor having provided bad timber and having declined to provide good. The timber was eventually procured from other sources.

- The work was laid out in November but could not be started till this month, owing to objections having been raised by the Police and Revenue Authorities regarding the site.

It is expected also that there will be a saving on the Estimate.
