Civil Works.

No. 142.

Read—the following letter from Colonel R. MURRAY, Director-General of Telegraphs in India, to the Secretary to the Government of Madras, Public Works Department, dated Simla, 1st August 1882, No. 1209 :—

With reference to the correspondence regarding the testing of lightning conductors, ending with your No. 1432 W. of the 7th June 1882, I have the honor to inform you that I am in communication with the Inspector-General of Military Works, with a view to compiling from the last War Office Circular and the recent Report of the Lightning Rod Conference, a code of rules for the erection and testing of lightning conductors.

2. This code when prepared will be circulated to officers of this department for information and guidance, and until it has been circulated and the mechanical requirements have been authoritatively specified, I think it desirable that they should not be called on to electrically test any conductors other than those attached to Powder Magazines and Factories.

No. 143.

Order—dated 21st August 1882, No. 2156 W., Public Works.

Communicated to Superintending Engineers with reference to G.O., No. 1432 W., dated 7th June 1882.

2. The Director-General is requested to supply this Department with copies of the Code in question when ready.

READ—the following paper :—

Resolution of the Government of India, Public Works Department (Civil Works —Miscellaneous), dated Simla, 26th October 1883, No. 427 M.

Erection and testing of Lightning Conductors by Public Works Officers.

Read—

Letter No. 2131, dated 16th May 1883, from the Inspector-General of Military Works.
Public Works Department docket, No. 180 M., dated 19th May 1883, to the Director-General of Telegraphs.
Letter No. 704 M., dated 25th June 1883, from the Director-General of Telegraphs.
Letter No. 705 M., dated 12th July 1883, from the Director-General of Telegraphs.
Public Works Department letter No. 254 M., dated 14th July 1883, to the Director-General of Telegraphs.
Letter No. 706 M., dated 18th July 1883, from the Director-General of Telegraphs.

Observations—

It having been brought to notice that the calls made on the Telegraph Department under Public Works Department Code, Volume I, Rule 40, Section II, Chapter VII, with regard to inspection and testing of lightning conductors, are becoming more numerous than the former department can meet, and also that in the majority of cases the tests are of a character to be easily learnt and applied by others than experts in telegraphy, His Excellency the Governor-General in Council is pleased to decide that in future these duties shall be performed by the officers of the Public Works Department, and that the aid of the Telegraph Department shall only be invoked in the case of the protection of powder magazines and such other important buildings.

2. A Code of Instruction for the guidance of Public Works officers in these duties has been drawn up by the Director-General of Telegraphs under the orders of the Government of India, and copies can be obtained on application at the Government of India, Public Works Department Secretariat, Calcutta.

3. The necessary instruments and material for testing should be obtained on indent from the Telegraph Department.

4. If technical instruction in the use of the instruments be found necessary, application should be made in each case by the Executive Engineer to the Chief Superintendent of the Telegraph division, who will inform him where instruction can be obtained.

5. The orders in the Public Works Code will be modified in accordance with the above ruling.

Order—

Ordered, that copies of the Resolution be forwarded to the Local Governments, Administrations, and Officers marginally noted, for information and guidance; also to the Departments of the Government of India specified, for the purpose indicated.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab, in the Public Works Department.
The Chief Commissioners, Central Provinces, British Burma, Assam and Coorg.
The Resident at Hyderabad.
The Agents to the Governor-General for Central India, Rajputana and Biluchistan.
The Accountant-General, Public Works Department.
The Military Department, for communication to the Inspector-General of Military Works.
The Foreign Department, for communication to the Chief Commissioner of Mysore.
The Director-General of Railways.
The Director-General of Telegraphs in India.

From H. T. ROSS, Esq., Acting Registrar of the High Court of Judicature at Madras, Appellate Side, to the Acting Chief Secretary to Government, dated Madras, 22nd January 1886, No. 189.

With reference to your endorsement, No. 2174, dated 19th December 1885, forwarding, for the remarks of the High Court, the estimates and plans prepared by the Public Works Department for locating the Judge in the Tirumal Naick's Palace at Madura, and submitted by the Acting District Judge of Madura to Government for sanction, I am directed to say that the estimates and plans may, in the opinion of the High Court, be accepted.

No. 174 C., Judicial.

Approved and transferred to the Public Works Department. The sum of Rs. 2,830 on account of record racks will be excluded from the estimates.

(By Order.)

30th January 1886. (Signed) A. G. CARDEW,
Ag. Assistant Secretary.

No. 508 M.D.

Report by the Superintending Engineer, VI Circle, Trichinopoly, on the estimate for locating the Collectorate in Tirumal Naick's Palace, Madura, Rs. 47,849.

On Mr. Chisholm's estimate for Rs. 82,220 for this work, Government in their order, No. 2055 W., dated 4th September 1885, directed a revised estimate to be prepared providing for the work as recommended by the committee, the proceedings of which are printed in G.O., No. 170 W., dated 9th January 1884. The estimate now forwarded allows for this and also for a sum of Rs. 6,369 that has been spent in excess of previous sanctions under different sub-heads—see paragraph 8 of Chief Engineer's note printed in G.O., No. 2055, dated 4th September 1885. Statement marked A shows details of this; for many of the works completion certificates have been sent in and passed, completion certificates for the rest have been ordered to be sent in without delay. Statement marked B compares the approximate estimated amount to carry out the committee's proposals (see letter No. 255 M.D., dated 7th August 1885, from Superintending Engineer, printed in G.O., No. 2055 W., Public Works, dated 4th September 1885) and the cost as estimated in the estimate now submitted; the amounts are Rs. 49,053 and Rs. 41,480, respectively, and the difference, Rs. 7,573, or saving is explained in the statement. It is believed that the present estimate will allow very fair accommodation for the Collector's and other offices in the palace building; the works proposed are good and substantial, but have been all designed as cheaply as possible, and this especially with regard to the out-buildings.

2. Eventually it is hoped that Government will, at a cost of about Rs. 27,750, take up the land on the north and west side of the palace building, remove the houses and make a road round the buildings; this will be a great improvement, but one that can be done hereafter.

3. Total sanction to the palace works, including the present estimate, will be as follows:—

		Rs.
Total sanction (see G.O., No. 728 W., dated 22nd March 1885) ...		2,74,847
Deduct estimate sanctioned in G.O., No. 609 W., dated 14th March 1885 ...		7,261
To be cancelled—see this office report, dated 20th November 1885, No. 455 ...		2,67,586
Sanction applied for in this office report, No. 455, dated 20th November 1885 ...		16,220
Estimate now forwarded ...		47,849
	Total ...	3,31,655
Expenditure up to 30th September 1885 has been—		
As per statement B ...		1,72,455
On completing restoration ...		77,535
Locating the Judge ...		3,639
Do. Collectorate ...		15,901
		2,69,530
Estimated cost of work to be done—		
Completing restoration ...	23,965	
Do. locating Judge ...	12,581	
Do. do. Collectorate ...	25,579	
		62,125
	Total ...	3,31,655

Trichinopoly, 21st December 1885. (Signed) H. R. MEAD, Colonel, R.E., Superintending Engineer, VI Circle.

From E. TURNER, Esq., Collector of Madura, to the Chief Engineer, Public Works Department, dated Madura, 11th January 1886, No. 63.

I have the honor to forward the report (with enclosures) on the estimate for locating the Collector's office in Tirumal Naick's Palace, Madura, submitted by the Superintending Engineer, VI Circle, with the following remarks.

2. I have gone through the papers on the above subject, and it appears to me that Mr. Crole changed his opinion, in view of the inconvenience of placing the Executive offices side by side with the Judicial, pointed out in his letter, dated 19th April 1885, No. 38, and shared in by Mr. Chisholm in his letter of the 16th idem, No. 2, embodied in G.O., dated 4th September 1885, No. 2055 W., Public Works.

3. As, however, it has been finally decided in the above order that the Revenue offices should be removed to the palace, I have the honor to commend to the favorable notice of Government a suggestion made by Mr. Crole in paragraph 9 of his letter, dated 21st June 1882, No. 1677, embodied in G.O., dated 20th December 1882, No. 3374 W., Public Works. This refers to the construction of a private room for the Collector on the roof of the building. The necessity for this has been pointed out in the same paragraph of Mr. Crole's letter, and I would press the matter on your attention.

4. There is sufficient space upstairs for a room of the kind, which can be constructed at a trifling cost.

5. The room intended for the Collector in the palace is badly ventilated, noisy, and on one side open to the public. The room will do fairly well when the Collector is sitting as a court or transacting public business in public, but a retiring room, as above mentioned, is absolutely necessary.

No. 334 C., Public Works.

Forwarded, with the estimates, to the Superintending Engineer, VI Circle, for consideration of Mr. Turner's suggestion.

(Signed) J. SHAW-STEWART, Colonel, R.E.,
25th January 1886. Secy. to Govt., P.W.D.

From Colonel H. R. MEAD, R.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 18th February 1886, No. 619 M.D.

With reference to your endorsement No. 334 C. (returned), dated 25th January 1886, I have the honor to report that I consider Mr. Crole's suggestion in paragraph 9 of his letter, No. 1677, dated 21st June 1882 (embodied in G.O., No. 3374 W., dated 20th December 1882), now brought forward by Mr. Turner, a very good one, and that it is right that provision should be made for the Collector to have a private room on the roof away from the noise below, and I regret that this proposal was not brought forward when the committee considered and reported on the requirements of the Collector's office.

2. I have marked on the ground-plan of the building the site I would propose for this room, and consider that it might be safely built on the roof, the corners of the new building being over the four piers of the groined roof below.

3. I do not consider it necessary or practicable to make this room an architectural feature of the building, as outside there is no architectural front, and the building will hardly be seen from below.

4. I consider a plain well-designed building as all that is required, and propose that it should be similar to Mr. Chisholm's design for the upstair portion of the Sub-Magistrate's cutcherry at Madura, but without the tower; the room would be about 19 feet × 27 feet inside without verandahs, but with a projecting roof, the windows being further protected by sun-shades, a covered passage from the top of the staircase will give sheltered access to it. I estimate the approximate cost of this at Rs. 2,600, and should this proposal be approved of, I request that I may have orders to prepare the detailed estimate, &c., and that this amount, Rs. 2,600, may be added to the estimate now returned, making the total Rs. 3,34,255 instead of Rs. 3,31,655.

5. I request that early sanction may be given to the estimate, the work of which is in progress as far as the funds allotted will allow.

ORDER—dated 16th March 1886, No. 697 W., Public Works.

With his letters above recorded, the Superintending Engineer, VI Circle, submits the estimates called for in G.O., No. 2055 W., dated 4th September 1885, for rebuilding the east aisle of the old Muhammadan school in Tirumal Naick's Palace, Madura, and for locating the Collector's office in the palace in accordance with the recommendations of the committee whose report is recorded in Proceedings, dated 19th January 1884, No. 170 W.

2. The estimate for the first-mentioned work is submitted in the form of a revised estimate for locating the Judge's court, and amounts to Rs. 16,220. From this sum must be deducted Rs. 2,830, the cost of wooden record racks, of which the High Court do not approve, leaving the amount to be sanctioned at Rs. 13,390.

3. The estimate for locating the Collector's office amounts to Rs. 47,849, and to this sum must be added Rs. 2,600, the approximate cost of a retiring room for the Collector, making a total of Rs. 50,449. The actual expenditure to be incurred is, however, only Rs. 44,080, for the Superintending Engineer explains that he has included in the estimate a sum of Rs. 6,369, representing excess outlay on various sub-heads of the restoration works.

4. The estimates now submitted are approved, and sanctioned as follows:—

	RS.
(1) Locating Judge's court	13,390
(2) Locating Collector's office, including Rs. 6,369 unsanctioned outlay	50,449

5. The total sanction will now be as shown below:—

Total sanction as per G.O., No. 2055 W., dated 4th Sept. 1885 ...		2,74,847
Deduct former estimate for locating Judge's court		7,261
		2,67,586
Revised estimate for locating Judge's court		13,390
Locating Collector's office		50,449
	Total ...	3,31,425

6. The total expenditure on the palace works up to 31st March 1885 amounted to Rs. 2,63,460; the allotment for 1885-86 is Rs. 19,376, and a grant of Rs. 30,000 has been provided for the project in the Provincial budget for 1886-87.

7. The Superintending Engineer will submit, as soon as possible, a detailed plan and estimate for a retiring room for the Collector, as proposed in paragraph 4 of his letter, No. 619 M.D., dated 18th February 1886.

8. The sanction now accorded has been registered as Provincial No. 234—1 and 2 W. of 1885-86, and classified as Civil Buildings, Original Works.
