

No 333 West Coast Division Office,
Calcutta 4th June 1886

From

The Executive Engineer,
West Coast Division.

To

The Superintending Engineer,
South Circle.

Sir

The Collector of South
Canara having in his No 459
of 22nd February 1886 inform-
ed me that the late Sea cus-
toms office at the Port of
Naikinkotta which is out of
repair is no more required for
the use of the Customs or Ma-
rine Departments nor for any
purpose whatever connected
with the Revenue Department,
the District officers were con-
sulted with reference to para

x
in S. Canara

1164A of the Code and from
their replies received I find that
it is not required by any De-
partment. I therefore recom-
mend that the building be
sold by public auction.

I have the honor to be
Sir
Your most obedt. servant

Executive Engineer

No 374
W.C.

The Executive Engineer should
have submitted all the original cor-
respondence that has taken place
on the subject. The concluding
portion of para 1164A of the Code and he
is now requested to be good enough
to send in all the papers in view to
enable this office to obtain orders from
Government as to the future disposal of the
building.

To

J. D. H. Ellis Esq.
Assistant Engineer B.S.

Sir,

With reference to your letter
No 705 and in returning its enclosure
herewith I beg to report that I
have taken over the old sea factor
office building at Nankin Kutte
yesterday.

The building which measures
28' x 22' 3" externally comprises 2 rooms
15' x 15' x 15' x 8' and a Veranda 18' x 15'
raised on basement 1 1/2 feet high
with walls 9 1/2 feet high. Its con-
-dition is as follows.

Walls. Laterite stone in mud pillars
and mud walls, plastered
with mud, whitewashed.

Doors. 2 Doors 3' x 6' & 3 Windows
3' x 4' with batten shutters
attacked by white ants.

Floors. Mud floor covered over
with a thin coat of chunam
plaster.

Roof. Bamboos Cadjan & thatch
over 2 Malabar trees of
Junglewood & Junglewood.

wall plates. all roofing materials
decayed being eaten by white ants.
There is a wooden ceiling with
joists & planks over the small or
Record room which has already
been attacked by white ants.

I don't know whether the
Salt Department would require
the building as for all purposes
with the exception of the roof
which requires renewal the building
is sound and is much better than
the 2 sheds they possess close by.
If it is not required for that
Department and I don't think
it is required for any other.

I beg to recommend that it
may be arranged to be sold by
Public auction within the 15th
Proximo. when it will be sold to
advantage & may fetch about
30 Rs; after that date it is
likely that the moonsoon may bring
it down.

I beg to remain
Sir

Your obedient servant

Overier P.W.D.
