G.O., dated 19th March 1885, No. 1463, Revenue.

Read—the following proceedings of the Board of Revenue, dated 17th February 1885, Mis. No. 1495:—

Read—letter from the Collector of Tanjore, to the Secretary to the Board of Revenue, dated 4th February 1885, No. 654.

Resolution—dated 17th February 1885, Mis. No. 1495.

Submitted for the orders of Government.

2. The Board approve the plan and consider the addition of the verandah very desirable.

3. If the Government approve, a revised plan and estimate will be submitted for sanction.

Read—the following telegram from the Collector of Tanjore, dated 7th March 1885:—

ABSTRACT.—Stating that a telegram was sent to the Board to forward the original design and site plan.

Read—the following proceedings of the Board of Revenue, dated 11th March 1885, No. 1411 R.:—

ABSTRACT.—Forwarding the original design and site plan of Kumbakonam taluk catcherry, Tanjore.

Order—dated 19th March 1885, No. 1463, Revenue.

The Government observe that the plan which the Board have now approved is precisely the same, except as regards the arrangement of the staircase leading to the record-room, as that which they rejected in their proceedings of the 4th October 1884, Mis. No. 9435, while the elevation of the building is, in the opinion of Government, more unsightly than the standard design which the Board rejected. The modifications of the standard design which they considered ill-judged, viz., the transposition of the tahsildar's court from the right to the left side of the building and the addition of verandahs, are retained in the revised design. Of these the former is necessitated by the existence of the sub-registrar's office in front of the new building, and the second is, as now stated by the Board, very desirable.

2. The Government, therefore, accept the plan and estimate first prepared, and they will be transferred to the Public Works Department for further orders. The building is urgently required in order that the present tahsildar's cutcherry may be vacated to provide office accommodation for the Sub-Collector, who now has none.

(Signed) M. HAMMICK,
for Secretary to Government.

ORDER—dated 18th April 1885, No. 921 W., Public Works.

The estimate, amounting to Rs. 19,240, for constructing a first-class taluk cutcherry at Kumbakonam, is sanctioned for immediate execution.

2. A sum of Rs. 10,000 is provided for the work in the Provincial budget for expenditure during the current official year.

3. This sanction has been registered as Provincial No. 14 W. of 1885-86, and classified as Civil Buildings, Original Works.

APRIL.

Taluk Cutcherry at
Kumbakonam

Estimate for —, sanctioned.

A "Report" elucidating the
position ought certainly have been
presented in April. The
The preceding, however, is to show that
there is good reason for the re-arrangement
of the rooms, &c., and apparently the plan
has the approval of those concerned.
The absence of Police Wards and that
also, as provided in Standard Plan,
is, I presume, sufficiently accounted
for by para 7 of Collector's letter No 91,
of 4th January, 1885. For in this Dept
has accepted plan & estimate, & building
is about to be urgently required.

NOTE OF REMARKS.

1. The accompanying plans and estimate provided for constructing a 1st class taluk cutcherry at Kumbakonam in the Tanjore District. The estimate amounts to Rs. 19,240.
2. It is to be regretted that a Report fairly answering to the definition attached to it in para. 1077 of the P.W. Code does not form a part of the estimate submitted. It would no doubt throw a light on certain changes from the standard, now effected in the present design for which there exist no apparent causes. The transposition of the court from the right to the left.

the building is due to the
position of the Sub Registrar's
Office in front. Subject to
approval, it would be
an improvement if the
tower were made to accord
with the tower as now shown
the standard design -
would then be in har-
mony with at least the
roofing of the main building.
The scantlings of the
timbers are correct.

A Ryoto Shed, Rs. 910, and
Latrine, Rs. 740, have been
provided. The Ryoto Shed
is in accordance with the
standard plan. The
standard plan has not
been followed in the case
of the Latrine which in
the present instance is
closed roof ventilation.
It may be noticed that
lightning conductor has
not been provided.
