READ—the following letter from the Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chepāk, 16th April 1886, No. 82:—

I have the honor to submit, for the approval and sanction of Government, an estimate, amounting to Rs. 1,395, for rebuilding a portion of the out-houses attached to the Civil Engineering College Principal's quarters at Chepāk.

2. The work to be done is explained in the report attached to the estimate, and is of an urgent nature.

No. 91 C.

Returned countersigned. The work should be undertaken with the least possible delay, as it appears that other portions of the out-houses are likely to fall. Very serious damage would be caused thereby.

26th April 1886.

(Signed) H. D. LOVE, Capt., R.E.,
Principal, College of Engineering.

ORDER—dated 5th May 1886, No. 1130 W., Public Works.

The estimate, amounting to Rs. 1,395, for rebuilding a portion of the out-houses attached to the quarters of the Principal of the College of Engineering, is sanctioned for immediate execution.

2. The Consulting Architect will apply for funds in his statement of demands on the Provincial reserve for 1886-87 on account of minor new works.

3. This sanction has been registered as Provincial, No. 15 W. of 1886-87, and classified as Civil Buildings, Original Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil and Military Works.

ORDER—dated 21st February 1884, No. 483 W., Public Works.

In modification of the practice at present followed with regard to the submission of plans and estimates for buildings required by other departments, the Government direct that the following procedure be invariably adopted in future.

2. Plans and estimates for buildings required by the Revenue Department should be submitted by the Executive Engineer to the Superintending Engineer, who, after scrutiny, will forward them to the Collector of the district for approval and counter-signature. If the Collector be satisfied as to the suitability of the proposed accommodation, &c., he will transmit the papers through the Board of Revenue to Government in the Revenue Department, by whom, if approved, they will be transferred to the Public Works Department for disposal, after final scrutiny by the Chief Engineer.

3. In the case of plans and estimates for court-houses, the documents will be forwarded by the Superintending Engineer to the District Judge for transmission, through the High Court, to Government in the Judicial Department, and the same principle will be followed with regard to estimates for Registration, Police, Jail, and other Civil Departments. The Superintending Engineer will forward the documents to the Head of the Department concerned, who will submit them to Government in the Department of the Secretariat from which he receives his orders.

4. The course at present adopted with regard to estimates for Military buildings is laid down in G.O. No. 1381 W., dated 14th June 1880, but here also a modification of practice appears desirable. In future such plans and estimates will be forwarded by Superintending Engineers for approval to the General Officer Commanding the District or Division. The General Officer will transmit the papers to the Quartermaster-General, who, after obtaining the approval of His Excellency the Commander-in-

* NOTE.—In the case of Ordnance, Commissariat or other departmental buildings, the approval of the head of the department should be obtained before the plans and estimates are submitted to His Excellency the Commander-in-Chief.

Chief, will submit them direct to Government in the Military Department. After approval in the Military Department they will be transferred to the Public Works Department for disposal, after final scrutiny by the Chief Engineer.

5. It must be understood that these orders apply only to works which are beyond the power of sanction of local authorities, and are not intended to alter the procedure laid down in G.O., No. 3211 W., dated 6th December 1882, with regard to the submission of Local Fund projects.

6. The Secretary, Code Committee, will take the necessary steps for embodying these rules in the Public Works Code, in modification of paragraphs 1168 and 1335.
