Sir,

Referring to Government Order,
dated 31st March 1885, No. 742 Ins, I have
the honor to report, that on my request
being the Superintending Engineer to as-
sist the Local Fund Board with the
Vijay Bridge Plans and Estimates, as
directed in that Order, Colonel Mead
replies that it has never been com-
municated to him, and that he
does not even know its contents.

2. I have this day sent him a

copy, but, as the next meeting of the Board is fixed for the 25th Instant, and as the Vijay Bridge is posted for discussion on that date, and will not bear further delay, I have the honor to suggest that orders be sent by telegram to Colonel Mead to proceed to Madras, and, after consultation with the Local Fund Engineer who has received instructions, to advise the Local Fund Board as directed by Government.

3. Copies of my letter to Colonel Mead and his reply thereto, are submitted for information. Colonel Mead is at Kodaikanal, and, therefore, within the District.

For orders.

The G.O. referred to by Mr Crole to Mr at Ootacamund. A copy of the Abstract of it is submitted. It would not seem of sufficient urgency to require telegraphic orders. Col Meade C² will do much at a meeting, he will probably have to examine the ground, draw up plans, estimates, etc before he can advise the Loc. F. Board. The papers may be submitted by hand to the P.W.D. with a request that if thought necessary in that Dept, instructions may be sent to Col Meade as desired.

This can be done by Mr P.W.D. with the request that the necessary instructions may be sent to Col Meade. E. Thiruchelvar
