PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following letter from G. T. WALCH, Esq., Officiating Superintending Engineer, I Circle, to the Chief Engineer for Irrigation, dated Camp Gunnaram Canal, 13th December 1883, No. 402 G.N.:—

I have the honor to suggest, for your approval, that, for the present at all events, the Rushikulya division should be divided into the "Russellkonda" sub-division and the "Aska" sub-division, the headquarters of each being at [illegible] place from which it takes its name.

2. In the former sub-division would be included the Bavankona reservoir, its channel, the head works on the Mahánadi, and the canal from the Mahánadi to the Rushikulya river; in the latter sub-division would be included the Suradá reservoir, the head works on the Rushikulya river and all works beyond (to the south and east of) that river.

No. 91 E.W.

Forwarded to the Chief Engineer, Public Works Department, with a recommendation that the proposal of dividing the Rushikulya division into two sub-divisions may be sanctioned.

Chepak,
20th December 1883.

(Signed) A. S. RUSSELL,
for Ag. Chief Engineer for Irrigation.

Order—dated 10th January 1884, No. 51 W., Public Works.

The proposals of the Superintending Engineer are approved.

1869/4

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following paper :—

MEMORANDUM.

The following arrangements, with regard to the Ganjam and Rushikulya divisions, will be recommended to the Chief Engineer, Public Works Department.

2. That the Ganjam division should be reconstituted with head-quarters at Chicacole, and for the present should consist of the Chicacole sub-division, the Parlákimedi, Urlam and Jarada Estates.

3. That the Rushikulya division should consist of the Project with the Goomsúr, Berhampore taluks and the Chinna Kimedi, Dhárákót and Bodoogooda Estates, with head-quarters at Dorgam.

4. The proper distribution of establishment will be—

Ganjam division.	1 Executive Engineer.	Rushikulya division.	1 Executive Engineer.
	1 Assistant do.		2 Assistant Engineers.
	4 Upper Subordinates.		7 Upper Subordinates.

Assistant Engineer Mr. deClosets was appointed for the charge of the Parlákimedi Estate sub-division, but for some reason he has been given charge of the Chicacole sub-division and Sub-Engineer Mr. H. W. Taylor has been placed in charge of the Parlakimedi Estate. It does not seem necessary to have an Assistant Engineer for charge of the Head-quarters sub-division, and, if the present arrangement is to hold good, Mr. deClosets might be sent to the Rushikulya division where there are several important works in progress which seem to me to have been left too much to subordinates.

5. The office establishment of the two divisions have not yet been separated, so there will be no difficulty in re-opening two divisions. The accountants are still on the spot.

6. The reconstitution of the Ganjam division having been approved by telegram from the Chief Engineer, Public Works Department, Executive Engineer Mr. Vincent is directed to proceed at once to Chicacole and make the necessary arrangements for carrying on the work of the Ganjam division. As, however, it would be inconvenient to separate the accounts only one month before the close of the official year, the reconstitution of two divisions should take place from 1st April and accounts of expenditure up to that date should be submitted through the Executive Engineer at Berhampore.

7. There has been some misunderstanding with regard to the Court of Wards' Estates, which, it is understood, were handed over to this department in June last, the Executive Engineer having up to date had no funds placed at his disposal for expenditure. The consequence is all works have been stopped and there are outstandings incurred by the Collector which have never been paid. Immediate attention to the subject is necessary, and it is essential that a competent officer should personally examine the numerous works in the Parlákimedi Estate, some of which are of considerable importance, and make the arrangements necessary for carrying them out systematically. There is a rather large list of petty establishment employed on this

Estate, regarding which the Executive Engineer can make proposals subsequently. If the works are scattered it may be necessary, in the event of the Assistant Engineer being transferred to the Rushikulya, to appoint an additional temporary overseer for the Estate works.

3. The Estate works in the Rushikulya division may also require an additional temporary overseer; on this point the Executive Engineer will report, in the usual way, after he has examined the works in these Estates.

Berhampore,
13th February 1886.
(Signed) J. O. HASTED, Colonel, R.E.,
Chief Engineer for Irrigation.

No. 17 E.W.

Copy forwarded to the Chief Engineer, Public Works Department, for information.

2. Copies have been forwarded to the Superintending Engineer, I Circle, and Executive Engineers J. Hannan, Esq., and C. Vincent, Esq., for guidance.

Berhampore,
12th February 1886.
(Signed) J. O. HASTED, Colonel, R.E.,
Chief Engineer for Irrigation.

Order—dated 20th February 1886, No. 411 W., Public Works.

The arrangements proposed by the Chief Engineer for Irrigation are approved.

2. The Examiner, Public Works Accounts, has recently reported that he has arranged to place the Executive Engineer, Ganjam division, in funds for works in Wards' Estates.
