Note by the Chief Engineer, Public Works Department.

The rate entered for a punkah appears high, and there is no reason why so expensive a punkah-wheel as "Stoney's patent" should be provided.

2. In G.O., No. 735 W., dated 19th March 1886, when confirming the purchase of certain articles for the ophthalmic hospital, the Government remarked that they were not satisfied of the necessity for such expensive punkah-wheels as "Stoney's patent" for the purpose indicated.

3. It is recommended that Rs. 30 be allowed for each punkah, including all fittings and wheel.

Yes: but a Stoney's patent punkah wheel is not more than 10 to 12 rupees the utmost and allowing Rs 2 per running foot inclusive of wheels hanging &c. Rs 20 for a 10 ft punkah & 10 rupees or even 12 rupees for wheels which brings it up to Rs 30 or 32 the most. I beg however to call attention to G.O. No 735 W. D/ 19th March 1886 to Consulting Architect prohibiting the purchase of such expensive wheels herein enclosed with compliments

I considers all the rates in the Estimate fair with the exception of that for a punkah 10 feet long. Rs: 5 per foot is estimated or Rs: 50 for the punkah. I considers that at the most Rs: 3 per foot or Rs: 30 for the punkah should be charged.
