Superintendent of Works, Tank Maintenance Scheme.

ORDER—dated 18th April 1885, No. 925 W., Public Works.

The scale of office and menial establishment required for the Tank Maintenance Scheme during 1885-86, as shown in the tabular statement printed with these proceedings, is sanctioned.

2. The upper subordinate establishment included in the statement has been struck out, as such will be provided for in separate proceedings.

3. This sanction has been registered as Provincial No. 5 W. of 1885-86, and classified as Establishment, Temporary.

Recd. *Encl.*

G.O., 18th April 1885, No. 925 W.

APRIL.

Office and Menial Establishment for the Tank Maintenance Scheme during 1885-86.

Scale of —, sanctioned with remarks.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following papers :—

From Lieutenant-Colonel P. MONTGOMERIE, R.E., Superintending Engineer, Tank Maintenance Scheme, to the Chief Engineer for Irrigation, dated Chepâk, 28th January 1884, No. 121 T.

With reference to paragraph 2 of G.O., No. 11 I., dated 7th January 1884, I have the honor to request you will be so good as to obtain the sanction of Government to the temporary subordinate and office establishments required for next year as specified in the accompanying list.

I propose to raise the salary of the second clerk of my office from Rs. 50, 3rd class, 3rd grade, to Rs. 80, 3rd class, 1st grade, per mensem. I think this increase of pay is necessary as the work in the office is much increased. I may also add that even with the proposed increase he will draw less salary than the second clerks of other Superintending Engineers' offices, viz., Rs. 100 to 120.

I also propose to have an additional clerk on a salary of Rs. 30 to 40, 4th class, 2nd grade, both of which I request you will be so good as to sanction.

No. 20 E.W.

Endorsement on the above.

Forwarded to the Chief Engineer, Public Works Department, with a recommendation that the temporary upper subordinate and office establishments required for the Tank Maintenance Scheme for 1884-85, may be sanctioned.

2. The proposed scale of establishment involves an excess of Rs. 824 over the amount provided in the budget estimates for 1884-85, but this excess may be met by reappropriation in due course.

Camp Borbarasinghi,
12th February 1884.

(Signed) J. O. HASTED, Colonel, R.E.,
Acting Chief Engineer for Irrigation.

To the Chief Engineer, Public Works Department.

No. 347 T.

The scale of establishments has been drawn up in the prescribed form.

Chepâk,
3rd March 1884.

(Signed) P. MONTGOMERIE, Lieut-Col., R.E.,
Suptg. Engr., Tank Maintenance Scheme.

No. 429 T., Public Works.

As requested the statement of the proposed establishment is herewith submitted in the revised form.

17th March 1884.

READ—the following letter from Lieutenant-Colonel P. MONTGOMERIE, R.E., Superintending Engineer, Tank Maintenance Scheme, to the Chief Engineer, Public Works Department, dated Chepák, 29th April 1884, No. 704 T. :—

With reference to your memorandum, No. 903 C., dated 23rd instant, I have the honor to submit, for sanction, a revised estimate of establishment of the Tank Maintenance Scheme.

2. The head clerk, Mr. C. T. A. Baldrey, was, on his first appointment to my office, promised that he would be given the annual increments due to his appointment, and I think that it will not now be fair to withhold the promise.

STATEMENT showing the proposed changes in the Establishment of Superintending Engineer, Tank Maintenance Scheme, Public Works Department, to accompany letter, No. 704 T., dated 29th April 1884.

Establishment.

READ—the following papers :—

From Lieutenant-Colonel J. PENNYCUICK, R.E., Superintendent of Works, Tank Maintenance Scheme, to the Chief Engineer, Public Works Department, dated Chepâk, 15th May 1884, No. 849 T.

With reference to your endorsement, No. 833 D., dated 2nd instant, I have the honor to submit the proposition statement therein called for, and to state that the services of a storekeeper found to be necessary has been provided for in this statement, and request you will be so good as to obtain the sanction of Government for the additional establishment.

From the same officer, dated 15th May 1884, No. 850 T.

I have the honor to submit a proposition statement showing the number of lascars required for the upper subordinates employed in the No. II Tank division at St. Thomas' Mount, and to request that you will be so good as to obtain the sanction of Government for their entertainment.

ORDER—dated 30th May 1884, No. 1358 W., Public Works.

The further petty and office establishment required in the Tank Maintenance Scheme, as shown in the tabular statement printed with these proceedings, is sanctioned. The total monthly cost will now amount to Rs. 8,358-8-0.

2. This sanction has been registered as Provincial No. 20 W. of 1884-85, and classified as Establishment, Temporary.

Establishment

Sanctioning a further petty and office — required in the Tank Maintenance Scheme.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following letter from Lieutenant-Colonel J. PENNYCUICK, R.E., Superintendent of Works, Tank Maintenance Scheme, to the Chief Engineer, Public Works Department, dated Chepâk, 1st July 1884, No. 1152 T. :—

In reply to your office note, No. 1036 D., dated 6th June 1884, I have the honor to submit, for sanction, a statement showing the additional establishment required for the Tank Maintenance Scheme, during the current official year—*vide* paragraph 3 of my letter, No. 990 T., dated 4th June 1884.

2. I propose to have an additional copyist and a reference picker in my office, on the respective salaries specified in the subjoined statement, as there is only one copyist at present whose work has since of late been much increased by the opening of the second tank division, and as there is no reference picker to collect and assort records and make up files when required, I request that this small additional establishment may be sanctioned.

3. It is necessary that a clerk and a lascar should be allowed to each overseer, and three lascars to each sub-divisional officer, in order to maintain their efficiency. The statement provides for these.

4. The surveyors employed in the No. 2 tank division being far ahead of the overseers, and it being desirable that the preliminary operations and the execution of constructive work should keep pace with each other, it is necessary that another overseer should be allowed to this division.

5. It has been found that a great portion of the overseer's time is taken up in collecting revenue information, which might equally well be collected by ordinary clerks. It is therefore proposed to employ for this work a clerk in each of the two sub-divisions of No. 2 division.

The extra lascars asked for this division are required for the sub-divisional officers.

6. It is probable that constructive work will very shortly be started, and the services of a storekeeper will be necessary; provision for the same has accordingly been made in the statement.

7. Of the additional establishment now applied for, the following has already been engaged in anticipation of sanction, as reported in my letter, No. 990 T., of 4th June 1884:—

One clerk on Rs. 15, under Overseer H. Subba Row, from the 16th May 1884.

Office Note from the Examiner, Public Works Accounts, dated 18th June 1884, No. 197.

Order—dated 11th August 1884, No. 1962 W., Public Works.

In the tabular statement of temporary establishment for 1884-85, submitted by the Superintending Engineer, VI Circle, the scale for permanent establishment was erroneously included. The statement has therefore been recast, and is now sanctioned. The net increase per annum is Rs. 612.

2. As no increments of pay are allowed to temporary establishment, the minimum rate of pay will be admitted.

3. This sanction has been registered as Provincial No. 37 W. of 1884-85, and classified as Establishment, Temporary.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following letter from Lieutenant-Colonel J. PENNYCUICK, R.E., Superintendent of Works, Tank Maintenance Scheme, to the Chief Engineer, Public Works Department, dated Chepâk, 21st January 1885, No. 166 T.—Through the Chief Engineer for Irrigation :—

I have the honor to submit, for sanction, a proposition statement showing the office and petty establishment required for the Red Hills Tank division.

2. The establishment proposed is that of a second-class division with one sub-division, except that a clerk on Rs. 35 is provided instead of an accountant. This is proposed after consultation with the Examiner, who agrees with me that the accounts should be prepared in the Chingleput divisional office, so as to avoid the opening of a new set of books.

3. The men marked * have already been appointed in anticipation of sanction, as their services were urgently required.

4. The total cost of the establishment amounts to Rs. 377 per month, and for the remainder of the financial year would amount to about Rs. 800; but it will, I think, be enough if Rs. 600 be provided, as it is not certain that the whole of the clerical establishment entered in the list will be wanted, though I wish to have the power of working up to it, if necessary.

Enclosure.

Proposed Establishment for the Special Red Hills Tank Division.

Enclosures.

SIR,

I have the honor to submit for favourable consideration & support the following case.

Mr C. Baldry was appointed as a Clerk II Class I Grade in the Tank Maintenance Scheme on the understanding that he would be entitled to his annual increments of pay provision for which was accordingly made in the Budget Estimate.

On a reference to the Examiner Public Works accounts, at the time Mr Baldry had completed a year's service in his grade, that officer has informed me that he will not be entitled to to his increments in his present temporary appointment and on my enquiring what action should be taken in order to prevent Mr. Balroy suffering any loss he replied.

"The only plan I could propose, "if in Superintending Engineer's opinion, "it is desirable, is to obtain sanction of "Government to increase Mr. Balroy's "pay by such an amount as he would "forfeit by annual increments."

I am fully satisfied that the circumstances of the case strongly merit the favourable consideration of Government. I beg therefore to submit for sanction a proposition statement for increasing the pay of my Head Clerk from 1st March 1884 by Rs 40 which would represent the amount he forfeits by the loss of his annual increments.

As it would be irregular and would require the sanction of the Government of India to appoint Mr Balroy on the maximum of his present Grade I propose to appoint him as a Clerk I Class 3rd Grade on the minimum pay which would obtain the same result & would be within the power of the Government to sanction.

Draft reference to S.E. to the effect that it is not understood how an increase of pay of Rs. 40 now given can possibly represent the forfeiture of an annual increment of Rs. 8. If Mr. Halliday was promised an increase of Rs. 8 during his second year of tenure of the office the proper & simple procedure would appear to be to provide Rs. 168 per mensem in the Budget Estimate of 1884-85 which may be revised accordingly.

~~The Supdg. E~~
~~proposal as 92~~
~~trovert~~

I regret that in the [illegible] the [illegible] that he is appointed [illegible] years of age to exist in 1865 it is proposed to raise his salary from Rs 160 to 200, [illegible] gratuity for annual increments could never have been received.
How could Mr Baldrey have understood that he was entitled to annual increments on appointment [illegible] monthly salary a year.

Memo

From the Supg. Engr. Tank Maintenance Scheme. No. 562 I. d/ 7th April /84.

Adverting to letter from the Supg. Engr. Tank Maintenance Scheme No. 562 I d/ 7th April 1884, the undersigned has the honor to observe that it is not understood how an immediate increase of pay of Rs 40 per mensem can ~~possibly~~ represent the forfeiture of ~~an~~ one annual increment of Rs 8. If Mr Baldrey was promised an increase of of Rs 8 during ~~his~~ the second year of tenure of his present office, the proper ~~and simple~~ procedure ~~would~~ appears to be to provide Rs 168 for him in the establishment estimate of the Tank Maintenance Scheme, which may be revised accordingly -

Tank Maintenance Scheme,
Chepâk 13th March 1885.

925/32

No. 512 T,

From

The SUPERINTENDENT OF WORKS,
Tank Maintenance Scheme,

To

The Chief Engineer
P.W. Department
Thro' The Chief Engr. for Irrigation
Chepauk.

Enclosures. 1

Sir,

I have the honor to submit a proposition statement showing the Establishment required for Tank Maintenance Scheme for the year 1885-86.

In addition to the provision of the establishment for No. III Tank Divn. the principal alterations are in my own office [and are]

1st The promotion of the Head Clerk from II Class 1st Grade (Rs 160 to 200) to 1st Class 3rd Grade (Rs 200 to 250)*

II The addition of a Draftsman on Rupees 35,

III The increase in the pay of the Moochee from Rupees 8 to Rs

* The appointment being temporary, the increments are to be applied for annually as it has been done hitherto.

IV Increase in the pay of the Head Messenger from Rs 6 by

V. And in No I Tank Divn Office the addition of two drafts-men one on Rupees 35 and another on Rupees 20.

With regard to the first item the grade to which it is proposed to promote the Head Clerk (Mr Baldrey) is higher than that of the Head Clerks in the Superintending Engineer's offices, but it must be borne in mind that he has to do technical work which in a Superintending Engineer's office is done by a separate man) in addition to that of correspondence, and that owing to the establishment being mainly employed in the preparation of estimates the technical work far exceeds in amount that of a Superintending Engineer's office.

In addition to the ordinary technical work of examining plans and Estimates the Office establishment

has to prepare the preliminary maps of Basins &ca and has to put together, arrange and compile, and prepare for the press, the voluminous statements of financial hydraulic and other details.

All this work has to be Superintended by the Head Clerk, and I am bound to say that since I have been in charge of the office his conduct of its duties has left nothing to be desired.

His position is in some respects analogous to that of the Head Clerk of the Consulting archi-tect's office [who has been placed by G. O. No 1788W of 25th June, 1880, in the 1st Class IIIrd Grade] but I imagine the amount of his work must be heavi:

The two other items require little comment; the additional Draftsman will certainly be necessary when No III Tank Division is formed, and the increase in the pay of the Moochee and Peon is reasonable in consideration of the extra work, which the formation of this Division will involve.

I have satisfied myself that the addition of two Draftsmen to the drawing establishment of the No. I Tank Division Office is necessary, as the present establishment is unable to cope with the amount of work sent in by the four Sub Divisions, which are actively engaged in field operations; the increase in cost will be really only nominal as there will be a reduction in the cost of the establishment paid from survey estimates.

I have the honor to be
Sir,
Your most obedt. servt.
