GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers:—

From the Chairman, Municipal Council, Tanjore, to the Chief Secretary to Government (through the Collector of Tanjore), dated 27th January 1886, No. 93.

I have the honor to submit the budget estimate of receipts and charges of the Tanjore Municipality for 1886-87, together with the Statement VI-A, Regular Estimate, prepared in accordance with G.O., No. 1034, dated 25th August 1882.

2. The budget was revised and passed by the councillors at their meeting, dated 21st December 1885, in reference to the modifications proposed by them.

3. The gross receipts of the year are estimated at Rs. 51,424, which, with the estimated balance of Rs. 14,676, according to the regular estimate, will amount to Rs. 66,100.

4. *License-tax.*—Under this head the estimated receipts amount to Rs. 3,300, or Rs. 400 more than the current year's budget. The increase is due to the increased number of assessments under the License Tax Act during the current year.

5. *Municipal Fines.*—A sum of Rs. 1,000 is budgeted against Rs. 1,800 for the current year. The decrease is due to the non-levy of demand fees, as there is no provision in the District Municipalities Act for levying the same.

6. *Charges.*—The gross expenditure under Grant I is estimated to cost Rs. 16,520, including a grant of Rs. 520 for supervision as per margin.

		RS.
New works		2,860
Repairs		13,200
Supervision		520
	Total ..	16,520

7. *New Works—Communications.*—A sum of Rs. 1,800, or Rs. 1,300 more than the current year's budget, is provided for raising and levelling streets and bye-lanes.

8. *Drainage.*—Rs. 300 are provided for constructing new drains.

9. *Repairs—Communications.*—Rs. 7,000 are provided, as usual, for repairing the 28 miles of metalled roads within the town limits.

10. *Drainage.*—A sum of Rs. 5,000, or Rs. 4,500 more than the current year's budget, is provided for repairing the main drains within the fort.

11. *Vaccination.*—There are now four vaccinators, all 2nd-class men. In addition to their legitimate duties they are attending to the sanitation of the town and serving as registrars of births and deaths. By this arrangement they were found not to do their combined duties satisfactorily since April 1885. At the suggestion of the Deputy Sanitary Commissioner in his inspection notes, the councillors proposed to amend the above arrangement by appointing separate hands for vaccination and registration of births and deaths, and provided Rs. 360 for three 2nd-class vaccinators, and have resolved to dispense with the services of the 4th vaccinator from 1st April 1886.

12. *Registration of Births and Deaths.*—For reasons stated in the above paragraph a sum of Rs. 432 is provided for one registrar on Rs. 15 and three sub-registrars on Rs. 7 each per mensem.

13. *General Management—Collection Establishment.*—Under this head Rs. 880, or Rs. 180 more than the current year's budget, have been provided. The increase is due to the entertainment of three bill-peons at Rs. 5 each per mensem from 1st April 1886 to assist the bill-collectors in the collection of house and land taxes.

14. All other items of charges are based upon the regular estimate, and no special remarks seem necessary.

15. The gross expenditure of the Tanjore Municipality under the different grants for the year 1886-87 amounts to Rs. 52,478, thus leaving a closing balance of Rs. 13,622.

16. On receipt of G.O., dated 15th December 1885, Mis. No. 950 M., sanctioning the revised scale of establishments for 1885-86 with certain modifications, the councillors at their meeting held on the 22nd instant have modified the budget estimates accordingly for 1886-87.

No. 163.

Submitted to Government.

2. No provision has been made for completing the work of levelling the southern rampart wall, which has been left in a most unsightly condition, and it is explained that the councillors cannot decide what is to be done about the wall until the water-supply scheme is matured, for which purpose they have also reserved the closing balance of the year 1886-87, viz., Rs. 13,622, or very much in excess of 10 per cent. of the estimated receipts.

TANJORE,
2nd March 1886.

(Signed) J. B. PENNINGTON,
Collector.

From Deputy Surgeon-General G. BIDIE, M.B., C.I.E, Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 6th February 1886, No. 186.

I have the honor to report, for the information of Government, that the Tanjore Municipal Council have made ample provision for the sanitary requirements of the town for 1886-87, Rs. 22,110 having been allotted for these, which will be distributed as follows :—

	RS.
Conservancy	13,635
Drainage	5,300
Improvement of town sites	1,800
Water-supply	1,100
Construction and repair of latrines and privies	275
Total ..	22,110

The vaccination grant amounts to Rs. 405, against Rs. 570 for the current year. There are at present four vaccinators employed, all 2nd-class men, who, in addition to their legitmate duties, attend also to the conservancy of the town and serve as registrars of births and deaths; but the combined duties are found to be too much for them, and their work consequently is not satisfactory. At the suggestion of the Deputy Sanitary Commissioner, it is therefore proposed to confine the vaccinators to their own special work, which will permit of a reduction in their number from four to three; hence the difference in the allotment between 1885-86 and 1886-87.

From D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 22nd February 1886, No. 1260.

I have the honor to submit the following remarks on the Educational portion of the budget estimate of the Tanjore Municipality for 1886-87.

2. Rs. 252 are provided to meet the salary of the Inspecting Schoolmaster and contingencies. In consideration of the large number of schools this officer has to supervise and improve and of the good work done by him, the Inspector recommends that his salary be raised to Rs. 25 per mensem. A conveyance allowance of Rs. 5 per mensem appears to have been granted to him for some time, and as this mode of remuneration is objectionable, I beg to support the Inspector's recommendation.

3. Mr. Monro proposes that the school now maintained by the municipality on the salary system be worked on the combined system. As the change would probably induce the masters to exert themselves, the proposal may be referred to the councillors for consideration.

4. At present none of the schools in the municipality are aided on the combined system. The Deputy Inspector of Schools recommends that of the allotment for results grants, Rs. 760 be set apart for grants on the combined system, and his recommendation is supported by the Inspector. It seems to me also that such a provision is very desirable.

5. If the suggestion in the above paragraph be approved, there will be Rs. 4,240 left for results grants. As grants for infant standards will have to be paid under the new code, the allotment should be raised to Rs. 4,540.

6. No provision has been made for the training of teachers. Mr. Monro recommends that five stipends at Rs. 4 each be provided for the purpose. I beg to support the recommendation; credit may be taken for a grant of Rs. 120 from Provincial funds.

7. If the above proposals are approved, the charges on account of Education will amount to Rs. 7,040, or about 14 per cent. of the income of the municipality.

ORDER—dated 27th May 1886, No. 490 M., Financial.

The estimated receipts and charges of the Tanjore Municipality for 1886-87, as passed by Government, are compared below with the budget and revised estimates for the previous year :—

2. *Revised Estimate for* 1885-86.—The actual opening balance exceeded the budget estimate by Rs. 7,490, owing chiefly to short expenditure on road repairs and results grants in 1884-85. The receipts were estimated at Rs. 49,050 against Rs. 49,530 in the budget. A decrease of Rs. 990 was anticipated under Fines and Fees, demand-notice fees not being leviable under the present Act, and of nearly Rs. 1,000 under House and Land rate and Fees for Private Scavengering; but the falling off under these heads was partly neutralized by an increase of Rs. 1,100 under Tolls, due to the collection of arrears. Under Grant I, it was proposed to incur an expenditure of Rs. 6,100 for the purposes noted in the margin, which were not provided for in the budget. The allotment of funds should have been applied for as soon as it was known that they would be required. Nearly the whole of the allotment for repairing tanks (Rs. 1,000) is expected to remain unutilized, and small savings are also anticipated under Conservancy and Lighting. The budget entry under Grant II in statement VI-A should have been revised with reference to G.O., dated 31st March 1885, No. 741, and the license-tax commission and penalties alone should have been shown in statements I and VI-A, as directed in G.O., dated 12th February 1885, No. 304. The necessary corrections have now been made.

	RS.
Demolition of the fort rampart ..	1,000
Arrears paid to contractors for buildings and drainage	1,850
Investigation of water-supply project .	3,250
Total ..	6,100

3. *Budget Estimate for* 1886-87.—The estimated receipts for the current year amount to Rs. 48,280, and follow the revised estimate more or less closely except in the case of tolls, under which a decrease of Rs. 1,100 is expected, owing doubtless to the absence of arrears. The entry under License-tax Commission will be struck out, municipal councils having been relieved of the duty of collecting income-tax; but credit will be taken for the grant of Rs. 120 promised by the Director of Public Instruction on account of normal scholarships. Fishery rents should appear under Assignments by Government and not under Miscellaneous.

4. The only proposed new work of any importance is the levelling and raising of certain streets, for which a provision of Rs. 1,800 is made. A sum of Rs. 5,000 is provided for the repair of the main drains within the fort and Rs. 1,000 for improving tanks, in addition to the usual grant of Rs. 7,000 for the repair of communications. Under Grant II, Rs. 240 will be provided for normal scholarships and Rs. 760 for grants on the combined system as recommended by the Director, while the provision for results grants will be reduced to Rs. 4,540. The attention of the council will also be drawn to paragraphs 2 and 3 of the Director's letter. The inspecting schoolmaster's salary will not be raised at present as it was reduced but lately. The proposed reorganization of the vaccination and registration establishments is sanctioned, as is also the entertainment of three additional bill-collectors and one lamplighter; with regard, however, to the changes proposed in the number and salaries of scavengers, of which no mention is made in the chairman's letter, the Government see no reason why the scale sanctioned so recently as in December last should now be again revised. It will therefore be adhered to.

5. The budget, as revised by Government, closes with a balance of Rs. 13,040, or 27 per cent. of the receipts, the greater portion of which will be reserved for expenditure on the scheme of water-supply, proposals in regard to which should be submitted without delay.

From G. HAMNETT, Esq., Inspector-General of Registration, to the Chief Secretary to Government, dated Madras, 19th December 1885, G. No. 5311.

It is nearly five years since I brought to the notice of the Government the necessity for providing the Registrar of Madras with suitable accommodation, but up to this date no definite action has been taken in the matter.

2. My first letter on the point, dated 22nd January 1881, No. 31, is recorded in the Proceedings of the Government, Public Works, No. 2520 W., dated the 15th October 1881, and my last letter, dated 3rd March 1885, G. No. 958, is recorded in Proceedings of the Government, Judicial, dated the 27th March 1885, No. 840.

3. I beg that you will be pleased to obtain the definite orders of His Excellency the Governor in Council for building a suitable office for the Registrar and for the valuable records in his charge.

From the Judicial Department, No. 281-C, dated 13th February 1886.
From the Commissary-General, No. I. B.-4063, dated 23rd March 1886.

From the Quarter Master General, No. 763-B, dated 10th April 1886.

In returning the correspondence forwarded under your reference order No. 1886 of 24th ultimo, I have the honor, by order, to inform you that His Excellency the Commander-in-Chief is prepared to meet the wishes of Government by placing at its disposal the site at present occupied by the Ambulance Transport Department shed at Madras, in order that it may be utilized as a site for a combined office for the Inspector-General of Registration, the Registrar of Madras, and the Registrar of the Diocese, provided that a shed and yard for the accommodation of the ambulance and transport carts be provided on some other site equally conveniently placed with reference to the beach and pier.

2. The necessity for a depôt conveniently placed with reference to the pier, &c., for carriage required to be held in readiness for emergent work, and for conveyance of invalids and of troops, baggage, disembarked at Madras, is distinct, and will be apparent to Government. Sir H. Macpherson therefore regrets he cannot assent to make the site of the present yard and shed available unconditionally.

Order—dated 14th April 1886, No. 2348, Military.

Ordered that the above letter from the Quarter Master General be communicated to the Judicial Department, with reference to that department memorandum, No. 281-C, dated 13th February 1886.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue, dated 3rd April 1886, No. 831 :—

Read—the following letter from J. THOMSON, Esq., Acting Collector of the Godávari District, to the Secretary to the Board of Revenue, dated Purushottapatam, 22nd February 1886, No. 84 :—

I have the honor to forward, herewith, the usual compensation statements Nos. I and II for the half-year ending 31st December last. The abstracts given below show the particulars of the statements :—

Statement No. I.

	ACS.	CTS.
Extent of the land remaining to be transferred at the end of the last half-year	298	3·80
Land applied for in this half-year	414	89·01
Total ...	712	92·81
Land made over during the half-year	418	7·15
Land remaining to be transferred	294	85·66

Of the extent that has yet to be transferred, applications for land to the extent of 50 acres were received only in December; compensation was settled and bills and statements were despatched for about 50 acres, and some 50 acres are awaiting disposal pending receipt of replies from the Engineers concerned to references made to them.

The following is an abstract of statement No. II—

	Number of cases.	ACS.	CTS.
Pending at the end of previous half-year	780	215	64·50
Claims for land taken up during the half-year ...	1,076	418	7·15
Total ...	1,856	633	71·65
Claims disposed of during the half-year	1,196	391	14·90
Balance requiring disposal	660	242	56·75
Particulars of the balance.			
Information due	129	84	50·
Cases in which reference has been made to the District Court under the Act	10	0	57·
Parties have not appeared to take the compensation money	171	60	79·50
Compensation has been settled and bills or statements have been sent	135	48	88·
Compensation subsequently sanctioned	215	47	82·25
Total ...	660	242	56·75

The balance of the extent brought forward into this report is in excess of the balance shown in the previous half-year's report by 24 cents. The extent of the land originally applied for in the Skinnerapuram village (*vide* No. 13 of the Tanuku taluk) was 1 acre 4 cents., while the land taken up was 1 acre 28 cents. The land statement was consequently under some correction since its submission and the extent occupied in excess (*i.e.*, 24 cents) has been included in the balance brought forward. Hence the difference.

In all the cases in which compensation was sanctioned, but the parties have not appeared to take it, notices have been sent to the Gazette and the cases will be struck off in due course.

Enclosures Nos. 1 and 2.—Compensation Statements.

Resolution—dated 3rd April 1886, No. 831.

Statement No. I.—The extent of land remaining to be transferred at the beginning of the half-year was acres 298 cents 3·80, and acres 414 cents 89·01 were applied for during the half-year, making a total of acres 712 cents 92·81. Out of this, acres 418 cents 7·15 were made over to the departments concerned in the course of the half-year, leaving acres 294 cents 85·66 still to be transferred.

2. *Statement No. II.*—The total number of claims, pending and received, was 1,856, of which 1,196 were disposed of within the half-year. The necessary steps have been taken for the disposal of the rest.

3. It appears from both these statements that lands have been taken possession of before the settlement of compensation in several cases.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following papers :—

From H. R. FARMER, Esq., President of the District Board, Trichinopoly, to the Chief Secretary to Government, dated Trichinopoly, 29th January 1886, No. 132.

I have the honor to submit, with reference to the Government orders noted in the margin, the District Board's consolidated budget for 1886-87, accompanied by necessary statements and a road map.

1. G.O., No. 728, dated 14th September 1885.
2. „ „ 930, „ 23rd October „
3. „ „ 980, „ 3rd November „
4. „ „ 981, „ 3rd „ „
5. „ „ 1116, „ 27th „ „
6. „ „ 1122, „ 27th „ „
7. „ „ 1155, „ 3rd December „
8. „ „ 38, „ 11th January 1886.

2. The District Board have, in their proceedings, No. 24, dated 11th January 1886, approved of the budget as prepared by the sub-committee, subject to certain modifications. A copy of their proceedings is enclosed.

3. No credit has been taken for levy of any fresh taxes or fees contemplated by section 57 of the Act. The estimated receipts and charges have, therefore, been prepared on the existing basis, and they have been duly apportioned between (1) District Board and (2) the Taluk Boards, as required by rule 3 of the appendix to G.O., No. 728, dated 14th September 1885.

4. It is for each Taluk Board to propose the transfer of their funds, &c., to each Union in their charge (*vide* rule 4). As such proposal is not likely to be made till after April next, when these Boards and Unions will be formed, statement No. VIII (*vide* rule 23) could not be submitted.

5. The budget was due to Government by the 15th of December last. I regret that the changes introduced by the new Act have caused its late submission, and hope Government will, under the circumstances, be pleased to overlook the delay.

REVISED ESTIMATE, 1885-86.

Receipts.

Balance on 1st April 1885.—The amount entered is the figure advised by the Accountant-General after audit of the past year's expenditure.

Gate No. 9 is on road No. 11. The bridge, which spanned the Kudamurutty immediately to the west of the gate, collapsed during the rains and floods of December 1884. The bridge has not been reconstructed in the year for want of funds as all available funds were exhausted for repairing the damages to roads, &c., from floods.

The gate was not therefore leased out during the current year. But, in lieu thereof, a toll bar has been established at the Pandamangalam bridge with the Government sanction (*vide* G.O., No 353, dated 22nd June 1885). It was leased out for eight months from 1st August 1885, and it realised a sum of Rs. 210.

The amount of the original lease for gate No. 2 is Rs. 1,550. But it was resold and the loss by the second sale was Rs. 446. The reason for the resale was this. The grand anicut, 9 miles to the east of the gate, is under repairs by the Public Works department since 1st October last. The original lessee, who did not expect this sudden obstruction to traffic, applied for cancellation of his lease from that date, *i.e.*, 1st October. The district board, from a consideration of the unexpected loss to the lessee, ordered the resale with effect from 1st November last.

No contribution is allowed to the Municipalities from the receipts of the Iyar gate.

A sum of Rs. 1,200 in round figure on account of the gates Nos. 5, 6 and 7 is expected to remain uncollected at the close of the year. This is the amount in deposit for the last two kists due in February and March 1886. The amount is in Government Promissary notes which the contractor may not cash and pay before the close of the year. Hence it is shown as balance. With regard to the rest of the gates, the deposit money is in the Savings Bank, and it is therefore possible to credit it in the accounts before the close of the year.

2. *Education*—(*a*) *School fee*, (*e*) *Sale of books.*—Fluctuating items. The budget figures have been repeated.

4. *Interest*—(I) *On arrears of Revenue.*—Fluctuating item. The probable receipts of the next six months have been calculated on the actuals of those of 1884-85.

5. *Miscellaneous*—(*e*) *Choultry rents*—

	Total ...	3,253	3,007	6,260

The renting system has been, for the first time, given a trial to as regards the markets at Musiri and Manaparai, with effect from 1st October 1885. The amounts of the rent are Rs. 83 and 514, respectively. The same figures have been taken at the probable collection of the next six months in the case of these two markets, while in others, the collection within the first six months have

been repeated for the next six. The excess over the estimate is due to the introduction of the fee system at Samayapuram and Ariyalúr markets since the submission of the last budget (*vide* Revenue Board's Proceedings, Nos. 9868, dated 20th October 1884 and 922, dated 19th March 1885).

(*d*) *Bungalows.*—The following entry shows the bungalows in charge of the District Board :—

Of the above bungalows No. 8 has been transferred to Public Works Department with effect from 1st August 1885 (*vide* G.O., No. 465, dated 13th July 1885). Hence the decrease under the estimate.

(*e*) *Fees and Fines.*—Fluctuating item. The probable collection during the next six months was based on the actual collection of those of 1884-85.

(*g*) *Grass rents.*—Budget item may stand.

The increase over the estimate is due to competition among the bidders.

(*j*) *Avenues.*—Fluctuating item. The probable collection for the next six months was based on the collection of the last six months in 1884-85.

(*k*) *Sale of Stores.*—Fluctuating item. The collection within the first six months is the sale proceeds of some old materials (*i.e.*, doors &c.,) belonging to certain bungalows and chuttrams.

(*e*) *Sundry receipts.*—Fluctuating item. This item represents the amount realised by the sale of rubbish accumulated in towns where sanitary arrangements are carried out. The probable receipts for the next six months have been calculated on the actuals of those of 1884-85.

(*c*) *Sale of old materials.*—Fluctuating item. This item represents the sale proceeds of the old materials of the buildings in charge of the Local Fund Engineering department.

(*d*) *Contribution*—(3) *From private individuals.*—A sum of Rs. 675 has been collected from the ryots of Arumbavur in order to improve a village road, No. 15, to their village. The work will be taken in hand next year if funds are available. No more contribution is expected within the next six months.

(*f*) *Miscellaneous.*—Under this head has been included the receipt from Public Works department. The receipts of the first six months are Rs. 21. Those for the next six months have been calculated with reference to the actuals of the last six months of 1884-85.

7. *Contributions from Provincial—(a) Education.*—The following statement shows the amount expected to be contributed from provincial to local funds during the year under this head :—

Item No. 1.—Since the submission of the last budget, the cost of the establishment has been increased. (*Vide* G.O., dated 9th December 1884, No. 2856.) Hence increased grant over the estimate.

Item Nos. 4, 5, 6, 7 *and* 8.—The budget estimates were approximate. The Director's sanction for the above items has been since received. Hence the small difference between the figures in columns 6 and 7.

Item Nos. 9 *and* 10.—These have not been provided for in the budget for 1884-85. Application has been made in the case of No. 9, for necessary sanction from Provincial funds.

8. *Contribution from Special Funds—(a) Pound Fund, (b) Canal and Ferry Fund.*—The amounts entered tally with the corresponding entries in the Special Fund budget regular estimate for 1885-86.

Or Rs. 2,320 in round figure.

(*c*) *Establishment.*—(1) *Public Works Department Supervision.*—Rupees 230 have been entered, calculated at 23 per cent. of the outlay (*vide* Revenue Board's Proceedings, No. 230, dated 23rd January 1885).

Other Establishment charges.—Only one of the works scrutinized by the Public Works Department is in progress during the current year. It is that of constructing the dispensary at Lálgudi. The amount computed to be expended on this work is Rs. 692 (*vide* G.O., No. 305, dated 12th June 1885). The contribution payable by this Board will therefore be Rs. 17, or in round figures 20. The calculation has been made at 2½ per cent. on the value (*vide* Revenue Board's Proceedings, No. 1124, dated 31st March 1885).

(2) *Local Eund Engineering Establishment.*—The budget allotment will be allowed to stand.

(*d*) *Tools and Plant.—Local Fund Engineer.*—The budget figure is adopted, the Local Fund Engineer having stated that that would be sufficient.

(*d*) *Tools and Plant.—Public Works Department.*—Rupees 10 have been entered calculated at 1 per cent. on the outlay of the works in their charge.

(*e*) *Contingencies.*—The budget allotment is sufficient.

(*f*) *Contributions to*—(3) *Municipalities.*—To the budget figure has been added Rs. 125, being the amount of contribution payable to Trichinopoly Municipality for constructing bathing ghats near Kodamurutty bridge (*vide* G.O., No. 744, dated 18th September 1885). The amount was allotted last year but it lapsed.

Grant II—Education—(*a*) *Inspection.*—The pay of the establishment amounts to Rs. 1,860 a year. The balance may be required for expenditure on account of the batta and contingent charges of the Inspecting schoolmasters.

(*b*) *Normal schools*—(1) *Salaries of Masters*, (2) *Stipends of students*, (3) *Clerks and Servants.*—Fixed.

(4) *Miscellaneous*—

	RS.
Budget allotment	60
Add amount since allotted in connection with supply of gymnastic apparatus	90
Total ...	150,

of which Rs. 720 have already been spent; the balance will be exhausted in the next six months.

(*c*) *Secondary Schools, Salary System.*—(1) *Salaries of Masters.*—The increase over the budget is due to the revision of the establishment of the Lálgudi Middle School which took effect since the submission of the last budget. The excess will be met from the probable savings under Grant II.

(2) *Clerks and Servants*, (3) *Miscellaneous.*—*Vide* budget entry.

(*d*) *Elementary Schools, Combined System*—(1) *Salaries of Masters, fixed.*—The actual cost amounts to Rs. 7,955, which nearly exhausts the budget grant.

School-fees and Results.—Fluctuating item. The budget figures can be allowed to remain.

(2) *Servants.*—The actual cost for the year according to the existing rates of wages would only amount to Rs. 1,180 in round numbers. The decrease of Rs. 80 against the budget is due to the full scale of pay sanctioned to some sweepers not having been paid to them.

(3) *Miscellaneous.*—Entered as per budget.

(*e*) *Grants-in-aid*—(2) *Results grants.*—Entered as per budget.

(*g*) *Miscellaneous.*—(1) *Purchase of books*, (2) *Commission on sale of books.*—Entered as per budget.

Grant III.—(*a*) *Hospitals and Dispensaries—Medical subordinates.*—The cost of medical subordinates has been fixed as follows:—

Name of Dispensary.	Budget estimate. RS.	Regular estimate. RS.
1. Musiri	585	480
2. Lálgudi	405	405
3. Ariyalúr	450	405
Total ...	1,440	1,290

The decrease in Nos. 1 and 3 is due to the replacement of the first-class hospital assistants in the above institutions by those of the second-class (*vide* Surgeon-General's orders, Nos. 92, 104 and 62 of 1885).

(3) *Clerks and Servants*—

Total ...	548
In round figure ...	550

(5) *Medicines and Surgical Instruments.*—The actual cost of medicines supplied to hospitals by the Examiner of Medical Accounts this year has not yet been ascertained. The budget grant will, however, be reduced, so that a sum of Rs. 300 may be transferred to "Contingencies" (No. 12) and another Rs. 100 to (*b*) Vaccination, (2) Contingencies. The actual cost of medicines was Rs. 632 in 1884-85.

	RS.
(10) *Zillah Surgeon's establishment including travelling allowance, &c*—	
Budget allotment	500
Deduct the amount transferred to Grant I (*vide* G.O., No. 744, of 18th September 1885	50
Balance ...	450

This is sufficient to cover the increase of pay to the writer sanctioned in G.O., No. 682 of 3rd September 1885.

(12) *Contingencies.*—Fluctuating item. The budget grant has been raised from Rs. 600 to Rs. 900 with reference to the actual expenditure within the first six months. The excess will be met from the probable savings under the allotment for "medicines."

(*b*) *Vaccination*—(1) *Fixed charges*, (2) *Contingencies.*—The cost of the establishment amounts to Rs. 286 a month, which for the year has been entered at Rs. 3,310 in round numbers. More than three-fourths of the balance of the allotment available for expenditure under "Contingencies" has been exhausted during the first six months. The allotment will therefore be increased

by Rs. 100. The increase will be met from the probable savings under "Medicines" to "Hospitals."

(*c*) *Sanitation.*—The entire amount allotted under this head is expected to be spent during the year (*vide* President's letter to Government, No. 1185, of 5th October 1885).

(*d*) *Markets*—(1) *Establishment*—

The establishment at the Musiri and Manapárai markets have been dispensed with temporarily from 1st October 1885, in view to giving the renting system a trial. A gumastah on Rs. 6 per mensem has been appointed with effect from the same date for the markets at Puthanatham and Tuvarankurichi (*vide* G.O., No. 790, dated 24th September 1885).

A gumastah on Rs. 7 and a sweeper on Rs. 3 per mensem have also been appointed during the year for the Somayapuram market with effect from 1st April 1885 (*vide* G.O., No. 85, dated 29th April 1885).

At Ariyalúr, 2 gumastas—one on Rs. 7 and another on Rs. 10—and 2 sweepers on Rs. 3 each have been sanctioned in G.O., No. 258, dated 5th June 1885. Of these, a gumasta on Rs. 10 and a sweeper on Rs. 3 were entertained from 1st July 1885.

(2) *Contingencies*—

	RS.
Budget allotment	400

More than this has been spent within the first six months.

The cause of this high expenditure is due chiefly to the charges incurred for printing consecutive numbers on each ticket supplied for the use of the markets. The grant under this item has therefore been raised to Rs. 1,200 (*vide* G.O., 1069, dated 18th November 1885).

(*e*) *Choultries*—(1) *Establishment.*—The actual cost for the year will amount to Rs. 714, which in round figures has been entered as Rs. 720, which is the budget figure.

(2) *Feeding travellers*—The budget allotment will be spent.

(3) *Contingencies.*—The budget allotment is Rs. 200, of which the expenditure within the first six months amounted to Rs. 180. The balance is Rs. 20. This is not sufficient to meet the expenditure for the next six months. The grant will therefore be raised from Rs. 200 to 300 to cover the year's expenditure. The excess will be met from the balance under "Endowment fund."

ENCLOSURES.

BUDGET ESTIMATE OF 1886-87.

A. REVENUE AND RECEIPTS.

Balance on 1st April 1886.—The closing balance of the revised estimate for 1885-86 has been adopted as the opening balance of this budget. Of this, the balance (Rs. 7,980), available for general purposes will be transferred to the District Board, and the balance under Endowment Fund (Rs. 8,660) to the Taluk Boards.

		RS.
1. *Rates and Taxes—(a) Cess on Land.*—		
Balance of the regular estimate		45,990
Probable demand calculated on the average of last three years ...		1,34,840
	Total ...	1,80,830
Probable collection during the year as calculated on the average of last three years		1,32,200
	Balance ...	48,630

Of the above estimated collection, one-half (Rs 66,100) will be transferred from the District to the proposed Taluk Boards, under section 55, Act V of 1884.

			RS.
1-*b Tolls (under Act V of* 1884).—			
Balance of regular estimate			1,200
Probable amount of rent of toll-gates Nos. 1 and 3 to 8 including the newly sanctioned Pandamangalam gate and excluding the gates Nos. 2 and 9, on which no toll is likely to be levied till late in the next year (*vide* regular estimate report)		23,000	
Deduct half the amount payable to the Trichinopoly Municipality		11,500	
	Balance ...	11,500	
Deduct contribution payable to Srirangam Municipality.		1,000	
	Net due ...	10,500	
Add probable amount of lease of the Iyar gate, calculated on the average of last three years		2,600	
		13,100	
Total, including balance			14,300

Out of this sum of Rs. 14,300 a sum of Rs. 13,300 will probably be collected during the year and will be credited to District Fund under section 54 of the Act.

2. 1-*c House Tax Education*—(*a*) *School-fees.*—Fluctuating item. The Inspector's figure has been adopted.

Under the rule 14 of G.O., No. 728, dated 14th September 1885, the Normal schools are the only ones the management of which devolves upon the District Board. There is but one Normal school. The school-fees (about Rs. 90) will be credited to the District Fund and the rest to the Taluk Funds.

(*c*) *Sale-proceeds of books.*—The Inspector's estimated receipts under this head is Rs. 400, but the average collection for the past three years comes to Rs. 180, and this figure has been entered in the estimate. The agency employed for the sale of these books being the inspecting schoolmasters under the immediate control of the District Board, that Board will take credit for this sum in their budget (*vide* also G.O., No. 1155, dated 3rd December 1885).

3. *Medical*—(*d*) *Income from endowments.*—To found a dispensary at Udayárpálaiyam (which is about 25 miles to the east of Ariyalúr, where there is a Local Fund hospital), the late Zemindar of Udayárpálaiyam placed at the disposal of the District Board a sum of Rs. 3,000. The District Board have proposed, in their proceedings, No. 363, dated 9th December 1885, to invest the amount in the Madras Municipality debentures. A sum of Rs. 180 is expected to be realised as interest, calculated at 6 per cent. per annum. This amount will be transferred to the Taluk Boards which are to control all the dispensaries of this circle.

4. *Interest*—(*b*) *On arrears of revenue.*—The chief item of revenue under the head of interest comes from arrears of land-cess. A sum of Rs. 640 is expected to be collected, calculated on the average receipt of the past three years. Of this, one-half will be transferred to Taluk Boards.

5. *Miscellaneous*—(*a*) *Contributions for purposes other than education, medical or works*—(3) *From private individuals.*—The only object, besides those marginally noted, for which contributions are usually made, is the improvement of water-supply and village site. It does not appear from the divisional officer's reports received on the subject, that any contribution for the purpose can be expected. Hence no credit is taken.

or in round figures ...	2,560

Of this, Rs. 708 appertains to the Local Fund Normal School and will therefore be credited to the District Fund and the rest (Rs. 1,852) to the Taluk Boards.

8. *Contribution from Special Funds.* (*a*) *Pound Fund.* (*b*) *Canal and Ferry Fund.*—*Vide* the figures proposed to be transferred from Provincial to Local Funds as per budget estimates of the Special and Ferry Funds for 1885-86.

9. *Allotment from the District Fund.*—The receipts under these items will be credited to District Fund.

EXPENDITURE, GRANT I—PUBLIC WORKS.

(*a*) *New Works*—*I. Communications.*—Rs. 3,700 will be available under Ferry Funds. This will be set apart for the construction of new ferry roads and bridges. The reconstruction of the Kudamuruthy bridge being very emergent, provision has been made to carry it out next year. For want of funds no provision has been made for any other works.

2. *Civil Buildings.*—Rs. 1,100 will be provided for the reconstruction of the chattram at Puthanatham which is in ruins—*Vide* District Board's Proceedings, No. 361, dated 9th December 1885. The charge will be debited to Taluk Funds.

3 *Miscellaneous Public Improvements.*—This amount (Rs. 1,500) is considered sufficient. The Taluk Boards will bear the charge.

(*b*) *Repairs*—1. *Communications*—*Local Fund Engineer.*—For want of funds no provision has been made for repairs to minor roads (*vide* item No. 15, appendix to Part II, Repairs, statement II-A of the estimate for 1885-86.) The allotment for 1885-86 for road No. 22 has been cut down from Rs. 470 to Rs. 280 in 1886-87, because 3¼ miles of the total length of 6 miles have already been included among the ferry roads, and provision made for its maintenance. The allotment in 1885-86 for repairs to bridges will be reduced for 1886-87 from Rs. 3,000 to Rs. 2,000. The maintenance grant for road No. 3 has been temporarily cut down by the District Board in their Proceedings, No. 24, dated 11th January 1886 from Rs. 8,700 to Rs. 6,525. While the estimate for 1885-86 has thus been reduced by Rs. 4,780, Rs. 850 will be added to it for the maintenance of the completed portions of the following roads :—

	RS.
1. Maintaining the new road from Turaiyúr to Perambalúr sanctioned in G.O., No. 557, dated 3rd August 1885	300
2. Maintaining the new road from Vyampatti to Palaviduthy sanctioned in G.O., No. 441, dated 10th July 1885	300
3. Maintaining the new road from Palaviduthy to Kadavur. Original estimate was sanctioned in G.O., No. 705, dated 15th March 1884	150
4. Maintaining the ferry road leading to the Cauvery left bank at Iyampalayam, half-a-mile at Rs. 100 per mile (Revenue Board's Proceedings, No. 2048, dated 31st March 1885)	50
5. Maintaining the ferry road from Kattalai to Agundacauvery (Revenue Board's Proceedings, No. 11420, dated 3rd December 1884) ...	50
Total ...	850

The District Board will retain in their hands the maintenance of main roads Nos. 1, 2, 3, 4, 5, 7, 9, 10 and 11 and all ferry roads. They will further reserve to themselves Rs. 700 out of what is allotted for repairs to bridges. The balance allotment will be transferred to the Taluk Boards.

2 (*b*) *Civil Buildings.*—Rs. 500 for the repair of chattrams and Rs. 1,000 for fitting up a portion of the Nabob's palace for Normal school (*vide* G.O., No. 552, dated 3rd August 1885), have been provided for. The former will be charged to Taluk Funds and the latter to the District Fund.

3 (*b*) *Miscellaneous Public Improvements.*—Rs. 500 has been entered for the repair of markets and Rs. 1,000 for the maintenance of avenues. The former will be debited to Taluk Funds and the latter to the district fund.

(*c*) *Establishment, Public Works Department Supervision, other establishment charges.*—The estimate for the reconstruction of the Kudamuruthy bridge was scrutinized by the Public Works Department. The amount of contribution will therefore be Rs. 160 calculated at 2½ per cent. on the estimated outlay.

2. *Local Fund Engineering Establishment.*—It is proposed to dispense with the services of the sub-overseer for the Pachamalai ghât road and with those of his lascar, as no new work is to be done in the year. The finished portion of the ghât road can be looked after by the taluk overseer.

The cost of the establishment will therefore be Rs. 14,950 to which will be added Rs. 1,200 on account of travelling allowance to the engineer and the supervisor, making in all Rs. 16,150. The cost will be debited proportionately between the District and Taluk Boards according to the value of work chargeable to each Board.

(*d*) *Tools and Plant—Local Fund Establishment.*—Rs. 400 will be sufficient for purchase and repair of tools and plant, &c. A fresh supply has been received very recently.

(*e*) *Contingencies.*—Entered as per 1885-86.

The charge under (*d*) and (*e*) will be rateably distributed between the Taluk and District Boards on the value of works in charge of each Board.

(*f*) *Contributions to* (3) *Municipalities.*—The fixed charges are Rs. 1,210 and they will be borne by the District Board.

GRANT II, EDUCATION.

(*a*) *Inspection.*—There are five inspecting schoolmasters—two on Rs. 35 each, two on Rs. 30 each, and one on Rs. 25.

The deputy inspector proposes to give an increase of Rs. 5 to the inspecting schoolmaster, Kulitalai taluk, who now draws Rs. 30 a-month. The sub-committee do not see the necessity for this increase, as he may be promoted whenever there is a vacancy in the higher grade. Rs. 2,650, the sub-committee consider as sufficient for all expenditure under this head. The charge will be debited to the District Board.

(*b*) *Normal Schools* (1) *Salaries of Masters.*—The head master being entitled to an increment of pay, Rs. 2, from 1st November 1886, necessary provision has been made to meet the extra cost.

(2) *Stipends of Students* (3) *Clerks and Servants.*—Entered as per budget for 1885-86.

(4) *Miscellaneous.*—To supply the school with furniture, maps, &c., the Inspector of Schools proposes that the grant may be raised from Rs. 60 to 168. But for want of funds, Rs. 100 is entered.

Inspector further suggests the opening of a Normal school at Trichinopoly, the Kulitalai Normal school being left as it is, and has made provision to meet the additional charges. The District Board have already decided to transfer the existing Normal school from Kulitalai to Trichinopoly. The present state of funds does not permit the opening of an additional Normal school.

(*c*) *Secondary Schools* (1) *Salaries of Masters, Salary System.*—There are two schools—one at Lálgudi and the other at Kulitalai. Provision has been made to meet :—(i) the extra cost which is consequent on the revision of the establishment of the Lálgudi Middle school. (*Vide* G.O., No. 2856, dated 9th December 1884.) (ii) the increment of pay due to the third master of the Kulitalai Middle school which is to come into effect from 1st April 1886 ; and (iii) proposed increase of pay (from Rs. 6 to 7) to the gymnastic instructor, Lálgudi, now under training.

(*c*) *Clerks and servants.*—No remark.

(3) *Miscellaneous.*—Provision has been made for supply of furniture, maps, books, &c., amounting to Rs. 250.

(*d*) *Elementary Schools— Combined System.*—During the year 1885-86 the undermentioned schools have been closed and transferred to places set opposite to their names by the District Board—

(1) *Salaries of Masters fixed.*—The increase over the estimate for 1885-86 is due to the following causes :—

(I) Proposed conversion of the Local Fund elementary school at Nangaveram into a middle school as recommended by the Inspector of Schools. The cost of the establishment will be the same as that of the other combined system middle schools in the district.

(II) Proposed appointment of second masters to each of the Local Fund schools at (1) Thimmachipuram, (2) Kistnarayapuram, (3) Kavarapalayam, and (4) Agalur on Rs. 5 each.

(III) Proposed opening of two new schools at (1) Elangakurichi and (2) Mylampatti. These are dry villages in the Kulitalai taluk. They are inhabited chiefly by Muhammadans (Lubbais) who are anxious to secure systematic elementary education.

School-fees.—The Inspector's figures have been adopted.

Results.—Fluctuating item, Rs. 1,600, has been entered with reference to the actual payment in 1884-85.

(*d*) 2, *Servants.*—The increase over the estimate is due to the increase proposed to be given to the sweepers of the schools at Nangaveram, Aniapur, Valanadu, Sengendi and of the two new Local Fund schools above alluded to.

(3) *Miscellaneous.*—Rs. 100 has been entered on account of sundry charges.

(*e*) *Grants-in-aid*—2, *Results Grants.*—Fluctuating item. (*Vide* current year's (1885-86) figure).

(*g*) *Miscellaneous*—1, *Purchase of Books.*—The estimate was calculated on the average cost of the past three years. The charges under (*g*) will be borne by District Fund.

(2) *Commission on Sale of Books.*—Rs. 30 has been entered calculated at 15 per cent. of the estimated sale-proceeds of books.

Rewards to Masters.—This item has been added to the new form of budget, and Rs. 50 have been entered as in 1885-86.

GRANT III—(*a*) *Hospitals and Dispensaries*—(2) *Medical Subordinates.*—There are three hospital assistants of the second class. They draw from the Local Funds Rs. 33¾ per mensem and Rs. 11¼ from Government.

It is proposed to open two new dispensaries at Udayárpálaiyam and Turaiyúr with effect from 1st April 1886. Two second class hospital assistants, as in other dispensaries, will be appointed.

Application is being made to Government for the usual pay paid by Government for services rendered to the State.

Thus the charge of the Local Fund Board on account of the hospital assistants will amount to Rs. 2,025, which is entered in the budget and transferred to the Taluk Boards.

Provision has been made to meet the pay of the peon attached to Lálgudi dispensary (*vide* G.O., No. 351, dated 22nd June 1885), as well as the increase of one rupee sanctioned to the Kavalgár of Musiri dispensary (*vide* G.O., No. 742, dated 18th September 1885).

Clerks and Servants.—Provision has also been made for the appointments of two compounders on Rs. 7 each and two sweepers on Rs. 3 each per mensem for the dispensaries proposed to be opened at Udayárpálaiyam and Turaiyúr. Thus the total cost amounts to Rs. 790, and it will be debited to Taluk Funds.

(10) *Zillah Surgeon's Establishment, &c.*—Rs. 450, as entered in the regular estimate, will be sufficient for expenditure in 1886-87. The charge will be debited to the District Fund.

(12) *Contingencies.*—The amount of Rs. 600 sanctioned in the budget for 1885-86 being insufficient, it was raised to Rs. 900 in the regular estimate. Now that two new dispensaries are to be opened, the charge under this item has been further raised to Rs. 1,000 for 1886-87. This will be included in the expenditure under the Taluk Funds.

(*b*) *Vaccination*—(1) *Fixed Charges.*—The details of vaccine establishment, as given in the statement No. X, are as follows :—

	RS. Per mensem.
One deputy inspector on	70
Five first-class vaccinators, at Rs. 15 each	75
Eleven second-class vaccinators, at Rs. 10 each	110
Three probationers, at Rs. 5 each	15
One peon on Rs. 6	6
Total ...	276

Annually Rs. 3,310 in round figure.

(2) *Contingencies.*—The grant for 1885-86 will be raised from Rs. 290 to 390. (*vide* regular estimate).

The District Board will bear the charges under "vaccination."

(*c*) *Sanitation*—1, *Improvement of Water-supply*—2, *Improvement of village-site.*—Rs. 400 and 200 have been provided for, respectively, under 1 and 2 for each of the five taluks in the district.

(3) *Scavengering Establishment.*—The existing cost of establishment (Rs. 6,430) has been added, Rs. 36, being the pay of a tank watchman appointed at Chettikulam in Musiri taluk and Rs. 54, being half the cost of the establishment entertained at Kattuputhur for lighting the town.

(5) *Other Sanitary Outlay.*—The estimate for 1885-86 amounts to Rs. 900, but as it may not be sufficient for the purpose, Rs. 100 is added to it for 1886-87.

(6) *Cholera Charges.*—The charges under this head include chiefly the value of medicines purchased locally by the tahsildars and deputy tahsildars to prevent the spread of disease. Rs. 400 are therefore set apart for the purpose.

The charges under (*c*) Sanitation will be borne by the Taluk Boards.

(*d*) *Markets*—(1) *Establishment.*—To the amount provided for in the estimate for 1885-86 is added the cost of the establishment sanctioned for Samayapuram, Ariyalúr and Puthanatham markets. The total cost amounts to Rs. 125 a-month, which for the year is estimated at Rs. 1,500.

(2) *Contingencies.*—Rs. 1,000 have been entered so as to meet the cost of printing tickets and other miscellaneous charges which are of a fluctuating nature.

The expenditures under (*d*) market will be debited to Taluk Boards.

(*e*) *Choultries*—(1) *Establishment*—(2) *Feeding Travellers.*—No remark. Entered as per budget for 1885-86.

(3) *Contingencies.*—Raised from Rs. 200 to 300 (*vide* regular estimate). The proposed expenditure under (*e*) Choultries is transferred to the taluk funds.

(*f*) *Bungalows*—(1) *Establishment.*—The actual cost of the establishment is Rs. 9 per mensem. Rs. 110 has therefore been entered for the whole year.

(*f*) *Contingencies.*—Entered as per budget for 1885-86.

(*g*) *Contributions to* (1) *Provincial Services*—(1) *Medical College*, (2) *Sanitary Inspection.*—Rs. 900 have been entered under (1) and (2), calculated at ½ per cent on the estimated receipts.

(3) *Medical Reserve Staff.*—This has been calculated at ·04 per cent. on the above receipts.

(4) *Cutler's Establishment.*—The estimate for 1885-86 has been repeated.

(5) *Lunatics.*—The estimate for 1885-86 has been repeated.

(6) *Medicines and Surgical Apparatus.*—The estimate for 1885-86 has been raised by Rs. 200 so as to meet the extra charges consequent on the proposed opening of the two new dispensaries. The charge will be borne by the taluk boards.

(3) *Municipalities—To Trichinopoly Municipality for Civil Dispensary.*—Fixed.

To Srirangam Municipality for Dispensary.—Fixed.

To Srirangam Municipality—One-third cost of expenditure for festivals and lighting the Caurery Bridge.—The contribution has been calculated on the average of the actual payment during the last three years.

(4) *Private Individuals Irungalúr Dispensary.*—Fixed.

Grant IV—Miscellaneous—(*a*) *Controlling Establishment at the Presidency.*—The figure advised by the Accountant-General for 1884-85 has been taken as the estimated expenditure for 1886-87.

(*b*) *Establishment in the Collector's Office.*—This includes the pay of an accountant on Rs. 35 and a Local Fund audit clerk on Rs. 58-5-4 per mensem. The estimated cost for the year is therefore Rs. 1,120 to which Rs. 30 has been added on account of contingencies.

(*c*) *Local Fund Board's Office Establishment.*—The cost of the District Board establishment is Rs. 139 a month which, for the year, amounts to Rs. 1,670 in round figure.

The budget sub-committee proposed the establishment noted in the margin for the three taluk boards and ten unions in the district, and it has been adopted at the general meeting. A sum of Rs. 1,200 has been provided in the budget.

Taluk Boards (3).—1 Clerk on Rs. 10. Unions (10).—1 Gumastah on Rs. 7.

(*d*) *Contingencies, District Board, Taluk Boards and Unions*—(1) *Stationery*, (2) *Postal Charges*, (3) *Printing Charges.*—A sum of Rs. 150 has been added to the sanctioned estimate for 1885-86 under this head. Rs. 570 will be debited to the taluk and Rs. 580 to the district funds.

(4) *Travelling Allowance to Non-official Members.*—The Board do not think it desirable to make any provision under this head for want of funds.

(5) *Travelling Allowance to Office Establishments.*—Rs. 50 have been entered approximately.

(*e*) *Pensions.*—Rs. 140 as in the estimate for 1885-86 have been put down for the next year.

Reserve.—Amount available under reserve for expenditure on general purposes is Rs. 3,775 of which Rs. 2,502 will be placed at the disposal of the taluk boards and Rs. 1,273 at that of the district board.

Balance.—Rupees 9,960 is the balance under Endowment fund.

The subjoined is an abstract of the estimated receipts and charges of the district consolidated budget for 1886-87 :—

(Signed) H. R. FARMER,
President.

From Deputy Surgeon-General G. BIDIE, M.B., C.I.E., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 12th February 1886, No. 209.

I have the honor to report for the information of Government that, exclusive of Rs. 900 set apart as contribution for sanitary inspection, the District Board of Trichinopoly have allotted a sum of Rs. 10,920 to meet the sanitary wants of the district during 1886-87. This yields a percentage of 24·7 on the available income, and it may be accepted for the purposes to which it is proposed to devote the grant, which are as follows :—

	Rs.
Improvement of water-supply	2,000
Do. of village sites	1,000
Conservancy establishment	6,520
Other sanitary outlay and cholera charges	1,400
Total ...	10,920

2. I note the following items entered under Grant I, "New Works" and "Repairs" :—

	Rs.
New Works—	
Civil buildings	1,100
Miscellaneous public improvements	1,500
Repairs—	
Civil buildings	1,500
Miscellaneous public improvements	1,500

3. Some of the works under these heads may be of a sanitary nature, but as no details have been furnished to me as required by the Proceedings of the Board of Revenue, No. 1529, dated 10th October 1880, I cannot determine if any such are to be undertaken and the amounts allotted for the purpose.

4. The vaccination grant amounts to Rs. 3,700, being Rs. 100 more than the grant for the current year. It may be accepted, and the establishment employed seems to be adequate.

From M. C. FURNELL, Esq., M.D., F.R.C.S., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 16th February 1886, No. 82.

I have the honor to state that the provision made in Grant III of the budget estimate of the District Board of the Trichinopoly district for the year 1886-87 for the maintenance of the dispensaries, including the two institutions proposed to be opened at Turaiyúr and Udayárpálaiyam, is sufficient and calls for no remarks, the President, District Board, having explained the variations between the current year's grant and the estimate.

From D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 24th February 1886, No. 1322.

I have the honor to submit the following remarks on the Educational portion of the budget estimate of the Trichinopoly District Board for 1886-87 :—

2. *Receipts.*—The Educational assets are estimated at Rs. 30,910, made up of—

	Rs.
One-sixth land-cess	22,030
School-fees	6,140
Sale of books	180
Provincial contribution	2,560
Total ...	30,910

The new school-fee notification will come into force from the 1st July 1886, and an additional income of Rs. 1,000 may be expected from school fees. This will raise the total receipts to Rs. 31,910.

3. The expenditure proposed aggregates Rs. 31,850, against Rs. 30,050 in the current year's budget:—

	1885-86. RS.	1886-87. RS.
Inspection	2,730	2,650
Training schools	2,100	2,150
Local Fund schools	16,360	18,120
Results grants	8,550	8,550
Miscellaneous	310	380
Total ...	30,050	31,850

4. *Inspection.*—The provision made for the pay and allowances of inspecting schoolmasters is sufficient, though it is slightly less than the current year's grant.

5. *Training schools.*—The District Board now maintain a normal school at Kulitalai and they have resolved to remove it to Trichinopoly. Dr. Bradshaw is opposed to this step, and from the copy of his letter enclosed, it will be seen that his arguments are forcible. It is, no doubt, an advantage to have the normal school at head-quarters, but the interests of the outlying and educationally-backward taluks of the district should also be considered. I trust, therefore, that the District Board, before taking further steps to bring back the school to Trichinopoly, will reconsider their decision.

6. *Local Fund Schools.*—There is an increase of nearly Rs. 2,000 in the allotment for Local Fund schools. The receipts and charges of the several classes of institutions are given below:—

	Charges. RS.	Receipts. RS.
Secondary schools	3,168	3,554
Elementary do.	14,952	4,348

The two secondary schools at Kulitalai and Lálgudi are expected to leave a surplus after meeting all charges. In elementary schools, however, the receipts from fees and grants are calculated to cover only 30 per cent. of the charges. The net cost to Local Funds is very heavy. The fees should be gradually assimilated to the Government rates, or the fixed stipends to teachers should be reduced to make them at least half-supporting.

7. The assignments for results grants and for miscellaneous charges call for no remark.

ENCLOSURE.

From J. BRADSHAW, Esq., M.A., L.L.D., Inspector of Schools, Acting in 6th Division, to the Director of Public Instruction, dated Coimbatore, 9th February 1886, No. 480.

I have the honor to forward the budget estimate accompanying statements for 1886-87 for the Trichinopoly district.

2. I approve of the budget generally, except the proposal for the removal of the normal school from Kulitalai to Trichinopoly.

3. The normal school was for several years held in Trichinopoly; but a few years ago it was transferred to Kulitalai on the following grounds among others:—

(1) Pyal school-masters and suitable candidates were unwilling to come to Trichinopoly from the distant villages in Perambalúr, Ariyalúr and Udayárpálaiyam taluks.

(2) The cost of living in Trichinopoly was much greater and the mode of life very different from what village-men were accustomed to.

(3) In Trichinopoly the students were much more likely to fall into bad company and temptations than in a small town.

(4) The normal school having for so long been in Trichinopoly, the immediate neighbourhood and a radius of 20 miles or so had had the benefit of the school, while the more distant places had not.

4. After the transfer of the school, a suitable school-house was specially built at Kulitalai, and a practising school formed there of the elementary Local Fund Board school.

5. If the school is transferred back to Trichinopoly, it will be difficult to form a practising school, for the place where it is proposed to locate it is close to a number of aided primary schools, the managers of which would object to it, as the lower rate of fees in the practising school would naturally draw away many boys from their schools.

6. The suggestion to transfer the school to Trichinopoly was made by Mr. Monro, who seems not to have been informed of the history of the matter, and he made it on the ground that it would be well for the school to be at the head-quarter station where the Local Fund Board meet.

7. When the matter was referred to Mr. Garthwaite, he opposed its transfer from Kulitalai, and the proposal to do so was carried by a majority of only two.

8. As I do not think the members of the Board can have been fully aware of the reasons against its retransfer to Trichinopoly, I recommend that the matter be reconsidered.

Proceedings of the District Board, Trichinopoly, at a Meeting held on Monday, the 11th January 1886.

* * * * * * *

Proceedings No. 24 of 1886.

Read budget estimate of 1886-87, prepared by the sub-committee appointed for the purpose.

Resolution.—The Board resolve to reduce the maintenance allotment of the Madras trunk road (No. 3) from Trichinopoly to the South Arcot frontier from Rs. 200 to Rs. 150 a mile. The Local Fund Engineer considers that the experiment may have a trial with a fair prospect of success. The saving will amount to Rs. 2,175. This sum will be placed in the reserve for the present. If this resolution is approved of by Government, the question of allotting the saving to the Taluk Board with a view to expenditure on the formation * of a road from Arumbavur to Krishnapuram in Perambalúr taluk will be considered after the Board have experience of six months of the results of the reduced grant.

* *Vide* G.O., No. 909, 20th October 1885.

With regard to the allotment of Rs. 3,700 for ferry roads and bridges, the Board resolve to allot Rs. 2,500 for three road-dams on the road from Tirumamur to Kilapalúr (ferry road No. 15) and the remaining Rs. 1,700 for the ferry road from Varadarajapuram to Thirunarayanapuram. The Board regret their inability to allot as reserve and balance a sum equal to 15 per cent. of receipts as indicated by rule 24. Subject to the above resolution, the draft budget prepared by the budget sub-committee is passed.

(Signed) H. R. FARMER,
President.

2. *Revised Estimate for* 1885-86.—The opening balance of Rs. 27,310, excluding debt heads, fell short of the budget estimate by Rs. 4,260, the decrease being due to short collections under land-cess in 1884-85. On the other hand, the current receipts for 1885-86 were estimated at Rs. 1,85,235, against Rs. 1,79,830 in the budget, the increase occurring mainly under land-cess, tolls and market rents, and being due to the collection of arrears and the introduction of the market fee system in the markets of Samayapuram and Ariyalúr. The total charges being estimated at Rs. 1,95,965 against Rs. 1,82,960 in the budget owing to subsequent allotments, the closing balance is Rs. 16,580, of which Rs. 8,660 appertain to endowments and are therefore transferred to Taluk Funds, the remainder being credited to the District Fund.

3. *Budget Estimate for* 1886-87.—Excluding these balances, the receipts are estimated at Rs. 1,78,170, against Rs. 1,79,830 in the budget for 1885-86. The land cess is expected to yield Rs. 1,32,200 or Rs. 2,000 less than the budget figure for 1885-86, and the income from tolls is estimated at Rs. 13,300 against Rs. 14,290 in the previous year, while the rents from markets are estimated at Rs. 6,000 against Rs. 3,500, with reference to the revised estimate for 1885-86. As suggested by the Director of Public Instruction, the estimate under school-fees will be raised by Rs. 1,000. It is observed that the receipts from fishery rents and avenues have been credited to the District Fund. The Government are of opinion that, in the absence of special reason to the contrary, such items should be credited to Taluk Funds. As, however, the District Fund budget provides no closing balance and but an inadequate reserve, the receipts under these heads will for the present be credited as proposed.

4. Under New Works, it is proposed to allot Rs. 10,050 for the road works noted in the margin, and Rs. 1,100 for the reconstruction of the chattram at Puthunatham. In view, however, of the small reserve provided and the absence of a balance, the first of these road works and the chattram work above referred to, for which no estimates have yet been submitted, will be struck out. The sum of Rs. 60, allotted by the District Board for the maintenance by the Public Works Department of the Cauvery southern embankment from Kuttalai railway station to Kuttalai village, should have been shown under (*b*) Repairs—Communications, instead of under (*f*) Contributions. The provision of Rs. 1,000 for adapting a portion of the Nabob's palace at Trichinopoly for the purposes of a normal school will also be struck out with reference to the Director's remarks, and the proposal to transfer this school from Kulitalai to Trichinopoly remitted to the Board for reconsideration.

	RS.
1. Construction of road dams and bridges on the ferry road from Tirumanúr to Kulapalur ...	2,500
2. Construction of ferry road from Varadarajapuram to Tirunarayanapuram	1,200
3. Reconstruction of the Kodamurity bridge	6,350

5. The Educational allotment is Rs. 31,850, against Rs. 30,050 in the budget for 1885-86. The increase, which occurs principally under Local Fund schools, is due to the revision of the establishment of the Lálgudi middle school in accordance with the scheme sanctioned in G.O., dated 9th December 1884, No. 2856, and to the following proposals now made in regard to elementary schools, involving an extra cost of Rs. 1,250:—

(1) The conversion of the Nungavaram elementary school into a middle school;
(2) the appointment of second masters for the schools at Timmachipuram, Kistnarayapuram, Kavarapalaiyam and Agalur; and
(3) the opening of two new schools at Elangakurichi and Mylampatti, in the Kulitalai taluk.

These proposals are sanctioned, but the attention of the District Board will be drawn to the remarks of the Director of Public Instruction in paragraph 6 of his letter regarding the cost of elementary schools.

6. The current year's provision of Rs. 3,910 for hospitals and dispensaries has been increased to Rs. 5,415, in order to provide funds for the opening of two new dispensaries at Udáyarpálaiyam and Turaiyúr. As, however, the sanction of Govern-

ment has been withheld in the latter case for want of funds, the allotment will be reduced by Rs. 1,165, under minor heads (*a*) and (*g*). The contributions to the Medical College, Sanitary Inspection and Medical Reserve Staff, calculated on the figures of the revised estimate for 1885-86, should be Rs. 930, Rs. 930 and Rs. 80, respectively.

7. Under Grant IV, Rs. 1,200 are provided for establishments for the three taluk boards and ten panchayats to be constituted in the district, and Rs. 570 for their contingent charges. The establishments proposed for the taluk boards are sanctioned provisionally with reference to G.O., dated 25th January 1886, No. 116 L.F., and the provision made for the establishments required for the panchayats will be allowed to stand, pending the submission of the further report regarding unions called for in G.O., dated 22nd March 1886, No. 343 L.F. The reserve, calculated at 10 per cent. of the estimated receipts, is Rs. 17,920, but only Rs. 10,400 are available, of which Rs. 4,650 appertain to District Funds and Rs. 5,750 to Taluk Funds. The budget closes with a balance of Rs. 9,970, which appertains entirely to Endowment Funds. The President is therefore requested to expedite the proposals called for in G.O., dated 11th March 1886, No. 300 L.F.

Reviewing the — of the Trichinopoly District for 1886-87.

With order.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers :—

From H. R. FARMER, Esq., President of the District Board, Trichinopoly, to the Chief Secretary to Government, dated Trichinopoly, 29th January 1886, No. 132.

I have the honor to submit, with reference to the Government orders noted in the margin, the District Board's consolidated budget for 1886-87, accompanied by necessary statements and a road map.

1. G.O., No. 728, dated 14th September 1885.
2. „ „ 930, „ 23rd October „
3. „ „ 980, „ 3rd November „
4. „ „ 981, „ 3rd „ „
5. „ „ 1116, „ 27th „ „
6. „ „ 1122, „ 27th „ „
7. „ „ 1155, „ 3rd December „
8. „ „ 38, „ 11th January 1886.

2. The District Board have, in their proceedings, No. 24, dated 11th January 1886, approved of the budget as prepared by the sub-committee, subject to certain modifications. A copy of their proceedings is enclosed.

3. No credit has been taken for levy of any fresh taxes or fees contemplated by section 57 of the Act. The estimated receipts and charges have, therefore, been prepared on the existing basis, and they have been duly apportioned between (1) District Board and (2) the Taluk Boards, as required by rule 3 of the appendix to G.O., No. 728, dated 14th September 1885.

4. It is for each Taluk Board to propose the transfer of their funds, &c., to each Union in their charge (*vide* rule 4). As such proposal is not likely to be made till after April next, when these Boards and Unions will be formed, statement No. VIII (*vide* rule 23) could not be submitted.

5. The budget was due to Government by the 15th of December last. I regret that the changes introduced by the new Act have caused its late submission, and hope Government will, under the circumstances, be pleased to overlook the delay.

REVISED ESTIMATE, 1885-86.

RECEIPTS.

Gate No. 9 is on road No. 11. The bridge, which spanned the Kudamurutty immediately to the west of the gate, collapsed during the rains and floods of December 1884. The bridge has not been reconstructed in the year for want of funds as all available funds were exhausted for repairing the damages to roads, &c., from floods.

The gate was not therefore leased out during the current year. But, in lieu thereof, a toll bar has been established at the Pandamangalam bridge with the Government sanction (*vide* G.O., No 353, dated 22nd June 1885). It was leased out for eight months from 1st August 1885, and it realised a sum of Rs. 210.

The amount of the original lease for gate No. 2 is Rs. 1,550. But it was resold and the loss by the second sale was Rs. 446. The reason for the resale was this. The grand anicut, 9 miles to the east of the gate, is under repairs by the Public Works department since 1st October last. The original lessee, who did not expect this sudden obstruction to traffic, applied for cancellation of his lease from that date, *i.e.*, 1st October. The district board, from a consideration of the unexpected loss to the lessee, ordered the resale with effect from 1st November last.

No contribution is allowed to the Municipalities from the receipts of the Iyar gate.

A sum of Rs. 1,200 in round figure on account of the gates Nos. 5, 6 and 7 is expected to remain uncollected at the close of the year. This is the amount in deposit for the last two kists due in February and March 1886. The amount is in Government Promissary notes which the contractor may not cash and pay before the close of the year. Hence it is shown as balance. With regard to the rest of the gates, the deposit money is in the Savings Bank, and it is therefore possible to credit it in the accounts before the close of the year.

The renting system has been, for the first time, given a trial to as regards the markets at Musiri and Manaparai, with effect from 1st October 1885. The amounts of the rent are Rs. 83 and 514, respectively. The same figures have been taken at the probable collection of the next six months in the case of these two markets, while in others, the collection within the first six months have

been repeated for the next six. The excess over the estimate is due to the introduction of the fee system at Samayapuram and Ariyalúr markets since the submission of the last budget (*vide* Revenue Board's Proceedings, Nos. 9868, dated 20th October 1884 and 922, dated 19th March 1885).

(*d*) *Bungalows.*—The following entry shows the bungalows in charge of the District Board :—

Of the above bungalows No. 8 has been transferred to Public Works Department with effect from 1st August 1885 (*vide* G.O., No. 465, dated 13th July 1885). Hence the decrease under the estimate.

(*e*) *Fees and Fines.*—Fluctuating item. The probable collection during the next six months was based on the actual collection of those of 1884-85.

(*g*) *Grass rents.*—Budget item may stand.

(*h*) *Fishery Rents*—

The increase over the estimate is due to competition among the bidders.

(*j*) *Avenues.*—Fluctuating item. The probable collection for the next six months was based on the collection of the last six months in 1884-85.

(*k*) *Sale of Stores.*—Fluctuating item. The collection within the first six months is the sale proceeds of some old materials (*i.e.*, doors &c.,) belonging to certain bungalows and chuttrams.

(*e*) *Sundry receipts.*—Fluctuating item. This item represents the amount realised by the sale of rubbish accumulated in towns where sanitary arrangements are carried out. The probable receipts for the next six months have been calculated on the actuals of those of 1884-85.

(*c*) *Sale of old materials.*—Fluctuating item. This item represents the sale proceeds of the old materials of the buildings in charge of the Local Fund Engineering department.

(*d*) *Contribution*—(3) *From private individuals.*—A sum of Rs. 675 has been collected from the ryots of Arumbavur in order to improve a village road, No. 15, to their village. The work will be taken in hand next year if funds are available. No more contribution is expected within the next six months.

(*f*) *Miscellaneous.*—Under this head has been included the receipt from Public Works department. The receipts of the first six months are Rs. 21. Those for the next six months have been calculated with reference to the actuals of the last six months of 1884-85.

7. *Contributions from Provincial—(a) Education.*—The following statement shows the amount expected to be contributed from provincial to local funds during the year under this head :—

Item No. 1.—Since the submission of the last budget, the cost of the establishment has been increased. (*Vide* G.O., dated 9th December 1884, No. 2856.) Hence increased grant over the estimate.

Item Nos. 4, 5, 6, 7 *and* 8.—The budget estimates were approximate. The Director's sanction for the above items has been since received. Hence the small difference between the figures in columns 6 and 7.

Item Nos. 9 *and* 10.—These have not been provided for in the budget for 1884-85. Application has been made in the case of No. 9, for necessary sanction from Provincial funds.

8. *Contribution from Special Funds*—(*a*) *Pound Fund,* (*b*) *Canal and Ferry Fund.*—The amounts entered tally with the corresponding entries in the Special Fund budget regular estimate for 1885-86.

Or Rs. 2,320 in round figure.

(*c*) *Establishment.*—(1) *Public Works Department Supervision.*—Rupees 230 have been entered, calculated at 23 per cent. of the outlay (*vide* Revenue Board's Proceedings, No. 230, dated 23rd January 1885).

Other Establishment charges.—Only one of the works scrutinized by the Public Works Department is in progress during the current year. It is that of constructing the dispensary at Lálgudi. The amount computed to be expended on this work is Rs. 692 (*vide* G.O., No. 305, dated 12th June 1885). The contribution payable by this Board will therefore be Rs. 17, or in round figures 20. The calculation has been made at 2½ per cent. on the value (*vide* Revenue Board's Proceedings, No. 1124, dated 31st March 1885).

(2) *Local Fund Engineering Establishment.*—The budget allotment will be allowed to stand.

(*d*) *Tools and Plant.—Local Fund Engineer.*—The budget figure is adopted, the Local Fund Engineer having stated that that would be sufficient.

(*d*) *Tools and Plant.—Public Works Department.*—Rupees 10 have been entered calculated at 1 per cent. on the outlay of the works in their charge.

(*e*) *Contingencies.*—The budget allotment is sufficient.

(*f*) *Contributions to*—(3) *Municipalities.*—To the budget figure has been added Rs. 125, being the amount of contribution payable to Trichinopoly Municipality for constructing bathing ghats near Kodamurutty bridge (*vide* G.O., No. 744, dated 18th September 1885). The amount was allotted last year but it lapsed.

Grant II—Education—(*a*) *Inspection.*—The pay of the establishment amounts to Rs. 1,860 a year. The balance may be required for expenditure on account of the batta and contingent charges of the Inspecting schoolmasters.

(*b*) *Normal schools*—(1) *Salaries of Masters*, (2) *Stipends of students*, (3) *Clerks and Servants.*—Fixed.

(4) *Miscellaneous*—

of which Rs. 720 have already been spent; the balance will be exhausted in the next six months.

(*c*) *Secondary Schools, Salary System.*—(1) *Salaries of Masters.*—The increase over the budget is due to the revision of the establishment of the Lálgudi Middle School which took effect since the submission of the last budget. The excess will be met from the probable savings under Grant II.

(2) *Clerks and Servants*, (3) *Miscellaneous.*—*Vide* budget entry.

(*d*) *Elementary Schools, Combined System*—(1) *Salaries of Masters, fixed.*—The actual cost amounts to Rs. 7,955, which nearly exhausts the budget grant.

School-fees and Results.—Fluctuating item. The budget figures can be allowed to remain.

(2) *Servants.*—The actual cost for the year according to the existing rates of wages would only amount to Rs. 1,180 in round numbers. The decrease of Rs. 80 against the budget is due to the full scale of pay sanctioned to some sweepers not having been paid to them.

(3) *Miscellaneous.*—Entered as per budget.

(*e*) *Grants-in-aid*—(2) *Results grants.*—Entered as per budget.

(*g*) *Miscellaneous.*—(1) *Purchase of books*, (2) *Commission on sale of books.*—Entered as per budget.

Grant III.—(*a*) *Hospitals and Dispensaries—Medical subordinates.*—The cost of medical subordinates has been fixed as follows:—

Name of Dispensary.	Budget estimate. Rs.	Regular estimate. Rs.
1. Musiri	585	480
2. Lálgudi	405	405
3. Ariyalúr	450	405
Total ...	1,440	1,290

The decrease in Nos. 1 and 3 is due to the replacement of the first-class hospital assistants in the above institutions by those of the second-class (*vide* Surgeon-General's orders, Nos. 92, 104 and 62 of 1885).

(3) *Clerks and Servants*—

(5) *Medicines and Surgical Instruments.*—The actual cost of medicines supplied to hospitals by the Examiner of Medical Accounts this year has not yet been ascertained. The budget grant will, however, be reduced, so that a sum of Rs. 300 may be transferred to "Contingencies" (No. 12) and another Rs. 100 to (*b*) Vaccination, (2) Contingencies. The actual cost of medicines was Rs. 632 in 1884-85.

	Rs.
(10) *Zillah Surgeon's establishment including travelling allowance, &c*—	
Budget allotment	500
Deduct the amount transferred to Grant I (*vide* G.O., No. 744, of 18th September 1885	50
Balance ...	450

This is sufficient to cover the increase of pay to the writer sanctioned in G.O., No. 682 of 3rd September 1885.

(12) *Contingencies.*—Fluctuating item. The budget grant has been raised from Rs. 600 to Rs. 900 with reference to the actual expenditure within the first six months. The excess will be met from the probable savings under the allotment for "medicines."

(*b*) *Vaccination*—(1) *Fixed charges*, (2) *Contingencies.*—The cost of the establishment amounts to Rs. 286 a month, which for the year has been entered at Rs. 3,310 in round numbers. More than three-fourths of the balance of the allotment available for expenditure under "Contingencies" has been exhausted during the first six months. The allotment will therefore be increased

by Rs. 100. The increase will be met from the probable savings under "Medicines" to "Hospitals."

(*c*) *Sanitation.*—The entire amount allotted under this head is expected to be spent during the year (*vide* President's letter to Government, No. 1185, of 5th October 1885).

The establishment at the Musiri and Manapárai markets have been dispensed with temporarily from 1st October 1885, in view to giving the renting system a trial. A gumastah on Rs. 6 per mensem has been appointed with effect from the same date for the markets at Puthanatham and Tuvarankurichi (*vide* G.O., No. 790, dated 24th September 1885).

A gumastah on Rs. 7 and a sweeper on Rs. 3 per mensem have also been appointed during the year for the Somayapuram market with effect from 1st April 1885 (*vide* G.O., No. 85, dated 29th April 1885).

At Ariyalúr, 2 gumastas—one on Rs. 7 and another on Rs. 10—and 2 sweepers on Rs. 3 each have been sanctioned in G.O., No. 258, dated 5th June 1885. Of these, a gumasta on Rs. 10 and a sweeper on Rs. 3 were entertained from 1st July 1885.

(2) *Contingencies*—

	RS.
Budget allotment	400

More than this has been spent within the first six months.

The cause of this high expenditure is due chiefly to the charges incurred for printing consecutive numbers on each ticket supplied for the use of the markets. The grant under this item has therefore been raised to Rs. 1,200 (*vide* G.O., 1069, dated 18th November 1885).

(*e*) *Choultries*—(1) *Establishment.*—The actual cost for the year will amount to Rs. 714, which in round figures has been entered as Rs. 720, which is the budget figure.

(2) *Feeding travellers*—The budget allotment will be spent.

(3) *Contingencies.*—The budget allotment is Rs. 200, of which the expenditure within the first six months amounted to Rs. 180. The balance is Rs. 20. This is not sufficient to meet the expenditure for the next six months. The grant will therefore be raised from Rs. 200 to 300 to cover the year's expenditure. The excess will be met from the balance under "Endowment fund."

ENCLOSURES.

BUDGET ESTIMATE OF 1886-87.

A. REVENUE AND RECEIPTS.

Balance on 1st April 1886.—The closing balance of the revised estimate for 1885-86 has been adopted as the opening balance of this budget. Of this, the balance (Rs. 7,980), available for general purposes will be transferred to the District Board, and the balance under Endowment Fund (Rs. 8,660) to the Taluk Boards.

		RS.
1. *Rates and Taxes—(a) Cess on Land.*—		
Balance of the regular estimate		45,990

Total ...		1,80,830
Probable collection during the year as calculated on the average of last three years		1,32,200
Balance ...		48,630

Of the above estimated collection, one-half (Rs 66,100) will be transferred from the District to the proposed Taluk Boards, under section 55, Act V of 1884.

			RS.
1-*b Tolls* (*under Act V of* 1884).—			
Balance of regular estimate			1,200
Probable amount of rent of toll-gates Nos. 1 and 3 to 8 including the newly sanctioned Pandamangalam gate and excluding the gates Nos. 2 and 9, on which no toll is likely to be levied till late in the next year (*vide* regular estimate report)	23,000		
Deduct half the amount payable to the Trichinopoly Municipality	11,500		
Balance ...	11,500		
Deduct contribution payable to Srírangam Municipality.	1,000

Add probable amount of lease of the Iyar gate, calculated on the average of last three years	2,600		
		13,100	
Total, including balance			14,300

Out of this sum of Rs. 14,300 a sum of Rs. 13,300 will probably be collected during the year and will be credited to District Fund under section 54 of the Act.

2. 1-*c House Tax Education*—(*a*) *School-fees.*—Fluctuating item. The Inspector's figure has been adopted.

Under the rule 14 of G.O., No. 728, dated 14th September 1885, the Normal schools are the only ones the management of which devolves upon the District Board. There is but one Normal school. The school-fees (about Rs. 90) will be credited to the District Fund and the rest to the Taluk Funds.

(*c*) *Sale-proceeds of books.*—The Inspector's estimated receipts under this head is Rs. 400, but the average collection for the past three years comes to Rs. 180, and this figure has been entered in the estimate. The agency employed for the sale of these books being the inspecting schoolmasters under the immediate control of the District Board, that Board will take credit for this sum in their budget (*vide* also G.O., No. 1155, dated 3rd December 1885).

3. *Medical*—(*d*) *Income from endowments.*—To found a dispensary at Udayárpálaiyam (which is about 25 miles to the east of Ariyalúr, where there is a Local Fund hospital), the late Zemindar of Udayárpálaiyam placed at the disposal of the District Board a sum of Rs. 3,000. The District Board have proposed, in their proceedings, No. 363, dated 9th December 1885, to invest the amount in the Madras Municipality debentures. A sum of Rs. 180 is expected to be realised as interest, calculated at 6 per cent. per annum. This amount will be transferred to the Taluk Boards which are to control all the dispensaries of this circle.

4. *Interest*—(*b*) *On arrears of revenue.*—The chief item of revenue under the head of interest comes from arrears of land-cess. A sum of Rs. 640 is expected to be collected, calculated on the average receipt of the past three years. Of this, one-half will be transferred to Taluk Boards.

5. *Miscellaneous*—(*a*) *Contributions for purposes other than education, medical or works*—(3) *From private individuals.*—The only object, besides those marginally noted, for which contributions are usually made, is the improvement of water-supply and village site. It does not appear from the divisional officer's reports received on the subject, that any contribution for the purpose can be expected. Hence no credit is taken.

Of this, Rs. 708 appertains to the Local Fund Normal School and will therefore be credited to the District Fund and the rest (Rs. 1,852) to the Taluk Boards.

8. *Contribution from Special Funds.* (*a*) *Pound Fund.* (*b*) *Canal and Ferry Fund.*—*Vide* the figures proposed to be transferred from Provincial to Local Funds as per budget estimates of the Special and Ferry Funds for 1885-86.

9. *Allotment from the District Fund.*—The receipts under these items will be credited to District Fund.

EXPENDITURE, GRANT I—PUBLIC WORKS.

(*a*) *New Works—I. Communications.*—Rs. 3,700 will be available under Ferry Funds. This will be set apart for the construction of new ferry roads and bridges. The reconstruction of the Kudamuruthy bridge being very emergent, provision has been made to carry it out next year. For want of funds no provision has been made for any other works.

2. *Civil Buildings.*—Rs. 1,100 will be provided for the reconstruction of the chattram at Puthanatham which is in ruins—*Vide* District Board's Proceedings, No. 361, dated 9th December 1885. The charge will be debited to Taluk Funds.

3. *Miscellaneous Public Improvements.*—This amount (Rs. 1,500) is considered sufficient. The Taluk Boards will bear the charge.

(*b*) *Repairs*—1. *Communications—Local Fund Engineer.*—For want of funds no provision has been made for repairs to minor roads (*vide* item No. 15, appendix to Part II, Repairs, statement II-A of the estimate for 1885-86.) The allotment for 1885-86 for road No. 22 has been cut down from Rs. 470 to Rs. 280 in 1886-87, because 3¼ miles of the total length of 6 miles have already been included among the ferry roads, and provision made for its maintenance. The allotment in 1885-86 for repairs to bridges will be reduced for 1886-87 from Rs. 3,000 to Rs. 2,000. The maintenance grant for road No. 3 has been temporarily cut down by the District Board in their Proceedings, No. 24, dated 11th January 1886 from Rs. 8,700 to Rs. 6,525. While the estimate for 1885-86 has thus been reduced by Rs. 4,780, Rs. 850 will be added to it for the maintenance of the completed portions of the following roads :—

	RS.
1. Maintaining the new road from Turaiyúr to Perambalúr sanctioned in G.O., No. 557, dated 3rd August 1885	300
2. Maintaining the new road from Vyampatti to Palaviduthy sanctioned in G.O., No. 441, dated 10th July 1885	300
3. Maintaining the new road from Palaviduthy to Kadavur. Original estimate was sanctioned in G.O., No. 705, dated 15th March 1884	150
4. Maintaining the ferry road leading to the Cauvery left bank at Iyampalayam, half-a-mile at Rs. 100 per mile (Revenue Board's Proceedings, No. 2048, dated 31st March 1885)	50
5. Maintaining the ferry road from Kattalai to Agundacauvery (Revenue Board's Proceedings, No. 11420, dated 3rd December 1884) ...	50
Total ...	850

The District Board will retain in their hands the maintenance of main roads Nos. 1, 2, 3, 4, 5, 7, 9, 10 and 11 and all ferry roads. They will further reserve to themselves Rs. 700 out of what is allotted for repairs to bridges. The balance allotment will be transferred to the Taluk Boards.

2 (*b*) *Civil Buildings.*—Rs. 500 for the repair of chattrams and Rs. 1,000 for fitting up a portion of the Nabob's palace for Normal school (*vide* G.O., No. 552, dated 3rd August 1885), have been provided for. The former will be charged to Taluk Funds and the latter to the District Fund.

3 (*b*) *Miscellaneous Public Improvements.*—Rs. 500 has been entered for the repair of markets and Rs. 1,000 for the maintenance of avenues. The former will be debited to Taluk Funds and the latter to the district fund.

(*c*) *Establishment, Public Works Department Supervision, other establishment charges.*—The estimate for the reconstruction of the Kudamuruthy bridge was scrutinized by the Public Works Department. The amount of contribution will therefore be Rs. 160 calculated at 2½ per cent. on the estimated outlay.

2. *Local Fund Engineering Establishment.*—It is proposed to dispense with the services of the sub-overseer for the Pachamalai ghât road and with those of his lascar, as no new work is to be done in the year. The finished portion of the ghât road can be looked after by the taluk overseer.

The cost of the establishment will therefore be Rs. 14,950 to which will be added Rs. 1,200 on account of travelling allowance to the engineer and the supervisor, making in all Rs. 16,150. The cost will be debited proportionately between the District and Taluk Boards according to the value of work chargeable to each Board.

(*d*) *Tools and Plant—Local Fund Establishment.*—Rs. 400 will be sufficient for purchase and repair of tools and plant, &c. A fresh supply has been received very recently.

(*e*) *Contingencies.*—Entered as per 1885-86.

The charge under (*d*) and (*e*) will be rateably distributed between the Taluk and District Boards on the value of works in charge of each Board.

(*f*) *Contributions to* (3) *Municipalities.*—The fixed charges are Rs. 1,210 and they will be borne by the District Board.

GRANT II, EDUCATION.

(*a*) *Inspection.*—There are five inspecting schoolmasters—two on Rs. 35 each, two on Rs. 30 each, and one on Rs. 25.

The deputy inspector proposes to give an increase of Rs. 5 to the inspecting schoolmaster, Kulitalai taluk, who now draws Rs. 30 a-month. The sub-committee do not see the necessity for this increase, as he may be promoted whenever there is a vacancy in the higher grade. Rs. 2,650, the sub-committee consider as sufficient for all expenditure under this head. The charge will be debited to the District Board.

(*b*) *Normal Schools* (1) *Salaries of Masters.*—The head master being entitled to an increment of pay, Rs. 2, from 1st November 1886, necessary provision has been made to meet the extra cost.

(2) *Stipends of Students* (3) *Clerks and Servants.*—Entered as per budget for 1885-86.

(4) *Miscellaneous.*—To supply the school with furniture, maps, &c., the Inspector of Schools proposes that the grant may be raised from Rs. 60 to 168. But for want of funds, Rs. 100 is entered.

Inspector further suggests the opening of a Normal school at Trichinopoly, the Kulitalai Normal school being left as it is, and has made provision to meet the additional charges. The District Board have already decided to transfer the existing Normal school from Kulitalai to Trichinopoly. The present state of funds does not permit the opening of an additional Normal school.

(*c*) *Secondary Schools* (1) *Salaries of Masters, Salary System.*—There are two schools—one at Lálgudi and the other at Kulitalai. Provision has been made to meet :—(i) the extra cost which is consequent on the revision of the establishment of the Lálgudi Middle school. (*Vide* G.O., No. 2856, dated 9th December 1884.) (ii) the increment of pay due to the third master of the Kulitalai Middle school which is to come into effect from 1st April 1886 ; and (iii) proposed increase of pay (from Rs. 6 to 7) to the gymnastic instructor, Lálgudi, now under training.

(*c*) *Clerks and servants.*—No remark.

(3) *Miscellaneous.*—Provision has been made for supply of furniture, maps, books, &c., amounting to Rs. 250.

(*d*) *Elementary Schools— Combined System.*—During the year 1885-86 the undermentioned schools have been closed and transferred to places set opposite to their names by the District Board—

(1) *Salaries of Masters fixed.*—The increase over the estimate for 1885-86 is due to the following causes :—

(I) Proposed conversion of the Local Fund elementary school at Nangaveram into a middle school as recommended by the Inspector of Schools. The cost of the establishment will be the same as that of the other combined system middle schools in the district.

(II) Proposed appointment of second masters to each of the Local Fund schools at (1) Thimmachipuram, (2) Kistnarayapuram, (3) Kavarapalayam, and (4) Agalur on Rs. 5 each.

(III) Proposed opening of two new schools at (1) Elangakurichi and (2) Mylampatti. These are dry villages in the Kulitalai taluk. They are inhabited chiefly by Muhammadans (Lubbais) who are anxious to secure systematic elementary education.

School-fees.—The Inspector's figures have been adopted.

Results.—Fluctuating item, Rs. 1,600, has been entered with reference to the actual payment in 1884-85.

(*d*) 2, *Servants.*—The increase over the estimate is due to the increase proposed to be given to the sweepers of the schools at Nangaveram, Aniapur, Valanadu, Sengendi and of the two new Local Fund schools above alluded to.

(3) *Miscellaneous.*—Rs. 100 has been entered on account of sundry charges.

(*e*) *Grants-in-aid*—2, *Results Grants.*—Fluctuating item. (*Vide* current year's (1885-86) figure).

(*g*) *Miscellaneous*—1, *Purchase of Books.*—The estimate was calculated on the average cost of the past three years. The charges under (*g*) will be borne by District Fund.

(2) *Commission on Sale of Books.*—Rs. 30 has been entered calculated at 15 per cent. of the estimated sale-proceeds of books.

Rewards to Masters.—This item has been added to the new form of budget, and Rs. 50 have been entered as in 1885-86.

GRANT III—(*a*) *Hospitals and Dispensaries*—(2) *Medical Subordinates.*—There are three hospital assistants of the second class. They draw from the Local Funds Rs. 33¾ per mensem and Rs. 11¼ from Government.

It is proposed to open two new dispensaries at Udayárpálaiyam and Turaiyúr with effect from 1st April 1886. Two second class hospital assistants, as in other dispensaries, will be appointed.

Application is being made to Government for the usual pay paid by Government for services rendered to the State.

Thus the charge of the Local Fund Board on account of the hospital assistants will amount to Rs. 2,025, which is entered in the budget and transferred to the Taluk Boards.

Provision has been made to meet the pay of the peon attached to Lálgudi dispensary (*vide* G.O., No. 351, dated 22nd June 1885), as well as the increase of one rupee sanctioned to the Kavalgar of Musiri dispensary (*vide* G.O., No. 742, dated 18th September 1885).

Clerks and Servants.—Provision has also been made for the appointments of two compounders on Rs. 7 each and two sweepers on Rs. 3 each per mensem for the dispensaries proposed to be opened at Udayárpálaiyam and Turaiyúr. Thus the total cost amounts to Rs. 790, and it will be debited to Taluk Funds.

(10) *Zillah Surgeon's Establishment, &c.*—Rs. 450, as entered in the regular estimate, will be sufficient for expenditure in 1886-87. The charge will be debited to the District Fund.

(12) *Contingencies.*—The amount of Rs. 600 sanctioned in the budget for 1885-86 being insufficient, it was raised to Rs. 900 in the regular estimate. Now that two new dispensaries are to be opened, the charge under this item has been further raised to Rs. 1,000 for 1886-87. This will be included in the expenditure under the Taluk Funds.

(*b*) *Vaccination.*—(1) *Fixed Charges.*—The details of vaccine establishment, as given in the statement No. X, are as follows :—

	RS. Per mensem.
One deputy inspector on	70
Five first-class vaccinators, at Rs. 15 each	75
Eleven second-class vaccinators, at Rs. 10 each	110
Three probationers, at Rs. 5 each	15
One peon on Rs. 6	6
Total ...	276

Annually Rs. 3,310 in round figure.

(2) *Contingencies.*—The grant for 1885-86 will be raised from Rs. 290 to 390. (*vide* regular estimate).

The District Board will bear the charges under "vaccination."

(*c*) *Sanitation*—1, *Improvement of Water-supply*—2, *Improvement of village-site.*—Rs. 400 and 200 have been provided for, respectively, under 1 and 2 for each of the five taluks in the district.

(3) *Scavengering Establishment.*—The existing cost of establishment (Rs. 6,430) has been added, Rs. 36, being the pay of a tank watchman appointed at Chettikulam in Musiri taluk and Rs. 54, being half the cost of the establishment entertained at Kattuputhur for lighting the town.

(5) *Other Sanitary Outlay.*—The estimate for 1885-86 amounts to Rs. 900, but as it may not be sufficient for the purpose, Rs. 100 is added to it for 1886-87.

(6) *Cholera Charges.*—The charges under this head include chiefly the value of medicines purchased locally by the tahsildars and deputy tahsildars to prevent the spread of disease. Rs. 400 are therefore set apart for the purpose.

The charges under (*c*) Sanitation will be borne by the Taluk Boards.

(*d*) *Markets*—(1) *Establishment.*—To the amount provided for in the estimate for 1885-86 is added the cost of the establishment sanctioned for Samayapuram, Ariyalúr and Puthanatham markets. The total cost amounts to Rs. 125 a-month, which for the year is estimated at Rs. 1,500.

(2) *Contingencies.*—Rs. 1,000 have been entered so as to meet the cost of printing tickets and other miscellaneous charges which are of a fluctuating nature.

The expenditures under (*d*) market will be debited to Taluk Boards.

(*e*) *Choultries*—(1) *Establishment*—(2) *Feeding Travellers.*—No remark. Entered as per budget for 1885-86.

(3) *Contingencies.*—Raised from Rs. 200 to 300 (*vide* regular estimate). The proposed expenditure under (*e*) Choultries is transferred to the taluk funds.

(*f*) *Bungalows*—(1) *Establishment.*—The actual cost of the establishment is Rs. 9 per mensem. Rs. 110 has therefore been entered for the whole year.

(*f*) *Contingencies.*—Entered as per budget for 1885-86.

(*g*) *Contributions to* (1) *Provincial Services*—(1) *Medical College*, (2) *Sanitary Inspection.*—Rs. 900 have been entered under (1) and (2), calculated at ½ per cent on the estimated receipts.

(3) *Medical Reserve Staff.*—This has been calculated at ·04 per cent. on the above receipts.

(4) *Cutler's Establishment.*—The estimate for 1885-86 has been repeated.

(5) *Lunatics.*—The estimate for 1885-86 has been repeated.

(6) *Medicines and Surgical Apparatus.*—The estimate for 1885-86 has been raised by Rs. 200 so as to meet the extra charges consequent on the proposed opening of the two new dispensaries. The charge will be borne by the taluk boards.

(3) *Municipalities—To Trichinopoly Municipality for Civil Dispensary.*—Fixed.

To Srirangam Municipality for Dispensary.—Fixed.

To Srirangam Municipality—One-third cost of expenditure for festivals and lighting the Cauvery Bridge.—The contribution has been calculated on the average of the actual payment during the last three years.

(4) *Private Individuals Irungalúr Dispensary.*—Fixed.

Grant IV—Miscellaneous—(*a*) *Controlling Establishment at the Presidency.*—The figure advised by the Accountant-General for 1884-85 has been taken as the estimated expenditure for 1886-87.

(*b*) *Establishment in the Collector's Office.*—This includes the pay of an accountant on Rs. 35 and a Local Fund audit clerk on Rs. 58-5-4 per mensem. The estimated cost for the year is therefore Rs. 1,120 to which Rs. 30 has been added on account of contingencies.

(*c*) *Local Fund Board's Office Establishment.*—The cost of the District Board establishment is Rs. 139 a month which, for the year, amounts to Rs. 1,670 in round figure.

The budget sub-committee proposed the establishment noted in the margin for the three taluk boards and ten unions in the district, and it has been adopted at the general meeting. A sum of Rs. 1,200 has been provided in the budget.

Taluk Boards (3).—1 Clerk on Rs. 10. Unions (10).—1 Gumastah on Rs. 7.

(*d*) *Contingencies, District Board, Taluk Boards and Unions*—(1) *Stationery*, (2) *Postal Charges*, (3) *Printing Charges.*—A sum of Rs. 150 has been added to the sanctioned estimate for 1885-86 under this head. Rs. 570 will be debited to the taluk and Rs. 580 to the district funds.

(4) *Travelling Allowance to Non-official Members.*—The Board do not think it desirable to make any provision under this head for want of funds.

(5) *Travelling Allowance to Office Establishments.*—Rs. 50 have been entered approximately.

(*e*) *Pensions.*—Rs. 140 as in the estimate for 1885-86 have been put down for the next year.

Reserve.—Amount available under reserve for expenditure on general purposes is Rs. 3,775 of which Rs. 2,502 will be placed at the disposal of the taluk boards and Rs. 1,273 at that of the district board.

Balance.—Rupees 9,960 is the balance under Endowment fund.

(Signed) H. R. FARMER,
President.

From Deputy Surgeon-General G. BIDIE, M.B.,C.I.E., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 12th February 1886, No. 209.

I have the honor to report for the information of Government that, exclusive of Rs. 900 set apart as contribution for sanitary inspection, the District Board of Trichinopoly have allotted a sum of Rs. 10,920 to meet the sanitary wants of the district during 1886-87. This yields a percentage of 24·7 on the available income, and it may be accepted for the purposes to which it is proposed to devote the grant, which are as follows :—

	Rs.
Improvement of water-supply	2,000
Do. of village sites	1,000
Conservancy establishment	6,520
Other sanitary outlay and cholera charges	1,400
Total ...	10,920

2. I note the following items entered under Grant I, "New Works" and "Repairs" :—

	Rs.
New Works—	
Civil buildings	1,100
Miscellaneous public improvements	1,500
Repairs—	
Civil buildings	1,500
Miscellaneous public improvements	1,500

3. Some of the works under these heads may be of a sanitary nature, but as no details have been furnished to me as required by the Proceedings of the Board of Revenue, No. 1529, dated 10th October 1880, I cannot determine if any such are to be undertaken and the amounts allotted for the purpose.

4. The vaccination grant amounts to Rs. 3,700, being Rs. 100 more than the grant for the current year. It may be accepted, and the establishment employed seems to be adequate.

From M. C. FURNELL, Esq., M.D., F.R.C.S., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 16th February 1886, No. 82.

I have the honor to state that the provision made in Grant III of the budget estimate of the District Board of the Trichinopoly district for the year 1886-87 for the maintenance of the dispensaries, including the two institutions proposed to be opened at Turaiyúr and Udayárpálaiyam, is sufficient and calls for no remarks, the President, District Board, having explained the variations between the current year's grant and the estimate.

From D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 24th February 1886, No. 1322.

I have the honor to submit the following remarks on the Educational portion of the budget estimate of the Trichinopoly District Board for 1886-87 :—

2. *Receipts.*—The Educational assets are estimated at Rs. 30,910, made up of—

	Rs.
One-sixth land-cess	22,030
School-fees	6,140
Sale of books	180
Provincial contribution	2,560
Total ...	30,910

The new school-fee notification will come into force from the 1st July 1886, and an additional income of Rs. 1,000 may be expected from school fees. This will raise the total receipts to Rs. 31,910.

3. The expenditure proposed aggregates Rs. 31,850, against Rs. 30,050 in the current year's budget:—

	1885-86. Rs.	1886-87. Rs.
Inspection	2,730	2,650
Training schools	2,100	2,150
Local Fund schools	16,360	18,120
Results grants	8,550	8,550
Miscellaneous	310	380
Total ...	30,050	31,850

4. *Inspection.*—The provision made for the pay and allowances of inspecting schoolmasters is sufficient, though it is slightly less than the current year's grant.

5. *Training schools.*—The District Board now maintain a normal school at Kulitalai and they have resolved to remove it to Trichinopoly. Dr. Bradshaw is opposed to this step, and from the copy of his letter enclosed, it will be seen that his arguments are forcible. It is, no doubt, an advantage to have the normal school at head-quarters, but the interests of the outlying and educationally-backward taluks of the district should also be considered. I trust, therefore, that the District Board, before taking further steps to bring back the school to Trichinopoly, will reconsider their decision.

6. *Local Fund Schools.*—There is an increase of nearly Rs. 2,000 in the allotment for Local Fund schools. The receipts and charges of the several classes of institutions are given below:—

	Charges. Rs.	Receipts. Rs.
Secondary schools	3,168	3,554
Elementary do.	14,952	4,348

The two secondary schools at Kulitalai and Lálgudi are expected to leave a surplus after meeting all charges. In elementary schools, however, the receipts from fees and grants are calculated to cover only 30 per cent. of the charges. The net cost to Local Funds is very heavy. The fees should be gradually assimilated to the Government rates, or the fixed stipends to teachers should be reduced to make them at least half-supporting.

7. The assignments for results grants and for miscellaneous charges call for no remark.

ENCLOSURE.

From J. BRADSHAW, Esq., M.A., L.L.D., Inspector of Schools, Acting in 6th Division, to the Director of Public Instruction, dated Coimbatore, 9th February 1886, No. 480.

I have the honor to forward the budget estimate accompanying statements for 1886-87 for the Trichinopoly district.

2. I approve of the budget generally, except the proposal for the removal of the normal school from Kulitalai to Trichinopoly.

3. The normal school was for several years held in Trichinopoly; but a few years ago it was transferred to Kulitalai on the following grounds among others:—

(1) Pyal school-masters and suitable candidates were unwilling to come to Trichinopoly from the distant villages in Perambalúr, Ariyalúr and Udayárpálaiyam taluks.

(2) The cost of living in Trichinopoly was much greater and the mode of life very different from what village-men were accustomed to.

(3) In Trichinopoly the students were much more likely to fall into bad company and temptations than in a small town.

(4) The normal school having for so long been in Trichinopoly, the immediate neighbourhood and a radius of 20 miles or so had had the benefit of the school, while the more distant places had not.

4. After the transfer of the school, a suitable school-house was specially built at Kulitalai, and a practising school formed there of the elementary Local Fund Board school.

5. If the school is transferred back to Trichinopoly, it will be difficult to form a practising school, for the place where it is proposed to locate it is close to a number of aided primary schools, the managers of which would object to it, as the lower rate of fees in the practising school would naturally draw away many boys from their schools.

6. The suggestion to transfer the school to Trichinopoly was made by Mr. Monro, who seems not to have been informed of the history of the matter, and he made it on the ground that it would be well for the school to be at the head-quarter station where the Local Fund Board meet.

7. When the matter was referred to Mr. Garthwaite, he opposed its transfer from Kulitalai, and the proposal to do so was carried by a majority of only two.

8. As I do not think the members of the Board can have been fully aware of the reasons against its retransfer to Trichinopoly, I recommend that the matter be reconsidered.

Proceedings of the District Board, Trichinopoly, at a Meeting held on Monday, the 11th January 1886.

Proceedings No. 24 of 1886.

Read budget estimate of 1886-87, prepared by the sub-committee appointed for the purpose.

Resolution.—The Board resolve to reduce the maintenance allotment of the Madras trunk road (No. 3) from Trichinopoly to the South Arcot frontier from Rs. 200 to Rs. 150 a mile. The Local Fund Engineer considers that the experiment may have a trial with a fair prospect of success. The saving will amount to Rs. 2,175. This sum will be placed in the reserve for the present. If this resolution is approved of by Government, the question of allotting the saving to the Taluk Board with a view to expenditure on the formation* of a road from Arumbavur to Krishnapuram in Perambalúr taluk will be considered after the Board have experience of six months of the results of the reduced grant.

* *Vide* G.O., No. 909, 20th October 1885.

With regard to the allotment of Rs. 3,700 for ferry roads and bridges, the Board resolve to allot Rs. 2,500 for three road-dams on the road from Tirumamur to Kilapalúr (ferry road No. 15) and the remaining Rs. 1,700 for the ferry road from Varadarajapuram to Thirunarayanapuram. The Board regret their inability to allot as reserve and balance a sum equal to 15 per cent. of receipts as indicated by rule 24. Subject to the above resolution, the draft budget prepared by the budget sub-committee is passed.

President.

2. *Revised Estimate for* 1885-86.—The opening balance of Rs. 27,310, excluding debt heads, fell short of the budget estimate by Rs. 4,260, the decrease being due to short collections under land-cess in 1884-85. On the other hand, the current receipts for 1885-86 were estimated at Rs. 1,85,235, against Rs. 1,79,830 in the budget, the increase occurring mainly under land-cess, tolls and market rents, and being due to the collection of arrears and the introduction of the market fee system in the markets of Samayapuram and Ariyalúr. The total charges being estimated at Rs. 1,95,965 against Rs. 1,82,960 in the budget owing to subsequent allotments, the closing balance is Rs. 16,580, of which Rs. 8,660 appertain to endowments and are therefore transferred to Taluk Funds, the remainder being credited to the District Fund.

3. *Budget Estimate for* 1886-87.—Excluding these balances, the receipts are estimated at Rs. 1,78,170, against Rs. 1,79,830 in the budget for 1885-86. The land cess is expected to yield Rs. 1,32,200 or Rs. 2,000 less than the budget figure for 1885-86, and the income from tolls is estimated at Rs. 13,300 against Rs. 14,290 in the previous year, while the rents from markets are estimated at Rs. 6,000 against Rs. 3,500, with reference to the revised estimate for 1885-86. As suggested by the Director of Public Instruction, the estimate under school-fees will be raised by Rs. 1,000. It is observed that the receipts from fishery rents and avenues have been credited to the District Fund. The Government are of opinion that, in the absence of special reason to the contrary, such items should be credited to Taluk Funds. As, however, the District Fund budget provides no closing balance and but an inadequate reserve, the receipts under these heads will for the present be credited as proposed.

4. Under New Works, it is proposed to allot Rs. 10,050 for the road works noted in the margin, and Rs. 1,100 for the reconstruction of the chattram at Puthunatham. In view, however, of the small reserve provided and the absence of a balance, the first of these road works and the chattram work above referred to, for which no estimates have yet been submitted, will be struck out. The sum of Rs. 60, allotted by the District Board for the maintenance by the Public Works Department of the Cauvery southern embankment from Kuttalai railway station to Kuttalai village, should have been shown under (*b*) Repairs—Communications, instead of under (*f*) Contributions. The provision of Rs. 1,000 for adapting a portion of the Nabob's palace at Trichinopoly for the purposes of a normal school will also be struck out with reference to the Director's remarks, and the proposal to transfer this school from Kulitalai to Trichinopoly remitted to the Board for reconsideration.

	RS.
1. Construction of road dams and bridges on the ferry road from Tirumanúr to Kulapalur ...	2,500
2. Construction of ferry road from Varadarajapuram to Tirunarayanapuram	1,200
3. Reconstruction of the Kodamurity bridge	6,350

5. The Educational allotment is Rs. 31,850, against Rs. 30,050 in the budget for 1885-86. The increase, which occurs principally under Local Fund schools, is due to the revision of the establishment of the Lálgudi middle school in accordance with the scheme sanctioned in G.O., dated 9th December 1884, No. 2856, and to the following proposals now made in regard to elementary schools, involving an extra cost of Rs. 1,250 :—

(1) The conversion of the Nungavaram elementary school into a middle school;
(2) the appointment of second masters for the schools at Timmachipuram, Kistnarayapuram, Kavarapalaiyam and Agalur; and
(3) the opening of two new schools at Elangakurichi and Mylampatti, in the Kulitalai taluk.

These proposals are sanctioned, but the attention of the District Board will be drawn to the remarks of the Director of Public Instruction in paragraph 6 of his letter regarding the cost of elementary schools.

6. The current year's provision of Rs. 3,910 for hospitals and dispensaries has been increased to Rs. 5,415, in order to provide funds for the opening of two new dispensaries at Udáyarpálaiyam and Turaiyúr. As, however, the sanction of Govern-

ment has been withheld in the latter case for want of funds, the allotment will be reduced by Rs. 1,165, under minor heads (*a*) and (*g*). The contributions to the Medical College, Sanitary Inspection and Medical Reserve Staff, calculated on the figures of the revised estimate for 1885-86, should be Rs. 930, Rs. 930 and Rs. 80, respectively.

7. Under Grant IV, Rs. 1,200 are provided for establishments for the three taluk boards and ten panchayats to be constituted in the district, and Rs. 570 for their contingent charges. The establishments proposed for the taluk boards are sanctioned provisionally with reference to G.O., dated 25th January 1886, No. 116 L.F., and the provision made for the establishments required for the panchayats will be allowed to stand, pending the submission of the further report regarding unions called for in G.O., dated 22nd March 1886, No. 343 L.F. The reserve, calculated at 10 per cent. of the estimated receipts, is Rs. 17,920, but only Rs. 10,400 are available, of which Rs. 4,650 appertain to District Funds and Rs. 5,750 to Taluk Funds. The budget closes with a balance of Rs. 9,970, which appertains entirely to Endowment Funds. The President is therefore requested to expedite the proposals called for in G.O., dated 11th March 1886, No. 300 L.F.
