READ—the following letter from Colonel W. H. BURTON, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Thanarapak, 8th July 1886, No. 1612 :—

With reference to paragraph 3 of G.O., No. 1593 W., of 23rd June 1886, I have the honor to explain that the plan and estimate for tiffin and waiting rooms for the students of the Agricultural College at Saidápet have already been revised on the lines indicated by the Principal at the request of the Director of Public Instruction, as will be seen from the enclosed copy of my letter, No. 5338, dated 30th March 1886, to the Director of Public Instruction, forwarding the estimate for his disposal.

2. I therefore beg to re-submit, for sanction, the plan and estimate of Rs. 3,500 for constructing the tiffin and waiting rooms, together with the Director's letter, No. 2038, of 19th April 1886, to the Chief Secretary, and other enclosures.

ORDER—dated 15th July 1886, No. 1792 W., Public Works.

The estimate, amounting to Rs. 3,500, for constructing waiting and tiffin rooms for the students of the Agricultural College at Saidápet, is sanctioned as supplemental to the estimate of Rs. 21,020 sanctioned in G.O., No. 1593 W., dated 23rd June 1886.

2. This sanction has been registered as Provincial, No. 64 W. of 1886-87, and classified as Civil Buildings, Original Works.

With reference to para 3 of G.O.No.94 W. of 12th. January 1884 please see Code para 1109, which enjoins that copies of Abstract Estimates should be furnished to this Office by the sanctioning authority, I would suggest therefore that when Superintending Engineers fail to attend to the orders laid down in Chief Engineers (P.W. Department) Circulars Nos. 476 and 1046 of 25th. February and 25th. April 1881 respectively, that they be directed to furnish Abstracts of Estimates through the sanctioning authority to this Office.

Copy of the above forwarded to Suptg. Engrs. for attention, with advertence to the Circulars quoted by the Examiner P.W. Accounts.

2. The abstracts of all estimates for works costing above Rs. 2500, and for all new supplies of Tools & Plant, irrespective of the amount of estimate, should invariably be submitted to this office in duplicate.

3. Attention to this rule would obviate necessity for the frequent calls which the Chief Engineer has now to make on Superintending Engineers for copies of abstract estimates required by the Examiner P.W.Accounts.

2. The proposed Enclosure to the Laboratory and Engineering will shortly be carried out with as little delay as possible.

3. The Plans of the proposed Enclosure for Surveying Office & Workmen's Sheds,

I think, invited to an increase
in Students. During the last
2 or 3 years, there has been an
increase in the number of Christian
and Mohammedan Students,
and the number is to be
hereby to increase. It is
therefore I think, desirable
that separate accommodation
should be provided for
Brahmins, Sudras, and
other Native Castes, Mohammedans
Parsees and Christians, and
for each a separate Cook room
&c. Besides a Play
Shed to be provided, of one of
the Farm Cottages, occupied
by Students. Such a building
would provide for Day, the
Brahmins, and for the Sudras
&c., and another Shed or building
would provide for the Christian,
and the Mohammedans.

19
1892

Two such new Buildings can be with
2 Class Rooms, erected, I
estimate, each about Rs. 2800,
both, against the expenditure,
there would be the saving
that would result from the
use, in the new Buildings, of the
materials of the old Cook &
of the Laboratory, to be removed.

5. Another matter intended
to please the Native Students
Rooms is Class prayers by to
the College. It is important
that the Style of the new Buildings,
to be erected, should harmonize
with that of the College Buildings.
Again, should it ever be a Day
become necessary to provide
more extensive Accommodation,
the 2 Cottages might be
utilized as Students Quarters.

6. The site selected for
the Native Hospital is one of

to the strip of ground between
the Farm entrance road (D)
the Saidapet School compound
which I have thought would
afford Students more privacy
than if the building should
form part of the back of the
College buildings.
