GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers :—

From M. D. BELL, Esq , President, District Board, Bellary, to the Under Secretary to Government, Financial Department, dated Bellary, 16th December 1885, No. 909.

I have the honor to submit (by separate packet) the Local Board's consolidated budget estimate of the Bellary district for the official year 1886-87, together with the statements prescribed in the rules which accompanied G.O., No. 728-L.F., Financial, dated 14th September 1885.

2. Pending the constitution of Taluk Boards and unions in the district under G.O., No. 930-L.F., dated 23rd October 1885, the preparation of the budgets of those bodies for the ensuing year has been undertaken by the District Board in consultation with the Revenue Divisional Officers who will be ex-officio Presidents of Taluk Boards.

3. *Revised Estimate*, 1885-86—*Receipts*.—The actual closing balance of 1884-85, (Rs. 99,237) under service heads, arrived at on the audit of the supplemental accounts for March 1885 by the Accountant-General, has been adopted as the opening balance of the current year in framing the revised estimate.

Apart from the opening balance, the assets of the current year according to the budget estimate were Rs. 1,41,050, while the receipts by the revised estimate amount to Rs. 1,44,880 ; thus showing an increase of Rs. 3,830 in the income of the year. The fluctuations occur principally in the following items as detailed below :—

No.	Items of Receipts.	Budget Estimate.	Revised Estimate.	Difference.
		RS.	RS.	RS.
(*a*)	Land-cess	1,15,000	1,19,686	+ 4,6
(*b*)	Contributions from Municipalities for education ...	220	...	—
(*c*)	Do. from Provincial Funds for education.	1,790	1,040	—
(*d*)	Sale proceeds of books	1,000	500	—
(*e*)	Fees and fines	300	700	+
(*f*)	Other sundry receipts	...	214	+ 14
	Total ...	1,18,310	1,22,140	+ 3,830

(*a*) *Land-cess.*—It will be seen from the demand, collection and balance statement appended to the revised estimate that Rs. 36,145, the arrears of land-cess at the beginning of the year, and Rs. 1,10,000, the current demand, constitute a total demand of Rs. 1,46,145 for the year. Of this, a sum of Rs. 1,19,680 is expected to be realised during the year, irrespective of remissions estimated at about Rs. 7,380. The net amount likely to be realised under this head is in excess of the budgeted receipts, Rs. 1,15,000, by Rs. 4,686. The increase is accounted for by the improved condition of the season which was not foreseen at the time of framing the budget.

(*b*) *Contributions from Municipalities.*—Rs. 220 estimated under this head represents the annual contribution of Rs. 180 hitherto paid by the Bellary Municipality and Rs. 40 by the Adóni Municipality towards the cost of maintaining the Normal school at Bellary. Under the arrangement sanctioned in G.O., No. 702 M., Financial, dated 20th October 1885, the Municipal Councils have discontinued their fixed contributions and agreed to pay the actual net cost of educating each pupil sent by them for training in the school. No credit is therefore taken of this amount in the revised estimate.

(*c*) *Contribution from Provincial Funds for education.*—Rs. 1,790 were estimated under this head on account of salary grants of Local Fund schoolmasters and scholarship grants of Normal students, but the amount Rs. 1,040 credited in the revised estimate is all that may be expected in the current year, judging from the actuals of the previous year and from the fact that grants cannot be claimed on behalf of masters teaching classes below the second, under the Proceedings of the Director of Public Instruction, No. 1867, dated 23rd March 1885. The number of Normal students under training in the current year is less than that budgeted for, and the scholarship grant will therefore be diminished to some extent.

(*d*) *Sale proceeds of books.*—A sum of only Rs. 500 out of Rs. 1,000 estimated under this head is likely to be realised, the decrease being attributable to a less demand for books owing to the adverse state of the season and to the fact that a large stock of books in Taluk depôts purchased prior to the introduction of the new curriculum in Local Fund schools is remaining unsold. Such unsaleable books have been ordered by the District Board to be given away as prizes to deserving pupils, the cost thereof being written off the accounts.

(*e*) *Fees and fines.*—Looking to the actuals of the first six months of the year, the collections under this head may be estimated at Rs. 700, which exceeds the budget estimate of Rs. 300 by Rs. 400. The increase is owing to the extension of the provisions of the conservancy clauses of the Police Act to more villages than in the previous year.

(*f*) *Other sundry receipts.*—The variations in the other items of receipts are slight and are explained in the revised estimate.

4. *Charges.*—The following statement shows the variations between the figures of the budget estimate and those of the revised estimate under the several grants.

——	Budget Estimate.	Revised Estimate.	Difference.
	RS.	RS.	RS.
Grant I	1,08,240	1,23,790	+ 15,550
Do. II	22,340	21,970	— 370
Do. III	35,460	34,520	— 940
Do. IV	5,720	6,160	+ 440
Total ...	1,71,760	1,86,440	+ 14,680

The increase is chiefly due to the allotments sanctioned for New Works under Grant I from time to time subsequent to the submission of the budget as will be seen from the accompanying statement IX-B. The allotments sanctioned for New Works, Communications, amount to Rs. 26,660 in the aggregate. Of this sum, an outlay of only Rs. 14,110 will probably be incurred during the year, leaving an unspent balance of Rs. 12,550 under this head. The allotments for Repairs, Communications, including those subsequently sanctioned, amount in the aggregate to Rs. 86,970, out of which a saving of Rs. 16,000 is anticipated, the amount expected to be utilized being Rs. 70,970. The road works in this district were not commenced till the month of October owing to failure of the early rains, and consolidation of material collected on roads in the previous year was effected late in the year after the rains set in. The

outlay shown in the revised estimate on Communications, Roads, is the lowest that can be incurred if the roads are to be kept in fair order.

The allotments for Civil Buildings are expected to be utilised in full.

Under the head of "Miscellaneous Public Improvements, New Works," a saving of Rs. 2,000 out of an allotment of Rs. 6,220 is expected to be effected on water-supply works entrusted for execution to the Revenue Department.

The allotment Rs. 5,000 under "Miscellaneous Public Improvements, Repairs" includes a sum of Rs. 1,000 for water-supply improvements, and the whole amount will be utilised in the repair of wells and coontas during the year. The remaining sum, Rs. 4,000, is required for the maintenance of avenues in the district. There will be a saving of Rs. 1,080 in the allotment, Rs. 18,080, for the Local Fund Engineering establishment, as some of the overseers are not paid the maximum salaries of their appointment as budgeted for, and the sum provided for travelling allowance of establishment will not be drawn in full.

The variations in the other items of expenditure are slight and explained in the revised estimate.

5. BUDGET OF 1886-87—*Revenue and Receipts.*—The closing balance Rs. 57,670 arrived at in the revised estimate of 1885-86 has been adopted as the opening balance of the ensuing year. It will be seen from statement I-A that one-half of the proceeds of land-cess, tolls and other taxes levied by the District Board in each Local Fund taluk has been transferred to the Taluk Board concerned, and further allotments aggregating Rs. 36,750 have also been transferred from the District Fund to Taluk Boards under section 55 of the Act to cover the deficit required to meet the expenditure debitable to the said Boards.

The receipts of the year 1886-87 are estimated at Rs. 1,51,620 exclusive of the opening balance Rs. 57,670 and the allotment of Rs. 36,750 made from the District Fund to Taluk Boards. The assets of the ensuing year exceed the estimated receipts (Rs. 1,41,050) of 1885-86 by Rs. 10,570 and the actuals of the previous year by Rs. 24,640. The increase occurs principally in the receipts of land-cess, house-tax, and ferry rents. The fluctuations in the important items of receipts are explained below :—

(*a*) *Land-cess.*—The receipts under this head are estimated at Rs. 1,24,000 against a budget estimate of Rs. 1,15,000 in the current year and Rs. 1,19,680 according to the revised estimate. The increase is attributable to an improvement in the character of the season, which for the last two years has been unfavorable. A sum of Rs. 19,000, almost full payment of the arrear demand, and Rs. 1,05,000 against a current demand of Rs. 1,17,000, are expected to be realized in the ensuing year. A demand, collection, and balance statement of land-cess for 1886-87 is attached to statement I-A.

(*b*) *Tolls.*—There are no toll-gates belonging to the Local Board in the district, but the Municipalities contribute a share of their toll collections. Tolls will be levied at maximum rates by the Municipal Councils in the district, and the gross collections are estimated at Rs. 15,000 in the Bellary Municipality and Rs. 3,600 in the Adóni Municipality. One-third share payable to the Local Board by the former will be Rs. 5,000 and one-fourth share due by the latter comes to Rs. 900, thus making a total income of Rs. 5,900 against an estimate of Rs. 7,850 for the current year. It is anticipated that the lease for the next year will be less productive than it has been hitherto, as the contractors for the current and previous years complain of a falling off in their collections. This will doubtless affect the bidding; hence the considerable decrease under this head.

As the share of tolls payable to the District Board by the Municipal Council to be constituted at Hospet under G.O., No. 551 M., Financial, dated 21st September 1885, is not determined, no credit is taken of the amount in the budget pending final settlement of the question after the municipality is organized.

(*c*) *House Tax.*—In consequence of the unfavorable seasons which have prevailed for the last two years, the District Board is of opinion that it will not be advisable to levy any house tax during the current Fasli, as

reported in this office letter, No. 885, of the 7th instant. The collections under this head are therefore estimated at Rs. 5,000 as detailed in statement VIII for the nine months of the ensuing official year following the current Fasli.

(*d*) *School-fees.*— The collections of school-fees are estimated at Rs. 1,780 against an estimate of Rs. 2,780 for the current year. The decrease is chiefly due to fees of the secondary school at Hospet and of the combined system schcol at Chitwadigi not having been taken into account in anticipation of the transfer of these institutions to the Municipal Council to be established at Hospet. A slight decrease is also anticipated in the fees of some of the combined system schools owing to a fall in the attendance.

(*e*) *Sale proceeds of books.*—A sum of only Rs. 500 out of Rs. 1,000 budgeted for is expected to be realized under this head for reasons explained in paragraph 3 (*d*) *supra*.

(*f*) *Market Rents.*—The market fees are estimated at Rs. 2,140 against Rs. 2,600 for the current year as shown in statement VII. The decrease is due to the fees of Chitwadigi market, the most productive one in the district, not having been taken into account in consideration of the constitution of a municipality there. The income of this market amounts to Rs. 1,000. Four other places named in the margin to which the District Board propose to extend the system of collecting fees as reported in this office letter, No. 887, dated 11th December 1885, are included in the budget, and the income derivable from them, viz., Rs. 740, has also been taken into account.

1. Emiganur (Adóni Taluk).
2. Ráyadrug.
3. Hadgalli.
4. Hampaságar (Hadgalli taluk).

(*g*) *Bungalow Fees.*—Only Rs. 380 are expected to be realized under this head against an estimate of Rs. 500 for the current year. The decrease is due to the omission of the fees of the travellers' bungalow at Hospet from the budget on the assumption that the building will be made over to the Municipal Council to be constituted there.

(*h*) *Fees and Fines.*—Rs. 500 are shown under this head against Rs. 300 in the current year. The increase is owing to the extension of the provisions of the conservancy clauses of the Police Act to some extra villages as noted in pargraph 3 (*e*) *supra*.

(*i*) *Ferry Rents.*—About Rs. 5,500 are expected to be realized by the sale of ferry contracts in this district. The Hesrur and Sovinhalli Ferry Farm is expected to be sold in the Dharwar district for Rs. 3,680 under the arrangements sanctioned in G.O., No. 2147, dated 10th November 1879, and the moiety of the sale proceeds to be credited to this Board will be Rs. 1,840. The total receipts of ferry rents are therefore set down at Rs. 7,340 against an estimate of Rs. 6,250 for the current year. The large increase is attributable to competition that may be expected among bidders.

(*j*) *Fishery Rents.*—Rs. 800 are expected to be realized under this head against Rs. 600 for the current year, the increase being due to the supply of water which tanks in the district have received this year so as to render the contracts more profitable. The rents of fisheries in Hospet revenue taluk alone come to Rs. 600 and the rest to Rs. 200.

(*k*) *Contributions from Provincial Funds on account of education.*—A Provincial grant of Rs. 1,030 on account of schools is shown under Receipts against an estimate of Rs. 1,790 for the current year. The decrease is due to the fact that grants cannot be claimed on behalf of masters teaching classes below the second as explained in paragraph 3 (*c*) *supra*. The details of salary grants to each school are given in statement IV.

(*l*) *Pound Fund.*—The Pound Fund receipts are estimated at Rs, 950 against an estimate of Rs. 700 for the current year. A larger surplus is likely to be available in the next year for transfer to the Local Board, as there is nofurther need at present for the construction of new pounds as has been the case in the previous year.

The other items of receipts are almost identical with the figures of the current year.

6. *Expenditure.*—The estimated expenditure for 1886-87 is Rs. 1,78,800 excluding Rs. 36,750 the amount allotted to Taluk Boards from the District Fund under section 55 of the Act, and a total reserve of Rs. 15,160. The expenditure estimated in the budget for the current year was Rs 1,71,760 which came to Rs. 1,86,440 according to the revised estimate, while the actuals of the previous year amounted to Rs. 1,57,990.

After making the necessary allotments to Taluk Boards from the District Fund and providing for the several fresh proposals sanctioned by the District Board in their Resolution, No. 12, dated, 7th December 1885, copy attached, there will be a balance of Rs. 15,330 besides a reserve of Rs. 15,160 calculated at 10 per cent. of the estimated receipts of the year according to Rule 24 (budget rules).

A statement showing the probable financial condition of the year is subjoined:—

Boards.	Estimated receipts.	Allotments to Taluk Boards from the District Fund.	Total.	Estimated expenditure.	Reserve at 10 per cent of the estimated receipts.	Total.	Balance.
	RS.	RS.	RS.	RS.	RS.	RS.	RS.
Bellary Taluk Board	28,260	2,550	30,810	26,290	2,820	29,110	1,700
Adóni do.	22,730	2,800	25,530	22,065	2,270	24,335	1,195
Hospet do.	29,950	31,400	61,350	56,765	3,000	59,765	1,585
District Board	70,680	..	1,28,350	* 1,10,430	7,070	1,17,500	10,850
Opening balance	57,670						
Total ..	2,09,290	36,750	2,46,040	2,15,550	15,160	2,30,710	15,330

* Includes Rs. 36,750, allotments to Taluk Boards from the District Fund.

7. *Grant I—Public Works—Communications, Roads.*—No new works are provided for under this head, as no proposals are matured and sanctioned. The allotments made in the current year are not likely to be completely utilised before the end of the year for reasons given in paragraph 4, *supra*. Sanction for re-allotment of funds for incomplete works will be applied for in the next year if necessary.

Maintenance grants varying from Rs. 50 to Rs. 200 have been assigned for ten principal lines of communication in the district as enumerated in statement III-B, and the amount allotted for them is Rs. 41,550. The definition laid down in G.O., No. 1155-L.F., dated 3rd December 1885, has been followed in the classification of these roads.

Allotments for the upkeep of village roads have been made to an aggregate sum of Rs. 38,660, and the balance available is so small that it is not possible to make any further allotment under this head at present.

The total allotment for Communications, Repairs, is Rs. 80,210, against Rs. 81,000 for the current year, and the actuals of the previous year Rs. 38,230. This sum is absolutely necessary to maintain the existing roads in fair order.

A tracing showing the position of the roads maintained is forwarded by separate packet. The positions of Local Fund buildings, toll-gates and ferry landing places are also sketched in it as required by Rule 9.

8. *Civil buildings.*—An allotment of Rs. 2,400 is made under "New Works" for the construction of a dispensary building at Ráyadrug, for which an estimate has already been submitted to Government for sanction through the Superintending Engineer. The inhabitants of Ráyadrug had contributed a large sum towards the cost of this building in 1884-85, and the provision is therefore absolutely required.

An allotment of Rs. 2,000 is made for repairs of civil buildings as in the current year, against the actuals of the previous year, Rs. 2,720. Of this sum, Rs. 500 is intended for hospitals and dispensaries, Rs. 500 for school-houses, and the remaining Rs. 1,000 for chattrams and travellers' bungalows.

9. *Miscellaneous Public Improvements.*—A sum of Rs. 2,000 is provided under new works for sinking wells and other water-supply works costing more than Rs. 300 each, the expenditure on which is debitable to Grant I. Funds will be allotted out of this grant from time to time during the year in accordance with the requirements of the localities.

The allotment under "Repairs" is Rs. 6,000 against Rs. 5,000 for the current year and the actuals of the previous year, Rs. 7,010. Of this allotment, Rs. 5,000 is intended for the maintenance of avenues and the remaining Rs. 1,000 for the repair of wells and other water-supply improvement works costing more than Rs. 300 each. The amount allotted for the maintenance of avenues in the current year was only Rs. 4,000, but an increased provision is necessary in the ensuing year for the formation of more nurseries and the extension of avenues in the district.

10. *Local Fund Engineering Establishment.*—The cost of Engineering establishment is estimated at Rs. 17,820 against an allotment of Rs. 18,080 for the current year and the actuals of the previous year, Rs. 16,870. The amount is regulated by the scale of establishment experimentally sanctioned in G.O., No. 651 M., dated 24th March 1885, and is below the prescribed percentage to the estimated outlay on works under Grant I. In estimating the cost of the establishment, the increment of Rs. 50, to which the Local Fund Engineer will be entitled from 1st April 1886 in accordance with the terms of his appointment, has been taken into account. His pay is budgeted for at Rs. 400 a month.

The District Board have resolved to debit to Taluk Boards the cost of Local Fund Engineering establishment in proportion to the expenditure on works carried out from Taluk Funds under the supervision of the said establishment. The estimated cost has accordingly been apportioned to the respective Taluk Boards.

11. *Tools and Plant and Contingencies.*—The allotment for tools and plant to be used by the Local Fund Engineering establishment is estimated at $\frac{1}{2}$ per cent. of the outlay on works, and it amounts to Rs. 460, and the provision of Rs. 1,000 for contingencies has been repeated to meet the growing wants of the department.

12. *Grant II, Education.*—The total allotment for education is Rs. 21,740 against a budget grant of Rs. 22,340 for the current year and the actuals of the previous year Rs. 22,660.

Inspection.—The allotment for inspection has been raised from Rs. 2,000 to Rs. 2,060 to meet the additional expenditure caused by the increase of pay of the Inspecting Schoolmaster of Hospet Range from Rs. 25 to Rs. 30, as recommended in this office letter, No. 898, dated 12th December 1885.

Normal School.—The provision for Normal school is raised from Rs. 2,000 to Rs. 2,300, the excess Rs. 300 being required to meet the second biennial increment of Rs. 2 per mensem to the head master of the school and the extra expenditure required by the increase of the rate of stipends of students from Rs. 4 to Rs. 5 a month as sanctioned in G.O., Mis. No. 475-L.F., dated 15th July 1885.

Local Fund Schools.—The amount allotted for schools, both secondary and elementary, is Rs. 8,730 against Rs. 9,690 in the current year; the decrease is due to provision not having been made for the middle or secondary school and the girls' school at Hospet, and the elementary combined system school at Chitwadigi, the management of which is expected to be taken up by the Municipal Council to be constituted there.

Provision has been made for establishing a combined system school at Emmiganur in the Adóni taluk at a cost of Rs. 410 as recommended in this office letter, No. 888, dated 11th December 1885. Provision has also been made for the additional master on Rs. 8 a month for the secondary school at Harpanahalli, sanctioned in G.O., Mis. No. 475-L.F., dated 15th July 1885, and for the personal allowance of Rs. 5 a month sanctioned to the head master of the Hadgalli school in G.O., Mis. No. 975-L.F., dated 31st October 1885.

The estimated receipts and charges of all the schools are given in statement IV.

Results grants.—Considering the straitened financial condition of the district and the greater need for making additional allotments for Sanitation, Medical Services, &c., the District Board thought of reducing the assignment for results grants for the ensuing year; but looking to the necessity of promoting elementary education in the district, the step is considered inadvisable. They have therefore sanctioned the full allotment of Rs. 8,000 on condition of Government waiving their claim to the contribution of Rs. 1,500 from Local Funds on account of a Deputy Inspector of Schools as has been done in the current year, and the necessary sanction of Government is solicited.

13. *Grant III, Medical Services, &c., Dispensaries.*—The total allotment for dispensaries is Rs. 10,960 against Rs. 11,910 for the current year as detailed in statement V. The decrease is chiefly due to the omission of the provision of about Rs. 2,000 for Hospet dispensary on the assumption of its being transferred to the Municipal Council to be constituted there. Provision has been made for the establishment of a third-class dispensary at Emmiganur in the Adóni taluk at a cost of about Rs. 850 in anticipation of sanction of the proposal contained in this office letter, No. 890, dated 11th December 1885. The allotment of Rs. 1,900 for medicines and surgical apparatus is shown under the head of "Contributions to Provincial Services" instead of under "Hospitals and Dispensaries" as hitherto, under the instructions of the Accountant-General.

A sum of Rs. 250 has also been allotted for the training of midwifery pupils in the ensuing year, as the District Board have resolved to send two candidates for training at Madras in the ensuing year. A monthly stipend of Rs. 10 is proposed to be allowed to each candidate.

The allotment for District Surgeon's establishment is raised from Rs. 200 to Rs. 350. The pay of the District Medical Officer's clerk (Rs. 25) has hitherto been met by contributions from the Bellary and Anantapur District Boards and the several Municipalities in those districts; but the Bellary Municipal Council having withdrawn their contribution from this year, both the District Boards have mutally agreed to pay half of the salary each. The Bellary Board will therefore have to contribute Rs. 12-8-0 a month instead of Rs. 7 only as hitherto. Hence the necessity for an increased allotment under this head.

14. *Vaccination.*—The material changes in the existing allotments for vaccination are that the provision for carrying out the system of animal vaccination or vaccination direct from the calf is raised from Rs. 500 to Rs. 600, owing to the difficulty of securing calves for hire, which renders their purchase necessary; and a sum of Rs. 100 is allotted on account of rewards to vaccinators, which the Board have resolved to grant at the rate of one anna for each case of successful vaccination in excess of the prescribed standard.

15. *Sanitation.*—The amount allotted under the several heads of sanitation is the same as that in the current year, except for the improvement of water-supply, the provision under which is raised from Rs. 1,000 to Rs. 2,000, as the requirements of the district in this respect are great. This allotment is intended to be spent on petty works, each costing Rs. 300 and less.

The allotment for scavengering establishment is Rs. 4,410 as detailed in statement VI. In view of the constitution of Hospet as a municipality, the scavengering establishment in that town is not provided for, as the maintenance of the same will devolve on that body. The cost of establishment at Hospet is Rs. 890, and the ensuing year's allotment is reduced by that amount. In order to secure an efficient working of the conservancy staff, the District Board have resolved to revise the present establishment by replacing toties for sweepers wherever practicable, and to carry out this arrangement an additional allotment of Rs. 710 is sanctioned, which will be distributed to different places in the proportion of the present allotment after the constitution of Taluk Boards.

16. *Markets.*—Rs. 360 is allotted under this head against Rs. 1,400 in the current year, and the actuals of the previous year, Rs. 260. This allotment is solely for the establishment of sweepers, &c., as shown in statement VII. No establishment is provided for Harpanahalli and Oojini markets, as the rents are leased out there and the conservancy will be attended to by the contractors. No provision is made for the

Chitwadigi market, which will have to be made over to the municipality to be constituted at Hospet. No allotments have been made for works in connection with the improvement of markets, but steps will be taken to utilize the Market Fund balance as proposals are matured and sanctioned by the District Board in the course of the year.

17. *Choultries.*—Rs. 340 are allotted under this against Rs. 310 in the current year; the slight increase being due to the entertainment of a sweeper on Rs. 2 per mensem for the chattram at Kampli, sanctioned in G.O., Mis. No. 745-L.F., dated 18th September 1885, and to provision having been made for a watcher on a monthly pay of one rupee for the chattram at Duggavatti as proposed in this office letter, No. 896, dated 12th December 1885.

18. *Bungalows.*—The allotment for the upkeep of public bungalows in the district is Rs. 930 against Rs. 1,390 for the current year, and the actuals of the previous year, Rs. 1,030; the decrease is owing to the omission of the allotment for the Hospet bungalow and to a reduction of the contingent provision of other bungalows, in consequence of their having almost been completely furnished in the previous and current years. Provision has been made for the pay of a sweeper entertained for the bungalow at Daroji as sanctioned in G.O., Mis. No. 489-L.F., dated 20th July 1885.

19. *Contributions.*—The Bellary District Board have, in communication with the Tanjore District Board, arranged for the training of their medical pupils in His Royal Highness the Prince of Wales' Medical School, Tanjore, subject to the payment of the necessary charges, as the measure proposed is economical. The contribution payable to the Tanjore Board is estimated at Rs. 200 per annum for the two pupils under training there, and the necessary allotment has been made in the budget. The sanction of Government has therefore been sought in this office letter, No. 886, dated 11th December 1885, to the exemption of this district from payment of contribution to the Madras Medical College; pending the orders of Government in the matter, the provision has been omitted in the budget.

The allotment of Rs. 1,800 shown against contributions to municipalities represents the sum of Rs. 1,200 payable to the Bellary Municipal Council towards the cost of the dispensary at Bellary, and of Rs. 600, the contribution of one-fourth of the charges of the dispensary at Adóni payable to the Municipal Council there. With reference to Rule 14 (Budget Rules), the District Board have resolved to bear the whole amount of contribution, Rs. 1,200, towards the cost of maintaining the hospital at the head-quarter station, Bellary, and decided that the Adóni Taluk Board should bear the contribution of Rs. 600 towards the charges of the Adóni dispensary. The allotment has accordingly been apportioned to the respective Boards.

20. *Lunatics.*—The allotment for maintenance of lunatics is raised from Rs. 100 to Rs. 500, owing to an increase in the number of lunatics under treatment in the asylum at Madras.

21. A small sum of Rs. 20 is allotted on account of rewards for killing dogs, and the provision seems to be adequate as a beginning.

22. *Grant IV, Miscellaneous.*—The share of cost of the controlling establishment at the presidency, chargeable to this district, is set down at Rs. 1,510 according to the figure advised by the Accountant-General for the previous year as required by the rules.

The allotment of Rs. 1,200 budgeted for the establishment in the Collector's office includes the provision to meet the pay and pensionary contribution of the Local audit clerk sanctioned in G.O., No. 514, Financial, dated 10th March 1885.

The sum of Rs. 3,020 allotted for Local Board's office establishments provides for the cost of establishments of Taluk Board's offices and the revised establishment of the District Board office as recommended in this office letters, Nos. 889 and 895, dated 11th and 12th December 1885.

An allotment of Rs. 2,700 is provided for contingencies of the District and Taluk Board's offices to meet the cost of stationery, postage labels, printing, furniture, and other miscellaneous charges.

Rupees 1,920 are provided for travelling allowance of non-official members of three Taluk Boards and the District Board, the allotment being regulated by the anticipated average attendance of members at meetings.

23. The variations in the other items of expenditure are slight and call for no remarks.

ENCLOSURE.

Proceedings of the District Board, Bellary, dated 7th December 1885.

* * * * * *

12. Read draft revised estimate of Local Funds for 1885-86 and the draft budget (district, taluk, and consolidated) for 1886-87 framed by the sub-committe appointed under Resolution 9, dated 13th October 1885.

Read also Proceedings of the sub-committee, dated 30th November 1885, and the proposals made by several officers for consideration while framing the budget.

Resolution.—The budget estimates are passed with the following remarks :—

The statement showing the receipts of 1886-87 apportioned by the sub-committee to taluk boards and the amounts proposed to be transferred to them from the district fund under Section 55 of the Act is approved, as also the statement of services to be maintained by taluk boards (Rule 3, Budget Rules.)

The arrangement suggested by the sub-committee under Rule 14 to debit to taluk boards the cost of Local Fund Engineering establishment in proportion to the expenditure incurred on works carried out from taluk funds under the supervision of the said establishment is approved, as also the suggestion that the whole amount of contribution, Rs. 1,200, paid annually towards the cost of maintaining the hospital at the head-quarter station, Bellary, may be borne by the district fund in consideration of the advantages derived by the population of the district. As regards the contribution of one-fourth of the charges of the Adóni municipal dispensary, the Adóni Taluk Board will bear.

In anticipation of the constitution of a municipality at Hospet under G.O., No. 551 M., Financial, dated 21st September 1885, provision need not be made in the budget for establishment and other charges in connection with the following items, and the receipts derivable from them should also be omitted :—

(*a*) Roads within municipal limits of Hospet.
(*b*) Avenues do. do.
(*c*) Local fund middle school and the Girls' school at Hospet and the Chitwadigi combined system school.
(*d*) Local Fund dispensary.
(*e*) Travellers' bungalow.
(*f*) New chattram.
(*g*) Store-shed.
(*h*) Chitwadigi market.
(*i*) Bandy stands.
(*j*) Latrines, &c.
(*k*) Sanitary establishment (sweepers, &c.)

As the share of tolls payable to the district board by the Hospet municipal council is not determined, this item should be omitted from the budget for 1886-87. Credit may be taken of the amount when the question is finally settled after the constitution of the municipality.

The following proposals recommended by the sub-committee are sanctioned and the provision made in the revised estimate and the ensuing year's budget to meet the additional expenditure is passed :—

		Allotment.
		RS.
(1)	Maintenance of the following roads not already budgeted for ...	700
		RS.
(*a*)	Siruguppa town roads	100
(*b*)	Kuditani Railway Feeder road	150

		—	

Of the village roads proposed to be constructed by the Revenue officers, the road from Chitwadigi to Ippedevuru demand early attention. The tahsildar will be asked to submit an estimate for constructing a permanent road. It is observed that allotments for the upkeep of village roads have been made for each taluk to an aggregate sum of Rs. 38,660 and the balance available is so small that it is not possible to make any further allotment under this head at present.

The proposal to construct a school house at Harpanahalli cannot be included in the present budget as the plan and estimate have to be approved by the Director of Public Instruction. The Board approve of the work being carried out on condition of the inhabitants paying a contribution of Rs. 300 as finally agreed. The subject of extending the school house at Hospet will be left to them unicipality to be constituted there.

An allotment of Rs. 8,000 for results grants is sanctioned for the ensuing year on condition of Government waiving their claim to the contribution of Rs. 1,500 from Local Funds towards the pay of the Deputy Inspector of Schools, as has been done in the current year.

The subject of appointing a midwife for the Ráyadrug dispensary is deferred until the question of making the dispensary 2nd class is decided.

Proposals for allotting the market fund balance will be made hereafter after the consideration of the subject by the sub-committee appointed for the purpose.

The Board concur with the opinion of the sub-committee that the present state of funds does not admit of allotments being made for many of the proposals made by several officers. They must be considered by taluk boards from time to time in the order of their importance.

From M. C. FURNELL, Esq., M.D., F.R.C.S., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 23rd January 1886, No. 38.

With reference to Grant III of the District Board budget estimate of the Bellary district for the year 1886-87, I have the honor to state that the provision made for the maintenance of the dispensaries, including the new institution proposed to be opened at Yemmiganúr, in the Adóni taluk, is adequate.

2. I have already submitted my remarks on letter from the President, District Board, Bellary, to Government, requesting to be relieved of payment of contribution to the Medical College.

Letter, No. 25, of 18th January 1886.

From Deputy Surgeon-General G. BIDIE, M.B., C.I.E., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 25th January 1886, No. 122.

I have the honor to report, for the information of Government, that the District Board, Bellary, propose to set aside a sum of Rs. 12,410 for the sanitary requirements of the district during 1886-87, against Rs. 10,900 for the current year, exclusive of the charge for sanitary inspection, for which a provision of Rs. 720 has been made, against Rs. 700 for 1885-86. Considered in proportion to available income, the

allotment stands at 30 per cent., and may be accepted as adequate for the purposes intended, which are as follows:—

	RS.
Conservancy	4,410
Improvement of water-supply	5,000
Do. of village sites	1,000
Fairs and festivals	1,000
Other sanitary outlay	1,000
Total	12,410

2. The vaccination grant amounts to Rs. 8,310, against Rs. 8,080 for the current year. It may be accepted; the establishment employed appears to be adequate. Animal vaccination is conducted in this district, and a provision of Rs. 600 has been made for it.

From D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction, Madras, to the Chief Secretary to Government, dated Madras, 6th February 1886, No. 809.

I have the honor to submit the following remarks on the Educational portion of the budget estimate of the Bellary district for 1886-87.

2. The Educational receipts, including one-sixth land-cess, are estimated at Rs. 23,976, against Rs. 24,960 in the current year's budget. From Statement IV, it is observed that no credit has been taken for grants from Provincial funds towards the stipends of normal students. I beg to recommend that Rs. 300 be added under this head.

3. The charges proposed amount to Rs. 21,740, against Rs. 22,340 budgeted for the current year, as shown below:—

	Estimate, 1885-86.	Estimate, 1886-87.
	RS.	RS.
Inspection	2,000	2,060
Training schools	2,000	2,300
Local Fund schools	9,690	8,730
Results grants	8,000	8,000
Miscellaneous	650	650
Total	22,340	21,740

4. *Inspection.*—The increased allotment under this head is due to the salary of the inspecting schoolmaster of the Hospet range having been raised from Rs. 25 to Rs. 30 in G.O., dated 9th January 1886, No. 33 L.F.

5. *Training Schools.*—The increased provision of Rs. 300 is intended to meet the second biennial increment of the head master of the Bellary Normal School and the increased rate of stipends to Normal students. The allotment is sufficient.

6. *Local Fund Schools.*—Rs. 8,730 are provided under this head, against Rs. 9,690 in the current year's budget. The decrease is explained by the President to be due to provision not having been made for the schools at Hospet, in anticipation of the constitution of that town into a municipality. From Statement IV, it will be seen that some of the combined system schools are very poorly attended, especially the Siruguppa school. If the schools do not improve in attendance, I trust that the Board will call upon the masters to open schools in some other parts of the district where they are likely to succeed.

7. *Results Grants.*—The allotment for the current year is repeated under this head, but the provision seems inadequate with reference to the actuals for 1884-85, viz., Rs. 8,794. I beg to recommend that the amount be raised by at least Rs. 500, which may partly be met from the increased receipts from Provincial funds in the shape of scholarship grants, as explained in paragraph 2.

8. *Miscellaneous.*—The provision under this head calls for no remarks.

ORDER—dated 28th May 1886, No. 596 L.F., Financial.

The following abstract shows the estimated Local Fund receipts and charges of the Bellary district for the year 1886-87, as passed by Government:—

RECEIPTS.

Net balance available for general purposes	5,130	3,980	9,110

2. *Revised Estimate for* 1885-86.—The opening balance, excluding debt heads, exceeded the budget estimate by Rs. 37,052, the increase being due mainly to the short expenditure on public works in 1884-85, noticed in G.O., Financial, 31st July 1885, No. 540 L.F. Excluding the balance, the receipts were estimated at Rs. 1,44,880, as against Rs. 1,41,050 in the budget, owing to an improvement in the season, which it was thought would result in somewhat larger collections than were anticipated under the land-cess. The charges were estimated at Rs. 1,86,440 as against Rs. 1,71,760 in the budget; the increase, which occurs almost entirely under Grant I, being due to subsequent allotments for new works, for which no budget provision had been made owing to want of funds. The total expenditure under Grant III is entered as Rs. 34,523, instead of Rs. 32,523, the correct total according to the particulars given. The contributions on account of the Medical College, Sanitary Inspection and Medical Reserve Staff should, moreover, have been calculated on the actual receipts of the previous year (1884-85), in which case, the total expenditure under Grant III would amount to Rs. 32,533. The necessary corrections have now been made under this grant, as well as in the grand total and balance. As the proposed revision of office establishment was deferred with reference to G.O., dated 1st March 1886, Mis. No. 254 L.F., the additional allotment of Rs. 100 proposed on this account will be struck out and the total provision under Grant IV reduced to Rs. 6,064. The expenditure will then amount to Rs. 1,84,354, leaving a balance of Rs. 59,658 to be carried forward to the budget for 1886-87.

3. *Budget Estimate for* 1886-87.—Of this balance, Rs. 5,747, or in round numbers Rs. 5,750, appertain to the Market Endowment Fund and should be shown under Taluk Funds (markets being now under the control of the Taluk Boards), and the remainder, Rs. 53,910, under District Funds. Excluding the balance, the total receipts are estimated at Rs. 1,51,620. The land-cess is expected to yield Rs. 1,24,000, against Rs. 1,15,000 in the budget for 1885-86, owing to continued improvement in the character of the season. As the toll contractors of the Bellary and Adóni Municipalities have been complaining for the last two years of a falling off in their collections, the farms are expected to yield less than usual, and accordingly the Local Fund share under this head is estimated at Rs. 5,900, against Rs. 7,850 in the budget for the past year. These municipal tolls must of necessity be levied almost entirely on principal lines of communication, and should therefore be wholly credited to District Funds—a course which is also required under the terms of rule 13 of the budget rules.

In their proceedings read in G.O., dated 19th December 1885, No. 1245 L.F., the District Board strongly deprecated the levy of the house-tax for the current fasli, at any rate, owing to the unfavorable character of the season during the previous two years. They now, however, propose to levy the tax from and after the expiry of the fasli, and have taken credit for a sum of Rs. 5,000 under this head for the remaining

nine months of the official year. The entry will be allowed to stand for the present pending the submission of a further report by the Collector, after ascertaining the views of the Divisional Officers and the District Board as to the unions in, and the rate at which, the tax should be levied. A draft notification under section 60 should at the same time be submitted. Under Miscellaneous, the receipts from ferry and fishery rents have been equally divided between district and taluk funds. The Government, however, consider that the whole amount should be credited to Taluk Funds, to which such local receipts would appear most appropriately to belong.

As suggested by the Director, the Educational contribution from Provincial Funds will be raised by Rs. 300 as a grant-in-aid of normal scholarships. The contribution of Rs. 950 from Pound Funds has also been distributed equally between district and taluk funds; but in this case, the whole amount should go to District Funds, as the contribution is intended for the maintenance of roads and bridges, &c., generally throughout the district. Under section 55 of the Act, the District Board propose to allot Rs. 36,750 to Taluk Funds, in addition to a moiety of the land-cess collections. This amount, however, will be raised to Rs. 38,170, to provide the full balance required by the rules under Taluk Funds.

4. No provision is made for new roads, as no proposals have as yet been matured and sanctioned. The allotment for the maintenance of avenues has been raised from Rs. 4,000 to Rs. 5,000, the extra Rs. 1,000 being explained to be for the formation of more nurseries and the planting of new avenues. These are new works, and the provision of Rs. 1,000 will accordingly be transferred to that head from the head of repairs. It does not appear from the President's letter to what objects the receipts from the house-tax are to be devoted. In Statement VIII they are shown under Public Works, the columns for sanitation and schools being alike left blank. It should be borne in mind that the primary object for which the tax is levied is rural sanitation. The provision for Local Fund Engineering establishment is fixed at Rs. 17,820, in accordance with the scale sanctioned tentatively for one year in G.O., dated 24th March 1885, Mis. No. 651. This is approved, the cost being 19 per cent. of the proposed outlay on works. The total grant for Education is Rs. 21,740, against Rs. 22,340 in the budget for 1885-86. As recommended by the Director of Public Instruction, the provision for Results grants will be raised by Rs. 500. The attention of the District Board will be drawn to paragraph 6 of the Director's letter, and they will also be informed that the Government have no intention of renewing the claim to a contribution from Local Funds on account of school inspection. It is observed that the commission on the sale of books, calculated at 15 per cent. on the sale-proceeds, amounts to Rs. 75, and not to Rs. 150 as given by the President. The allotments under Grant III are approved, but the estimated charges, amounting to Rs. 1,000, on account of cholera and midwifery and medical pupils, now shown under District Funds, will be transferred to Taluk Funds, to which they appear more appropriately to belong, and the contribution to be paid to the Adóni Municipality on account of the dispensary at that place, now debited to Taluk Funds, will be transferred to District Funds, with reference to No. 13 of the budget rules. Pending final orders on the proposed discontinuance of the District Board's contribution towards the cost of the Madras Medical College, a sum of Rs. 720 will be provided for the purpose, and the provision of Rs. 200 for payment to the Tanjore District Board will be struck out. The allotment for the District Board's office establishment will be allowed to stand, pending the submission of the further report called for in G.O., dated 1st March 1886, Mis. No. 254 L.F. The total reserve provided by the District Board, at 10 per cent. of the estimated receipts, is Rs. 15,160. This will be raised to Rs. 15,190 and distributed between the District and Taluk Funds as shown in the margin, with reference to the estimated receipts as now passed by Government.

	RS.
District Funds	7,220
Taluk do.	7,970
	15,190

5. The budget closes with a balance of Rs. 16,640, of which Rs. 5,130 appertain to the District Board and Rs. 11,510 to the Taluk Boards. Of the latter sum, Rs. 7,530

belong to the Endowment Fund. The opening balances shown in Statement VII are evidently incorrect, being the opening, instead of the closing, balances of the revised estimate for 1885-86. The necessary corrections have now been made.

6. When this budget was prepared, it was supposed that the towns of Hospet and Chilwadigi would be formed into a municipality, in accordance with G.O., dated 21st September 1885, No. 551 M., but as this G.O., dated 27th April 1886, Mis. No. 385 M. intention has now been abandoned and the towns are to become unions under the Local Boards Act, the President will submit a supplemental budget, showing the additional receipts and charges anticipated in consequence.

Local Fund Budget.

Reviewing the — of the Bellary District for 1886-87.

S.E. III aule
Ex: Pr. accts.

Submitted

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers :—

From M. D. BELL, Esq , President, District Board, Bellary, to the Under Secretary to Government, Financial Department, dated Bellary, 16th December 1885, No. 909.

I have the honor to submit (by separate packet) the Local Board's consolidated budget estimate of the Bellary district for the official year 1886-87, together with the statements prescribed in the rules which accompanied G.O , No. 728-L.F., Financial, dated 14th September 1885.

2. Pending the constitution of Taluk Boards and unions in the district under G.O., No. 930-L.F., dated 23rd October 1885, the preparation of the budgets of those bodies for the ensuing year has been undertaken by the District Board in consultation with the Revenue Divisional Officers who will be ex-officio Presidents of Taluk Boards.

3. *Revised Estimate*, 1885-86—*Receipts.*—The actual closing balance of 1884-85, (Rs. 99,237) under service heads, arrived at on the audit of the supplemental accounts for March 1885 by the Accountant-General, has been adopted as the opening balance of the current year in framing the revised estimate.

Apart from the opening balance, the assets of the current year according to the budget estimate were Rs. 1,41,050, while the receipts by the revised estimate amount to Rs. 1,44,880 ; thus showing an increase of Rs. 3,830 in the income of the year. The fluctuations occur principally in the following items as detailed below :—

No.	Items of Receipts.	Budget Estimate.	Revised Estimate.	Difference.
		RS.	RS.	RS.
(*a*)	Land-cess	1,15,000	1,19,686	+ 4,686
(*b*)	Contributions from Municipalities for education ...	220	...	— 220
(*c*)	Do. from Provincial Funds for education.	1,790	1,040	— 750
(*d*)	Sale proceeds of books	1,000	500	— 500
(*e*)	Fees and fines	300	700	+ 400
(*f*)	Other sundry receipts	...	214	+ 214
	Total ...	1,18,310	1,22,140	+ 3,830

(*a*) *Land-cess.*—It will be seen from the demand, collection and balance statement appended to the revised estimate that Rs. 36,145, the arrears of land-cess at the beginning of the year, and Rs. 1,10,000, the current demand, constitute a total demand of Rs. 1,46,145 for the year. Of this, a sum of Rs. 1,19,680 is expected to be realised during the year, irrespective of remissions estimated at about Rs. 7,380. The net amount likely to be realised under this head is in excess of the budgeted receipts, Rs. 1,15,000, by Rs. 4,686. The increase is accounted for by the improved condition of the season which was not foreseen at the time of framing the budget.

(*b*) *Contributions from Municipalities.*—Rs. 220 estimated under this head represents the annual contribution of Rs. 180 hitherto paid by the Bellary Municipality and Rs. 40 by the Adóni Municipality towards the cost of maintaining the Normal school at Bellary. Under the arrangement sanctioned in G.O., No. 702 M., Financial, dated 20th October 1885, the Municipal Councils have discontinued their fixed contributions and agreed to pay the actual net cost of educating each pupil sent by them for training in the school. No credit is therefore taken of this amount in the revised estimate.

(*c*) *Contribution from Provincial Funds for education.*—Rs. 1,790 were estimated under this head on account of salary grants of Local Fund schoolmasters and scholarship grants of Normal students, but the amount Rs. 1,040 credited in the revised estimate is all that may be expected in the current year, judging from the actuals of the previous year and from the fact that grants cannot be claimed on behalf of masters teaching classes below the second, under the Proceedings of the Director of Public Instruction, No. 1867, dated 23rd March 1885. The number of Normal students under training in the current year is less than that budgeted for, and the scholarship grant will therefore be diminished to some extent.

(*d*) *Sale proceeds of books.*—A sum of only Rs. 500 out of Rs. 1,000 estimated under this head is likely to be realised, the decrease being attributable to a less demand for books owing to the adverse state of the season and to the fact that a large stock of books in Taluk depôts purchased prior to the introduction of the new curriculum in Local Fund schools is remaining unsold. Such unsaleable books have been ordered by the District Board to be given away as prizes to deserving pupils, the cost thereof being written off the accounts.

(*e*) *Fees and fines.*—Looking to the actuals of the first six months of the year, the collections under this head may be estimated at Rs. 700, which exceeds the budget estimate of Rs 300 by Rs. 400. The increase is owing to the extension of the provisions of the conservancy clauses of the Police Act to more villages than in the previous year.

(*f*) *Other sundry receipts.*—The variations in the other items of receipts are slight and are explained in the revised estimate.

4. *Charges.*—The following statement shows the variations between the figures of the budget estimate and those of the revised estimate under the several grants.

——	Budget Estimate.	Revised Estimate.	Difference.
	RS.	RS.	RS.
Grant I	1,08,240	1,23,790	+ 15,550
Do. II	22,340	21,970	— 370
Do. III	35,460	34,520	— 940
Do. IV	5,720	6,160	+ 440
Total ...	1,71,760	1,86,440	+ 14,680

The increase is chiefly due to the allotments sanctioned for New Works under Grant I from time to time subsequent to the submission of the budget as will be seen from the accompanying statement IX-B. The allotments sanctioned for New Works, Communications, amount to Rs. 26,660 in the aggregate. Of this sum, an outlay of only Rs. 14,110 will probably be incurred during the year, leaving an unspent balance of Rs. 12,550 under this head. The allotments for Repairs, Communications, including those subsequently sanctioned, amount in the aggregate to Rs. 86,970, out of which a saving of Rs. 16,000 is anticipated, the amount expected to be utilized being Rs. 70,970. The road works in this district were not commenced till the month of October owing to failure of the early rains, and consolidation of material collected on roads in the previous year was effected late in the year after the rains set in. The outlay shown in the revised estimate on Communications, Roads, is the lowest that can be incurred if the roads are to be kept in fair order.

The allotments for Civil Buildings are expected to be utilised in full.

Under the head of "Miscellaneous Public Improvements, New Works," a saving of Rs. 2,000 out of an allotment of Rs. 6,220 is expected to be effected on water-supply works entrusted for execution to the Revenue Department.

The allotment Rs. 5,000 under "Miscellaneous Public Improvements, Repairs" includes a sum of Rs. 1,000 for water-supply improvements, and the whole amount will be utilised in the repair of wells and coontas during the year. The remaining sum, Rs. 4,000, is required for the maintenance of avenues in the district. There will be a saving of Rs. 1,080 in the allotment, Rs. 18,080, for the Local Fund Engineering establishment, as some of the overseers are not paid the maximum salaries of their appointment as budgeted for, and the sum provided for travelling allowance of establishment will not be drawn in full.

The variations in the other items of expenditure are slight and explained in the revised estimate.

5. BUDGET OF 1886-87—*Revenue and Receipts.*—The closing balance Rs. 57,670 arrived at in the revised estimate of 1885-86 has been adopted as the opening balance of the ensuing year. It will be seen from statement I-A that one-half of the proceeds of land-cess, tolls and other taxes levied by the District Board in each Local Fund taluk has been transferred to the Taluk Board concerned, and further allotments aggregating Rs. 36,750 have also been transferred from the District Fund to Taluk Boards under section 55 of the Act to cover the deficit required to meet the expenditure debitable to the said Boards.

The receipts of the year 1886-87 are estimated at Rs. 1,51,620 exclusive of the opening balance Rs. 57,670 and the allotment of Rs. 36,750 made from the District Fund to Taluk Boards. The assets of the ensuing year exceed the estimated receipts (Rs. 1,41,050) of 1885-86 by Rs. 10,570 and the actuals of the previous year by Rs. 24,640. The increase occurs principally in the receipts of land-cess, house-tax, and ferry rents. The fluctuations in the important items of receipts are explained below :—

(*a*) *Land-cess.*—The receipts under this head are estimated at Rs. 1,24,000 against a budget estimate of Rs. 1,15,000 in the current year and Rs. 1,19,680 according to the revised estimate. The increase is attributable to an improvement in the character of the season, which for the last two years has been unfavorable. A sum of Rs. 19,000, almost full payment of the arrear demand, and Rs. 1,05,000 against a current demand of Rs. 1,17,000, are expected to be realized in the ensuing year. A demand, collection, and balance statement of land-cess for 1886-87 is attached to statement I-A.

(*b*) *Tolls.*—There are no toll-gates belonging to the Local Board in the district, but the Municipalities contribute a share of their toll collections. Tolls will be levied at maximum rates by the Municipal Councils in the district, and the gross collections are estimated at Rs. 15,000 in the Bellary Municipality and Rs. 3,600 in the Adóni Municipality. One-third share payable to the Local Board by the former will be Rs. 5,000 and one-fourth share due by the latter comes to Rs. 900, thus making a total income of Rs. 5,900 against an estimate of Rs. 7,850 for the current year. It is anticipated that the lease for the next year will be less productive than it has been hitherto, as the contractors for the current and previous years complain of a falling off in their collections. This will doubtless affect the bidding; hence the considerable decrease under this head.

As the share of tolls payable to the District Board by the Municipal Council to be constituted at Hospet under G.O., No. 551 M., Financial, dated 21st September 1885, is not determined, no credit is taken of the amount in the budget pending final settlement of the question after the municipality is organized.

(*c*) *House Tax.*—In consequence of the unfavorable seasons which have prevailed for the last two years, the District Board is of opinion that it will not be advisable to levy any house tax during the current Fasli, as

reported in this office letter, No. 885, of the 7th instant. The collections under this head are therefore estimated at Rs. 5,000 as detailed in statement VIII for the nine months of the ensuing official year following the current Fasli.

(*d*) *School-fees.*— The collections of school-fees are estimated at Rs. 1,780 against an estimate of Rs. 2,780 for the current year. The decrease is chiefly due to fees of the secondary school at Hospet and of the combined system school at Chitwadigi not having been taken into account in anticipation of the transfer of these institutions to the Municipal Council to be established at Hospet. A slight decrease is also anticipated in the fees of some of the combined system schools owing to a fall in the attendance.

(*e*) *Sale proceeds of books.*—A sum of only Rs. 500 out of Rs. 1,000 budgeted for is expected to be realized under this head for reasons explained in paragraph 3 (*d*) *supra.*

(*f*) *Market Rents.*—The market fees are estimated at Rs. 2,140 against Rs. 2,600 for the current year as shown in statement VII. The decrease is due to the fees of Chitwadigi market, the most productive one in the district, not having been taken into account in consideration of the constitution of a municipality there. The income of this market amounts to Rs. 1,000. Four other places named in the margin to which the District Board propose to extend the system of collecting fees as reported in this office letter, No. 887, dated 11th December 1885, are included in the budget, and the income derivable from them, viz., Rs. 740, has also been taken into account.

1. Emiganur (Adóni Taluk).
2. Ráyadrug.
3. Hadgalli.
4. Hampaságar (Hadgalli taluk).

(*g*) *Bungalow Fees.*—Only Rs. 380 are expected to be realized under this head against an estimate of Rs. 500 for the current year. The decrease is due to the omission of the fees of the travellers' bungalow at Hospet from the budget on the assumption that the building will be made over to the Municipal Council to be constituted there.

(*h*) *Fees and Fines.*—Rs. 500 are shown under this head against Rs. 300 in the current year. The increase is owing to the extension of the provisions of the conservancy clauses of the Police Act to some extra villages as noted in pargraph 3 (*e*) *supra.*

(*i*) *Ferry Rents.*—About Rs. 5,500 are expected to be realized by the sale of ferry contracts in this district. The Hesrur and Sovinhalli Ferry Farm is expected to be sold in the Dharwar district for Rs. 3,680 under the arrangements sanctioned in G.O., No. 2147, dated 10th November 1879, and the moiety of the sale proceeds to be credited to this Board will be Rs. 1,840. The total receipts of ferry rents are therefore set down at Rs. 7,340 against an estimate of Rs 6,250 for the current year. The large increase is attributable to competition that may be expected among bidders.

(*j*) *Fishery Rents.*—Rs. 800 are expected to be realized under this head against Rs. 600 for the current year, the increase being due to the supply of water which tanks in the district have received this year so as to render the contracts more profitable. The rents of fisheries in Hospet revenue taluk alone come to Rs. 600 and the rest to Rs. 200.

(*k*) *Contributions from Provincial Funds on account of education.*—A Provincial grant of Rs. 1,030 on account of schools is shown under Receipts against an estimate of Rs. 1,790 for the current year. The decrease is due to the fact that grants cannot be claimed on behalf of masters teaching classes below the second as explained in paragraph 3 (*c*) *supra.* The details of salary grants to each school are given in statement IV.

(*l*) *Pound Fund.*—The Pound Fund receipts are estimated at Rs, 950 against an estimate of Rs. 700 for the current year. A larger surplus is likely

to be available in the next year for transfer to the Local Board, as there is nofurther need at present for the construction of new pounds as has been the case in the previous year.

The other items of receipts are almost identical with the figures of the current year.

6. *Expenditure.*—The estimated expenditure for 1886-87 is Rs. 1,78,800 excluding Rs. 36,750 the amount allotted to Taluk Boards from the District Fund under section 55 of the Act, and a total reserve of Rs. 15,160. The expenditure estimated in the budget for the current year was Rs 1,71,760 which came to Rs. 1,86,440 according to the revised estimate, while the actuals of the previous year amounted to Rs. 1,57,990.

After making the necessary allotments to Taluk Boards from the District Fund and providing for the several fresh proposals sanctioned by the District Board in their Resolution, No. 12, dated, 7th December 1885, copy attached, there will be a balance of Rs. 15,330 besides a reserve of Rs. 15,160 calculated at 10 per cent. of the estimated receipts of the year according to Rule 24 (budget rules).

A statement showing the probable financial condition of the year is subjoined:—

Boards.	Estimated receipts.	Allotments to Taluk Boards from the District Fund.	Total.	Estimated expenditure.	Reserve at 10 per cent of the estimated receipts.	Total.	Balance.
	RS.	RS.	RS.	RS.	RS.	RS.	RS.
Bellary Taluk Board	28,260	2,550	30,810	26,290	2,820	29,110	1,700
Adóni do.	22,730	2,800	25,530	22,065	2,270	24,335	1,195
Hospet do.	29,950	31,400	61,350	56,765	3,000	59,765	1,585
District Board	70,680)	..	1,28,350	* 1,10,430	7,070	1,17,500	10,850
Opening balance	57,670)						
Total ..	2,09,290	36,750	2,46,040	2,15,550	15,160	2,30,710	15,330

* Includes Rs. 36,750, allotments to Taluk Boards from the District Fund.

7. *Grant I—Public Works—Communications, Roads.*—No new works are provided for under this head, as no proposals are matured and sanctioned. The allotments made in the current year are not likely to be completely utilised before the end of the year for reasons given in paragraph 4, *supra.* Sanction for re-allotment of funds for incomplete works will be applied for in the next year if necessary.

Maintenance grants varying from Rs. 50 to Rs. 200 have been assigned for ten principal lines of communication in the district as enumerated in statement III-B, and the amount allotted for them is Rs. 41,550. The definition laid down in G.O., No. 1155-L.F., dated 3rd December 1885, has been followed in the classification of these roads.

Allotments for the upkeep of village roads have been made to an aggregate sum of Rs. 38,660, and the balance available is so small that it is not possible to make any further allotment under this head at present.

The total allotment for Communications, Repairs, is Rs. 80,210, against Rs. 81,000 for the current year, and the actuals of the previous year Rs. 38,230. This sum is absolutely necessary to maintain the existing roads in fair order.

A tracing showing the position of the roads maintained is forwarded by separate packet. The positions of Local Fund buildings, toll-gates and ferry landing places are also sketched in it as required by Rule 9.

8. *Civil buildings.*—An allotment of Rs. 2,400 is made under " New Works " for the construction of a dispensary building at Ráyadrug, for which an estimate has already been submitted to Government for sanction through the Superintending Engineer. The inhabitants of Ráyadrug had contributed a large sum towards the cost of this building in 1884-85, and the provision is therefore absolutely required.

An allotment of Rs. 2,000 is made for repairs of civil buildings as in the current year, against the actuals of the previous year, Rs. 2,720. Of this sum, Rs. 500 is intended for hospitals and dispensaries, Rs. 500 for school-houses, and the remaining Rs. 1,000 for chattrams and travellers' bungalows.

9. *Miscellaneous Public Improvements.*—A sum of Rs. 2,000 is provided under new works for sinking wells and other water-supply works costing more than Rs. 300 each, the expenditure on which is debitable to Grant I. Funds will be allotted out of this grant from time to time during the year in accordance with the requirements of the localities.

The allotment under "Repairs" is Rs. 6,000 against Rs. 5,000 for the current year and the actuals of the previous year, Rs. 7,010. Of this allotment, Rs. 5,000 is intended for the maintenance of avenues and the remaining Rs. 1,000 for the repair of wells and other water-supply improvement works costing more than Rs. 300 each. The amount allotted for the maintenance of avenues in the current year was only Rs. 4,000, but an increased provision is necessary in the ensuing year for the formation of more nurseries and the extension of avenues in the district.

10. *Local Fund Engineering Establishment.*—The cost of Engineering establishment is estimated at Rs. 17,820 against an allotment of Rs. 18,080 for the current year and the actuals of the previous year, Rs. 16,870. The amount is regulated by the scale of establishment experimentally sanctioned in G.O., No. 651 M., dated 24th March 1885, and is below the prescribed percentage to the estimated outlay on works under Grant I. In estimating the cost of the establishment, the increment of Rs. 50, to which the Local Fund Engineer will be entitled from 1st April 1886 in accordance with the terms of his appointment, has been taken into account. His pay is budgeted for at Rs. 400 a month.

The District Board have resolved to debit to Taluk Boards the cost of Local Fund Engineering establishment in proportion to the expenditure on works carried out from Taluk Funds under the supervision of the said establishment. The estimated cost has accordingly been apportioned to the respective Taluk Boards.

11. *Tools and Plant and Contingencies.*—The allotment for tools and plant to be used by the Local Fund Engineering establishment is estimated at $\frac{1}{2}$ per cent. of the outlay on works, and it amounts to Rs. 460, and the provision of Rs. 1,000 for contingencies has been repeated to meet the growing wants of the department.

12. *Grant II, Education.*—The total allotment for education is Rs. 21,740 against a budget grant of Rs. 22,340 for the current year and the actuals of the previous year Rs. 22,660.

Inspection.—The allotment for inspection has been raised from Rs. 2,000 to Rs. 2,060 to meet the additional expenditure caused by the increase of pay of the Inspecting Schoolmaster of Hospet Range from Rs. 25 to Rs. 30, as recommended in this office letter, No. 898, dated 12th December 1885.

Normal School.—The provision for Normal school is raised from Rs. 2,000 to Rs. 2,300, the excess Rs. 300 being required to meet the second biennial increment of Rs. 2 per mensem to the head master of the school and the extra expenditure required by the increase of the rate of stipends of students from Rs. 4 to Rs. 5 a month as sanctioned in G.O., Mis. No. 475-L.F., dated 15th July 1885.

Local Fund Schools.—The amount allotted for schools, both secondary and elementary, is Rs. 8,730 against Rs. 9,690 in the current year; the decrease is due to provision not having been made for the middle or secondary school and the girls' school at Hospet, and the elementary combined system school at Chitwadigi, the management of which is expected to be taken up by the Municipal Council to be constituted there.

Provision has been made for establishing a combined system school at Emmiganur in the Adóni taluk at a cost of Rs. 410 as recommended in this office letter, No. 888, dated 11th December 1885. Provision has also been made for the additional master on Rs. 8 a month for the secondary school at Harpanahalli, sanctioned in G.O., Mis. No. 475-L.F., dated 15th July 1885, and for the personal allowance of Rs. 5 a month sanctioned to the head master of the Hadgalli school in G.O., Mis. No. 975-L.F., dated 31st October 1885.

The estimated receipts and charges of all the schools are given in statement IV.

Results grants.—Considering the straitened financial condition of the district and the greater need for making additional allotments for Sanitation, Medical Services, &c., the District Board thought of reducing the assignment for results grants for the ensuing year; but looking to the necessity of promoting elementary education in the district, the step is considered inadvisable. They have therefore sanctioned the full allotment of Rs. 8,000 on condition of Government waiving their claim to the contribution of Rs. 1,500 from Local Funds on account of a Deputy Inspector of Schools as has been done in the current year, and the necessary sanction of Government is solicited.

13. *Grant III, Medical Services, &c., Dispensaries.*—The total allotment for dispensaries is Rs. 10,960 against Rs. 11,910 for the current year as detailed in statement V. The decrease is chiefly due to the omission of the provision of about Rs. 2,000 for Hospet dispensary on the assumption of its being transferred to the Municipal Council to be constituted there. Provision has been made for the establishment of a third-class dispensary at Emmiganur in the Adóni taluk at a cost of about Rs. 850 in anticipation of sanction of the proposal contained in this office letter, No. 890, dated 11th December 1885. The allotment of Rs. 1,900 for medicines and surgical apparatus is shown under the head of "Contributions to Provincial Services" instead of under "Hospitals and Dispensaries" as hitherto, under the instructions of the Accountant-General.

A sum of Rs. 250 has also been allotted for the training of midwifery pupils in the ensuing year, as the District Board have resolved to send two candidates for training at Madras in the ensuing year. A monthly stipend of Rs. 10 is proposed to be allowed to each candidate.

The allotment for District Surgeon's establishment is raised from Rs. 200 to Rs. 350. The pay of the District Medical Officer's clerk (Rs. 25) has hitherto been met by contributions from the Bellary and Anantapur District Boards and the several Municipalities in those districts; but the Bellary Municipal Council having withdrawn their contribution from this year, both the District Boards have mutally agreed to pay half of the salary each. The Bellary Board will therefore have to contribute Rs. 12-8-0 a month instead of Rs. 7 only as hitherto. Hence the necessity for an increased allotment under this head.

14. *Vaccination.*—The material changes in the existing allotments for vaccination are that the provision for carrying out the system of animal vaccination or vaccination direct from the calf is raised from Rs. 500 to Rs. 600, owing to the difficulty of securing calves for hire, which renders their purchase necessary; and a sum of Rs. 100 is allotted on account of rewards to vaccinators, which the Board have resolved to grant at the rate of one anna for each case of successful vaccination in excess of the prescribed standard.

15. *Sanitation.*—The amount allotted under the several heads of sanitation is the same as that in the current year, except for the improvement of water-supply, the provision under which is raised from Rs. 1,000 to Rs. 2,000, as the requirements of the district in this respect are great. This allotment is intended to be spent on petty works, each costing Rs. 300 and less.

The allotment for scavengering establishment is Rs. 4,410 as detailed in statement VI. In view of the constitution of Hospet as a municipality, the scavengering establishment in that town is not provided for, as the maintenance of the same will devolve on that body. The cost of establishment at Hospet is Rs. 890, and the ensuing year's allotment is reduced by that amount. In order to secure an efficient working of the conservancy staff, the District Board have resolved to revise the present establishment by replacing toties for sweepers wherever practicable, and to carry out this arrangement an additional allotment of Rs. 710 is sanctioned, which will be distributed to different places in the proportion of the present allotment after the constitution of Taluk Boards.

16. *Markets.*—Rs. 360 is allotted under this head against Rs. 1,400 in the current year, and the actuals of the previous year, Rs. 260. This allotment is solely for the establishment of sweepers, &c., as shown in statement VII. No establishment is provided for Harpanahalli and Oojini markets, as the rents are leased out there and the conservancy will be attended to by the contractors. No provision is made for the

Chitwadigi market, which will have to be made over to the municipality to be constituted at Hospet. No allotments have been made for works in connection with the improvement of markets, but steps will be taken to utilize the Market Fund balance as proposals are matured and sanctioned by the District Board in the course of the year.

17. *Choultries.*—Rs. 340 are allotted under this against Rs. 310 in the current year; the slight increase being due to the entertainment of a sweeper on Rs. 2 per mensem for the chattram at Kampli, sanctioned in G.O., Mis. No. 745-L.F., dated 18th September 1885, and to provision having been made for a watcher on a monthly pay of one rupee for the chattram at Duggavatti as proposed in this office letter, No. 896, dated 12th December 1885.

18. *Bungalows.*—The allotment for the upkeep of public bungalows in the district is Rs. 930 against Rs. 1,390 for the current year, and the actuals of the previous year, Rs. 1,030; the decrease is owing to the omission of the allotment for the Hospet bungalow and to a reduction of the contingent provision of other bungalows, in consequence of their having almost been completely furnished in the previous and current years. Provision has been made for the pay of a sweeper entertained for the bungalow at Daroji as sanctioned in G.O., Mis. No. 489-L.F., dated 20th July 1885.

19. *Contributions.*—The Bellary District Board have, in communication with the Tanjore District Board, arranged for the training of their medical pupils in His Royal Highness the Prince of Wales' Medical School, Tanjore, subject to the payment of the necessary charges, as the measure proposed is economical. The contribution payable to the Tanjore Board is estimated at Rs. 200 per annum for the two pupils under training there, and the necessary allotment has been made in the budget. The sanction of Government has therefore been sought in this office letter, No. 886, dated 11th December 1885, to the exemption of this district from payment of contribution to the Madras Medical College; pending the orders of Government in the matter, the provision has been omitted in the budget.

The allotment of Rs. 1,800 shown against contributions to municipalities represents the sum of Rs. 1,200 payable to the Bellary Municipal Council towards the cost of the dispensary at Bellary, and of Rs. 600, the contribution of one-fourth of the charges of the dispensary at Adóni payable to the Municipal Council there. With reference to Rule 14 (Budget Rules), the District Board have resolved to bear the whole amount of contribution, Rs. 1,200, towards the cost of maintaining the hospital at the head-quarter station, Bellary, and decided that the Adóni Taluk Board should bear the contribution of Rs. 600 towards the charges of the Adóni dispensary. The allotment has accordingly been apportioned to the respective Boards.

20. *Lunatics.*—The allotment for maintenance of lunatics is raised from Rs. 100 to Rs. 500, owing to an increase in the number of lunatics under treatment in the asylum at Madras.

21. A small sum of Rs. 20 is allotted on account of rewards for killing dogs, and the provision seems to be adequate as a beginning.

22. *Grant IV, Miscellaneous.*—The share of cost of the controlling establishment at the presidency, chargeable to this district, is set down at Rs. 1,510 according to the figure advised by the Accountant-General for the previous year as required by the rules.

The allotment of Rs. 1,200 budgeted for the establishment in the Collector's office includes the provision to meet the pay and pensionary contribution of the Local audit clerk sanctioned in G.O., No. 514, Financial, dated 10th March 1885.

The sum of Rs. 3,020 allotted for Local Board's office establishments provides for the cost of establishments of Taluk Board's offices and the revised establishment of the District Board office as recommended in this office letters, Nos. 889 and 895, dated 11th and 12th December 1885.

An allotment of Rs. 2,700 is provided for contingencies of the District and Taluk Board's offices to meet the cost of stationery, postage labels, printing, furniture, and other miscellaneous charges.

Rupees 1,920 are provided for travelling allowance of non-official members of three Taluk Boards and the District Board, the allotment being regulated by the anticipated average attendance of members at meetings.

23. The variations in the other items of expenditure are slight and call for no remarks.

ENCLOSURE.

Proceedings of the District Board, Bellary, dated 7th December 1885.

* * * * * * *

12. Read draft revised estimate of Local Funds for 1885-86 and the draft budget (district, taluk, and consolidated) for 1886-87 framed by the sub-committe appointed under Resolution 9, dated 13th October 1885.

Read also Proceedings of the sub-committee, dated 30th November 1885, and the proposals made by several officers for consideration while framing the budget.

Resolution.—The budget estimates are passed with the following remarks :—

The statement showing the receipts of 1886-87 apportioned by the sub-committee to taluk boards and the amounts proposed to be transferred to them from the district fund under Section 55 of the Act is approved, as also the statement of services to be maintained by taluk boards (Rule 3, Budget Rules.)

The arrangement suggested by the sub-committee under Rule 14 to debit to taluk boards the cost of Local Fund Engineering establishment in proportion to the expenditure incurred on works carried out from taluk funds under the supervision of the said establishment is approved, as also the suggestion that the whole amount of contribution, Rs. 1,200, paid annually towards the cost of maintaining the hospital at the head-quarter station, Bellary, may be borne by the district fund in consideration of the advantages derived by the population of the district. As regards the contribution of one-fourth of the charges of the Adóni municipal dispensary, the Adóni Taluk Board will bear.

In anticipation of the constitution of a municipality at Hospet under G.O., No. 551 M., Financial, dated 21st September 1885, provision need not be made in the budget for establishment and other charges in connection with the following items, and the receipts derivable from them should also be omitted :—

(*a*) Roads within municipal limits of Hospet.
(*b*) Avenues do. do.
(*c*) Local fund middle school and the Girls' school at Hospet and the Chitwadigi combined system school.
(*d*) Local Fund dispensary.
(*e*) Travellers' bungalow.
(*f*) New chattram.
(*g*) Store-shed.
(*h*) Chitwadigi market.
(*i*) Bandy stands.
(*j*) Latrines, &c.
(*k*) Sanitary establishment (sweepers, &c.)

As the share of tolls payable to the district board by the Hospet municipal council is not determined, this item should be omitted from the budget for 1886-87. Credit may be taken of the amount when the question is finally settled after the constitution of the municipality.

The following proposals recommended by the sub-committee are sanctioned and the provision made in the revised estimate and the ensuing year's budget to meet the additional expenditure is passed :—

		Allotment. Rs.
(1)	Maintenance of the following roads not already budgeted for ...	700
		Rs.
(*a*)	Siruguppa town roads	100
(*b*)	Kuditani Railway Feeder road	150
(*c*)	Road from Kampli to Muddapur	100
(*d*)	Do. Badrasettibanda to Humpi	250
(*e*)	Do. Nadiri to Tekkalkota	100

	Allotment.
	Rs.
(2) Constructing dispensary building at Ráyadrug	2,400
(3) Improvement of water-supply in villages	5,000
Grant I { New works ... ... 2,000 / Repairs 1,000	
Do. III New works and repairs 2,000	
(4) Extra allotment for maintenance of avenues and establishment of nurseries	1,000
(5) Extra to meet the increment of Local Fund Engineer's pay which will be raised from Rs. 350 to Rs. 400 from 1st April 1886 ...	600
(6) Opening a combined system school at Yemmiganúr, Adóni taluk.	400
(7) Increase of the pay of Inspecting school-master, Hospet range, from Rs. 25 to Rs. 30	60
(8) Extra allotment required to meet the second biennial increment of Rs. 2 per mensem to the Head Master of Normal school ...	24
(9) Allotment for prize books	250
(10) Employment of a sweeper on Re. 1 a month for Kanakal combined system school	12
(11) Establishment of a 3rd class dispensary at Yemmiganúr, Adóni taluk, under the charge of a 3rd class Hospital Assistant ...	850
(12) Training of midwifery pupils	250
(13) Extra allotment required to meet the contribution towards the pay of District Medical officer's clerk	150
(14) Rewards to vaccinators at the rate of one anna for each case of successful vaccination in excess of 100 a month	100
(15) Animal vaccination or vaccination direct from the calf	600
(16) Extra allotment for scavengering establishment to be distributed in the same proportion as the present allotment	710
(17) Extension of the system of levying market fees to Yemmiganúr, Ráyadrug, Hadagalli and Hampasagar	...
(18) Necessity of providing contribution to Tanjore District Board on account of medical pupil's to be trained in H. R. H. the Prince of Wale's Medical school, Tanjore, and discontinuing the present contribution to Madras Medical College	200
(19) Raising the allotment for maintenance of lunatics from Rs. 100 to 500	400

(20) Revision of district board's office establishment at an extra cost of Rs. 45 a month as detailed below :—

Of the village roads proposed to be constructed by the Revenue officers, the road from Chitwadigi to Ippedevuru demand early attention. The tahsildar will be asked to submit an estimate for constructing a permanent road. It is observed that allotments for the upkeep of village roads have been made for each taluk to an aggregate sum of Rs. 38,660 and the balance available is so small that it is not possible to make any further allotment under this head at present.

The proposal to construct a school house at Harpanahalli cannot be included in the present budget as the plan and estimate have to be approved by the Director of Public Instruction. The Board approve of the work being carried out on condition of the inhabitants paying a contribution of Rs. 300 as finally agreed. The subject of extending the school house at Hospet will be left to them unicipality to be constituted there.

An allotment of Rs. 8,000 for results grants is sanctioned for the ensuing year on condition of Government waiving their claim to the contribution of Rs. 1,500 from Local Funds towards the pay of the Deputy Inspector of Schools, as has been done in the current year.

The subject of appointing a midwife for the Ráyadrug dispensary is deferred until the question of making the dispensary 2nd class is decided.

Proposals for allotting the market fund balance will be made hereafter after the consideration of the subject by the sub-committee appointed for the purpose.

The Board concur with the opinion of the sub-committee that the present state of funds does not admit of allotments being made for many of the proposals made by several officers. They must be considered by taluk boards from time to time in the order of their importance.

From M. C. FURNELL, Esq., M.D.,F.R.C.S., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 23rd January 1886, No. 38.

With reference to Grant III of the District Board budget estimate of the Bellary district for the year 1886-87, I have the honor to state that the provision made for the maintenance of the dispensaries, including the new institution proposed to be opened at Yemmiganúr, in the Adóni taluk, is adequate.

2. I have already submitted my remarks on letter from the President, District Board, Bellary, to Government, requesting to be relieved of payment of contribution to the Medical College.

Letter, No. 25, of 18th January 1886.

From Deputy Surgeon-General G. BIDIE, M.B., C.I.E., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 25th January 1886, No. 122.

I have the honor to report, for the information of Government, that the District Board, Bellary, propose to set aside a sum of Rs. 12,410 for the sanitary requirements of the district during 1886-87, against Rs. 10,900 for the current year, exclusive of the charge for sanitary inspection, for which a provision of Rs. 720 has been made, against Rs. 700 for 1885-86. Considered in proportion to available income, the

allotment stands at 30 per cent., and may be accepted as adequate for the purposes intended, which are as follows:—

	Rs.
Conservancy	4,410
Improvement of water-supply	5,000
Do. of village sites	1,000
Fairs and festivals	1,000
Other sanitary outlay	1,000
Total	12,410

2. The vaccination grant amounts to Rs. 8,310, against Rs. 8,080 for the current year. It may be accepted; the establishment employed appears to be adequate. Animal vaccination is conducted in this district, and a provision of Rs. 600 has been made for it.

From D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction, Madras, to the Chief Secretary to Government, dated Madras, 6th February 1886, No. 809.

I have the honor to submit the following remarks on the Educational portion of the budget estimate of the Bellary district for 1886-87.

2. The Educational receipts, including one-sixth land-cess, are estimated at Rs. 23,976, against Rs. 24,960 in the current year's budget. From Statement IV, it is observed that no credit has been taken for grants from Provincial funds towards the stipends of normal students. I beg to recommend that Rs. 300 be added under this head.

3. The charges proposed amount to Rs. 21,740, against Rs. 22,340 budgeted for the current year, as shown below:—

	Estimate, 1885-86. Rs.	Estimate, 1886-87. Rs.
Inspection	2,000	2,060
Training schools	2,000	2,300
Local Fund schools	9,690	8,730
Results grants	8,000	8,000
Miscellaneous	650	650
Total	22,340	21,740

4. *Inspection.*—The increased allotment under this head is due to the salary of the inspecting schoolmaster of the Hospet range having been raised from Rs. 25 to Rs. 30 in G.O., dated 9th January 1886, No. 33 L.F.

5. *Training Schools.*—The increased provision of Rs. 300 is intended to meet the second biennial increment of the head master of the Bellary Normal School and the increased rate of stipends to Normal students. The allotment is sufficient.

6. *Local Fund Schools.*—Rs. 8,730 are provided under this head, against Rs. 9,690 in the current year's budget. The decrease is explained by the President to be due to provision not having been made for the schools at Hospet, in anticipation of the constitution of that town into a municipality. From Statement IV, it will be seen that some of the combined system schools are very poorly attended, especially the Siruguppa school. If the schools do not improve in attendance, I trust that the Board will call upon the masters to open schools in some other parts of the district where they are likely to succeed.

7. *Results Grants.*—The allotment for the current year is repeated under this head, but the provision seems inadequate with reference to the actuals for 1884-85, viz., Rs. 8,794. I beg to recommend that the amount be raised by at least Rs. 500, which may partly be met from the increased receipts from Provincial funds in the shape of scholarship grants, as explained in paragraph 2.

8. *Miscellaneous.*—The provision under this head calls for no remarks.

ORDER—dated 28th May 1886, No. 596 L.F., Financial.

The following abstract shows the estimated Local Fund receipts and charges of the Bellary district for the year 1886-87, as passed by Government:—

RECEIPTS.

Net balance available for general purposes	5,130	3,980	9,110

2. *Revised Estimate for* 1885-86.—The opening balance, excluding debt heads, exceeded the budget estimate by Rs. 37,052, the increase being due mainly to the short expenditure on public works in 1884-85, noticed in G.O., Financial, 31st July 1885, No. 540 L.F. Excluding the balance, the receipts were estimated at Rs. 1,44,880, as against Rs. 1,41,050 in the budget, owing to an improvement in the season, which it was thought would result in somewhat larger collections than were anticipated under the land-cess. The charges were estimated at Rs. 1,86,440 as against Rs. 1,71,760 in the budget; the increase, which occurs almost entirely under Grant I, being due to subsequent allotments for new works, for which no budget provision had been made owing to want of funds. The total expenditure under Grant III is entered as Rs. 34,523, instead of Rs. 32,523, the correct total according to the particulars given. The contributions on account of the Medical College, Sanitary Inspection and Medical Reserve Staff should, moreover, have been calculated on the actual receipts of the previous year (1884-85), in which case, the total expenditure under Grant III would amount to Rs. 32,533. The necessary corrections have now been made under this grant, as well as in the grand total and balance. As the proposed revision of office establishment was deferred with reference to G.O., dated 1st March 1886, Mis. No. 254 L.F., the additional allotment of Rs. 100 proposed on this account will be struck out and the total provision under Grant IV reduced to Rs. 6,064. The expenditure will then amount to Rs. 1,84,354, leaving a balance of Rs. 59,658 to be carried forward to the budget for 1886-87.

3. *Budget Estimate for* 1886-87.—Of this balance, Rs. 5,747, or in round numbers Rs. 5,750, appertain to the Market Endowment Fund and should be shown under Taluk Funds (markets being now under the control of the Taluk Boards), and the remainder, Rs. 53,910, under District Funds. Excluding the balance, the total receipts are estimated at Rs. 1,51,620. The land-cess is expected to yield Rs. 1,24,000, against Rs. 1,15,000 in the budget for 1885-86, owing to continued improvement in the character of the season. As the toll contractors of the Bellary and Adóni Municipalities have been complaining for the last two years of a falling off in their collections, the farms are expected to yield less than usual, and accordingly the Local Fund share under this head is estimated at Rs. 5,900, against Rs. 7,850 in the budget for the past year. These municipal tolls must of necessity be levied almost entirely on principal lines of communication, and should therefore be wholly credited to District Funds—a course which is also required under the terms of rule 13 of the budget rules.

In their proceedings read in G.O., dated 19th December 1885, No. 1245 L.F., the District Board strongly deprecated the levy of the house-tax for the current fasli, at any rate, owing to the unfavorable character of the season during the previous two years. They now, however, propose to levy the tax from and after the expiry of the fasli, and have taken credit for a sum of Rs. 5,000 under this head for the remaining

nine months of the official year. The entry will be allowed to stand for the present pending the submission of a further report by the Collector, after ascertaining the views of the Divisional Officers and the District Board as to the unions in, and the rate at which, the tax should be levied. A draft notification under section 60 should at the same time be submitted. Under Miscellaneous, the receipts from ferry and fishery rents have been equally divided between district and taluk funds. The Government, however, consider that the whole amount should be credited to Taluk Funds, to which such local receipts would appear most appropriately to belong.

As suggested by the Director, the Educational contribution from Provincial Funds will be raised by Rs. 300 as a grant-in-aid of normal scholarships. The contribution of Rs. 950 from Pound Funds has also been distributed equally between district and taluk funds; but in this case, the whole amount should go to District Funds, as the contribution is intended for the maintenance of roads and bridges, &c., generally throughout the district. Under section 55 of the Act, the District Board propose to allot Rs. 36,750 to Taluk Funds, in addition to a moiety of the land-cess collections. This amount, however, will be raised to Rs. 38,170, to provide the full balance required by the rules under Taluk Funds.

4. No provision is made for new roads, as no proposals have as yet been matured and sanctioned. The allotment for the maintenance of avenues has been raised from Rs. 4,000 to Rs. 5,000, the extra Rs. 1,000 being explained to be for the formation of more nurseries and the planting of new avenues. These are new works, and the provision of Rs. 1,000 will accordingly be transferred to that head from the head of repairs. It does not appear from the President's letter to what objects the receipts from the house-tax are to be devoted. In Statement VIII they are shown under Public Works, the columns for sanitation and schools being alike left blank. It should be borne in mind that the primary object for which the tax is levied is rural sanitation. The provision for Local Fund Engineering establishment is fixed at Rs. 17,820, in accordance with the scale sanctioned tentatively for one year in G.O., dated 24th March 1885, Mis. No. 651. This is approved, the cost being 19 per cent. of the proposed outlay on works. The total grant for Education is Rs. 21,740, against Rs. 22,340 in the budget for 1885-86. As recommended by the Director of Public Instruction, the provision for Results grants will be raised by Rs. 500. The attention of the District Board will be drawn to paragraph 6 of the Director's letter, and they will also be informed that the Government have no intention of renewing the claim to a contribution from Local Funds on account of school inspection. It is observed that the commission on the sale of books, calculated at 15 per cent. on the sale-proceeds, amounts to Rs. 75, and not to Rs. 150 as given by the President. The allotments under Grant III are approved, but the estimated charges, amounting to Rs. 1,000, on account of cholera and midwifery and medical pupils, now shown under District Funds, will be transferred to Taluk Funds, to which they appear more appropriately to belong, and the contribution to be paid to the Adóni Municipality on account of the dispensary at that place, now debited to Taluk Funds, will be transferred to District Funds, with reference to No. 13 of the budget rules. Pending final orders on the proposed discontinuance of the District Board's contribution towards the cost of the Madras Medical College, a sum of Rs. 720 will be provided for the purpose, and the provision of Rs. 200 for payment to the Tanjore District Board will be struck out. The allotment for the District Board's office establishment will be allowed to stand, pending the submission of the further report called for in G.O., dated 1st March 1886, Mis. No. 254 L.F. The total reserve provided by the District Board, at 10 per cent. of the estimated receipts, is Rs. 15,160. This will be raised to Rs. 15,190 and distributed between the District and Taluk Funds as shown in the margin, with reference to the estimated receipts as now passed by Government.

	RS.
District Funds	7,220
Taluk do.	7,970
	15,190

5. The budget closes with a balance of Rs. 16,640, of which Rs. 5,130 appertain to the District Board and Rs. 11,510 to the Taluk Boards. Of the latter sum, Rs. 7,530

belong to the Endowment Fund. The opening balances shown in Statement VII are evidently incorrect, being the opening, instead of the closing, balances of the revised estimate for 1885-86. The necessary corrections have now been made.

6. When this budget was prepared, it was supposed that the towns of Hospet and Chilwadigi would be formed into a municipality, in accordance with G.O., dated 21st September 1885, No. 551 M., but as this G.O., dated 27th April 1886, Mis. No. 385 M. intention has now been abandoned and the towns are to become unions under the Local Boards Act, the President will submit a supplemental budget, showing the additional receipts and charges anticipated in consequence.

(True Extract.)

for Chief Secretary.

To the President, District Board, Bellary, with road map.
" Chairmen, Municipal Councils, Bellary District, through the Collector.
" Director of Public Instruction.
" Accountant-General.
