Supg: Engineers' office 4th Circle
Camp Salem 28th June 1886

From

The Superintending Engineer
4th Circle.

To,

The Chief Engineer
P.W. Department.

Sir,

On the 27th April 1886, in anti-

Put up for Chs 4039
sent to Collyer 31/5

cipation of the receipt of G.O. No. 1092 W
of 30th idem, I requested the Executive
Engineer Nilgiris to put a stop to all
work on the improvements of the Oota-
camund-Sudalur Road.

2 On the 28th idem he wrote that
the requisite orders would be issued
for the stoppage of the work, and
that a statement of liabilities would
follow in due course; also that he
could

could then "roughly state that he expected to be able to give up about Rs. 10,000 from the balance of the estimate."

3. In his statement of funds required for Incomplete works, the Executive Engineer applied for Rs. 5,000 on account of the Ootacamund Gudalur Road improvements. That amount, Rs. 5,000, was accordingly included in this office statement of demands submitted with my No. 142 of 11th ultimo.

4. The Executive Engineer has now submitted a statement of liabilities on the Ootacamund Gudalur road amounting to Rs. 8673; and explains that when applying for Rs. 5,000 he had forgotten certain outstanding liabilities on account of avenue planting and blasting.

5. I have, therefore, the honor to request that the grant for the work

work in question, for the present year, may be corrected to Rs. 8673, instead of the sum of Rs. 5,000 applied for in the Statement of Incomplete works; and that if orders have been already passed on the list of Incomplete works, an additional grant of Rs. 3673 may be obtained for the Ootacamund Gudalur Road, under the circumstances above explained.

I have the honor to be
Sir.

Your most obedt. servant.
