SIR,

- Enclosures. 3.
- 1 Revised Est. - estimate.
 - 1 Comparative Statement.
 - 1 Plan.

I have the honor to sub-
 mit for sanction a Revised
 estimate amounting to Rs. 1917
 for wire fencing in the garden
 of Government House at Secunderabad.

2. An Estimate of Rs. 520 -
 was sanctioned in G. O. No. 2302 of
 dated 18th September 1884. It was then
 expected that the materials would
 be obtained from Bombay, but the
 fencing was urgently called for
 by the Military Secretary to His
 Excellency the Governor, and a small
 length was put up experimentally
 with materials procured locally.

The

The fencing was approved, and the revised estimate was made on the local rates.

The length of fence allowed in the original estimate was subsequently increased by one third and wire netting was added in the revised estimate.

The Bombay firm who were to supply the wire fencing were informed that the order was cancelled; but they answered that they had ~~just~~ carried out the order, and the materials were then despatched from Bombay.

There are therefore materials for wire fencing in hand that have cost Rupees 427 and as there is no immediate demand for these materials: it appears to be necessary, that they should be charged to the work.

The

The amount has therefore been added to the revised estimate.
