No. 3869

Marine Office,

1st May 1886.

From

J. H. TAYLOR, Esq., LIEUT., R.N.R.,

Master Attendant,

Administrative Department,

Madras,

To

The Honble C. Horster Webster

Chief Secretary to Government,

Marine Department,

Fort St. George.

SIR,

I have the honor to inform you that the Prisoner Home for Sailors being in want of repairs, the Executive Engineer was requested to be good enough to cause the same to be attended to, and that officer kindly furnished an estimate as follows:-

For repairs ————— Rupees-298-0-0

Percentage for Establishment

ment, tools and plant ——— " — 72-0-0

Rupees-370-0-0

The sum of Rupees (298) two hundred and ninety eight was remitted to Colonel Buxton, in view to the repairs being carried out, and he was requested to waive the per centage charges of Rupees (72) seventy two, in consideration

consideration of the crippled means of the
institution, and its dependence on public
support, or, if necessary, to submit the
matter to Government with his recommen-
dation. In reply he asks me to do this,
and I therefore respectfully solicit
that the Government will be pleased to
grant the necessary sanction.

I have the honor to be

Enclos. 1. Sir.

Copy of Executive
Engineer's letter
No. 176 of 17th
April 1886-

I have the honor to report that,
under the sanction given in G.O. No.
2551.W. of 2nd November 1885, the Exe-
cutive Engineer Nilgiris purchased
galvanized wire rope from Messrs
Richardson and Cruddas of Bombay
for the new lightning conductors of
the Girls' School, Lawrence Asylum
Cotacamund. But the Examiner
of P. W. Accounts considers that this
purchase requires the sanction of
Government under paras 2 and 3
of appendix. I. of the Code, and
G.O. No. 202 W. of 25th January 1886.

2. The letter to the Secretary to the Government of India printed with the above G.O. clearly prohibits "the purchase of English stores by means of orders given to Agents or firms in India, who have to send the orders to England for execution"; but it seems to me that it does not prohibit an officer from purchasing, as in this case, English stores which firms in this country have on hand ready for sale.

3. As cases are frequently occurring in which it is possible to purchase English stores in this country, without the great delay and extra cost, attendant on getting them out through the Secretary of state, I have the honor to request instructions whether my interpretation of the rules is correct; and if not, that special sanction may be given to the purchase of the iron wire rope above mentioned.

I.

From,

To,

The Superintending Engineer

Sir,

I have the honor to annex for your
information extract as per margin from the

"If the galvanized wire purchased from
Mess Richardson & Cruddas for Rs
496-4- is of European manufacture
the sanction of Govt should be
once be obtained for the purchase
with reference to paras 2 & 3 of a
-pender I of the Code & G.O. No.
202 W of 25-1-86".

Examiner's audit note
on the D.L. accounts
for January 186, and to
request that the sanc-
-tion of Government

may be obtained to the purchase of the galva-
-nized wire which was required in connection
with the provision of new Lightning Con-
-ductors for the girls school Lawrence
Asylum.

2. The wire was purchased from Mess
Richardson & Cruddas of Bombay who
had it on sale in their stores. I would
remark that if the wire had to be obta-
-ed from England by indent on the
Secretary

Secretary of state it would have taken months to get, and in the meantime the building might be struck.

3. I have the honor to take this opportunity of bringing to notice that European stores such as corrugated iron, paint, screws &c are so largely used for works on the Hills, that if we are to be tied hand and foot by the rule quoted by the Examiners, it would be next to impossible to get on with work here. I have the honor therefore to enquire if the rule is in future to be observed in its strict letter, where is the line to be drawn & and whether it is intended that indents should be made on the Secretary of State for corrugated iron, screws, paint and a thousand other petty stores which are now purchased in India from time to time as necessity arises.

One result of obtaining such articles through the Secretary of State would be to increase largely and perhaps unnecessarily the Reserve stock of the Division. My own opinion is

is that it would be more economical and less troublesome to allow me as a special case to continue the present system of purchasing such articles of European manufacture in India from time to time as required, and to charge their value to the works direct as is now done.

I have &c
