PUBLIC WORKS DEPARTMENT.

General.
Account.

No. 148.

LETTER—from

COLONEL R. H. SANKEY, R.E.,

Secretary to Government, Public Works Department,
Madras,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

SIR,

In forwarding for the consideration of the Government of India the accompanying copy of the Proceedings of this Government, No. 1330 W., dated 29th May 1882, I am directed to inquire whether this Government should accept as authoritative the opinion of the Accountant-General, Public Works Department, that under paragraph 25-A, Chapter XI of the Public Works Code (Government of India Standing Order No. 69 of 1880), Upper Subordinates should pay rent for public quarters according to the scale fixed therein, irrespective of the value of the quarters provided for them.

2. I am directed to point out that the rules in Article 1043 of the Military Pay Code for India, Volume I, which are generally applicable to Warrant Officers, and Articles 1435 and 1436 of the same Code distinctly provide for a proportionate abatement of rent when the full amount of accommodation is not provided, or when inferior quarters are supplied, and it appears to this Government anomalous that men holding corresponding positions in the Public Works Department should not be treated with equal consideration, but be tied down to a hard and fast rule such as that suggested by the Accountant-General.

I have the honor to be,
Sir,
Your most obedient servant,

(Signed) R. H. SANKEY, Colonel, R.E.,
Secretary to Govt., P.W.D.

29TH MAY 1882, No. 1330 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

No. 146.

READ—the following letter from D. C. GORDON, Esq., Examiner of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 17th May 1882, No. 29 W.:—

I have the honor to submit, for your information, copy of a reference to the Accountant-General, Public Works Department, and of his reply, on the subject of the rate of rent recoverable from Upper Subordinates occupying public buildings as private residences, and to inquire whether Government will issue instructions that the provisions of Code, paragraph 1415-A (Standing Order No. 36 of 1881), are to be enforced from 1st June next. Such instructions would carry more weight than a circular issued by me.

ENCLOSURES.

From D. C. GORDON, Esq., Examiner of Public Works Accounts, to the Accountant-General, Public Works Department, dated Madras, 14th March 1882, No. 174-A.

I have the honor to request the favor of your opinion regarding the intention of India Code, Chapter XI, Section 4, paragraph 25, Standing Order No. 41 of 1880, and paragraph 25-A, Standing Order No. 69 of 1880.

2. Is the rent fixed in the second paragraph to be considered as fixed by a special scale as provided for by the first paragraph? In other words, must Upper Subordinates pay according to the scale laid down in paragraph 25-A, whatever be the accommodation availed of, or is that scale to be considered a maximum rent charge subject to reduction if the Superintending Engineer considers the accommodation occupied not worthy of so high a rental?

3. Instances have arisen in this Presidency in which the assessed rental of a public building is less than the scale fixed for Upper Subordinates in paragraph 25-A; also in some cases rents recovered are more than that fixed scale; and as the rules in my opinion are not quite clear, I beg to be favored with your opinion for my guidance.

From the Accountant-General, Public Works Department, to the Examiner of Public Works Accounts, Madras, dated 5th May 1882, No. 235-G.

I have the honor to acknowledge the receipt of your letter, No. 174-A, of the 14th March last, and to state, in reply, that in my opinion the wording of paragraphs 25 and 25-A, Chapter XI, of the Public Works Department Code, is quite clear, and that Upper Subordinates must pay rent for public quarters according to the scale fixed in the latter paragraph, irrespective of the value of the quarters they may occupy.

READ—the following letter from Colonel W. S. TREVOR, R.E., Secretary to the Government of India, Public Works Department (Account—General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 2nd June 1883, No. 183 A.G. :—

I am directed to acknowledge receipt of your letter, No. 1016 W., of the 3rd April 1883, requesting, for reasons stated, a reconsideration of the orders passed by the Government of India in letter, No. 130 A.G., dated 7th March 1883, on the subject of rents to be paid by Upper Subordinates for public quarters occupied by them. I am to inform you in reply that, after fully considering the question, the Government of India sees no ground for modifying its previous decision, as it is not compulsory for Upper Subordinates to occupy public quarters, and it is, moreover, one of the conditions of their service that if they do occupy them, they will have to pay a fixed sum (already very moderate) for such occupation.

ORDER—dated 13th June 1883, No. 1653 W., Public Works.

Communicated to the Superintending Engineer, First Circle, and the Examiner, Public Works Accounts, with reference to G.O., No. 598 W., dated 23rd February 1883 ; also to other Superintending Engineers in continuation of G.O., No. 1971 W., dated 4th August 1882.

Superintending Engineer
1st Circle.

To,

The Chief Engineer
P. W. D
Madras.

Sir,

I have the honour to report that the Office of the Northern Sub Division of the Buckingham Canal has been held in a bungalow belonging to the Baptist Mission at Ramapalam since the 4th Febry. last, the Sub Divisional Officer, Supervisor Mr. Bond, occupying himself a portion of the same bungalow.

2. A demand has been made for the payment of rent at Rs. 25 a month, for the bungalow; and I beg that sanction may be given, for rent at Rs. 10. for the accommodation of the Office. the Supervisor paying the rest of the rent. the demand for the current Official year will be Rs. 139.

3. The Sub Divisional Office had previously been kept in a shed at Ramapalam, which was out of repair and became uninhabitable.

There was then no other place to be had, except the Mission bungalow. An Estimate of Rs. 2340 has been sanctioned for an Office and store room, but the application for the provision of funds was not complied with, for want of funds (G.O. No. 1189 B dated 10th May 1881). Hence it is absolutely necessary that some building should be hired, until the Office, as sanctioned, can be built.

Read the following paper :—

No. 42. From A. B. SAMPSON, Esq., Under Secretary to the Government of India, Public Works Department, (General,) to the Secretary to the Government of Madras, Public Works Department, dated Simla, 29th September 1881, No. 1277 G.

In reply to your letter No. 2172 W., dated the 3rd September 1881, requesting sanction to the payment of Rs. 10 per mensem as rent for the sub-divisional office at Rámapatnam, in the Buckingham Canal Division, until such time as the building for which it is said an estimate has been sanctioned is built, I am directed to state that the Government of India is pleased to rule generally that when a house has to be hired for a sub-divisional office rent up to Rs. 15 per mensem may be sanctioned by the Local Government, but when the office is accommodated in the sub-divisional officer's residence no such allowance may be made.

No. 43. Order thereon, 14th October 1881, No. 2510 W.

The payment of a rent of Rs. 10 per mensem for the building used as a sub-divisional office at Rámapatnam on the Buckingham Canal Division is sanctioned.

2. The foregoing letter will be communicated to the Examiner, Public Works Accounts, who will frame a standing order in the sense of the Government of India ruling.

C's office note dt 1083 of 3 Feby 1882.

D/W.

In this case the Sub divisional office at Ramapatam can hardly be said to be "accommodated in the Subdivisional Officer's residence".

Supervisor Bond occupies a portion of a bungalow for which he pays Rs 15 rent. (& rest portion is his residence) The office is accommodated in another portion of the same building for which Govt allow Rs 10. The question is apparently whether Mr Bond would occupy the whole building himself if his office were

moved out? I trust,
there can be no advantage
to Govt. in forcing a
Subdivl. Officer to live
in one place & have his
Office in another.

I however leave Board
originally engaged the
house for his exclusive
use, the Office rent
would be inadmissible
but this does not appear
to be the case from the

To

The Secy to the Govt of India

P. W. Dept

Sir,

With reference to my letter No 2172 W dy 2nd September 1881, I am directed to state that under the authority conveyed in your reply No 277 G dy

To

The Examiner of Accts with enclosure

Despd 20-2-82

29th idem, this Government sanctioned the payment of a rent of Rs 10 per mensem for the portion of the building used as a subdivisional office at Ramapatam in the Buckingham Canal Division pending the construction of an office and store room, for which an estimate has been sanctioned.

2. The Examiner of P.W. Accounts now objects to the payment of the rent because the remaining portion of the same building is occupied by the subdivisional officer who pays Rs 15 per mensem for it. (Rs 25 being the total rent for the house)

3. In the opinion of the Government, however, this case is quite an exceptional one. There is no other place in which the office can be located, the rent is payable only as a temporary arrangement, and the office can hardly be said to be "accommodated in the subdivisional officer's residence" in the sense intended by the Government of India. I am, therefore, to request the confirmation of the Govt. of India to the proceeding of this Govt. No 2570 W dated 4th October 1881, a copy of which is herewith transmitted.

GOVERNMENT OF INDIA.

PUBLIC WORKS DEPARTMENT.

GENERAL.

To,

The Secretary to the Government of Madras

Public Works Department

Simla, 7th June, 1882

Sir,

I am directed to acknowledge your letter No. 1116 of 3rd May 1882, requesting that the Sub Engineer in charge of the Ramapatam Sub Division may not be required to refund Rupees 97-4-2 paid to him as office rent from 4th February to 27th November 1881 at Rs. 10 per mensem.—

2. I am to point out that the rent was drawn from 4th February, and it was not until September that the sanction of the Government of India was sought for the unauthorized charge. The Government of India then considered the general question of allowing office

Office rent for Sub-divisional Offices, with the result of admitting a charge up to Rs. 15/- per mensem, but if the Office should be in the residence of the Sub-divisional officer, no Office rent was to be allowed.-

3. When this was order was received by the Madras Government it was used as authority for sanctioning the rent of the Sub-divisional Office in question, and on the Examiner of Accounts objecting to the charge, a further reference was made to the Government of India in which it was represented that, though the Office was in a building of which the remainder was occupied by the Sub Engineer, it could hardly be said to be accommodated in the Sub-divisional Officers residence. The Government of India did not accept this distinction, and disallowed the rent which was indeed a contribution to the occupants house rent.

4. It is true that the amount involved in this case is small, but it is not an isolated instance. The Madras Government has already been addressed on this subject in the Public Works Department in letter No. 1366 G. dated 28th October 1851.-

5. In the present case the Governor General in Council declines to pass the Office rent already paid to the Sub Engineer and it should be refunded.-

I have the honor to be,

Sir,

Your most Obedt. Servant,

J. M. Lumsden Colonel R. E.,

Read—the following papers :—

From Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, Fifth Circle, to the Chief Engineer for Irrigation, dated Chepauk, 27th June 1883, No. 1246.

I have the honor to forward a copy of letter, No. 359, dated 29th May 1883, from the Executive Engineer, South Arcot, proposing a redistribution of the limits of the charges of his executive staff.

2. I submit this for approval, because the arrangement involves the temporary withdrawal of the department from some portions of the district. The Executive Engineer has frequently stated that his establishment is not capable of working up to the requirements of the district; and, in fact, the strength of five Upper Subordinates is that which was introduced on the reduction of the general establishment in October 1881, while no increase has subsequently been allowed.

3. Major Smith proposes to give up the Tiruvannámalai Taluk of the Tindivanam Sub-division, though he has to carry out the Chengam Anicut Work. There will then be two Overseers for the Tindivanam and Villupuram Taluks. Major Smith has at present two taluks—Cuddalore and Tirukoilúr—under his own charge, with only one Overseer, and he wishes to confine work to the several anicut systems.

Likewise Major Smith would give up the Kallakurchi Taluk and a portion of the Vriddháchalam Taluk; one Overseer to belong to the Pelandorai Project Sub-division, with the minor anicut works, in Vriddháchalam Taluk, and the remaining Overseer to have the Chidambaram Taluk.

4. Consequent on this arrangement, the head-quarters of the Pelandorai Sub-division may conveniently be at Vriddháchalam, and Port Novo may be the head-quarters of the Chidambaram Sub-division.

5. I have detained this letter, in order that I might ascertain the extra cost of moving the head-quarters of the Chidambaram Sub-division to Porto Novo, and Major Smith says this "will be only Rs. 10 to 15 per month on account of rent for Sub-divisional Office. Among the houses at Porto Novo, one can be obtained as a residence and office combined for Sub-divisional Officer, and if Government are willing to pay part rent, they will have to bear only the above additional cost."

Enclosure.

From Major A. C. SMITH, R.E., Executive Engineer, South Arcot Division, to the Superintending Engineer, Fifth Circle, dated Cuddalore, 29th May 1883, No. 359.

In continuation of my Nos. 152 of 8th March and 265 of 20th April 1883, and of my special remarks on the Administration Report for the past year, I have the honor to inform you that, with your approbation, I propose making the following modifications in the distribution and working of my present staff in this division.

2. I have so repeatedly pointed out the inability of my present establishment to cope with the requirements of the division, that it is needless to say anything more on this point, but merely observe that, owing to this inability, I see no other course to pursue, but to reduce the area of work; this I propose to do as follows.

3. To commence with the north of the division. The present Tindivanam Sub-division consists of the three taluks of Tiruvannámalai, Tindivanam and Villupuram, and these are in the inverse order of importance. To look after these three taluks I have only two Overseers under the immediate orders of the Sub-divisional Officer Mr. Heinig, Sub-Engineer. I propose abandoning Tiruvannámalai entirely, with the exception of completing any works that may be going on therein, and commencing and completing the Chengam Anicut, an important work lately sanctioned; this I shall, however, arrange to carry on by employing a special temporary Sub-Overseer, who will remain on this work principally. Of the remaining two taluks, Tindivanam is not so important, by any means, as Villupuram; but I think I can manage to look after this fairly well, and also relieve the Taluk Overseer of Villupuram, who has more than he can do, by attaching all the east portion of Villupuram adjoining the French territory to Tindivanam Overseer's charge; in this way I shall have one Overseer only to watch our interests, and I hope the Tindivanam charge being, though scattered, of not such importance, he will be able to devote some time to these questions.

4. In Villupuram there are several works of importance, and many questions long since set aside for want of the men to investigate them, or prepare the necessary estimates; so the western portion, or remainder of this taluk, will be quite sufficient for one Overseer.

5. With regard to the next sub-division (or central). This consists of two taluks—Tirukoilúr and Cuddalore—and under existing arrangements I only have one Overseer to look after these two taluks, and none but myself to check his work. Considering that I have executive charge of the whole district, I cannot find time properly to check the works in my own sub-division; and I am afraid I shall constantly have to make full and complete payments on my Overseer's reports. To reduce the work, therefore, I propose surrendering all works but those immediately connected with, or in the close neighbourhood of, the Tirukoilúr Anicut System and the Gudduilum Anicut Systems. To all calls beyond these I must turn a deaf ear until my hands are strengthened.

6. Next we come to the Chidambaram Sub-division. At present this consists of the Kallakurchi, Vriddháchalam, and Chidambaram Taluks, with the exception of that portion occupied by the Pelandorai Project, and has only two Overseers under the immediate orders of the Assistant Engineer in charge. I propose to remodel these as follows:—

To surrender Kallakurchi altogether after completion of the few works now going on there. To give up also outlying portions of the Vriddháchalam Taluk, and retain only those affected by, or adjacent to, the Katumylore, Mehmathur, and Vriddháchalam Anicut Systems. To attach Vriddháchalam, so curtailed, to the Pelandorai Sub-division, and so give this last a Taluk Overseer, which, under existing arrangements, it does not possess. By this means the Vriddháchalam Taluk Overseer, who has, in addition to the Vriddháchalam Taluk, that of Kallakurchi, will be relieved of the latter taluk, and be given charge of Pelandorai Project Works in its stead, and the Pelandorai Sub-division will then consist of Pelandorai Project *plus* the Vriddháchalam Taluk curtailed as above. I would not propose this were it not for the fact that the estimates for Pelandorai Project are all finished, and all the heavy masonry works are built, and the actual work, viz., branch channels and distributaries remaining to be done, will be comparatively light to what it has been in the past two years.

7. The Chidambaram Sub-division will then consist of one taluk only, viz., Chidambaram, less the small portion affected by the Pelandorai Project Works. But the works in this taluk are so heavy, the annual expenditure being Rs. 74,400,* that merely to account for this expenditure is alone a troublesome matter, and the very complex system of accounts now obtaining renders it impossible for one officer and his very limited staff of one Overseer and one Sub-divisional Office Writer to undertake to do more. The Chidambaram Taluk will be quite a sufficient charge for the Sub-division Officer, with only one Overseer to assist him.

Year.	Rs.
*1878-79	52,171
1879-80	33,725
1880-81	55,323
1881-82	1,24,073
1882-83	1,06,752
Total ..	3,72,044
Average five years ..	74,409

8. The above arrangements will necessitate a little alteration in the head-quarter stations. The Pelandorai Office will be shifted to Vriddháchalam, and the Chidambaram Office from Vriddháchalam to Chidambaram, or, as there is no building for an officer or office at Chidambaram, to Porto Novo (where several buildings exist), which is only 7 miles by rail from Chidambaram; by these means both officers will be pretty central to their works.

9. It is with much regret I find myself obliged to propose the abandonment of any portion of the district, but I find I am quite unable to look after the whole. I think it is better to endeavour to carry out a portion of the works well than to make a failure of the whole. Moreover, the area now proposed to be retained will be equal to, if not greater than, that laid down for the existing establishment as reduced in G.Os., Nos. 265 W., 3rd February 1880, 67 I., 3rd February 1880, and 2472 W., 8th October 1881.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers:—

From the Superintending Engineer, Fifth Circle, dated 26th September 1883, No. 2342.
Office note from the Examiner, Public Works Accounts, dated 4th October 1883, No. 688.
Do. from the Acting Chief Engineer for Irrigation, dated 9th October 1883.

ORDER—dated 17th November 1883, No. 3291 W., Public Works.

Sanction is accorded to the formation of a new sub-division of the South Arcot division to be composed of the

Vriddháchalam taluk,
Kallakurchi taluk,
Pelandorai anicut.

The staff of the circle has recently been strengthened by the posting thereto of Assistant Engineer Ruthnasabapathy Pillay for the relief of Mr. Evans who has applied for examination leave. Sub-Engineer Keenan has also been transferred from the First Circle, and one of the new Cooper's Hill Engineers will, if practicable, be added.

2. The re-arrangement of the sanctioned staff of the department is now under contemplation, and the requirements of the South Arcot division will be kept in view in laying down the allotment of officers and subordinates to circles.

3. It must be remembered that the sanctioned scale of the department is fixed, and that the available numbers have to be assigned by Government with due regard to the relative claims of all the circles in the Presidency. The allotment to circles having been determined, it will rest with Superintending Engineers to distribute the staff according to actual requirements. The staff of one circle cannot be augmented without reduction of the staff of another circle.

4. The following is the scale of Assistant Engineers and Upper Subordinates allowed to the Presidency:—

Assistant Engineers	47
Sub-Engineers	35
Supervisors	58
Overseers	92

and Superintending Engineers will now, taking as a guide the allotment sanctioned in Appendix A to G.O., No. 1729 W., dated 14th July 1881, and having in view such change of circumstances as may have occurred in the interval, submit proposals as soon as possible, for a re-allotment of the staff. The proposals will be framed in the accompanying form, with brief remarks as to the necessity for departure from the scale previously laid down.

5. The existing staff of Upper Subordinates is, from temporary causes, somewhat in excess of the sanctioned scale, but this cannot be expected to continue. The circumstance will, however, be availed of to afford additional present aid to circles most in need of it.

6. Should the permanent staff of a circle be found insufficient to carry on the work of any one year, the Government will be prepared to consider proposals for such *temporary* establishment as may be shown to be needed.

READ—the following letter from A. B. SAMPSON, Esq., Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 28th August 1884, No. 1026 G.:—

In reply to your No. 1835 W., dated 29th July 1884, regarding reduction of rents payable by supervisors, &c., occupying public quarters when the full amount of accommodation is not provided, I am directed to state that the rents to be levied from subordinates is irrespective of the accommodation provided, and paragraph 1228 of the Madras Public Works Code is not applicable to such cases.

2. The rent fixed for subordinates in paragraph 25-A, chapter XI of the Public Works Code (paragraph 1230 of the Madras Code), is considered moderate, and should be levied in all cases.

ORDER—dated 10th September 1884, No. 2223 W., Public Works.

Communicated to the Superintending Engineer, II Circle, with advertence to his letter, No. 279 N.L., dated 1st July 1884, also to other Superintending Engineers, in continuation of G.O., No. 1653 W., dated 13th June 1883.

No. 347/N.L. Superintending Engineer's Office,
2nd Circle, Camp Bezwada.
9th August 1883.

From

The Superintending Engineer,
2nd Circle.

To

The Chief Engineer
Public Works Department
Madras.

Sir,

On my recent inspection of the Nellore Division, I found some small thatched sheds, believed originally to have been built from Irrigation Funds, and situated at Gúdúr, Kávali and Atmakúr, were being occupied by Overseers.

2. I accordingly instructed the Executive Engineer to charge the Overseers occupying these sheds Rs 4 per mensem, which is believed to be sufficient to cover the cost of upkeep.

3. In a letter dated the 3rd instant Captain Henderson has brought to my notice that, under Code para 1230, rents

1884

are fixed for the occupation of public buildings as quarters, by subordinates of various grades, and that these rents are far in excess of the rent fixed by me for these sheds.

4. I think that by "the quarters" mentioned in the Code, decent tiled Buildings with suitable out houses, must be intended. The Buildings I refer to afford very inferior accommodation, and I believe the sum I have fixed on represent a fair rent for the accommodation provided. As there are no other buildings in the villages mentioned, the subordinates, Serjeant Cope, Mr Enright and Mr Salisbury, are obliged to live in these sheds.

5. I therefore request that the rent fixed may be approved, on the understanding that, if not found sufficient to keep up the sheds, it will be raised.

I have the honor to be,
Sir,
Your most Obt Servant.

Sir,

I have the honor to call your attention to two cases in which Code para 1230 appears very stringent and request if you think it advisable that you will represent the case to the Chief Engineer.

2. Mr Mahony as Sub Engineer, paid a rent of Rs 5 per mensem for the use of one of the side rooms in a Rest house as approved in your No. 984 D. 9-4-84; he has now reverted to Supervisor and must pay under the above quoted para, Rs 15 for the same accommodation.

3. Again as he is likely to be posted to the Western Sub Division he may wish to occupy the Bungalow at Prattipad a mud hut 12' x 12' & infested by white ants, the rent calculated

under para 1229 is Rs. 2-8-0, which he would have to pay as Sub Engr: as Supervisor he would have to pay Rs. 15.

Thanks yrs. yrs.

Proceedings of the Madras Government, Public Works Department, 27th July 1866.

No. 623. Read the following letter from the Inspector General of M. Police, to the Secretary to Government, Public Works Department, dated Kotagherry, 13th July 1866, No. 1,135 :—

1. With reference to Government Order of the 9th instant, No. 2,159, paragraph 2, I have the honor to state that it is not a rule of the Police Department to provide house accommodation for European Officers of the superior grades.

2. At almost every station houses are obtained without difficulty. The case of Tindivanum is exceptional. Here there is no house, and no probability exists of one being built by any private individual. The Assistant Superintendent stationed there may at any time be promoted and transferred, and he cannot be therefore expected to build for himself. The discomfort of living the whole year round in tents is great, in fact it cannot be done in this climate, and the expense considerable. I hope therefore Government will be pleased to sanction the erection of a Bungalow.

3. The Officer occupying it should pay rent at 15 per cent. per annum on the original outlay.

No. 624. ORDER THEREON, 27th July 1866, No. 2,371.

CIVIL WORKS, No. 93.

1. Under the explanation now afforded the Government, as an exceptional case, sanction the construction of a Bungalow for the Assistant Superintendent of Police at Tindivanum according to the plan submitted by Mr. Robinson, on the distinct understanding that the rent proposed in paragraph 3 is paid throughout the year and not for only those periods when it may suit the personal convenience of the Assistant Superintendent to occupy the building.

2. The Superintending Engineer of the 5th Division is requested to furnish a revised estimate providing for a tiled roof as recommended by the Inspector General of Police.

3. The cost of the work must be met from the Budget allotment for "Police Buildings."

10-6-84

Proceedings of the Madras Government, Public Works Department, 9th July 1866.

No. 194. Read the following letter from the Inspector General of Police, to the Secretary to Government, Public Works Department, dated Kotagherry, 15th June 1866, No. 975:—

1. I have the honor to submit the accompanying estimates: one for a house for the Assistant Superintendent of Police at Tindivanum, the second for an Inspector's house at Valdaoor.

2. The necessity for both is explained in the Superintendent's letter. His facts and views are quite correct.

3. Both structures should be tiled, and be somewhat increased in size. The increase of expenditure will be met from some other source as the year goes on.

From the Superintendent of Police, South Arcot, to the Deputy Inspector General of Police, Southern Range, dated Cuddalore, 4th June 1866, No. 340.

1. With reference to Memorandum No. 670, dated 26th April 1866, from Assistant Inspector General, I have the honor to forward plans and estimates for bungalows for Assistant Superintendent of Police and an Inspector. The reasons for my applying for sanction for these buildings are: first, with regard to the bungalow for the Assistant Superintendent of Police, that there is positively not a building of any sort in Tindivanum, the Assistant's head quarters, that could be applied for the use of Assistant to live in. At one time, when the Head Assistant Magistrate happened to be a bachelor, he very kindly used to allow the Assistant Superintendent the use of one of his rooms, but under ordinary circumstances the Assistant Superintendent had to live the year round in his tents. My late Assistant, Lieutenant Young, during the time he was in this District, wore out three suits of tents. This was of course a very heavy call upon his purse, and further if a gentleman has no house to live in, his work becomes extremely irksome and unpleasant, and his health is impaired.

2. The Inspector's house in Valdaoor is also indispensably required. There is no building there for an European to live in. The European Inspector stationed there is in charge of the Customs Preventive duty. It is absolutely necessary that we have an European and a well paid and trustworthy man. The Inspector General himself saw the hole the Inspector is at present living in. He has lately been very ill indeed; his illness being brought on in a great measure by bad accommodation he and his family have had. He is now complaining very much of the heat. The thermometer in bungalows even is at 112°. The heat must be very great and insupportable in the hut the Inspector occupies at Valdaoor. He is a married man with a family, I therefore earnestly beg that sanction may be granted for building a house. If it is not I *must* remove the Inspector and send a Native or East Indian of lower class to that station, I need not add that this step will imperil the revenue.

No. 195. ORDER THEREON, 9th July 1866, No. 2,159.

CIVIL WORKS, No. 34.

1. The Government approve of the construction of a bungalow for the Police Inspector at Valudavur according to the plan submitted with this letter, and the Superintending Engineer of the 5th Division will be requested to furnish a revised estimate in which provision should be made for a tiled roof as recommended by Mr. Robinson. The cost of the work must be met from the Budget allotment for Police buildings.

Proceedings of the Madras Government, Public Works Department,
9th July 1866.

2. Before passing final orders on the proposal to erect a bungalow for the Assistant Superintendent of Police at Tindivanum, the Inspector General will be requested to state whether it is a rule of the Police Department to provide house accommodation for the Superintendents at the expense of Government, and if so, on what terms it is done.

Proceedings of the Madras Government, Judicial Department,
11th June 1868.

No. 107. Read the following letter from the Acting Inspector General of Police, to the Chief Secretary to Government, Fort Saint George; dated Madras, 4th June 1868, No. 2440-1004.

Hutting and Building.

I have the honor to forward plan and estimate of a bungalow in course of completion by Lieutenant Russell, the Assistant Superintendent of Police at Cumbum, Kurnool District.

2. There is only one house suitable as a residence for a European Officer at Cumbum, and this is appropriated by the Head Assistant Magistrate. For some years the Head Assistant Magistrate and the Assistant Superintendent of Police lived together, but it is obvious that this arrangement must be conditional on circumstances. The present Head Assistant Magistrate is a married man, and, of course, requires the whole of the house.

2. Lieutenant Russell, finding himself subjected to great discomfort, set to work to build a bungalow (now nearly completed), at a total cost of Rupees 900, but he states that he can ill afford this sum, and submits a request that the expense may be borne by Government, the Assistant Superintendent of Police paying a monthly rent.

4. There is no doubt that this bungalow is a work of public utility. Cumbum is not in itself a very desirable place of residence, and, without a comfortable house to live in, an Assistant Superintendent of Police would, of course, be subject to great inconvenience and hardship. I think it would be an advantage in all ways that the house should belong to Government, instead of being bought and sold with each transfer of Officers. The bungalow stands on waste land, the property of Government, the purchase of which would form an additional item of expense, should the house remain in the hands of the Assistant Superintendent.

5. I beg, therefore, to recommend that the sum of Rupees 900 for this purpose should be defrayed from the Police Budget allotment of 1868-69 for hutting in the Kurnool District, rent being subsequently charged to the Assistant Superintendent, at 15 per cent. per annum on the cost of the building. A similar arrangement was sanctioned by Government at Tindevanum, South Arcot District, where also the Assistant Superintendent of Police was formerly unprovided with a residence.

G. O. of 27th July 1866, No. 2371, P. W. D.

No. 108. ORDER THEREON, 11th June 1868, No. 951.

Sanctioned on the same conditions, as regards payment of rent, as were prescribed in G. O., Public Works Department, No. 2371, dated 27th July 1866, in the case of a bungalow for the Assistant Superintendent of Police at Tindevanum in the South Arcot District.

(True Extract).

Chief Secretary.

To the Inspector General of Police, with plan and estimate.
,, Accountant General.
,, Public Works Department.

Exd, J. H. Burns.

Estimate No 19 of 1871-72

Under Secy. to Govt., P. W. D.

No. 72. From the Acting Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, Fort St. George, dated Calicut, 4th November 1871, No. 174.

With reference to your Memorandum, No. 58, dated 7th October 1871, I have the honour to enclose a copy of the data called for, on which the estimate for some portion of the buildings in question was framed, by which you will observe that stone-in-chunam employing "sized stones" suitable for walls is more expensive than brick-in-chunam. I cannot recommend the substitution of mud for mortar, in the construction of the walls of a building proposed to be terraced, as such material is affected by the slightest change of temperature, contracting and expanding so considerably as to cause a terrace to crack and leak in all directions.

One plan.
,, estimate.

to Rs. 7500 for building
a house & office for the
Asst. to Supdt. of Police
Erode, Coimbatore Distt.

Encl. 2 to 8/71.

Read the following papers:—

No. 71. From the Inspector-General of Police, to the Secretary to Government, Public Works Department, Fort St. George, dated Madras, 23rd September 1871, No. 6171.

Hutting and Building.

I have the honour to submit, for the sanction of Government, a plan and estimate for the buildings of a suitable house and office for the Assistant Superintendent of Police, Coimbatore District, at Erode whenever funds for the purpose may become available. The estimate amounts to Rupees 7,500 including Rupees 300, the amount of compensation for land.

2. Erode is the head-quarters of the Police Sub-Division of Coimbatore. It is on the line of rail at the point of junction, and is more conveniently situated than Caroor or Kongiam for the supervision of the taluqs under the Assistant Superintendent. I believe that it is intended to move the Sub-Collector's head-quarters from Kongiam to Erode.

3. But there is neither house nor office accommodation for the Assistant Superintendent of Police at Erode. The Deputy Collector occupies the old public bungalow, and the very indifferent building formerly occupied by the Assistant Superintendent has been allowed by the owner to fall into a ruinous condition so that it is now unsafe for habitation. The owner refuses to execute any repairs; and, under these circumstances, it has been found necessary to allow the Assistant Superintendent to live temporarily in the old public bungalow at Perindooray, sixteen miles from Erode, which is a very inconvenient arrangement.

4. Rent will, of course, be paid for the building at such rate as may be fixed by the Public Works Department.

Referred to the Judicial Department.

FORT ST. GEORGE,
— *September* 1871.

No. 72. From the Acting Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, Fort St. George, dated Calicut, 4th November 1871, No. 174.

With reference to your Memorandum, No. 58, dated 7th October 1871, I have the honour to enclose a copy of the data called for, on which the estimate for some portion of the buildings in question was framed, by which you will observe that stone-in-chunam employing "sized stones" suitable for walls is more expensive than brick-in-chunam. I cannot recommend the substitution of mud for mortar, in the construction of the walls of a building proposed to be terraced, as such material is affected by the slightest change of temperature, contracting and expanding so considerably as to cause a terrace to crack and leak in all directions.

One plan.
,, estimate.
,, copy of data.
,, ,, of General Superintendent's letter, No. 1375, of 31st October 1871.

"Vengay," the timber denoted as "jungle wood" in the estimate, is considered a sound and good timber suitable for the beams and joists of a roof of such small span as that estimated for.

2. I beg to forward a copy of a letter this day received from the Superintendent of the Public Works Workshops which shows that doors and windows cannot be constructed at Madras cheaper than at Erode, and in fact if made at Madras, would cost considerably more, *i. e.*, *plus* the carriage, let alone probable loss by damage en route, &c., &c.

3. The plan and estimate received with your memorandum under reply are herewith returned.

Transferred to the Judicial Department.

Proceedings of the Madras Government, Judicial Department,
22nd June 1874.

No. 152. Read the following letter from Lieutenant-Colonel C. S. HEARN, Inspector-General of Police, to the Honourable D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Madras, 16th June 1874, No. 2296.

I have the honour to submit a letter from Major Tennant, late Deputy Inspector-General of Police, Northern Range, regarding the bungalow occupied by the Assistant Superintendent of Police at Purvatipur in the Vizagapatam District.

2. This bungalow has hitherto been purchased at a fixed price of Rupees 700 by successive Assistant Superintendents. The present acting officer does not wish to purchase. The arrangement seems objectionable, and there is risk of losing the bungalow (a merchant was very near becoming the owner a few years ago), in which case there would be no house accommodation for the Assistant Superintendent of Police at Purvatipur. I trust that the Government will consent to purchase it.

3. I know the bungalow. It is commodious, but built of mud walls with thatched roof, not such a building as the Department of Public Works usually wish to take charge of and keep in repair. It might perhaps be paid for out of the Lodging Fund. A monthly rent of Rupees 25 would cover the advance and provide for repairs.

No. 153. ORDER THEREON, 22nd June 1874, No. 1137.

Under the circumstances stated by the Inspector-General of Police, the Governor in Council sanctions the purchase of the bungalow referred to for Rupees 700.

2. The charge will be met from the Police Lodging Fund.

3. The rent of the bungalow is fixed at Rupees 25 per mensem as suggested.

Police—House Rent.

Read the following papers :—

No. 203. From Colonel C. V. WILKIESON, R.E., Superintending Engineer, Coimbatore, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, Fort St. George, dated Coimbatore, 31st October 1874, No. 98 :—

The dwelling house with office and godown for the Assistant Superintendent of Police at Erode, sanctioned in G.O., No. 54, of the 11th December 1871, being now completed, it will, on the 2nd November, be handed over to the Police Department. I have the honor to request sanction for the monthly rent being fixed at Rupees 30, being within 2 Rupees and a fraction of 6 per cent. on the cost of the building, as per margin, after deducting cost of office with half the cost of out-houses and compensation for land.

	Rs.
Building	5,710
Out-houses	1,020
Office	1,200
Compensation for land	410
Total ...	8,340

2. The present incumbent draws Rupees 400 a-month, but, as pointed out by the Superintendent of Police, the Assistant has frequently a less salary.

Referred to the Judicial Department, with a view to the definite regulation of the rent to be charged to different classes of Police Officers for house accommodation supplied them, with reference to the salary of each grade.

FORT ST. GEORGE,
15*th January* 1875.

(Signed) G. W. WALKER, Colonel, R.E.,
Secretary to Government, P.W.D.

Forwarded to the Inspector-General of Police for report.

FORT ST. GEORGE,
18*th January* 1875.

(Signed) D. F. CARMICHAEL,
Acting Chief Secretary.

No. 204. From Lieutenant-Colonel, C. S. HEARN, Inspector-General of Police, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Madras, 20th January 1875, No. 367.

With reference to your endorsement, dated 18th January, and that of the Secretary to Government, Public Works Department, on a letter from the Superintending Engineer, Coimbatore (herewith returned), I have the honor to suggest that 6 per cent. on the salary of substantive appointments would be a reasonable rate of house-rent for Officers above the grade of Inspectors.

2. No Officer above the grade of Assistant Superintendent at present occupies a Government building. Six per cent. on Rupees 500 would make the rent Rupees 30 per mensem, and I do not think it would be necessary to reduce this amount when the buildings are occupied by Officiating Officers on Rupees 400 or Rupees 350 per mensem.

3. I think this rate should only be charged when the accommodation provided is of a suitable description. Special rates should be charged as now for bunga-

lows, such as those at Parvatipur and Cumbum, which were built by Police Officers at a cost of only Rupees 700* and Rupees 900† respectively, and subsequently purchased by Government for the same sums. Rupees 25 is now charged for the house at Parvatipur, and Rupees 11-4-0 for the small house at Cumbum. These buildings are of a very inferior description.

* G.O., No. 1137, dated 22nd June 1874, Judicial Department.

† G.O., No. 951, dated 11th June 1868, Judicial Department.

4. I would recommend 3 per cent. on salary, as at present, for buildings occupied by Inspectors and Head Constables, the accommodation being usually of an inferior description.

No. 205. ORDER THEREON, 29th January 1875, No. 209.

The Governor in Council approves the rates of rent proposed by the Inspector-General of Police.

4TH JUNE 1883, No. 1548 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following letter from Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, Sixth Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 23rd May 1883, No. 97 M.D. :—

I have the honor to bring to your notice that, under paragraph 1229 of the Code, I fixed the rent to be paid by the Sub-Collector at Dindigul at Rs. 65 a-month and informed the Collector I had done so.

2. I am now in the receipt of G.O., No. 1466 W., of 21st May, forwarding G.O., No. 1937, dated 11th May, in the Revenue Department, on Proceedings from the Board of Revenue sanctioning their request that the rent of Rs. 65 (said *to be proposed* by me) should be sanctioned.

3. I venture to point out that this order was not necessary ; the Code lays on me the disagreeable duty of fixing these rents, which in this case I have done, and therefore no further order was required under the Code.

4. I request to be informed if, in future, I am to fix rents as laid down in the Code, or if I am only to propose them for the approval of the Board of Revenue or any other Department and for the sanction of Government.

5. I submit that it would be best for the Code ruling to be adopted, viz., for me to fix the rents finally ; of course, should any officer consider himself aggrieved, he will be at liberty to appeal to Government.

ORDER—dated 4th June 1883, No. 1548 W., Public Works.

The views expressed by the Superintending Engineer are generally correct, but the Government consider that no special ruling on the subject is required. The attention of the Superintending Engineer is called to the first sentence of Code, paragraph 1229, which states that the rent to be recovered, when not fixed by a particular order of Government, shall in each case be fixed by the Superintending Engineer of the Circle.

2. In the particular case in point, however, the rent having already been fixed by the Superintending Engineer, it is considered in the Public Works Department that the sanction given in Revenue Department Order, No. 1937, dated 11th May 1883, was not necessary.

Rent of Buildings

Passing orders on letter from the Superintending Engineer, Sixth Circle, regarding fixing the —.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue, dated 29th August 1883, Mis. No. 7340 :—

Read—the following letter from C. KOUGH, Esq., Acting Sub-Collector of Madura, to the Acting Collector of Madura, dated Dindigul, 4th May 1883, No. 260; and endorsement by C. S. CROLE, Esq., Acting Collector of Madura, dated 14th May 1883 :—

I have the honor to remonstrate against the rent fixed by the Superintending Engineer for the Sub-Collector's bungalow of Rs. 65 per mensem.

Vide enclosed copy of Executive Engineer's letter No. 190, dated 30th April 1883.

2. The expenditure on construction all told, as per margin, is Rs. 8,960-12-1. Four and a half per cent. on this is a fraction over 33½ rupees, and assuredly the difference between this and Rs. 65 is excessive for repairs and depreciation, considering the building is stone throughout (see Public Works Department Code, Section 1,229).

	Rs.	A.	P.
Bungalow and godown ...	8,466	8	1
Matting	420	14	0
Chicks	73	6	0
	8,960	12	1

3. I would further remark that if the value of out-offices enters as an element into the Superintending Engineer's calculation, this is at present practically *nil*; and I decidedly object as tenant to pay for accommodation *till* such time as it is fit to be availed of.

Endorsement, No. 214.

Submitted to the Board of Revenue, with reference to their Proceedings, Mis. No. 3604, dated 2nd May 1883, on this office letter No. 174, dated 21st April 1883.

Read—also the following letter from Major C. BOWEN, R.E., Deputy Chief Engineer, Public Works Department, to the Secretary to the Board of Revenue, dated Chepauk, 31st July 1883, No. 1413-C. :—

Adverting to the Revenue Board's reference, dated 29th May, on General Register No. 3474 * of 1883, I have the honor to forward the accompanying correspondence † from the Superintending Engineer, Sixth Circle, and to state that in the opinion of the Chief Engineer, the rent of Rs. 65 fixed by the Superintending Engineer for the Sub-Collector's house at Dindigul and sanctioned by Government in G. O., Revenue, No. 1937, dated 11th May 1883, does not appear to be excessive.

* Enclosure returned.
† No. 139, M.D., dated 18th June 1883. } ‡
No. 201, M.D., „ 21st July „ }
‡ In original to be returned.

2. The Superintending Engineer will be requested to have the necessary repairs to the out-buildings executed with the least possible delay.

ENCLOSURES.

Letter from Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, Sixth Circle, to the Chief Engineer, Public Works Department, dated Ootacamund, 18th June 1883, No. 139-M.D.

With reference to your endorsement No. 1053-C, of 2nd instant, I have the honor to return the papers and to report that the executive engineer's valuation of the bungalow and

Chief Engineers' Endorsement No. 1053-C, 2nd June 1883.

out-houses, &c., of the Sub-Collector's bungalow at Dindigul amounts to Rs. 10,000; this valuation I have accepted. I consider that not less than 3½ per cent. should be allowed for repairs, risks, &c. This percentage on the valuation amounts to Rs. 350 a year, and I doubt the necessary ordinary and special repairs to this bungalow, &c., costing less than this amount on an average of a series of years.

2. This 3½ per cent. added to 4½ per cent. for interest on capital makes a total of eight per cent., being Rs. 800 a year, leaving out fractions. I have therefore fixed the rent at Rs. 65 per month. This rent I consider low compared with the rents paid elsewhere for similar accommodation.

No. 1197-C.

Referred back to the Superintending Engineer, Sixth Circle, for further information with regard to the out-houses.

2. The Superintending Engineer states that he has fixed the percentage on the value of the building and out-houses, but the Sub-Collector states that the out-office accommodation is at present *nil*.

(By Order.)

MADRAS, 25th June 1883.

(Signed) C. BOWEN, Major, R.E., Dy. Chief Engineer, P.W.D.

Letter from Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, Sixth Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 21st July 1883, No. 201-M.D.

In continuation of this office No. 139-M.D., dated 18th June 1883, as requested in your endorsement No. 1197-C, dated 25th June 1883, I have the honor to return the papers and to report that the out-office accommodation of the Sub-Collector's house at Dindigul is very extensive, occupying an area of 4,203 square feet. They are in bad order, especially the roofs. I have lately forwarded to the Collector an estimate for Rs. 2,233 for their thorough repair. Most of these out-houses are, when the Sub-Collector is at Dindigul, in use (See copy of letter from sub-officer enclosed).

1. Chief Engineer's Endorsement No. 1197-C, dated 25th June 1883.
1. Copy of Sub-division Officer's No. M, dated 14th July 1883.

2. As soon as these out-houses are put in thorough order, it will be necessary, I consider, to raise the valuation of the house and out-buildings of the Sub-Collector's house at Dindigul.

Letter from V. KRISTNAMACHARIAR, Sub-Divisional Officer, Dindigul, to the Executive Engineer, Madura Division, dated 14th July 1883, No. M.

[Reference your No. 781, dated 4th July 1883].

The Sub-Collector being at Kodaikánal, I beg to state that I am not able to report the exact number of rooms in the out-houses that are not occupied. The out-houses are all leaky and estimate for the reconstruction of the same have, as you know, already been submitted, and I beg to note below the details regarding them, as far as I can ascertain these now:—

3 Horsekeepers' rooms	In use.
1 Fowl house	Seems to have been lately in use.
1 Harness room	In use.
2 Servants' room	Can be used temporarily.
1 Store room	Useless.
2 Cattle rooms	One can be used temporarily.
1 Maty's room	In use.
1 Cow house	Signs of having been used lately.
1 Godown	Not in use.
1 Coach house	In use.
1 Bullock-bandy house	May be used temporarily.
1 Stable	Two stables seem to have been lately used. One useless and in a falling condition and adjacent stable not to be used in consequence.

Resolution—dated 29th August 1883, Mis. No. 7340.

Submitted to Government with reference to G.O., dated 11th May 1883, No. 1937.

2. The Board agree with the Chief Engineer in considering that the rent of Rs. 65, fixed for the house, is not excessive.

(True Extract.)

(Signed) F. A. NICHOLSON, Acting Secretary.

To the Secretary to Government, Revenue Department, with two letters and three enclosures in original to be returned.
Copy to the Collector of Madura.

READ—Office Note from the Secretary to Government, Revenue Department, on Revenue Board's Proceedings, No. 7340, dated 29th August 1883.

Endorsement, No. 425-E.

Re-transferred to the Revenue Department with the accompanying letter from the Superintending Engineer, Sixth Circle, No. 300-M.D., dated 20th September 1883, and with remark that, in the opinion of this department, the Superintending Engineer's assessment should be confirmed.

OOTACAMUND, 5th October 1883.

(Signed) J. H. M. SHAW-STEWART, Colonel, R.E., Secretary to Government, P.W.D.

To the Revenue Department, with papers in original.

Letter from Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, Sixth Circle, to the Chief Engineer, Public Works Department, dated Kodaikánal, 20th September 1883, No. 300-M.D.

In reply to your memorandum No. 369-E, dated 15th September 1883, I have the honor to point out that I believe the Sub-Collector, in reporting that the cost of construction of the bungalow and godown, &c., as Rs. 8,960-12-1, has not included the value of the extensive out-houses, &c., attached to the building. These occupy a space of 4,203 square feet, and under G.O., No. 2261-W, dated 14th August 1883, are now being repaired on an estimate for Rs. 2,233. The estimate for the Sub-Collector's house sanctioned in G.O., No. 884-W, dated 31st March 1881, amounted to Rs. 8,355; this work (as a perusal of the Government Order will show you) has been and is being carried out entirely by the Revenue Department. As this is the case, I considered the valuation of Rs. 10,000, which I have accepted as below, what it ought to be, and, as already reported, I consider it will be necessary hereafter to raise it.

2. I regret that, notwithstanding that the building is constructed of stone, I still must give my opinion that 3½ per cent. is not too much to be allowed for repairs, risks, &c.; this percentage gives Rs. 350 a year, and I doubt the necessary ordinary and special repairs to the bungalow and out-houses costing less than this amount on an average of a series of years.

ORDER—dated 10th October 1883, No. 1264, Revenue.

Miscellaneous.

The Superintending Engineer's letter will be communicated to the Board of Revenue.

2. The rent, Rs. 65, cannot be reduced.

C.

our recommendations

The G. of I. explained that under rules, [illegible] to make reversions, [illegible] a fixed rate of rent, whatever might be the description of quarters allotted to them - & that although a man might sometimes pay more than the value of his quarters, he more often paid a great deal less.

In the case now referred, a supervisor is called upon to pay Rs 15 for a house which a Sub Engineer or Engineer might occupy for Rs 12, but the same supervisor might in other circumstances obtain for the same Rs 15, a bungalow for which a Sub Engr or Officer would have to pay Rs 30 or 40 -

If you will kindly get the papers put up, you will see that there is no use in raising any question in the present case.

C.

Vakil.

according to the Code para 1230 the Examiner is correct as it is distinctly stated that rent is to be paid irrespective of the value of the building and according to the scale laid down. Mr. Vigor who is drawing Rs 200/- a month must pay Rs 15/- rent.

The rule seems a strange one and I do not see why a Subordinate should pay more than the value of the building demands, because he happens to be drawing a certain rate of pay.

As the rules at present stand it seems that if an Officer were to occupy the building in question he would pay Rs. 15/- while a Supervisor 1st Grade occupying it would pay Rs 10/-
