READ—the following letter from L. R. BURROWS, Esq., Collector of Nilgiris, to the Secretary to Government, Revenue Department, dated Ootacamund, 9th July 1886, No. 45:—

In his letter, No. 1000, dated 5th instant, the Executive Engineer, Nilgiri division, has requested me to "value" a piece of land estimated to be a little less than an acre in extent, now forming a part of settlement No. C/183 in Ootacamund village, and registered in the name of Mrs. E. H. Morgan as part of her "Snowdon" property; the said piece of land being required for the new service reservoir at "Snowdon" in connection with the new water-supply scheme (G.O., dated 18th June 1886, Mis. No. 565 A.M.). The Executive Engineer means that the land should be acquired either by private negotiations or under Act X of 1870 (the Land Acquisition Act).

2. I have addressed Mrs. Morgan requesting her to state what compensation in money she requires for the surrender of the land to Government, including an old shed which now stands on it.

3. But as the work in connection with which the plot is required is urgent, and as I anticipate some delay in settling the compensation payable, I have the honor to submit direct to Government, to save time, a draft notification, under section 6 of Act X of 1870, for publication in the *Fort St. George Gazette*, after approval, and to request that, under section 17, I may be authorised to deal with this case as an urgent one and take possession of the land as provided for in that section.

4. A copy of this letter and enclosure have been sent to the Board of Revenue.
