PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following letter from J. B. PENNINGTON, Esq., President, Local Fund Board, Tanjore, to the Secretary to the Board of Revenue, dated 9th November 1884, No. 1213 :—

I have the honor to submit the Budget Estimates of receipts and charges of the Local Funds of the (newly formed) Tanjore Circle for the year 1885-86. They have been prepared according to the Revenue Board's instructions and approved of by the Local Fund Board at their meeting held on the 13th ultimo.

REGULAR ESTIMATE FOR 1884-85.

2. *Receipts.*—The year opened with a balance of Rs. 3,98,743 against an estimate of Rs. 4,21,040 as per budget, the decrease below the estimate having arisen chiefly from the outlay on public works having exceeded the grant on account of subsequent and special sanctions.

3. The estimated receipts are almost identical with those budgeted for except under the items noted in the margin. The variations are fully explained in the regular estimate; so the remarks are not reiterated here. The total assets come to Rs. 10,07,053, and are made up as detailed hereunder :—

Provincial Grant for Schools, School Fees and Contributions.

	RS.
Road Fund	4,31,294
Railway Guarantee Fund	1,13,873
Endowment Fund	3,19,354
General Fund	1,42,532

4. The total expenditure for the year is estimated at Rs. 8,26,978, leaving a balance of Rs. 1,80,075 to be carried forward to the year 1885-86. The details of the estimated outlay and balance mentioned above are furnished in the distribution statement accompanying.

BUDGET FOR 1885-86.

5. At the beginning of the year there is a credit balance of Rs. 1,80,080 in round numbers. The year's income is taken at Rs. 6,16,720, making in all Rs. 7,96,800. The distribution of the assets among the minor funds is shown below :—

	RS.
Road Fund	2,63,270
Railway Guarantee Fund	1,22,900
Endowment Fund	2,74,210
General Fund	1,36,420

6. Such of the items of receipts as deserve any remarks are subjoined, the difference as compared with 1884-85 being explained in juxta-position :—

(*a*). Grants from Provincial Funds for schools, Rs. 1,900 against Rs. 1,150 in the Budget.

This is made up of the grants payable to the Fourth Standard classes of the Local Fund schools, of the contribution towards the maintenance of the Normal school proposed to be maintained at the district head-quarters on an increased scale, the salary grant now received by the Tiruválúr High School, and the grant likely to be earned by the (late) Government School at Patukóta. These two institutions have been transferred to the Local Fund Board's management under G.O., No. 1869, dated 13th August 1884 from 1st October 1884.

(*b*) School-fees, Rs. 3,310 against a budget figure of Rs. 3,520 and Rs. 3,000 as per Revised Estimate for 1884-85.

This is made up of the collections from the Chattram schools at Rájamadam and Oratanad and from the schools at Tiruválúr and Patukóta. Nothing is expected from the Elementary Local Fund schools, as they have been all converted into private Combined System schools.

(*c*) No credit is taken for the contributions from Municipalities on account of the Midwifery School, as the institution has been closed.

(*d*) Interest on Railway Guarantee Fund, Rs. 16,000 against Rs. 6,000 entered in the Budget of 1884-85.

The increase is consequent on the expected investments, which will exceed four lakhs, by the end of 1884-85.

(*e*) Subscription for Tank Works, &c.

These are expected from works already applied for but which have not been given a place in this budget for want of funds at present. This course has been followed, as it does not seem desirable to discourage such donations by refusing to receive them. The works will be taken in hand as soon as funds become available.

7. The total estimated outlay amounts to Rs. 7,10,750 and is distributed among the several grants as particularized below :—

	RS.
Grant I	4,02,820
Do. II	44,200
Do. III	2,47,610
Do. IV	16,120

8. The transactions under the several grants are noticed hereunder in order.

9. *Grant I, Public Works.*—It is proposed to spend Rs. 55,380 on New Works—Communications—against Rs. 1,66,900 allotted during 1884-85. This amount provides for the completion of all works already sanctioned and in progress. No new projects have been included in the budget, as the condition of the Road Fund is not altogether satisfactory as shown further on.

10. For the maintenance of roads in existence Rs. 1,32,360 are provided against Rs. 1,37,130 during 1884-85. The decrease below the grant for the year 1884-85 is due to alterations in the maintenance grants proposed by the Local Fund Engineers. Out of this, Rs. 9,370 are for works under the supervision of the Public Works Department.

11. *Civil Buildings—New Works and Repairs.*—Rs. 4,600 are set apart for new works, *i.e.*, the construction of the dispensaries at Ayyampet, Valangulam and Tiruválúr. This last work, though sanctioned some time back, had to be put off for want of funds. Repairs cost Rs. 6,670, the bulk of the expenditure falling on chattram works.

12. *Miscellaneous Public Improvements—New Works and Repairs.*—The allotment under this head is for improvements to chattram lands, &c., required for cultivation purposes. It includes also Rs. 5,400 for the maintenance of avenues. The pay of the two Avenue Superintendents also has to be met from this source. The grant for avenues proposed for 1885-86 falls considerably below that of 1884-85; but the Board regret their inability to allot more, as this item of charge falls on their General Fund revenue.

13. *Local Fund Engineering Establishment.*—The allotment on this account remains unaltered. The reasons which have led to the continuance of the present establishment are briefly summarized below. No doubt the Revenue Board have directed a revision of the establishment in their Proceedings noted in the margin, and this Board resolved to continue their present establishments only till the end of 1884-85. But as great changes will necessarily have to be made when the new Act is brought into operation, and as frequent changes in the personnel of an establishment are very prejudicial to its efficient working, the Board have resolved to put off the revision of their Engineering establishment till the requirements under the new Act are clearly ascertained, and till then to continue the existing two separate and independent establishments. I request, therefore, that the Revenue Board will kindly support the Local Fund Board's views and obtain the sanction of Government. In this connection, I beg to add, for the Board's information, that the present establishments were introduced only during the latter part of 1882 and have not been tried long enough to make the necessity for their revision at all clear.

No. 1618, dated 13th May 1884.
„ 2469 „ 19th July „

14. The works in charge of the Public Works Department have been allowed only their maintenance grants. In submitting their budget for 1884-85, the late Tanjore Board requested to be exempted from payment of supervision charges, and the concession was granted. The same indulgence should of course be extended to the (late) Negapatam Circle.

15. The allotments for Tools and Plant and the Road Fund reserve have been calculated at the usual fixed percentages.

16. Rupees 1,20,000 are shown as the expenditure on the proposed Máyavaram-Mutupet Railway, the plans and estimates of which are now before Government. If this amount is found unnecessary, it will be invested in Government securities.

17. Before passing on to the next grant, I beg to submit, for the Board's information, that the normal Road Fund receipts of the district amount to about Rs. 2,08,000. Of this, the maintenance of roads comes to about Rs. 1,35,000; the Engineering estab-

lishments cost about Rs. 35,000; and the General establishment charges amount to Rs. 8,000, so that only about Rs. 30,000 are left for expenditure on new works including the reserve. But for the year 1885-86 the Board have been able to allot more, because the opening balance has served to swell the available assets.

18. *Grant II, Education.*—The total assets appertaining to this grant are half the General Fund balance, Provincial grants, One-sixth land-cess, School-fees, Collections and Sale-proceeds of books. These items for 1885-86 amount to Rs. 56,700 as per details subjoined :—

	Rs.
Half the General Fund Balance	6,890
Provincial Grants	1,900
One-sixth Land-cess	43,600
School-fees	3,310
Books	1,000
Total ...	56,700

Setting aside the opening balance, which is steadily diminishing, and the reserve required under the rules, making Rs. 11,250, Rs. 45,450 are left for expenditure.

19. This being the amount actually available, the Deputy Inspector's budget proposals come to more than Rs. 56,000. The Deputy Inspectors proposed increases to the salaries of five of the Inspecting Schoolmasters. They proposed forty-seven new Local Fund schools on the combined system, costing Rs. 3,760 and applied for an increase of the provision for results grants of more than Rs. 5,000 over the allotment for 1884-85. As these proposals could not be approved, the Board had no other alternative but to make reductions so as at least to secure equilibrium.

20. The proposals sanctioned by the Local Fund Board give a total allotment of Rs. 44,200 against Rs. 45,840 entered in the budget for 1884-85, and an abstract of them is subjoined :—

(*a*) *Salaries, &c., of Inspecting Schoolmasters.*—It was proposed to increase the pay of five of these subordinates by Rs. 5 each. This has been disallowed.

(*b*) *Training Schools.*—Up to the end of 1883-84 there was only one Elementary Normal School at Tanjore. But in 1884-85 a similar school was opened at Tiruválùr as sanctioned in the budget of the (late) Negapatam Circle. But as the Board cannot afford to employ all candidates who qualify themselves in these two schools (and there are about 900 schools registered for aid), they have thought it advisable to maintain the school at the district head-quarters, strengthening the staff of teachers a little. A similar course has, the Board understand, been adopted at Madura. The new school costs Rs 3,240. The decrease below the allotment is due to the lower rate of stipends allowed to the students, *i.e.*, Rs. 4 against Rs. 5 ; but an additional teacher is provided.

21. *Local Fund Schools.*—There are at present eighty-nine schools in working order. All these have been converted into private Combined System Schools as per rules of February 1883. This places them all on the same footing. The total cost is estimated at Rs. 14,290 against Rs. 17,810 allotted during 1884-85. The decrease is merely nominal, because the teachers are under the new system allowed to appropriate the whole of the school-fee collections, maintaining in return peons and incurring all contingent charges. New items under this head are the schools at Tiruválúr and Patukóta The first institution is more than self-supporting, as is seen from statement No. III ; on the latter, however, the Board have for the present to spend about Rs. 700 in addition to school-fees. It is proposed to maintain this school from the funds of

the Nadiam Mattam in the Patukóta Taluk. But pending the receipt of final orders from Government, the cost will have to be met from general funds.

22. *Chattram Schools.*—Their number remains the same. The increase of Rs. 5 proposed to the First Assistant of the Tiruvádi Sanscrit College is sanctioned. The other changes are too trivial to require any mention here.

23. *Results Grants.*—Rs. 13,000 are set apart against Rs. 12,000 for 1884-85. If in the course of the year the payments exceed the budget grant, it will be supplemented by the transfer of the amount allotted for the Patukóta School, which the Board think will be ordered to be maintained from Endowment funds.

24. *Contribution to Provincial Funds on account of Educational Inspection.*—There is a decrease of Rs. 1,500 under this sub-head. Up to 1883-84 there were three Deputy Inspectors. An additional officer was recently appointed ; so we have now four officers. The Board think that the officers in charge of the Negapatam and Patukóta ranges, and more especially the former, have not sufficient work, and have resolved upon dispensing with the services of one of these officers. The remaining three will have each three taluks and about three hundred schools under inspection and will not be overworked ; so contribution is provided for only one officer in this budget.

25. *Grant III.*—The sum provided for the maintenance of hospitals and dispensaries is very nearly the same as in 1884-85. At the instance of the District Surgeon, the pay of some of the menial servants has been increased, while the services of some unnecessary hands have been dispensed with. The contingent charges have all been fixed with reference to the District Surgeon's proposals and to probable requirements.

26. The allowance of Rs. 50 paid to Dr. Lloyd as the Superintendent of the Raja Mirasidar's Hospital has been continued by the Local Fund Board to his successor, though it has been ruled in G.O., No. 1174, dated 4th July 1878, that it is to cease on Dr. Lloyd's leaving the district.

27. *Tanjore Medical School.*—The Local Fund Board have allotted Rs. 6,400. The increase over the grant for 1884-85 is to meet the stipends of students, which it is proposed to pay out of the school endowment this year. In course of time the Board expect this institution will become self-supporting, when it begins to train medical subordinates for the neighbouring districts.

28. The vaccine charges show a slight increase consequent on the employment of additional vaccinators in the (late) Tanjore circle.

29. The expenditure on sanitation shows a large increase under Water-supply. The whole amount is allotted for the execution of works already contributed for and partly finished and requiring completion. The provision for the scavengering establishment and other sanitary purposes remains almost the same.

30. *Choultries.*—The slight increase under Establishments is to meet the additional expenditure consequent on the revision of the establishments sanctioned in G.O., No. 2289, dated 15th September 1884.

31. None of the other items under this grant call for any remark.

32. Under grant IV the allotment of 1884-85 is repeated.

33. Thus the year 1885-86 is expected to close with a balance of Rs. 81,150. Its details are subjoined :—

	Rs.
Road Fund	7,850
Railway Guarantee Fund	2,900
Endowment Fund	70,400
General Funds	...

34. In conclusion, I beg to bring to the notice of the Board that the General Fund Receipts of the circle are unable to meet the demands upon it, as will be seen from the abstract entered in the margin. In spite of all attempts to curtail superfluous expenditure from this source, the Board regret to find that their permanent charges themselves consume about 80 per cent. or the annual gross receipts, and that this year they have had to appropriate more than half the reserve to make both ends of the budget meet. The amount shown under this item is consequently Rs. 7,360 less than what it ought to be under the rules. The Board request, therefore, that for 1885-86 at least, as a special case, a transfer of Rs. 10,000 may be ordered from the Endowment Fund, which is in a satisfactory condition. They are of opinion that, when the new Act is introduced and the funds at their disposal and the purposes to which they are to be applied are clearly ascertained, they can arrange to limit expenditure to their means.

		RS.
Receipts of 1885-86		1,22,640
Charges —		
Grant I	10,200	
Do. II	40,830

READ—the following letter from Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated Fort St. George, 11th December 1884, No. 6802.

I have the honor, by desire of the Surgeon-General, to report to your Board that the allotment made in Grant III of the 1885-86 Local Fund Budget Estimate of the Tanjore Circle for the maintenance of the institutions is adequate and calls for no remarks with the exceptions noted below.

2. No provision is made on account of the charge for the additional cutler's establishment in the Medical Store Depôt. The circle provides its own reserve men, so that no provision is made under this head (*vide* G.O., No. 634, of 24th March 1884, Financial Department).

G.O., No. 772, dated 5th April 1884, Financial Department.

3. The sum provided for the three-fourths of the salary of each of the Third-class Hospital Assistants attached to the Arantángi and Nannilam dispensaries should be increased to Rs. 383, as they will be promoted to second class in July next.

4. Agreeably to G.O., No. 1174, dated 4th July 1878, Financial Department, the allowance of Rs. 50 per mensem paid to Dr. Llyod as the Superintendent of the Raja Mirasidar's Hospital should not be continued to his successor. This sum should, therefore, be struck out of the budget.

READ—the following letter from Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Madras, 7th January 1885, No. 7.

I have the honor to report, for the information of the Board of Revenue, that a provision of Rs. 34,460, or 39·7 per cent. of available income, has been made for the sanitary requirements of the Tanjore Circle, which comprises the whole district, for 1885-86 against Rs. 28,070 for 1884-85. Water-supply and improvement of village-sites will receive increased attention; for the former Rs. 14,270 have been set apart and for the latter Rs. 1,000 against Rs. 8,510 and Rs. 500, respectively for the current year. Of the remainder, Rs. 17,070 will be devoted to conservancy, Rs. 1,620 will be spent on other sanitary objects, and Rs. 500 are entered as cholera charges.

2. The allotment for vaccination amounts to Rs. 7,870, being an increase over the grant for the current year owing to the employment of additional vaccinators. No detailed list of the establishment employed has been furnished to me, but from another source I find the staff consists of—

Two First-class Deputy Inspectors of Vaccination.
Nine First-class Vaccinators.
Nineteen Second-class Vaccinators.
Three Probationers.
Two Peons.

RESOLUTION—dated 29th January 1885, No. 317.

The Local Fund Budget Estimate of the Tanjore Circle for 1885-86 is submitted for the orders of Government.

REVISED ESTIMATE FOR 1885-86.

2. *Statement I-A, Revenue and Receipts.*—The opening balance adopted by the President agrees with that advised by the Accountant-General and is distributed among the minor funds as shown below:—

	RS.
Road Fund	2,23,209
Railway Guarantee Fund	21,473
Endowment Fund	1,33,914
General Fund	20,147
Total ...	3,98,743

Compared with the budget, the above balance shows a net decrease of Rs. 22,297, resulting from an increase of Rs. 13,759 under the Road Fund and Rs. 42,634 under the Endowment Fund, and a decrease of Rs. 75,877 under the Railway Guarantee Fund and Rs. 2,813 under the General Fund. The increase under the Road and Endowment Funds is explained by the short outlay on communications and chattram works in 1883-84, while the large decrease under the Railway Guarantee Fund is explained by the investment in that year of Rs. 1,68,200 in Government securities against Rs. 85,000 as originally proposed. The contribution from the Surplus Pound Fund is given as Rs. 710. It will be altered to Rs. 800 to correspond with the provision made in the revised estimate of special funds. Under Land-cess Rs. 3,48,000 are expected to be realized as in the budget, and the estimated collections are 95 per cent. of the demand. It is, however, observed that the actual collections during the first five months of the year, as shown in this statement, differ from the amount given in the demand, collection and balance statement appended to the revised estimate by Rs. 2,194, the arrear demand also entered in the latter statement differs from the amount shown in the monthly demand, collection and balance statement for August last by Rs. 600. These discrepancies should be explained. Under Tolls and Choultry Receipts, the budget estimates of Rs. 25,020 and Rs. 1,70,660, respectively, are repeated. The part contribution of Rs. 1,000 by the South Arcot circle, sanctioned in G.O., dated 11th December 1884, Mis. No. 2877, for reconstructing and repairing the aprons of the Coleroon bridge, not having been taken credit for by the President, the omission will be supplied in this office. The other items of receipt do not call for special notice. The total assets are Rs. 10,07,988 composed as follows:—

	RS.
Road Fund	4,32,294
Railway Guarantee Fund	1,13,873
Endowment Fund	3,19,354
General Fund	1,42,467
Total ...	10,07,988

3. *Statement I-B, Expenditure.*—Under Grant I the amounts provided for public works, both new works and repairs, except road repairs, do not exceed the original budget grants. For road repairs Rs. 1,55,770 are provided against a grant of Rs. 1,87,876, including Rs. 50,646 sanctioned by the Board subsequent to the budget; the allotments now proposed are considered sufficient for expenditure during the year. The provision for the Local Fund Engineering establishment is Rs. 41,410 against Rs. 41,320 entered in the budget: the increase of Rs. 90 is intended to meet the pay of the temporary clerk for the Negapatam Engineer's office, sanctioned in G.O., Financial Department, dated 16th May 1884, Mis. No. 1098. The sum of Rs. 300 provided against avenue establishment is intended to meet the salary of the Avenue Superintendent of the late Negapatam Circle, whose entertainment was sanctioned in G.O., Financial Department, dated 15th May 1884, Mis. No. 1096, but no special application for allotment of funds for this purpose appears to have been submitted by the Circle Board or to have been sanctioned by the Board of Revenue, as stated by the President in the remark column of the revised statement. The allotment for contingencies is Rs. 4,300 against Rs. 440 sanctioned in the budget. Though the former amount appears to have been already nearly exhausted, no cause has been assigned for the enhanced expenditure. The assignment under Grant II is Rs. 48,230 against Rs. 45,840 entered in the budget, the explanation of the increase is to be sought in the provision made for the upkeep of the two Government Middle Class schools transferred to the Local Fund Board under G.O., Financial Department, dated 13th August 1884, No. 1869, and in the enhanced provision made under results grants with reference to the actuals of 1883-84. Under Grant III, the contribution for sanitary inspection should be Rs. 3,000. The excess provision of Rs. 346 under this head, as well as the contribution of Rs. 336 for the Medical College, represent payments already made, probably on account of previous years. The President is requested to report whether this surmise is correct. The other items of expenditure do not call for remark. The following is an abstract of the revised estimate of charges as modified by the Board:—

Items.	Road Fund.	Railway Guarantee Fund.	Endowment Fund.	General Fund.	Total.
	RS.	RS.	RS.	RS.	RS.
New Works—					
Communications	1,66,900	..	..	..	1,66,900
Civil Buildings	..	..	9,080	1,000	10,080
Miscellaneous Public Improvements ..	..	..	2,680	..	2,680
Repairs—					
Communications	1,55,770	..	..	..	1,55,770
Civil Buildings	..	..	10,990	..	10,990
Miscellaneous Public Improvements ..	..	..	23,000	7,300	30,300
Public Works Department supervision	30	..	..	..	30
Local Fund Engineering Establishment	35,210	..	5,250	950	41,410
Tools and Plant	5,057	..	576	15	5,648
Contingencies	4,300	..	..	..	4,300
Investment in Government Securities	..	93,370	..	..	93,370
Total, Grant I	3,67,267	93,370	51,576	9,265	5,21,478
Do. Grant II	..	..	3,250	44,980	48,230
Do. Grant III	..	..	1,74,080	66,989	2,41,069
Do. Grant IV	8,676	..	..	7,525	16,201
Total Expenditure ..	3,75,943	93,370	2,28,906	1,28,759	8,26,978

4. Deducting these charges from the assets shown in paragraph 2, *supra*, the balances in round numbers are:—

	RS.
Road Fund	56,350
Railway Guarantee Fund	20,500
Endowment Fund	90,450
General Fund	13,710
Total ...	1,81,010

These balances will be carried forward to the budget for 1885-86.

BUDGET ESTIMATE FOR 1885-86.

5. *Statement I-A, Revenue and Receipts.*—Credit is taken for Rs. 710 as contribution from the Surplus Pound Fund. It will be altered to Rs. 800 to correspond with the amount provided in the Special Fund Budget. Under Land-cess the current year's budget figure of Rs. 3,48,000, which is 95 per cent. of the total demand, is repeated. The income from tolls and the receipts in favor of choultries are estimated at Rs. 25,020 and 1,70,660, respectively, as in the current year. The interest on the Railway Guarantee Fund is estimated at Rs. 16,000 against Rs. 6,000 in the current year, the increase being due to the expected investments which will exceed four lakhs by the end of 1884-85. The other items of receipt do not call for remark beyond that it is proposed to credit the contribution from the Surplus Pound Fund and Fishery Rents to the General Fund in lieu of the Road Fund, owing to the depressed condition of the former. The sanction of Government is requested to this proposal. The total assets are Rs. 7,97,830, made up of —

	RS.
Road Fund	2,64,270
Railway Guarantee Fund	1,22,900
Endowment Fund	2,74,210
General Fund	1,36,450
Total ...	7,97,830

6. *Statement I-B—Expenditure, Grant I, Public Works.*—The proposed outlay on New Works—Communications is Rs. 55,380 against Rs. 1,66,900 in the current year's budget, the decrease being due to paucity of funds. The allotment is for 26 works, of which 23 have been already sanctioned, and the estimate for one (Item No. 1) is said to be under preparation, estimates for the remaining works (Items 17 and 26) should be expedited. It is observed that the allotment sanctioned in Board's Proceedings, dated 9th August 1884, No. 3851, for Item No. 26 is Rs. 1,090 and not Rs. 1,110 as given in Part I. For road repairs Rs. 1,32,360 are assigned against Rs. 1,37,230 in the current year, the decrease being due to alterations in the maintenance grants proposed by the Circle Board. Of the former amount, Rs. 9,370 will be entrusted for expenditure to the Public Works Department on roads running along tank and river bunds without supervision charge, the Circle Board being of opinion that they should be exempted from this charge throughout the whole circle as in the case of the late Tanjore Circle (*vide* G.O., dated 26th May 1884, No. 1157, Financial Department). The current year's grant of Rs. 41,320 for the Local Fund Engineering establishment is repeated. The provision will be allowed to stand, pending the orders of Government on the proposal of the Circle Board to continue the existing establishment till the introduction of Act V of 1884 (*vide* Board's Proceedings, dated 19th December 1884, No. 4363). The share of the cost of general management chargeable to the Road Fund should be Rs. 7,940. A sum of Rs. 1,20,000 is provided for expenditure on the Máyavaram-Muttupet Railway, the plans and estimates for which have been submitted to Government (*vide* G.O., Public Works Department, dated 11th December 1884, No. 1176 R.), and the President states that if this amount should not be required, it will be invested in Government securities as in past years. The total Road Fund expenditure amounts to Rs. 3,75,550, leaving a balance of Rs. 11,620, of which Rs. 2,900 appertain to the Railway Guarantee Fund.

7. *Grant II, Education.*—The proposed grant for educational operations is Rs. 44,200 against Rs. 45,840 in the current year's budget. The President states that the estimates of the Deputy Inspectors exceeded Rs. 56,000 but that the Circle Board are unable to allot this sum for want of funds. The current year's grant of Rs. 3,880 for inspection is repeated. The allotment for training schools is Rs. 3,240 against Rs. 4,890 in the current year, the decrease being explained by the proposal to abolish the school at Tiruválúr, to reduce the rate of stipends to the students of the

Tanjore school from Rs. 5 to Rs. 4 per mensem, and to strengthen the latter school by the entertainment of a third teacher on Rs. 15. Rs. 3,770 are assigned for the up-keep of the two Middle Class schools lately transferred to the Local Fund Board. Of these, the one at Tiruválúr is more than self-supporting and the other at Patukóta costs the Circle Board about Rs. 700 ; the proposal to endow it with Rs. 1,200 from the funds of the Nadiyam Mattam is now before Government (*vide* G.O., Revenue Department, dated 15th July 1884, No. 3008, and Board's Proceedings, dated 27th January 1885, No. 266). For Local Fund schools Rs. 14,290 are allotted against Rs. 17,810 in the current year ; the decrease is merely nominal, because, on the conversion of these schools into private schools on the combined system, the teachers are allowed to appropriate the whole of the school-fee collections, on condition of their defraying the charges of peons and contingencies. Rs. 3,370 are provided for the four chattram schools and Rs. 13,000 for payment under the result system against Rs. 3,250 and Rs. 12,200, respectively, in the current year. The contribution to Provincial Funds on account of Deputy Inspectors is reduced from Rs. 3,000 in the current year to Rs. 1,500, as the Circle Board propose to dispense with the services of one of the four Deputy Inspectors now employed who have not sufficient work. The changes proposed by the Circle Board in this part of the budget will be allowed to stand subject to the remarks of the Director of Public Instruction which have not yet been received.

8. *Grant III, Medical and Sanitary.*—Rs. 46,640 are provided for the maintenance of hospitals and dispensaries against Rs. 46,150 in the current year, the small increase is explained by the proposal of the Circle Board to increase the pay of some of the menial servants, certain superfluous hands being dispensed with, and by the fact that contingent charges have been fixed with strict reference to probable requirements as indicated by the District Surgeon. The President should have specified the changes proposed. The Surgeon-General, however, states that the salary of each of the Medical Subordinates in charge of the Arantángi and Nannilam dispensaries should be increased to Rs. 383 and that the allowance of Rs. 50 per mensem, proposed to be paid to Dr. Lloyd's successor as Superintendent of the Rajah Mirasidar Hospital, should be struck out with reference to G.O., Financial Department, dated 4th July 1878, No. 1174. The provision under this head will accordingly be reduced to Rs. 46,170 The grant for vaccination is Rs. 7,870 and that for sanitation Rs. 34,460 against Rs. 7,720 and Rs. 28,070, respectively. in 1884-85. The increase in the former case is explained by the employment of additional vaccinators, while that in the latter case occurs chiefly under improvement of water-supply. The provision under these heads is considered sufficient by the Sanitary Commissioner. The attention of the President is, however, drawn to Dr. Furnell's remark that the details of the vaccine establishment have not been furnished to him. The expenditure on choultries is estimated at Rs. 1,39,910 against Rs. 1,39,120 ; the increase which occurs under establishment is caused by the adoption of the revised scale sanctioned in G.O., Financial Department, dated 15th September 1884, No. 2289. No provision having been made on account of the additional cutler's establishment in the Medical Store Depôt, Rs. 150 will be allotted for the purpose.

9. *Grant IV, Miscellaneous.*—The contribution for the controlling establishment at the Presidency will be altered to Rs. 7,940, the actuals of 1883-84. The General Reserve at 10 per cent. of the receipts is Rs. 12,270, but Rs. 4,340 only are available and there is no balance. Owing to this depressed state of the General Fund, the President requests that, as a special case, a sum of Rs. 10,000 may be transferred from the Endowment to the General Fund ; but the proposal being illegal, cannot be recommended for the sanction of Government. The General Fund expenditure should be restricted within the resources available.

10. The following is an abstract of the budget as modified by the Board :—

READ—the following paper:—

Proceedings of the Board of Revenue, dated 29th January 1885, No. 317.

ABSTRACT.—Submitting, for the orders of Government, Local Fund Budget Estimate of the Tanjore Circle for 1885-86.

ORDER—dated 23rd March 1885, No. 644, Financial.

The estimated receipts and charges of the Tanjore Local Fund Circle for 1885-86 are compared below with the revised estimate for the current year and the actuals of the previous year:—

RECEIPTS.

	Actuals, 1883-84.	Revised estimate, 1884-85.	Estimate, 1885-86.
	RS.	RS.	RS.
Balances—			
Road fund	4,40,665	2,44,680	76,850
Endowment fund	1,41,969	1,33,910	90,450
General fund	50,904	20,150	13,710
Allotments from General Revenue—			
Provincial funds—			
For schools	..	1,530	1,900
Special funds	20,203	23,800	23,800
Cess on land	3,56,692	3,48,000	3,48,000
Tolls	25,308	25,020	25,020
Fees in schools	2,646	3,000	3,310
Contributions from other circles, &c.	2,914	1,650	1,800
Receipts from endowments, &c.	1,67,704	1,85,100	1,82,240
Miscellaneous	26,713	21,150	30,750
Total	12,35,718	10,07,990	7,97,830

CHARGES.

	Actuals, 1883-84.	Revised estimate, 1884-85.	Estimate, 1885-86.
GRANT I.	RS.	RS.	RS.
New Works—			
Communications	1,24,714	1,66,900	55,380
Buildings	7,937	10,080	4,600
Miscellaneous public improvements	5,740	2,680	2,140
Repairs—			
Communications	1,63,404	1,55,770	1,32,360
Buildings	11,049	10,990	6,770
Miscellaneous public improvements	19,844	30,000	15,710
Engineering establishment	37,845	41,440	41,320
Tools and plant	2,885	5,650	3,250
Road fund reserve	..	..	20,790
Contributions to other circles, &c.	2,304	97,970	1,20,000
Miscellaneous	11,308	..	500

Charges—*continued.*

	Actuals, 1883-84.	Revised estimate, 1884-85.	Estimate, 1885-86.
	Rs.	Rs.	Rs.
Grant II.			
Inspection	3,878	3,880	3,880
Training schools	2,969	5,580	3,240
Local fund schools	20,859	19,760	21,430
Results grants	15,365	15,200	13,000
Miscellaneous	1,669	3,810	2,650
Grant III.			
Medical schools	4,241	6,070	6,400
Hospitals and dispensaries	38,530	46,450	46,470
Contribution to Medical College	..	340	..
Sanitary inspection	2,880	3,350	3,080
Vaccination	6,949	7,720	7,870
Sanitation	27,410	28,370	34,460

Grant IV.			
Establishment	16,947	16,200	16,560
General reserve	..	..	4,340
Debt account	1,69,030	..	..
Balances—			
Road fund	2,44,682	76,850	11,620
Endowment fund	1,33,914	90,450	71,000
General fund	20,147	13,710	..
Total	12,35,718	10,07,990	7,97,830

2. *Revised estimate for* 1884-85.—As observed by the Board of Revenue, there is an increase over the budget, of Rs. 13,759 in the ordinary road fund opening balance, but a decrease of Rs. 75,877 under the railway guarantee fund. The former is ascribed to the short outlay on communications in 1883-84, and the latter to the investment of Rs. 1,68,200 in Government securities instead of Rs. 85,000 as was at first anticipated. It is observed, however, that the actual expenditure on roads in 1883-84 fell short of the revised estimate for that year by Rs. 3,772 only. From the remarks in the revised estimate statement, it is gathered that the salary grant schools in the late Negapatam circle have been converted into private combined system schools. This should be fully explained in the annual report with reference to paragraph 4 of G.O., 26th May 1884, No. 1157. In other respects the Board's remarks on the revised estimate are approved.

3. *Budget for* 1885-86.—In the budget for the ensuing year Rs. 1,900 are expected from Government as grants for local fund schools, but particulars are given in statement III for Rs. 1,255 only. The discrepancy should be explained. Credit is taken for a contribution of Rs. 7,000 from private individuals on account of works, but, from paragraphs 6 (*e*) of the President's letter, it appears that no provision is made in the budget for any of these. The execution of the works should be delayed as short a time as possible. The transfer of the receipts from pound fund and fishery rents to the general fund is sanctioned. There should be complete agreement between the municipal and local fund budgets as regards the contribution on account of tolls. The land-cess demand, collection, and balance statement should have been printed as a note to statement I-A and not to statement I-B.

4. Under charges, grant I, provision is made for twenty-six new roads and bridges: statement II-A, part I, shows that three of these are unsanctioned works, but that expenditure, amounting to Rs. 4,910 will be incurred on two of them before the close of the current year. The question of exempting the *whole* of the present circle from payment of supervision charges for works entrusted to the Public Works department

Items 17 and 20.

will be referred to that department for remarks. The continuance of the present engineering establishments until the requirements of the new Act are clearly ascertained has been approved by G.O., 20th January 1885, No. 125. It is noted that Rs. 1,20,000 are provided for expenditure on the Mayavaram-Mutupet railway, or for investment on its account if its construction be not sanctioned before the close of the year. Under education several important proposals are made. Pending receipt of the Director's remarks on them, they are approved, but, as regards the circle board's resolution to dispense with the services of one of the four deputy inspectors of schools, it is observed that that officer is not under their orders. It is possible, however that they may be relieved of the remaining contribution on this account, so that funds may be set free for payment of results grants. But, before final orders are passed, the Director's remarks will be awaited. The Board's revision of grants III and IV are approved.

5. Subject to these remarks and to such re-adjustments as may be necessary when Act V of 1884 is introduced, the Tanjore Local Fund Budget for 1885-86 is passed.

Vote

In the orders passed on the Tanjore Circle Budget for 1884-85 the Public Works Dept were called on to remark on the question of the proposed transfer to the Local Fund Engineer, of all roads running along the river banks. The Question was referred to the SE VI th Circle for report in 10 days 25th June 1884 - No reply has yet been received from him. The budget Estimates received from the SE for 1885-86 include however provision for such roads in the circle to be executed by the Public works Dept.

In passing orders on the Circle Budget for 1885-86, the Financial Dept now refer for remarks of the Public Works Dept, the Question

neering Staff, was referred to the Suptg. Engineer for report in G.O. No. 1594 W dy 25 June 84. - No reply to that order is still awaited.
