READ—the following letter from Lieut.-Colonel J. PENNYCUICK, R.E., Superintendent of Works, Tank Maintenance Scheme, to the Chief Engineer, Public Works Department, dated Red Hills, 26th November 1884, No. 1889 T. :—

I have the honor to request that you will be so good as to accord sanction to the renting of three private buildings for the accommodation of the divisional and sub-divisional offices of the No. II Tank division. The rent of the former will be Rs. 35 and that of the latter, of which there are two, Rs. 20 each per mensem, making an aggregate amount of Rs. 75 per mensem.

2. The rents applied for are higher in both cases than that allowed in paragraph 996 of the Public Works Code, but in the tank division and still more in the sub-divisions there is a very much greater amount of drawing and calculation than is the case in ordinary charges, and the amounts asked for appear to be the least for which suitable accommodation can be provided.

3. The Executive Engineer, Chingleput division, has certified that there are no Government buildings available at present for the accommodation of these offices.

From the Examiner, Public Works Accounts, dated 5th December 1884, No. 654.

ORDER—dated 12th December 1884, No. 3049 W., Public Works.

A divisional office may be hired at Rs. 35 per mensem as proposed.

2. The rent of sub-divisional offices has been restricted by the Government of India to Rs. 15, but as it is stated in the present case that the amounts asked for (Rs. 20 for each building) are the least for which suitable accommodation can be provided, the sanction of the Government of India will be requested to the admission of rent at that rate.
