GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ — the following papers :—

From J. W. RUNDALL, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated Masulipatam, 10th February 1885, No. 372 G.L.—Through the Examiner, Public Works Accounts.

I have the honor to forward, herewith, for your approval and sanction of Government, a statement of temporary establishment required for general and water regulation purposes of the department in the five divisions of this circle during 1885-86 in form No. M. 184.

2. From the accompanying statement it will be seen that the establishment required for 1885-86 amounts to Rs. 28,467, while that sanctioned for 1884-85 amounts to Rs. 29,818; thus showing a decrease of Rs. 1,351. The differences will be apparent from the figures given in the statement. The only points requiring notice are the following :—

- (1) Establishment for the Vegur channel head-sluice, in the Nellore division, will not be required, as this channel will be merged in the Sangam anicut system after the present season.
- (2) An additional lascar, instead of a superintendent, is provided for the Channur channel head-sluice in the Nellore division.
- (3) The provision of pay for superintendent of plant and his establishment in the Sangam Project division for only seven months in the year, instead of for the whole year as hitherto, as it is intended to dispense with this establishment from October next.
- (4) The provision for the continued employment of certain overseers, &c., sanctioned for 1884-85, and the omission of the surveyor in the Gudivada division and others sanctioned for only certain months during this year.

3. In this connection, I beg to bring to your notice that the sanctioned scale of upper subordinates for this circle is 26 permanent (please see G.O., No. 780 W., of the 22nd March 1884) and three temporary for the Gudivada division (*vide* your memorandum, No. 289 C., of the 29th January 1883) and the existing number of upper subordinates is divided as follows :—

- 21 Permanent excluding Conductor T. B. Smith recently transferred to No. I Tank division.
- 8 Temporary.

29 *Vide* distribution return of officers and subordinates for the quarter ending 31st December 1884. Provision has been made in the accompanying statement for the eight temporary overseers that are now in the circle. I am not certain if it is right to include all the temporary overseers in this list, which is, I believe, intended only to provide for any men required in addition to the permanent establishment. The number of

MASULIPATAM.
9th February 1885.

No. 856 S.E., 2nd.

Forwarded to the Secretary to Government, Public Works Department, for favor of disposal.

2. The entries in column "Present scale" of the proposition statement have been checked and found correct. Provision has been made for the existing number of temporary upper subordinates employed in the circle.

(Signed) D. C. GORDON,
Examiner, Public Works Accounts.

27th February 1885.

From J. W. RUNDALL, Esq., Superintending Engineer, II Circle, to the Chief Engineer for Irrigation, dated Bezvada, 27th February 1885, No. 938 S.G.

I have the honor to bring to your notice that at page 33 of the Preliminary budget of the Provincial services for 1885-86, provision for twenty lascars at Rs. 6 per mensem has been made under conservancy establishment for the Sangam project division. In the list submitted with this office letter No. 361 S.G., of the 23rd July 1884, finally approved of in your memorandum No. 52 N.L., of the 26th September 1884, there is an entry of four lascars at Rs. 6 each per mensem for only four months during the year for Kanigiri and Duvvur tanks, in addition to four permanent lascars.

2. I request, therefore, you will be good enough to reduce the number of permanent lascars at Rs. 6 per mensem from twenty to sixteen in the final budget, and provide for the four temporary lascars in the statement of temporary establishment of this circle now before Government for sanction.

Sangam anicut system for certain months during the year 1885-86—	Rs.
Sangam project division, Kanigiri Duvvur tanks, four lascars at Rs. 6 ..	24
For four months	96

No. 35 E.W.

Forwarded to the Chief Engineer, Public Works Department, with the request that the alterations pointed out may be made.

CHEPAK,
16th March 1885.

(Signed) A. S. RUSSELL,
for Chief Engineer for Irrigation.

From J. W. RUNDALL, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department (through the Examiner, Public Works Accounts), dated Masulipatam, 13th March 1885, No. 73 B.C.

I have the honor to forward, herewith, a supplemental statement of temporary establishment required for 1885-86 in the Buckingham canal division recently transferred to this circle for your approval and inclusion, if not too late, in the statement sent with this office letter No. 372 G.L., of the 10th ultimo, for the other divisions of this circle.

2. The present scale has not been verified in this office, as the Chief Engineer's circular and the Government order quoted as authority have not been received in this office either at the time of their issue or with the records recently sent to me.

3. The temporary overseer and his establishment sanctioned in G.O. No. 355 W., of the 14th February last, have also been included in this statement. In this connection, I beg to state that no intimation of another overseer having been posted has yet been received by me, and to request that one may be posted at an early date.

4. As the establishment sanctioned for the current year has to be continued during the next, I request that the sanction of Government may be communicated to me by wire before the end of the current month.

No. 913 S.E., 2nd.

Forwarded to the Chief Engineer, Public Works Department, with the column "Present scale" of the proposition statement duly checked.

2. Attention is drawn to this office note No. 952, dated 23rd March 1885. If a definite scale of temporary upper subordinate establishment is to be sanctioned for the current year separately, the provision for temporary upper subordinates for the Buckingham canal division made in the present statement will not be necessary.

25th March 1885.

(Signed) D. C. GORDON,
Examiner, Public Works Accounts.

ORDER—dated 18th April 1885, No. 922 W., Public Works.

As a definite scale of temporary upper subordinate establishment for all circles will be sanctioned separately, the provision for overseers contained in the tabular statement of temporary establishment required for the II Circle during 1885-86 has been struck out; and the statement, as corrected, is sanctioned against the provision for temporary establishment in the current year's Provincial budget. The net decrease per annum is Rs. 1,973.

2. This sanction has been registered as Provincial No. 4 W. of 1885-86, and classified as Establishment, Temporary.

Establishment.

READ—the following paper :—

No. 18 E.W.

Note by the Chief Engineer for Irrigation.

On my recent inspection of the Buckingham canal I saw the necessity of decreasing the size of the sub-divisions if work is to be carried on properly. At present the canal is divided into three sub-divisions—the northern, upwards of 100 miles long, being under the Assistant Engineer, Mr. Wilson; the centre, upwards of 90 miles long, under the Executive Engineer, Major Drake-Brockman; and the 3rd, the southern part of the canal, under Sub-Engineer Power.

2. I propose now to make four sub-divisions; the limits of these are not finally settled, but I have referred to the Superintending Engineer for his opinion: this would make each sub-division rather over 60 miles in length, quite enough when new work is in hand considering the speed at which boats travel here. The new sub-division I would place in charge of Sub-Engineer Mr. Bond, who is at present under Mr. Wilson. The only additional establishment required would be one overseer, who should be a man of some experience, and the southern division office and overseer's establishment. It is suggested that if possible sanction should be accorded to this change and an overseer posted at once, the Superintending Engineer being called on to report the final limits and designations of the sub-divisions.

(Signed) J. G. BASTED, Colonel, R.E.,
Chief Engineer for Irrigation.
4th February 1885.
To the Chief Engineer, Public Works Department.

Order—dated 14th February 1885, No. 355 W., Public Works.

The proposals of the Chief Engineer for Irrigation are approved.

2. The Superintending Engineer, II Circle, is authorised to engage the requisite sub-divisional office establishment. An additional overseer will be posted to the canal by the Chief Engineer, Public Works Department.

3. The establishment of the sub-division will be permanent, but the additional overseer and his clerk will be on the temporary establishment.

1 " 4th. " 2nd. "

2 " 4th. " 3rd. "

1 Draftsman 1st. Class.

1 do. 3rd. "

1 Messenger at Rs. 7.

1 do. " 6

1 Accountant, 4th. Grade.

3 Overseers Clerks.

PETTY ESTABLISHMENT.

1 Storekeeper at Rs. 25-/

3 Lascars " 6-/each.

3. This Establishment can be provided for either by temporary appointments direct to the new Divisions, or by the transfer of men on the permanent Establishment, the places of the latter being filled up by temporary appointments.

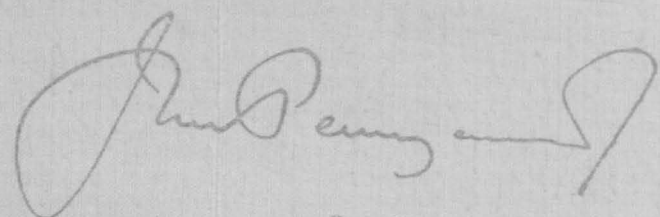

4. Superintending Engineers are authorised to at once complete

complete the Establishments to the sanctioned strength by the transfer or appointment of men of the classes falling within their powers of sanction under Code Rules.

5. As regards Upper Subordinates, the Chief Engineer will be prepared, on the application of Superintending Engineers to make temporary appointments to such extent as may be necessary to bring the total strength of the Department up to that required for the temporary Divisions plus the existing permanent Divisions.

6. Superintending Engineers are now requested to report any transfers they wish to have made, and the names of any men they may desire to recommend specially for the temporary appointments.

The sub-division was permanently sanctioned in G.O., No. 3291 W., dated 17th Nov. 1883 but for 1883-84 funds were met from Rs. 528 given in G.O., No. 1641 W., dated 12th June 1883, for the Pelandurai temporary sub-division. It is not known whether funds are provided in the budget for 1884-85 and therefore the demand is entered in this statement under temporary.

Office note from the Examiner, Public Works Accounts, dated 16th April 1884, No. 31.
Do. do. Superintending Engineer, V Circle, " 24th " " " 322.

ORDER—dated 6th May 1884, No. 1135 W., Public Works.

The estimate, amounting to Rs. 5,196, for temporary establishment required in the V Circle during the official year 1884-85, is sanctioned against the budget provision under the same head of service.

2. The amount provided for travelling allowances has been reduced to Rs. 600, which, it is considered, should be a sufficient estimate.

3. This sanction has been registered as Provincial No. 8 W. of 1884-85, and classified as Establishment, Temporary.

(True Extract.)

(Signed) J. SHAW-STEWART, Colonel, R.E.,
Secretary to Govt., P.W.D.

To the Superintending Engineer, V Circle.

Temporary Establishment

Estimate of Rs. 5,196, for — required in
the V Circle during 1884-85, sanctioned
with remarks.

No. 372 Gt.

Superintending Engineer's office

2nd circle, Masulipatam

Read the following papers: 10th February 1885.

From,

The Superintending Engineer,
Second circle,

To,

The Chief Engineer,
Public Works Department,

"Through the Examiner."

Sir,

Enclosure Statement.

I have the honor to forward here-
with for your approval and sanction of
Government, a Statement of Temporary Estab-
lishment required for general and water
regulation purposes of the Department in
the 5 Divisions of this circle during 1885-86
in Form No. M. 184

2. From the accompanying Statement,
it will be seen, that the Establishment re-
quired for 1885-86, amounts to Rs. 28,467,
while that sanctioned for 1884-85 amounts
to Rs. 29,818, thus showing a decrease of Rs. 1,351.
The differences will be apparent from the fi-
gures given in the Statement. The only points

requiring notice are the following

- (1) Establishment for the Tegur channel Head Sluice in the Nellore Division will not be required, as this channel will be merged in the Sangam Anicut System after the present season.
 - (2) An additional lascar, instead of a Superintendent is provided for the Chin-nur channel Head Sluice in the Nellore Division.
 - (3) The provision of pay for Superintendent of Plant and his Establishment in the Sangam Project Division for only 7 months in the year instead of for the whole year as hitherto, as it is intended to dispense with this Establishment from October next.
 - (4) The provision for the continued employment of certain Overseers etc. sanctioned for 1884-85, and the omission of the Surveyor in the Gudivada Division and others sanctioned for only certain months during this year.
3. In this connection, I beg to bring to your notice, that the sanctioned scale of

of Upper Subordinates for this Circle is 26 permanent, (Please see G.O. No. 780 W of the 22nd March 1884) and 3 Temporary for the Gudivada Division, (Vide your Memo No. 289 C. of the 29th January 1883), and the existing number of Upper Subordinates is divided as follows.

21 Permanent excluding Conductor J.B. Smith recently transferred to No. 1 Tank Division.

8 Temporary

29 Vide Distribution Return of Officers and Subordinates for the Quarter ending 31st December 1884. Provision has been made in the accompanying Statement for the 8 Temporary Overseers that are now in the Circle. I am not certain if it is right to include all the temporary Overseers in this List, which is, I believe, intended only to provide for any men required in addition to the permanent Establishment. The number of Upper Subordinates for this Circle having been fixed at 26, I think that provision for only 3 overseers should be retained in the Statement, and that the old 5 should be omitted, as they are sent to the Circle in place of permanent Overseers, w

are doing duty elsewhere. If this view is correct, please only provide in the State-ment for the 2 Overseers in the Gudwada Division, and one in the Kistna Western Division, and omit the others. I thought it better to enter all Temporary Overseers as they might not be lost sight of.

4. The following is the abstract of the Temporary Establishment applied for 1885-86.

Divisions.	General	Water Regulation	Total
	Rs.	Rs.	Rs.
Kistna Eastern—	4,512	102	4,614
Kistna Western—	2,100	192	2,292
Gudwada—	8,172	114	8,286
Nellore—	180	1,134	1,314
Tangam Project—	11,661	"	11,661
Total—	26,625	1,442	28,067

N^o. 938 S.G.

Superintending Engineer's office,
2nd Circle, Camp Bazar

27th February 1885.

From,

The Superintending Engineer,

2nd Circle,

To,

The Chief Engineer,

For Irrigation.

Sir,

I have the honor to bring to your notice,
that page 33 of the Preliminary Budget of the
Provincial Services for 1885-86, provision for 20 Lascars
at Rs. 6 per mensem has been made under Con-
servancy Establishment for the Sangam Project D^{no}.
In the list submitted with this office letter N^o. 361
S. G. of the 28th July 1884 finally approved of in
your Memo N^o. $\frac{II}{52}$ of the 26th September 1884, there
is an entry of 4 Lascars at Rs. 6 each per mensem
for only 4 months during the year for Kanigiri
and Duvour Tanks, in addition to 4 permanent Lascars.

2. I request, therefore, you will be good enough
to reduce the number of permanent Lascars at
Rs. 6 per mensem from 20 to 16 in the final Budget,
and provide for the 4 Temporary Lascars in the state-
ment of Temporary Establishment of this Circle now

before Government for sanction.

Sangam Ancient Systems for certain months during the year (85-86)

Sangam Project D^m. Kanigiri Durrus Tanks & Lascam at

A.S. Russell
For Chief Engineer for Irrigⁿ

No 73 B. C

Superintending Engineer's Office,
2nd Circle, Manipalattam
13th March 1885.

From

The Superintending Engineer, P. W.
2nd Circle.

To

The Chief Engineer,
Public Works Department.

Enclosure - Statement

Through the Engineer P. W. Accounts.

Sir,

I have the honor to forward herewith,
a supplemented statement of Temporary
Establishment required for 1885-86 in the
Buckingham Canal Division recently transferred
to this Circle, for your approval, and in-
clusion, if not too late, in the statement
sent with this office letter No 372 of the
10th ultimo for the other Divisions of this
Circle.

2 The present scale has not been verified
in this office, as the Chief Engineer's Circulars
and the L. O. quoted as authority, have
not been received in this office, either at
the time of their issue, or with the records
recently sent to me.

222
28

3. The Temporary Overseer and his Establishment sanctioned in L.O. No. 355 W. of the 14th February last, have also been included in this statement. In this connection, I beg to state that no intimation of another Overseer having been posted, has yet been received by me, and to request that one may be posted at an early date.

4. As the Establishment sanctioned for the current year has to be continued during the next, I request that the sanction of Government may be communicated to me by wire before the end of the current month.

I have the honor to be,
Sir,

Your most obedt. servant.

L. S. Russell
Superintending Engineer,
2nd Circle.

Compd. M.

Endorsement thereon by the Ex. Engr.
P. W. Accounts } No. 913 S. E. 2^d of 25th March/55

As a definite
scale of temporary upper
subordinate establish-
ment for all circles
will be sanctioned
separately, the provision
for overseers contained
in the tabular statement
of

922
35

of temporary establishment
required for the ^{II} Cuelo
during 1885-86 has been
struck out, and the
Statement, as corrected,
is sanctioned against
the provision for temporary
establishments in the
current year's Pro-
vincial Budget.
The net decrease per
Annum is Rs 1,973.

This sanction has
been registered as
Prov. No. 4 W of 1885-86,
and classified as
establishment temporary.
