Through

The Executive Engineer

Sir

I have the honor to forward
herewith a certificate of ill-health given to
me by the District Surgeon Kurnool.

In consideration of this certifi-
cate, I beg that four or five months leave out of
of India be granted to me from the 27th April.

Though I have not had much
more than a years service in this Depart-
ment still, I have had $3\frac{1}{2}$ years continuous
service in this country and the whole of it
in notoriously unhealthy Districts with
consequence of bringing me to my present

state of ill. health.

I have the honor to be

Sir

Your most obedient Servant

W. Hancock

Assistant Engineer

Statement of Mr. Hancock's case.

Mr Hancock has applied to me to support, on medical grounds, his request for leave to proceed to Europe. I am not in a position to grant him a medical certificate of a formal nature - the wording of which implies that the change of climate is "absolutely essential" to the recovery of health. I can, however, state that in my professional opinion, such a change would prove highly beneficial to Mr. Hancock and is, indeed, highly desirable. The duties demanded of him have necessarily exposed him greatly to the influence of malaria in this notoriously unhealthy district - with the result of inducing frequent attacks of fever. In November last, I attended him for severe intermittent ague which left him prostrated in strength for a week. Since this time, he has had whilst in camp several attacks - with latterly a tendency to the tertian type. He is at present much reduced in general physique, is slightly anaemic, and exhibits symptoms of organic change - in that the liver is enlarged and tender.

Enclosure 2 Sir,

I am forwarding for your favourable consideration an application from Mr. Hancock for leave on sick certificate. I have the honor to state that, provided his leave is not extended beyond the period asked for, I could get on during his absence, if a competent Supervisor or Sub Engineer were sent up to me. I would then put Mr. Yeats in charge of the I. Sub Division with its two survey parties and give Mr. Yeats' Sub Division to the new man. I have the honor to

favourable consideration.

Under section 128 of the Civil leave Code an officer holding a temporary appointment only cannot obtain leave for more than three months and it is recommended that this amount of leave be granted to Mr. Hancock, and that he be permitted to draw half pay during his absence as it will not be necessary to appoint another officer to act for him.

Mr. Hancock
has no objection

work since his employment
under this office and is
deserving of every encouragement.
His present ill health is in
great measure due to exposure
in the execution of his duty.
