NOTE OF REMARKS.

1. The accompanying plans and estimates provide for constructing four new cells in the District Jail at Calicut, Malabar District. The estimated amount is Rs. 3420.
2. The estimate provides for building the four cells in two blocks. Each block contains two cells, each 12 ft. x 8 ft., with an open verandah 5 1/2 ft. wide in front.
3. The masonry is laterite, in mortar; the pent roof is to be covered with machine made tiles, and the flooring is to be of concrete, 4 inches thick, with an iron plate.

of asphalt 3/4 inch
thick.

4. As before mentioned
the four cells will
form two blocks, but
the Insp. Genl. of jails,
though forwarding this
estimate for sanction,
states that the Supt.
of the Calicut Jail desires
to have the four cells
in one block, and that
he approves the Supt's
proposal. It would
appear from this that
the Insp. Genl. supposes
that the adoption of the
Supt's proposal ^{would} cause
a mere change in the
arrangement of the
cells in no way affecting
the cost. If such be
the case, of course, he
is in error - Four cells
in one block will
lessen the amount
of the estimate, though
not much.

5. It may be noted in
the endorsement of
approval by the judicial
department that
"an early allotment
of funds" is requested
- If this request is to
be granted, the estimate
may, subject to approval,
be sanctioned in its
present form - the
cases being classed by
S.E.N. under "saving".
6. The plan and estimate
have not been countersigned
by the Insp. Genl. of jails.
