

1st May 1885, No. 1031 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following letter from J. E. PAUL, Esq., Executive Engineer, Godáviri Western division, to the Superintending Engineer, I Circle, dated Chettipet, 7th February 1885, No. 543 :—

I have the honor to request you will obtain the sanction of Government (code paragraph 326) for the constitution of a new sub-division, called the Tank sub-division.

2. This sub-division will comprise the works connected with Godáviri above the anicut, the Imperial tanks and the works connected with the Court of Wards in the Ellore and Yernagudem taluks, and all other works that are not in the delta, including the grouping of irrigation works called for in your circular No. IX of 1st December 1884.

3. The necessity for this new sub-division is that lately the execution and supervision of works in these parts have been neglected, the sub-division officers of the delta having as much or more work than they can efficiently manage in the delta alone.

4. This sub-division will be conterminous with the abolished Ellore range. As no detached officer will be required, if this sub-division is constituted the extra charge is one office messenger on Rs. 6 and two lascars on Rs. 6 each, total Rs. 216 per annum.

6. Assistant Engineer Mr. Lowry will be in charge of this sub-division, and until sanction is received I request you will allow Mr. Mahony, Sub-Engineer, to be in charge of the Western sub-division, with which he has been connected for many years (code 327).

Endorsement on the above.

No. 3024 G.D.

Submitted to the Chief Engineer for favorable consideration. The formation of this sub-division, which is very much wanted, was recommended by the Superintending Engineer in his remarks on query (11) of report of inspection of Western division office in October last.

2. The amount that would be annually expended by this sub-division would be Rs. 15,000.

DOWLAISHWERAM,
27th March 1885.

(Signed) W. A. MATHEWS, Asst. Engr.,
for Superintending Engineer, I Circle.

ORDER—dated 1st May 1885, No. 1031 W., Public Works.

Sanction is accorded to the constitution of the proposed sub-division.

2. The probable rate of expenditure (Rs. 15,000 per annum) does not, however, seem to call for the posting of an Assistant Engineer to the sub-division. An upper subordinate will apparently be able to manage efficiently the new charge.

(True Extract.)

(Signed) J. SHAW-STEWART, Colonel, R.E.,
Secretary to Govt., P.W.D.

To the Superintending Engineer, I Circle.
" Chief Engineer for Irrigation.
" Examiner, Public Works Accounts.
