

GOVERNMENT OF MADRAS.

MILITARY DEPARTMENT.

1st April 1885, No. 1782.

Accounts—Quetta.

Read the following papers:—

- No 3. *From Colonel G. CHESNEY, Secretary to the Government of India, Military Department, to the Secretary to the Government of Bombay, Military Department; dated Fort William, 25th March 1885, No. 156-F.*

Accounts—Quetta.

I am directed to acquaint you, for the information of His Excellency the Governor in Council, that the following arrangements for the account and audit of all charges connected with the collection of troops at Quetta have been sanctioned by the Government of India.

2. The force will be accompanied by two officers of the Military Accounts department, the senior of whom will have the powers of a Controller. Such clerical establishment as may be considered necessary will be provided by the Controller of Military Accounts, Bombay. The instructions for the guidance of these officers will be found in Special India Army Circular, dated the 25th March 1885.

3. All charges for the pay of regimental officers and troops will be disbursed in accordance with the above-mentioned instructions and adjusted separately in the military accounts of the presidency to which they belong. The charges for the pay of staff and departmental officers and establishments with the force will be adjusted by the Military Accounts department, Bengal, where the Field Pay Master's accounts will be audited and adjusted.

4. All charges incurred by departments in India in the purchase of stores, &c., for this service will be adjusted in the accounts of the presidency concerned. All charges incurred by Commissariat and Transport officers with the force will be adjusted by commissariat field offices of account, whose accounts will be rendered to the Military Accounts department, Bengal. The accounts of ordnance officers will also be adjusted by that department.

5. The Controller of Military Accounts with the force will be instructed to settle, as far as may be possible, in personal communication with the principal Commissariat and Transport officers with the force, all questions relating to rates for supplies, carriage and establishments, losses in store and in transit, &c.; their joint decisions will, on such points, be accepted as final, and not subject to any further re-audit.

6. A distinct and complete account should be kept of all extra expenditure incurred in the Military and Marine departments connected with the employment of the force. The accounts should embrace all charges arising out of this special service, such as extra batta of troops,—the cost of staff, extra transport and establishments,—feeding troops and cattle,—commissariat, ordnance, clothing and medical stores,—railway transport,—travelling charges of officers, troops and establishments,—and contingencies of every kind; in short, all expenditure which, but for this service, would not have been incurred.

7. Charges incurred on this account in the Marine, Civil, Public Works, Telegraph, Railway, Postal and other departments should be debited to the Military Accounts department, Bengal.

8. The whole of this extra expenditure will be adjusted in the military accounts as a military charge in grant 14, under the heading "Quetta Force," precisely in the same way as the extra expenditure on account of the Kabul expedition was charged.

9. A monthly statement of all such extra charges should be rendered by the Controllers of Military Accounts, Bengal, Madras and Bombay to the Accountant-General, Military Department, in the form prescribed for the Kabul campaign.

No. 156-F.

Copy forwarded to the Secretary to the Government of Madras, Military Department.

(By Order.)

FORT WILLIAM,
25th March 1885.

(Signed) O. R. NEWMARCH, Colonel,
Dy. Secy. to the Govt. of India.

No. 4. From Colonel G. CHESNEY, Secretary to the Government of India, Military Department, to Major H. P. COWPER, Controller of Military Accounts with the Quetta Force; dated Fort William, 25th March 1885, No. 157-F.

Accounts—Quetta.

In forwarding herewith copy of my letter No 156-F., dated the 25th March 1885, I am directed by the Governor-General in Council to communicate to you the following further instructions for your guidance.

2. You will have the general superintendence and control of all financial arrangements under the orders of the General Commanding the Force, whose financial adviser you will be in all matters relating to the provision of funds, the supply to the troops of any articles, or the payment of any allowances not provided for by regulation, and the interpretation of all orders of the Government of India affecting pay, allowances, or supplies.

3. You have full power to supervise and inspect, whenever you may consider it necessary, the cash books and accounts of all disbursing officers, including those of Native regiments, to call for any returns and explanations required, and to issue instructions for the correct and punctual preparation and submission of their accounts to the Military Accounts department in India.

4. Your decisions upon all matters of account will at once be acted upon, and any appeal from them should be sent through the General Commanding, who will, if necessary, transmit the appeal, with any observations he may wish to make on the case, to the Government of India for final decision.

5. You have a discretionary power to settle all such accounts as may require local audit, or may, in your judgment, require settlement on the spot, especially when delay would cause hardship or inconvenience to the troops and establishments, or to the local suppliers of stores.

6. You should settle as far as may be possible, in personal communication with the principal Commissariat and Transport officers with the force, all questions relating to rates for supplies, carriage and establishments, losses in store and in transit, &c.; your joint decisions on such points will be accepted as final and not subject to any further re-audit. You should also assist all officers in the preparation of pay bills for themselves and establishments, dispensing, at your discretion, with last-pay certificates, and accepting in lieu the signature of officers for the correctness of the charge.

7. You will communicate direct, when necessary, with the General Commanding and other military and departmental authorities in matters connected with the above duties.

8. While employed on this duty, you will have the rank and powers of a Controller of Military Accounts, and be allowed a staff salary of Rs. 1,200 a month, with such office establishment as you may consider necessary.

9. In addition to any reports and accounts which you may, in the ordinary course of your duties, send to the Controllers of Military Accounts, Bengal, Madras and Bombay, you will be good enough to forward weekly to the Accountant-General, Military Department, a brief report of your proceedings and transactions, and an abstract of your receipts and expenditure, under the heads of Pay, Commissariat, Ordnance, Clothing, Medical, Transport and Miscellaneous.

10. In laying down these instructions, the Governor-General in Council desires it may be clearly understood that your supervision and control are limited to questions of account, and, under the orders of the General Commanding, of finance, and of the correct application of the orders of the Government of India affecting pay or supplies. They are in no way intended to interfere with the administrative or executive powers and functions of the officers of the Commissariat, Ordnance, or Transport department, or to relieve them of their responsibility for the correct and punctual rendering of their accounts.

11. His Excellency in Council is confident that all officers, regimental and departmental, will cordially co-operate with you in carrying out these and any other measures which may tend to promote the general interests of the service, the main objects being to check any unnecessary expenditure, to attain the greatest accuracy and, as far as may be possible, simplicity of account, to ensure the settlement at the time of all difficult or doubtful questions, and to guard against and remedy all such errors and difficulties in the financial business of the service as may be prevented by the discretionary authority hereby entrusted to you, acting under the direct orders of the General Commanding the Force.

No. 157-F.

Copy of the foregoing forwarded, in continuation of Military Department letter No. 156-F., dated the 25th March 1885, to the Secretary to the Government of Madras, Military Department.
