GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from Colonel W. H. BURTON, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department (through the Examiner of Public Works Accounts), dated Chepâk, 27th May 1886, No. 844 :—

I have the honor to forward a supplemental indent from the Superintendent, Madras Harbour Works, for six cast steel pinions, required from England for the travelling gear of the titan crane in use on the Harbour Works. The price of the pinions is not known, the crane having been obtained with pinions for a lump sum, and the column "value" in the indent is therefore not filled in.

2. The patterns are with the manufacturers, Messrs. Stothert and Pitt, London, and it would be economical to obtain the pinions from them.

Endorsement on the above.

No. 108 S. E. 5.

Forwarded to the Secretary to Government, Public Works Department, with the accompanying certificate.

(Signed) D. C. GORDON,
Examiner, Public Works Accounts.

1st June 1886.
