READ—the following paper :—

From Brigadier-General R. C. STEWART, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 23rd March 1885, No. 1079 A.

I have the honor, by order, to forward, for sanction and transfer to the Public Works Department for disposal, the estimate, plan, &c., below mentioned, which have been approved by the Commander-in-Chief. The estimate has been countersigned :—

- 1 Revised abstract estimate (in duplicate) for constructing a slaughter-house at Bellary, amounting to Rs. 10,066.
- 1 Detail estimate.
- 1 Comparative statement.
- 1 Plan.

2. The original estimate sanctioned by Government* in O.G. No. 445, of 23rd January 1883, provides for a sum of

* *Vide* proceedings of Government (Public Works Department), No. 136 W., dated 13th January 1883.

Rs. 7,210 for the construction of a double slaughter-house at Bellary, and the cause of excess (Rs. 2,856) of the revised estimate over the original is due to the fact that several very important items of extra work have been provided for in the revised estimate with a view to meet the latest requirements of the slaughter-house which could not have been foreseen at the time the original estimate was framed (*vide* enclosed letter No. 2538, of 12th instant, from the Superintending Engineer, III Circle).

ENCLOSURE.

From Lieutenant-Colonel H. M. VIBART, R.E., Superintending Engineer, III Circle, to the Deputy Assistant Quartermaster-General, Ceded Districts, dated Bellary, 12th March 1885, No. 2538.

With reference to your memorandum No. 244, dated 21st February 1885, I have the honor

to state that several items of extra work have been provided for in the revised estimate with a view to meet the latest requirements of the slaughter-house which could not have been foreseen at the time the original estimate was framed.

2. Important additions, such as stone pavements and cattle-pens, were considered essential by the Commissary-General, Colonel McGrath, during his late tour of inspection.

3. The necessity also for purchasing a large stone well together with the site has added somewhat to the outlay.

4. By my orders concrete was laid down beneath stone floor in place of sand as originally estimated.

5. The entire structure has been made very complete, and I solicit that the excess expenditure may be passed.

6. The Executive Engineer should have made the report earlier, but he apparently deferred doing so, pending the preparation of comparative statements, &c., and there has been some delay in completing them from press of work in his office.

NOTE OF REMARKS.

1. The accompanying revised
estimate and plan are for
constructing a double slaugh-
ter house for the Commissa-
riat Dept. at Bellary. The
revised estimate amounts
to Rs. 10,000 - being Rs. 850 in
excess of the original, Rs. 7,210,
sanctioned in G.O. No. 136 of
the 13th Jan. 83.

2. The comparative state-
ment shows many fair
and unobjectionable ad-
ditions and alterations,
and S.E. III. writes relative
thereto - "that several items
of extra work have been pro-
vided for in the Revised
estimate with a view to
meet the latest requirements
of the Slaughter House which

8434

"could not have been fore-
seen at the time the
original estimate was
framed." — Paragraph 5
of the same letter, No. 2538 of
the 12th March/85, runs thus:-
"The entire structure has
been made very complete and
I solicit that the excess
expenditure may be passed."
3. The revised estimate has
been approved by the G.
M^r. General.
