READ—the following letter from G. HAMNETT, Esq., Inspector-General of Registration, to the Chief Secretary to Government, dated Ootacamund, 18th April 1886, No. 1248:—

The registrar of Coimbatore, in his report of inspection of the sub-registry office at Súlur, in the Palladam taluk, on the 31st January last, remarked:—

“The office is held in a rented house. A separate Government building is absolutely necessary. The opening of the office has made registration popular and more convenient to the people.”

2. In a further report dated the 16th instant he says:—

“The private house is not suitable for a registration office, and it is difficult to get better buildings at the place.”

3. The office was opened on the 1st January 1884, and produced, during the official years 1884-85 and 1885-86, 2,169 registrations and Rs. 3,005. The office is a complete success, and I have the honor to recommend that the sanction of the Government may be obtained for the preparation of plan and estimate for a sub-registry office at Súlur on the revised standard design.
