Proceedings of the Board of Revenue, dated 20th March 1885, Mis. No. 2690.

Read—the following letter from A. CRUICKSHANK, Esq., Acting Collector of Anantapur, to the Secretary to the Board of Revenue, dated Chintalampalli, 7th March 1885, No. 118 :—

In forwarding, herewith, copy of letter No. 2442, dated 4th March 1885, with enclosures, from the Superintending Engineer, III Circle, Bellary, I have the honor to request that the sanction of the Government may be obtained to the revised estimates for buildings therein referred to.

ENCLOSURE.

From Lieutenant-Colonel H. M. VIBART, R.E., Superintending Engineer, III Circle, to the Collector of Anantapur, dated Bellary, 4th March 1885, No. 2442.

I have the honor to forward, for your approval and countersignature and for transmission to Government through the proper channel, a revised estimate of Rs. 4,772, to be substituted for the original estimate of Rs. 3,750 sanctioned for each of the under-mentioned buildings at Anantapur :—

Apothecary and police inspector's quarters. Estimate sanctioned in G.O. No. 3496 W., dated 6th December 1883.

Bungalow for the Public Works sub-divisional officer at Anantapur. Estimate sanctioned in G.O. No. 355 W., of 9th February 1884.

2. The revised estimate provides for a more substantial verandah roofing and for a third coat of plastering to give a proper finish to the interior of the rooms. The out-houses were to have been provided with the ordinary type of roofing, but it has been found so difficult to procure good palmyrah scantlings, and, as the pot-tiling is not of good quality, it was considered expedient to substitute brick-arching which is substantial and lasting, although somewhat more expensive in the first instance.

3. The original estimate makes no provision for a well, but one is essentially needed since the sites for the new buildings have been selected at some distance from any old well.

Resolution—dated 20th March 1885, Mis. No. 2690.

Submitted for the sanction of Government.

2. The former estimates were sanctioned in G.O. dated 6th December 1883, No. 3496 W., Public Works Department.

G.O., dated 26th October 1883, Miscellaneous No. 4305, Revenue.

Read—the following Proceedings of the Board of Revenue, dated 16th October 1883, Mis. No. 8593 :—

Read—the following letter from N. A. ROUPELL, Esq., Collector of Anantapur, to the Secretary to the Board of Revenue, dated 8th October 1883, No. 474 :—

In G.O., dated 19th September 1883, No. 2635 W., Public Works, it is stated that, for the present, it will be sufficient to undertake the construction of the following buildings at Anantapur :—

- (1) House for Collector.
- (2) House for Superintendent of Police.
- (3) Taluk cutcherry.*
- (4) Collector's cutcherry.

2. As it would appear that the most pressing needs of this station in the way of house and office accommodation are not correctly understood, I beg to be allowed to offer the following remarks.

3. Dealing first with the list of buildings in paragraph 1 above, I would observe that it was originally hoped that space sufficient for the Collector's establishment might be found in the present buildings. This idea has had to be given up, as a new Collector's office is necessary. After its construction, convenient accommodation can be found in the present buildings for —

- (1) The taluk establishment.
- (2) Taluk police station and lock-up.
- (3) The registrar's office.
- (4) The subsidiary jail.

4. Thus no new taluk cutcherry is wanted, and the amount of its estimate, viz., Rs. 27,300, is available for other purposes.

5. The District Forest Officer is now occupying a ruined house, the only one available, the roof of which is insecure and dangerous, and has to be supported by stout upright posts. The shelter it affords is most comfortless and scanty, and he has consequently been unable to have his wife and family with him here. I submit that this is a case deserving immediate attention.

6. The Inspector, Salt Revenue Department, is compelled to make Gooty his head-quarters, as there is no house here. It would be convenient if this want were supplied.

7. I trust, therefore, that there will be no objection to transferring the allotment for the taluk cutcherry to houses for the District Forest Officer and the Inspector, Salt Revenue Department.

Resolution—dated 16th October 1883, Mis. No. 8593.

Submitted for the orders of Government with reference to G.O., dated 27th September 1883, No. 3925, Revenue.

The Government are not prepared to entertain the proposal to construct a residence at Anantapur for the Salt Inspector. Such charges are, it is observed, debitable to Imperial funds.

2. The Collector's suggestion that suitable quarters should be provided for the District Forest Officer is approved and sanctioned, and the papers will now be transferred to the Public Works Department for the necessary orders.

Resolution—

The Government of India has had under consideration the practice in force with
respect to the provision of dwelling houses for civil officers. It is observed that, in
certain exceptional localities, the Government has undertaken the provision of suitable
residences for its officers, subject to a charge for rent. But in order to restrict
assistance of this nature to cases where the need for State interference has been clearly
proved, the Governor-General in Council is pleased to rule that, in future, no
dwelling houses shall be purchased or constructed by Local Governments and
Administrations, save under some general or special order of the Government of
India.

Order—

Ordered, that the foregoing be communicated to the Local Governments and Administrations and officers noted in the margin, for information and guidance.

 submitted: - (a) Quarters
 for a Police Inspector; (b)

 revised amount, Rs. 4,772, is
 the same for (a), (b), and (c),
 and exceeds the original
 sanctioned amount, Rs. 3,750,
 which also is the same for
 (a), (b), and (c), by Rs. 1,022. -

 and (b) were sanctioned
 in G. O. No. 3496 W. of the 6th Dec/83,

common design, and is very great difficulty to obtain pot tiles being experienced (a) (b) and (c) are equally affected. - It has been found necessary to substitute Bengal Terracing for the tiled roofing of the verandah of the main building, and to adopt aschod roofing for the outhouses. - An additional coat of plaster has also been provided. - though where lies the necessity for this third coat is not quite clear. - (a) and (b) are, each, allowed Rs. 197 to meet the cost of a new well. Rs. 197 are allowed to (c) for extra stabling. - Rs. 134 of the excess in the case of each of the three (a), (b), and (c), are set down as due to a clerical error in the original.
