Civil Works.

READ—the following letter from Lieutenant-Colonel J. L. L. MORANT, R.E., Superintendent of Works, in charge II Circle, to the Inspector-General of Registration, dated Muthukur, 12th December 1885, No. 339 N.L. :—

With reference to paragraph 2 of G.O., No. 2882 W., of the 18th November 1884, I have the honor to forward, herewith, for your approval and transmission to Government for sanction, a plan, site plan, report, specification, and an estimate, amounting to Rs. 3,185, for constructing a sub-registrar's office at Atmakur, in the Nellore district. The estimate is based on the revised standard design, and, it is hoped, provides all that is necessary.

No. 5313 G.

Submitted for the sanction of the Government.

MADRAS,
19th December 1885.

(Signed) G. HAMNETT,
Inspector-General of Registration.

No. 85 C., Judicial.

Approved, and transferred to the Public Works Department.

21st December 1885.

(Signed) W. WILSON,
Ag. Chief Secretary.

ORDER—dated 21st January 1886, No. 176 W., Public Works.

The estimate, amounting to Rs. 3,185, for constructing a sub-registrar's office at Atmakur, in the Nellore district, is sanctioned.

2. A sum of Rs. 2,000 has been provided for the work in the Provincial budget for 1886-87.

3. This sanction has been registered as Provincial, No. 190 W. of 1885-86, and classified as Civil Buildings, Original Works.

Civil Works.

READ—the following letter from G. HAMNETT, Esq., Inspector-General of Registration, to the Chief Secretary to Government, dated Sankaridrag, 28th October 1884, T. No. 4632 :—

I have the honor to submit, for the sanction of Government, the accompanying letter, No. 599 N.L., dated 8th October 1884, from the Superintending Engineer, II Circle, giving cover to plans and estimates for the sub-registry offices to be constructed at Gudur, Addanki and Atmakur, in the Nellore district.

2. The plans and estimates for the first two stations I have countersigned. Those for the latter station, I have not signed, as the record-room arrangement does not, for reasons stated in my letter, G. No. 2982, dated 10th December 1883, suit the needs of the Registration Department, while it affords greater facilities for forgeries than the tiled roof standard design plan.

3. The estimates do not appear to provide for weather-boards over the windows on the sides of the office rooms.

No. 2478, Judicial.

Forwarded, with connected papers, to the Public Works Department, for the issue of the requisite orders.

(By Order.)

(Signed) M. HAMMICK,
Acting Assistant Secretary.

7th November 1884.

ORDER—dated 18th November 1884, No. 2382 W., Public Works.

The undermentioned estimates are sanctioned for execution when funds are available :—

	Amount of Estimate.	Classification.	Register No.
Sub-registrar's office at Gudur, Nellore district.	RS. 3,000	Civil Buildings, Original Works.	Provincial No. 201 W. of 1884-85.
Sub-registrar's office at Addanki, Nellore district.	2,970	Do. do. ...	Provincial No. 202 W. of 1884-85.

2. The plan and estimate for a sub-registrar's office at Atmakur will be returned through the Judicial Department, to the Inspector-General of Registration, who will be called upon to state definitely his objections to the proposed design. The Inspector-General will be reminded that, after perusal of Public Works Department memorandum, No. 2585 C., dated 20th December 1883, and the papers forwarded therewith, he apparently waived the objections previously raised by him to the type design, inasmuch as he countersigned the latter in token of approval, and resubmitted it to Government with his endorsement, No. 17, of the 6th January 1884. The design was then lithographed and circulated to officers of the Public Works Department with proceedings, No. 100 W., dated 14th January 1884, "for use when Registration offices are to be built in the same compound with cutcherries on the standard plan."

NOTE OF REMARKS.

The plans and estimates submitted for building a Sub Registrar's Office at Atmakur in the Telang District. The estimated cost is Rs. 10,000.
The proposed Sub Registrar's Office is to be built on the lines of the revised standard design for such structures sanctioned in S.O. No. 100 of the 5th May 1885. The site plan shows that the building is to be erected in the compound of the existing office. The estimate submitted is in accordance with the sanctioned design. The masonry is to be built with cement mortar. The walls are four feet thick.
The plans and estimates submitted are in accordance with the sanctioned design.
