No. 172.

READ—the following papers :—

From T. D. HARRIS, Esq., Executive Engineer, Vizagapatam Division, to the Superintending Engineer, First Circle, dated Vizagapatam, 3rd September 1882, No. 1401.

Reference.—His. No. 361 V.Z., dated the 15th August 1882.

Has the honor to forward herewith an application, in original, from S. Pydiah of Bimlipatam, on the subject of the sale of his building there for the use of the local Sub-Registrar's office.

2. The Registrar of Assurances at Vizagapatam reports that, that the building might be got for Rs. 500 was a guess of his, based on the two assertions of Pydiah in his letter to him that the original outlay was Rs. 700 and that he was to dispose of it for a cheaper consideration.

ENCLOSURE.

From S. PYDIAH, to the Executive Engineer, Vizagapatam Division, Waltair, dated Bimlipatam, 1st September 1882.

I beg to acknowledge, with thanks, the receipt of your letter, dated 31st ultimo, and in reply beg to state that I am prepared to dispose of my house alluded thereto provided that I will get Rs. 550 notwithstanding that my original outlay was about Rs. 700, and I therefore beg you will be good enough to recommend to the Government for the same amount.

I however give it for Rs. 500 in case the Government would not be pleased to grant my request to pay Rs. 550.

Expecting for your favorable reply.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following

from the Inspector General of Registration,
3037, dated 15 December 1885.

The purchase of a building for the office
of a Special Sub. Registrar at Bimlipatam in
the Vizagapatam District was sanctioned by
the Government in order, Judicial, No. 322 Mis.
dated the 20 April 1882.

2. In G.O. P.W. No. 2793 W dated 25 October
1882, the purchase of one S. Pydiah's house for
Rs. 500 and Rs. 150 for repairing the building were
sanctioned.

3. Upon my inspection of the office on
the 11 February 1885, I remarked:—

"In September 1882 the office was
transferred to a Special Sub Registrar and it is
now held in a small house which was purchased.
The house is situated outside of the busiest
part of the town and adjoins the fishermen
village. It is not far from the Taluk Cutcherry.

The roof of the house appears to be made of
Jungle-wood and it is expected will not last
long. Repairs are already needed."

4. On the 7th November last I received
from the Registrar an estimate prepared
by the Executive Engineer, Vizagapatam Division
amounting to Rs 957 for repairing the building.
I wrote at once to the Executive Engineer as follows:-

"The building at Bimlipatam
was purchased in the latter end of the year
1882 for Rs 500 and a sum of Rs 150 was
spent upon its repair."

"Now another estimate of Rs 957 has
been prepared for re-roofing. Still the interior
arrangements of the building and of the record room
are not in conformity with the Standard design.
I shall feel obliged therefore by your informing
me whether it would not be more economical
in the end to erect a new office on the Standard
design. If so, what may be the cost?"

5. The Executive Engineer states in his
reply:- "In my opinion it would be advisable
to erect a new office on the Standard design

instead of laying out a sum of Rs 1000 on a building
the interior arrangements of which do not suit the
requirements of your department. The cost of erecting
a new building at Bimlipatam would be about Rs 2300"

6. I have the honor accordingly to request
that you will be pleased to obtain the sanction of
His Excellency the Governor in Council for the
preparation of an estimate for erecting a sub-
registry office at Bimlipatam on the Standard
design, and for the sale of the present building
when the new office has been constructed.
