The Executive Engineer
Nizagapatam Division

The Chief Engineer
Public Works Department
Madras.

Sir,

I much regret to have to do the painful duty of reporting you the death of Colonel P. Montgomerie R.E. Superintending Engineer First Brigade, at 5 P' clock this morning.

He arrived here by S.S. "Himalaya" the 20th December 1885 and arranged to visit most of the District and visit the works at Seppore, Potinghy Ghāt and the Horapur Banks were accordingly posted and we were leave on the morning of the 27th idem.

fore to be put off till morning.

But finding he was unable to go the next day also, I left for Niagara on the 28th with the view of arranging dawks for inspecting the works in the Hills Sea.

I was however, obliged to return to Waltham on the 4th instant breaking up all dawks and waited day after day for some hopeful sign, but in vain.

The Dysentery he was attacked with, was of a most obstinate and virulent nature never abated; and he at length succumbed to the disease.

His death is a terrible loss to the State and people. He was loved by all who knew or came in contact with him.

I have the honor to be,

Sir,

Your most Obedient Servant

W Hapin
Executive Engineer
Niagara Division
