From Colonel ROSS-THOMPSON, R.E., Executive Engineer, in charge Consulting Architect's Office, to the Chief Engineer, Public Works Department, dated Chepák, 5th May 1886, No. 164.

I have the honor to submit, for the approval and sanction of Government and provision of funds, an estimate, amounting to Rs. 2,142, for four of Clayton's brick presses and one of Boulton's dust tile press.

2. These machines are required for use at the Government brickfields. At present there is only one of Clayton's brick-making machine in use at the kiln and the bricks pressed in it are far superior to those pressed by the hand press.

3. The tile press is for manufacturing flooring tiles by the dry process which has been tried and found to be successful, but tiles cannot be manufactured in quantities without the machine.

Order—dated 23rd June 1886, No. 1594 W., Public Works.

With the papers read above, the Superintending Engineers and the Consulting Architect submit statements exhibiting demands under Provincial Minor and Incomplete Works, Repairs and Tools and Plant.

2. The demands under Repairs and Tools and Plant, and the allotments sanctioned against them, are shown in statement A. The demands under Communications and Miscellaneous Public Improvements being in excess of the budget provision under those heads, a sum of Rs. 25,080 has been transferred from the budget provision under Civil Buildings, viz., Rs. 13,080, to the grant under Communications, and Rs. 12,000 to that under Miscellaneous Public Improvements. The provision under these heads will now stand as below :—

	Rs.
Civil Buildings	1,49,700
Communications	76,500
Miscellaneous Public Improvements	23,500
Total ...	2,49,700

and the demands under Tools and Plant have been so reduced as to bring the total sum within the budget provision, Rs. 50,670.

3. The budget provision under Repairs amounts to Rs. 2,01,055 and the difference between that sum and the allotment now made is Rs. 41,355, which has been resumed and added to the Provincial reserve.

			Rs.
* G.O. No. 1234-A W.,	dated 14th May 1886	..	12,000
,, ,, 1429 W.,	,, 7th June ,,	..	7,599
,, ,, 1566 W.,	,, 21st ,, ,,	..	8,080
,, ,, 1631 W.,	,, 17th ,, ,,	..	379
	Total	..	27,659

4. The provision in the budget under reserve was Rs. 1,77,174, but subsequent appropriations* have reduced the sum to Rs. 1,49,515. The total sum now available for distribution for incomplete and minor original works will amount to Rs. 1,91,306, as detailed below:—

	Rs.
Reserve balance	1,49,515
Transferred from repairs	41,355
Surrender from budget grant (*vide* remark against item No. 111) ...	436
Total ...	1,91,306

5. Under Original Works the demands amount to—

		Rs.
Incomplete minor	5,317	
Do. major	1,91,928	
Do. registration	8,123	
Do. police	9,592	
Total incomplete works		2,14,960
New minor works	36,841	
Do. major do.	1,25,563	
Do. registration works	9,917	
Do. police works	15,950	
Total new works		1,88,271
Lump sum of minor works		38,160
Total demand		4,41,391

but the demands made by the Superintending Engineer, I Circle, include many works for which funds have already been provided in the budget. The total of such demands amounts to Rs. 1,04,705. Provision is also made in the budget for completing "the 12 solitary cells in the Madras penitentiary," for which the Superintending Engineer, V Circle, has included a demand of Rs. 3,887. And the demands of the Superintending Engineer, IV Circle, include provision for "fencing Ootacamund lake with barbed wired," for which funds have already been sanctioned (*vide* G.O., No. 1429 W., dated 7th June 1886). Deducting the amounts referred to above, the actual demands will amount to Rs. 3,25,599.

6. The allotments sanctioned under Original Works are shown below:—

		Rs.
Incomplete minor	4,769	
Do. major	61,859	
Do. registration works	4,551	
Do. police works	9,592	
Total incomplete works		80,771
New minor works	19,865	
Do. major do.	49,656	
Do. registration works	...	
Do. police	5,995	
Total new works		75,516
Lump sum allotment for minor works as per statement A ...		32,265
Total allotment		1,88,552

7. The demands made for grants in addition to allotments already provided in the budget have not been complied with for want of funds at present. In such cases application for additional funds, if necessary, should be made later in the year.

8. In the case of new works grants have been provided for those works only the urgency of which has already been brought to the notice of the Government and for which provision of funds was promised to be considered in disposing of the demands on account of incomplete works.

9. Funds have been provided for the completion of all the incomplete works brought forward by Superintending Engineers, excepting in cases in which revised estimates are required.

10. The Superintending Engineer, IV Circle, applies for a sum of Rs. 11,752 for completing "the close cellular prison at Coimbatore." This work should have been included in the Superintending Engineer's budget estimates, and it is with inconvenience that provision has been made for this large demand from the small reserve intended for such of the incomplete works as were expected to be completed in 1885-86, but were not completed owing to unforeseen causes.
